What happens when
prominent brands: Send
faulty products into the

market? Defy
governmental
regulations? Back the
wrong marketing
message? Have
management spats in
public? Or simply fail to
anticipate a major trend?
Over the years, prominent
brands in India across

product categories, both
home-grown and
multinational, have
tackled crises ? some
unexpected and some
self-inflicted, but each a
defining factor in shaping
a company's future. In a
first-of-its-kind narrative,
Rebuild brings together

the stories behind some of India's biggest businesses that dealt with potential disaster and emerged on the other side ? either victorious or wiser. Digging deep into the crisis management strategies adopted by companies such as Coca-Cola, Unilever, Kingfisher, Tata Sons, Indian Premier League, Facebook, Uber, Nokia, Nestlé Maggi Noodles and several more, it analyses the steps that different organizations have taken to minimize damage to their brand, and describes

how (if at all) they recovered. Featuring interviews with top management executives as well as expert brand-watchers, *Rebuild* closely examines the circumstances that cause brands to falter ? faulty products, leadership changes, disastrous sales cycles and competition activity, among others ? and provides invaluable insights that may serve as cautionary tales for organizations, both small and large. *Rebuild* Bloomsbury Publishing

The ebook 'Quick General Awareness for Competitive Exams' captures, in a concise and easy to remember methodology, a panoramic view of India and the World covering the various states, capitals, UTs of India, their Heads, realms, the Superlatives and First in India, Bodies & Organisations, etc.; Countires, Capitals, International Bodies & Organisations, the Superlatives and First in World, etc. The book further comprises of Mind

Maps, Infographics, Charts, Tables. The emphasis of the book has been on conceptual understanding and better retention which are important from the point of view of the exam. This ebook has been designed to cater to aspirants of various competitive exams like Civil services, Banks, Railways, UPSC and PSC exams and Quiz Competition across the country. The ebook will also be useful for GD, Interviews etc. Table of Contents Indian Panorama World Panorama Sports

This book provides a collection of the state-of-the-art research attempts to tackle the challenges in image and signal processing from various novel and potential research perspectives. The book investigates feature extraction techniques, image enhancement methods, reconstruction models, object detection methods,

recommendation models, deep and temporal feature analysis, intelligent decision support systems, and autonomous image detection models. In addition to this, the book also looks into the potential opportunities to monitor and control the global pandemic situations. Image processing technology has progressed significantly in recent years, and it has been commercialized worldwide to provide superior performance with

enhanced computer/machine vision, video processing, and pattern recognition capabilities. Meanwhile, machine learning systems like CNN and CapsNet get popular to provide better model hierarchical relationships and attempts to more closely mimic biological neural organization. As machine learning systems prosper, image processing and machine learning techniques will be tightly intertwined and continuously promote each other in real-world

settings. Adopting this trend, however, the image processing researchers are faced with few image reconstruction, analysis, and segmentation challenges. On the application side, the orientation of the image features and noise removal has become a huge burden.

Management of the Cricketing Ecosystem
Springer Nature
Bringing together many of the most influential scholars in sport and media studies, this book examines the diverse

ways that media influences our understanding of the world's most important sport events, dubbed sports mega-events. It sheds new light on how these events have been changed by the media, and have, in turn, adapted to media to further their brand's cultural influence. Focusing on the central concept of "mediatization" – the permeation of media into all spheres of contemporary life – the book presents original case studies of major events including the

Olympics, FIFA, rugby and cricket World Cups, Tour de France, Super Bowl, World Series, Monaco Grand Prix, Wimbledon, and many more. Written from a truly international perspective, this is a seminal work in sport and media studies that reveals the growing political, economic, and cultural influences of sport mega-events in contemporary society. Sport, Media and Mega-Events is an essential text for any course on the sociology of sport, event management, sport

marketing, or featuring a cultural, communication or media studies approach to sport.

Third International Conference on Image Processing and Capsule Networks

Manoj Dole

This book is a culmination of sustained research work on the evaluation of

cricket and its management to imbibe a balance between its various formats by using data and analytics. The book has identified three primary stakeholders—administrators, players and spectators—each having their own ambitions. In order for convergence of these ambitions, it has prescribed the networked governance in place of hierarchic governance for the International Cricket Council (ICC), the cricket's apex body. This book aims at creating a balance

between formats that each country should play. There is as much dearth of academic research on this topic, as there is abundance of individual viewpoints from professionals related to the game. Hence at the outset, the book has created a action points and has underlined the lack of convergence with present way of governance. This book has created a meta-metric framework for formative assessment of influence across cricket formats. In order to assess the

influence of T20 on test matches and on India's performance, a comparison between pre-IPL period (1998–2007) and post-IPL period (2008–2017) by using this framework has been done.

Current Affairs Refresher 2020 Reaktion Books

This book studies how Cricket has evolved in a post liberal India and how technology has affected the way it is viewed and spectated upon thereby altering the cultural and social milieu of the nation. Cricket, Capitalism and

Class Vernon Press
 Videogames in the Indian Subcontinent: Development, Culture(s) and Representations explores the gaming culture of one of the most culturally diverse and populous regions of the world-the Indian subcontinent. Building on the author's earlier work on videogame culture in India, this book addresses issues of how discussions of equality and diversity sit within videogame studies, particularly in connection with the subcontinent, thereby

presenting pioneering research on the videogame cultures of the region. Drawing on a series of player and developer interviews and surveys conducted over the last five years, including some recent ones, this book provides a sense of how games have become a part of the culture of the region despite its huge diversity and plurality and opens up avenues for further study through vignettes and snapshots of the diverse gaming culture. It addresses the rapid rise of

videogames as an entertainment medium in South Asia and, as such, also tries to better understand the recent controversies connected to gaming in the region In the process, it aims to make a larger connection between the development of videogames and player culture, in the subcontinent and globally, thus opening up channels for collaboration between the industry and academic research, local and global.
Sport and Society Taylor & Francis

This book provides an overview of perspectives and approaches to the cultural meaning of sport volunteering in different countries. The main objective is to reflect on the diversity of meanings with regard to volunteering in different cultures and societies. Additionally, this book will shed light on volunteering practices and the impact of volunteering from both an economic and a sociological perspective. The book begins with an introductory section that gives an overview of the

rationale of the text and the diversity of sport volunteers in general. From there, the book's 25 chapters each discuss a specific country case study provided by researchers from the respective country. These studies provide a comprehensive overview of volunteering in each country, such as motivations of volunteers, satisfaction of volunteers, their perceived cost and benefits, and many other areas related to the overall study. By having twenty-five different

countries represented and a native of each country authoring the respective chapters, this book serves as a comprehensive and diverse review of sports volunteering around the world and can be incorporated into courses in economics - particularly those dealing with sports economics - and can also be used as a reference for volunteer organizations and sports economists worldwide.

Encyclopedia Imperialism and Anti-Imperialism objectively presents the prominent themes, epochal events, theoretical explanations, and historical accounts of imperialism from 1776 to the present. It is the most historically and academically comprehensive examination of the subject to date.

Quick General Knowledge 2018 with Current Affairs update 2nd Edition Disha

Publications

The success of the Indian

Premier League in a country where cricket and Bollywood cover a major pie of the entertainment landscape was a forgone conclusion. But what keeps the viewers hooked up to this festival of stars, cricket, sportsmanship, cheerleaders, sponsor and brands is a million-dollar question. This book is an attempt to find answers to the same. Understanding viewers motivation and enthusiasm to keep the league relevant and successful, factors that play a major role in increasing the viewership

and help sustain the interest make it an interesting read. Videogames in the Indian Subcontinent IGI Global For the first time, this book examines the strategies of leaders of emerging nations to use sport as a tool for reaching social, economic, cultural, political, technological or environmental goals and gaining international prestige. It assesses whether sport can really be an effective tool in international development. The book

explores the unique challenges, issues and opportunities offered by sport for development in emerging nations. Bringing together case studies of sport and development in countries including Brazil, China, Czech Republic, Hungary, India, Indonesia, Mexico, Poland, Qatar, South Africa, South Korea and Turkey, the book looks at policies designed to achieve development through, by and for sport, and whether they have achieved their socio-economic objectives. It

considers the way that emerging nations have used major international sports events as political and developmental projects, as well as the importance of sporting infrastructure, professional leagues, participation programmes and the influence of nationalism and ideology. With a truly global perspective, this book is important reading for any student, researcher or policy-maker with interest in sport management, sport development, development studies,

international economics, globalisation or political science.

Face To Face MAT With 24 Years Solved Papers 2021
Disha Publications

This book examines the ways in which cricket has reflected and reproduced some of the social and political tensions of the twenty-first century. Cricket's struggle for global recognition and the shifting concerns about cricket's perceived 'character' provide two of the most significant meta-narratives to shape the game's historical and

future development. However, in contrast to the degree of continuity these narratives appear to support, the game is currently undergoing a particularly rapid and radical phase of change. This book illustrates some of these dominant processes, that can be broadly categorized as the changing political economy of the game, the nation-specific manifestations of cricket's political-economic landscape, and the intro- and retrospection within the English game. Cricket

is not only thriving across the world, its global spread reveals narratives of migration, national and international politics, astute governance, empowerment of people, and cultural practices of everyday life. New ethical, political, and identity-related concerns have arisen with the reworking of the objectives and methods of playing and watching cricket. The chapters in this volume employ cricket as a useful conceptual tool to analyse the dynamics underwriting interactions

between races, sexes, classes, and polities. Cricket in the 21st Century will be a fascinating read for students, scholars as well as general readers with an interest in the sociology and history of sport and global political economy. The chapters in this book were originally published as a special issue of *Sport in Society*. *Hero and Hero-Worship: Fandom in Modern India* Arihant Publications India limited
Media events have been described as broadcasts

that involve an engaged audience viewing the same event simultaneously; though this definition is still relevant, the way media outlets interact with and react to their audiences has greatly changed. This is in part due to the emergence of social media platforms which allow a participatory audience, something that genre-specific television channels now rely on. Because these genre-specific, 24-hour channels seek to hook viewers with hyperbolic presentation

and the illusion of large media events, the original definition must be adapted. *Global Perspectives on Media Events in Contemporary Society* seeks to re-define the role of the media in relaying information about current events within a modern context. Determining what constitutes as and the proper presentation of a media event is of great importance given the ubiquity of media consumption. This book approaches the topic from historical, ceremonial, and

globally cultural perspectives while addressing news, sports, and other significant current events. It is a vital resource for students and teachers of communication, media, and journalism, professionals in the media industry, policy makers, and sociologists. *Sport, Media and Mega-Events* Gurukul Books & Packaging Benefit from Easy and Quick Revisions for your Class 12 ISC Board Examinations (2022) with the help of Our 10 Years

WISDEN BOOK OF THE YEAR 2020 Winner of The Telegraph Sports Book Awards 2020 Heartaches Cricket Book of the Year 'Fascinating . . . essential reading' – Scyld Berry 'A fascinating book, essential for anyone who wishes to understand cricket's new age' – Alex Massie, Wisden Cricketers' Almanack 'An invaluable guide' – Mike Atherton,

The Times 'excellent . . . both breezily engaging, and full of the format's latest, best and nerdiest thinking' – Gideon Haigh, The Australian 'The century's most original cricket book . . . An absorbing ride . . . some of their revelations come with the startling force of unexpected thunder on a still night' – Suresh Menon, editor Wisden India Almanack Cricket 2.0 is the multi award-winning story of how an old, traditional game was revolutionised by a new format: Twenty20 cricket.

The winner of the Wisden Almanack Book of the Year award, the Telegraph Sports Book Awards' Cricket Book of the Year and selected as one of The Cricketer's greatest cricket books of all time, Cricket 2.0 is an essential read both for Test and T20 cricket lovers alike, and all those interested in modern sport. Using exclusive interviews with over 80 leading players and coaches – including Jos Buttler, Ricky Ponting, Kieron Pollard, Eoin Morgan, Brendon McCullum and Rashid

Khan – Tim Wigmore and Freddie Wilde chronicle this revolution with insight, forensic analysis and story-telling verve. In the process, they reveal how cricket has been transformed, both on and off the field. Told with vivid clarity and insight, this is the extraordinary and previously misunderstood story of Twenty20, how it is reshaping the sport – and what the future of cricket will look like. Readers will never watch a T20 game in quite the same way again. "For people that

love cricket it's really important to read it," said Miles Jupp. "I found it extraordinary."
