describing the curious menagerie of guests and residents, human and animal, at William Blake's inn.

The Houdini Box

Sleeping Bear Press

"Read about Igor Sikorsky's life, and how he built the first successful helicopter"--

Provided by publisher.

*Duffy and the Devil*

Farrar, Straus & Giroux (BYR)

Cozy up with adorable baby sloths in this irresistible photographic picture book. Hang around just like a sloth and get to know the delightful residents of the Avarios Sloth Sanctuary in Costa Rica, the world's largest sloth orphanage. You'll fall in love with bad-boy Mateo, ooh and ahh over baby Biscuit, and want to wrap your

arms around champion cuddle buddy Ubu!

From British filmmaker and sloth expert Lucy Cooke comes a hilarious, heart-melting photographic picture book starring the laziest—and one of the cutest—animals on the planet.

The Winged Gospel

eStar Books

The inspiring true story of demonstrators standing up for the love of a library, from a New York Times bestselling illustrator In January 2011, in a moment that captured the hearts of people all over the world, thousands of Egypt's students, library workers, and demonstrators surrounded the great Library of Alexandria and joined hands, forming a human chain to protect the building.

They chanted "We love you, Egypt!" as they stood together for the freedom the library represented. Illustrated with Susan L. Roth's stunning collages, this amazing true story demonstrates how the love of books and libraries can unite a country, even in the midst of turmoil.

*The Vikings* Random House Books for Young Readers

Now back in print, a beautifully illustrated collection of twelve reimagined fairy tales, including classics like "Beauty and the Beast" and literary tales like Oscar Wilde's "The Happy Prince." Alice and Martin Provensen were one of the most talented husband-and-wife author-illustrator teams of the twentieth century. A long-out-of-print cult classic first

published 50 years ago, *The Provensen Book of Fairy Tales* is a treasury of their illustrations accompanied by fairy tales from authors such as A. A. Milne, Hans Christian Andersen, and Oscar Wilde. Here too are clever retellings and newly imagined tales: refined old favorites like Arthur Rackham's "Beauty and the Beast," feminist revisions like Elinor Mordaunt's "The Prince and the Goose Girl," and sensitive stories by literary stylists like Henry Beston's "The Lost Half-Hour" and Katharine Pyle's "The Dreamer." Full of magic, ingenuity, and humor, *The Provensen Book of Fairy Tales* is a witty modern descendant of Grimm's *Fairy Tales* and a

classic in its own right,  
sure to be beloved by a  
new generation.

Helicopter Man Knopf  
Books for Young  
Readers

A picture book  
masterpiece from  
Caldecott medal  
winner Allen Say now  
available in paperback!  
Lyrical, breathtaking,  
splendid—words used  
to describe Allen Say's  
Grandfather's Journey  
when it was first  
published. At once  
deeply personal yet  
expressing universally  
held emotions, this tale  
of one man's love for  
two countries and his  
constant desire to be in  
both places captured  
readers' attention and  
hearts. Fifteen years  
later, it remains as  
historically relevant  
and emotionally  
engaging as ever.

*Command Of The Air*  
Turtleback

Based on a true story,  
The Royal Bee is an  
elegantly written tale  
that pays tribute to a  
young boy's courage  
and strength of  
character. Song-ho is a  
young Korean boy  
destined by birth to a  
life of poverty. Barred  
from going to school--  
only the sons of  
wealthy families could  
attend--he dreams of  
learning to read and  
write. Then one day he  
hears the sound of a  
school bell and follows  
it deep into the valley.  
There, the school  
master turns him  
away, but Song-ho's  
boldness and  
determination earn him  
a chance at gaining an  
education  
nevertheless.

Dramatically illustrated  
with richly textured oil  
paintings, the story  
offers glimpses of daily  
life in Korea a century

ago--for both the rich and the poor.

*The Golden Mother*

Goose Houghton Mifflin Harcourt

This book is significant for its concept of "openness"--the artist's decision to leave arrangements of some constituents of a work to the public or to chance--and for its anticipation of two themes of literary theory: the element of multiplicity and plurality in art, and the insistence on literary response as an interaction between reader and text.

Minette's Feast

Turtleback Books

A Golden classic, proudly reissued in celebration of the 75th anniversary of Golden Books! Every home needs a book of Mother Goose rhymes! They're a child's introduction to

poetry and a love of language. This Golden Books edition, originally published in 1948, features over a hundred lively rhymes and splendid illustrations by Caldecott Medalists Alice and Martin Provensen. The original artwork has been digitally restored for this edition—resulting in a stunning, best-ever reproduction! It makes a beautiful gift for a beloved child, sure to be read again and again.

*The Open Work*

Chronicle Books  
Stories in prose and verse feature the characteristics and traits of numerous creatures.

**McBroom's**

**Wonderful One-Acre**

**Farm** Farrar, Straus and Giroux (BYR)

At an early age, Amelia

Earhart showed herself to be adventurous and daring, but her interest in flying did not develop until she worked as a nurse in Toronto. She had a number of firsts, including being the first woman to fly solo across the Atlantic.

Who Owns the Sun?

Harvard University  
Press

The spinning and knitting the devil agrees to do for her win Duffy the Squire's name and a carefree life until it comes time for her to guess the devil's name. Now back in print, this book is a Caldecott Medal winner and ALA Notable Children's Book. Full-color illustrations. Copyright © Libri GmbH. All rights reserved.

**The Glorious Flight**  
Thinkingdom

This riveting nonfiction picture book biography explores both the failures and successes of self-taught engineer Emma Lilian Todd as she tackles one of the greatest challenges of the early 1900s: designing an airplane. Emma Lilian Todd's mind was always soaring--she loved to solve problems. Lilian tinkered and fiddled with all sorts of objects, turning dreams into useful inventions. As a child, she took apart and reassembled clocks to figure out how they worked. As an adult, typing up patents at the U.S. Patent Office, Lilian built the inventions in her mind, including many designs for flying machines. However, they all seemed too impractical. Lilian knew

she could design one that worked. She took inspiration from both nature and her many failures, driving herself to perfect the design that would eventually successfully fly.

Illustrator Tracy Subisak's art brings to life author Kirsten W. Larson's story of this little-known but important engineer.

**The Royal Bee** Henry Holt and Company  
Buckle up to learn all about flying! *Amazing Airplanes* follows the animal crew, as they become pilots, baggage handlers, and air stewards. Each page is filled with details that machine-mad kids love, such as the cockpit, landing gear, and much more. This book is perfect for budding pilots or happy vacationers! From airplanes to fire

engines, the internationally bestselling *Amazing Machines* series is the perfect way for children to learn about all sorts of vehicles! Each book introduces a new vehicle and the jobs it can do. Bright, engaging artwork and simple, rhyming text combine to make these fantastic books for young children. Kids will love getting to know the friendly, animal characters who feature throughout the series and reading about their fast-paced adventures!

**You Wouldn't Want to Live Without**

**Pain!** Penguin  
Anatole's job as a taster in a cheese factory is endangered by a marauding cat. *Grandfather's Journey*  
National Geographic Books

Peter Sís's remarkable biography *The Pilot and the Little Prince* celebrates the author of *The Little Prince*, one of the most beloved books in the world. Antoine de Saint-Exupéry was born in France in 1900, when airplanes were just being invented. Antoine dreamed of flying and grew up to be a pilot—and that was when his adventures began. He found a job delivering mail by plane, which had never been done before. He and his fellow pilots traveled to faraway places and discovered new ways of getting from one place to the next. Antoine flew over mountains and deserts.

He battled winds and storms. He tried to break aviation records, and sometimes he even crashed. From his plane, Antoine looked down on the earth and was inspired to write about his life and his pilot-hero friends in memoirs and in fiction. A Frances Foster Book This title has Common Core connections. *The Little Airplane* Turtleback Books "Having learned from the father he admires so much that the world is filled with things too special for any one person to own, a boy is upset to hear that he and his father are owned by the man in the big house where they work."--Publisher's description.
