SAWYER TATE

Star Wars Omnibus Routledge

The British Army's SAS--the Special Air Service--is recognized as one of the world's premier special operations units. During the Gulf War, deep behind Iraqi lines, an SAS team was compromised. A fierce firefight ensued, and the eight men were forced to run for their lives. Only one, Chris Ryan, escaped capture--by walking nearly 180 miles through the desert for a week. *The One That Got Away* is his breathtaking story of extraordinary courage under fire, of narrow escapes, of highly trained soldiers struggling against the most adverse of conditions, and, above all, of one man's courageous refusal to lie down and die.

Agent 21: The Wire Springer Science & Business Media

A revolutionary look at Martin Luther, the Reformation, and the birth of publishing, on the eve of the Reformation's 500th anniversary When Martin Luther posted his "theses" on the door of the Wittenberg church in 1517, protesting corrupt practices, he was virtually unknown. Within months, his ideas spread across Germany, then all of Europe; within years, their author was not just famous, but infamous, responsible for catalyzing the violent wave of religious reform that would come to be known as the Protestant Reformation and engulfing Europe in decades of bloody war. Luther came of age with the printing press, and the path to glory of neither one was obvious to the casual observer of the time. Printing was, and is, a risky business--the questions were how to know how much to print and how to get there before the competition. Pettegree illustrates Luther's great gifts not simply as a theologian, but as a communicator, indeed, as the world's first mass-media figure, its first brand. He recognized in printing the power of pamphlets, written in the colloquial German of everyday people, to win the battle of ideas. But that wasn't enough--not just words, but the medium itself was the message. Fatefully, Luther had a partner in the form of artist and businessman Lucas Cranach, who together with Wittenberg's printers created the distinctive look of Luther's pamphlets. Together, Luther and Cranach created a product that spread like wildfire--it was both incredibly successful and widely imitated. Soon Germany was overwhelmed by a blizzard of pamphlets, with Wittenberg at its heart; the Reformation itself would blaze on for more than a hundred years. Publishing in advance of the Reformation's 500th anniversary, Brand Luther fuses the history of religion, of printing, and of capitalism--the literal marketplace of ideas--into one enthralling story, revolutionizing our understanding of one of the pivotal figures and eras in human history.

Under Cover Random House

The exchange of news belongs to the fabric of functional elites and affects institutionalisation processes in seventeenth century. The news market was part of the elite's social economy. Investment in news resulted in participation and privilege.

The Breaking of Northwall HarperCollins

Zak Darke is sent on what seems like a straightforward surveillance op in South Africa but it soon turns into the toughest, most dangerous mission he has ever faced. An old enemy has teamed up with a terrifying gang of child soldiers and Zak is caught in the middle. Having travelled to the heart of the African jungle, will he make it out alive . . . ?

Blood Destiny Macmillan Reference USA

Mark Edwards's pioneering work on the Reformation as a "print event" traces how Martin Luther, the first Protestant, became the central figure in the West's first media campaign. He shows how Luther and his allies spread their message using a medium that was itself subversive: pamphlets written in the vernacular and directed to the broadest reading public. Closely examining Protestant and Catholic pamphlets published in Strasbourg in the early years of the Reformation, Edwards demonstrates Luther's dominance of the medium, the challenges posed by Catholic counterattacks, the remarkable success of Luther's New Testament, and the unforeseen effects of the new medium. This volume has opened an exciting new vista on the European Reformation.

Stormbreaker Walter de Gruyter GmbH & Co KG

The Picture of Dorian Gray meets *Pride and Prejudice*, with a dash of Dr. Jekyll and Mr. Hyde. New York City, 1882. Seventeen-year-old Natalie Stewart's latest obsession is a painting of the handsome British Lord Denbury. Something in his striking blue eyes calls to her. As his incredibly life-like gaze seems to follow her, Natalie gets the uneasy feeling that details of the painting keep changing... Jonathan Denbury's soul is trapped in the gilded painting by dark magic while his possessed body commits unspeakable crimes in the city slums. He must lure Natalie into the painting, for only together can they reverse the curse and free his damaged soul.

Agent 21 Random House

In this riveting anatomy of authoritarianism, acclaimed journalist William Dobson takes us inside the battle between dictators and those who would challenge their rule. Recent history has seen an incredible moment in the war between dictators and democracy--with waves of protests sweeping Syria and Yemen,

and despots falling in Egypt, Tunisia, and Libya. But the Arab Spring is only the latest front in a global battle between freedom and repression, a battle that, until recently, dictators have been winning hands-down. The problem is that today's authoritarians are not like the frozen-in-time, ready-to-crack regimes of Burma and North Korea. They are ever-morphing, technologically savvy, and internationally connected, and have replaced more brutal forms of intimidation with subtle coercion. The Dictator's Learning Curve explains this historic moment and provides crucial insight into the fight for democracy.

Agent 21 - Dead End St. Martin's Press

The day Finn Maguire discovers his dad bludgeoned to death in a pool of blood, his dreary life is turned upside down. Prime suspect in his father's murder, Finn must race against time to clear his name and find out who hated his dad enough to kill him. Scouring the sordid, brutal London underworld for answers, exposing dark family secrets, and facing danger at every turn, Finn is about to learn that it's the people you trust who can hit you the hardest. . . Crusher is this year's most talked-about debut thriller.

The Hills of Tuscany Penguin

He is a lethal vampire, bound by an ancient curse. She is an agent of homeland security, investigating a dangerous cult. There is a Blood Destiny about to unfold... Descended from the progeny of Celestial Gods and humans, Nathaniel Silivasi is handsome, seductive, and powerful beyond measure: a lethal vampire. Belonging to an ancient civilization that sacrificed its females to the verge of extinction, he is also cursed. Like all the sons of Jadon, he is incapable of producing female offspring and required to sacrifice a first born son as atonement for the sins of his forefathers. While he belongs to a modern civilization, he is bound by primeval law. When Jocelyn Levi stumbles upon Nathaniel's pristine mountain valley, she is not prepared for the collision of worlds she is about to encounter. As an agent of the homeland security department, ICE, the beautiful, defiant female has an agenda of her own: to stop the ritualistic slaughter of innocent young women by a human trafficking ring. Little does she know, the evil she seeks is unlike anything she has ever witnessed. She has entered a world of warriors, code, and mystery, where the predators are divided only by degrees of light and shadow, and the dark handsome stranger who has come to her aid is the most dangerous of all. What would you do if the moon turned red, and your life was no longer your own?

Introduction to the Reading of Hegel University of Chicago Press

Ricky is a street kid - sharp, quick and usually up to no good. When he tries to steal from the wrong people, he is saved by a mysterious man called Felix who makes Ricky a compelling offer: a flat and a hundred pounds a week. All he has to do is take lessons from Felix. Soon Ricky finds himself learning about

surveillance techniques, how to make himself invisible in a crowd and hand to hand combat. But what is this all for? Ricky has no idea until he's given his first mission and finds his whole world turned upside down.

[Printing, Propaganda, and Martin Luther](#) University of Illinois Press
Twelve years ago, Special Agent Pendergast's beloved wife was murdered during an African safari -- and now, he's on a quest for revenge. Devastated by the discovery that his wife, Helen, was murdered, Special Agent Pendergast must have retribution. But revenge is not simple. As he stalks his wife's betrayers--a chase that takes him from the wild moors of Scotland to the bustling streets of New York City and the darkest bayous of Louisiana--he is also forced to dig further into Helen's past. And he is stunned to learn that Helen may have been a collaborator in her own murder. Peeling back the layers of deception, Pendergast realizes that the conspiracy is deeper, goes back generations, and is more monstrous than he could have ever imagined--and everything he's believed, everything he's trusted, everything he's understood . . . may be a horrific lie.

[Insurance Economics](#) Penguin

According to a longstanding interpretation, book religions are agents of textuality and logocentrism. This volume inverts the traditional perspective: its focus is on the strong dependency between scripture and aesthetics, holy books and material artworks, sacred texts and ritual performances. The contributions, written by a group of international specialists in Western, Byzantine, Islamic and Jewish Art, are committed to a comparative and transcultural approach. The authors reflect upon the different strategies of »clothing« sacred texts with precious materials and elaborate forms. They show how the pretypographic cultures of the Middle Ages used book ornaments as media for building a close relation between the divine words and their human audience. By exploring how art shapes the religious practice of books, and how the religious use of books shapes the evolution of artistic practices this book contributes to a new understanding of the deep nexus between sacred scripture

and art.

Reverence for J. S. Bach's music and its towering presence in our cultural memory have long affected how people hear his works. In his own time, however, Bach stood as just another figure among a number of composers, many of them more popular with the music-loving public. Eschewing the great composer style of music history, Andrew Talle takes us on a journey that looks at how ordinary people made music in Bach's Germany. Talle focuses in particular on the culture of keyboard playing as lived in public and private. As he ranges through a wealth of documents, instruments, diaries, account ledgers, and works of art, Talle brings a fascinating cast of characters to life. These individuals--amateur and professional performers, patrons, instrument builders, and listeners--inhabited a lost world, and Talle's deft expertise teases out the diverse roles music played in their lives and in their relationships with one another. At the same time, his nuanced re-creation of keyboard playing's social milieu illuminates the era's reception of Bach's immortal works.
