Captain Marvel Vs. the Monster Society of Evil
DC
He is called "Earth's Mightiest Mortal" --- bestowed with

great powers, when Billy Batson says the word "Shazam" he becomes Captain Marvel, fighter for justice and protector of the weak!
Captain Marvel began in Whiz Comics and soon moved to his own comic series. For a time he was the most popular superhero in the world! In this serial, which covered 22 issues of Captain Marvel Adventures, our hero faces his deadliest challenge yet

- a group of evil-minded villains banded together under the leadership of the genius MR. MIND! The only thing greater than their desire for criminal behavior is their hatred for Earth's Mightiest Mortal--- and they want him dead! These books are reprinted from the best available images, and the books will be updated as new copies are uncovered. Sometimes the early and

rarer books reflect the age and the condition of the originals. Our books are NOT digitally remastered; they are taken from scans of actual comics. Many people enjoy these authentic characteristics . Our Gods Wear Spandex, Christopher Knowles answers these questions and brings to light many other intriguing links between superheroes and the enchanted world of estoeica. Occult students and comic-book fans alike will discover countless fascinating connections, from little known facts such as that DC Comics editor Julius Schwartz started his career as H.P.

Lovecraft's agent, to the tantalizingly extensive influence of Madame Blavatsky's Theosophy on the birth of comics, to the mystic roots of Superman. The book also traces the rise of the comic superheroes and how they relate to several cultural trends in the late 19th century, specifically the occult explosion in Western Europe and America. Knowles reveals the four basic superhero

archetypes-- the Messiah, the Golem, the Amazon, and the Brotherhood-- and shows how the occult Bohemian underground of the early 20th century provided the inspiration for the modern comic book hero. With the popularity of occult comics writers like Invisibles creator Grant Morrison and V for Vendetta creator Alan Moore, the vast ComiCon audience is poised for someone to seriously introduce

them to the esoteric mysteries. Chris Knowles is doing just that in this epic book. Chapters include: Ancient of Days, Ascended Masters, God and Gangsters, Mad Scientists and Modern Sorcerers, and many more. From the ghettos of Prague to the halls of Valhalla to the Fortress of Solitude and the aisles of BEA and ComiCon, this is the first book to show the

inextricable link between superheroes and the enchanted world of esoterica. **Shazam!** DC Comics Relive the earliest adventures of Captain America, Sentinel of Liberty! He is allowed to give Freddy some of his powers....so, when he says the name of his benefactor, Freddy becomes Captain Marvel, Jr.! Though weak and poor as Freddy Freeman,

Captain Marvel Jr. fights powerfully against Nazis and criminals both - through a long run in Master Comics and his own magazine, plus appearances in Marvel Family and other titles.
