Then Come Back New Directions Publishing

This suite of thirty poems is Neruda's last love song to the Earth. When he wrote these poems he was dying of cancer, and as the title suggests he addresses not ordinary stones, but cosmic ones: stones that reconcile immobile permanence and the clarity of spiritual flight. When the poet meets his crystallized self, the encounter "takes on an eerie brilliance"-*"The Village Voice,"* Bilingual with introduction. "An excellent bilingual edition."-*"Choice"*

Selected Poems White Pine Press

Brief poems by the Nobel Prize-winner, composed entirely of answerable questions not unlike Zen koans, challenge the reader's perceptions of the common objects of the world and illustrate Neruda's passion for challenging poetic styles. Bilingual edition.

Copper Canyon Press

The most comprehensive English-language collection of work ever by "the greatest poet of the twentieth century--in any language" (Gabriel García Márquez) "In his work a continent awakens to consciousness." So wrote the Swedish Academy in awarding the Nobel Prize to Pablo Neruda, the author of more than thirty-five books of poetry and one of Latin America's most revered writers, lionized during his lifetime as "the people's poet." This selection of Neruda's poetry, the most comprehensive single volume available in English, presents nearly six hundred poems, scores of them in new and sometimes multiple translations, and many accompanied by the Spanish original. In his introduction, Ilan Stavans situates Neruda in his native milieu as well as in a contemporary English-language one, and a group of new translations by leading poets testifies to Neruda's enduring, vibrant legacy among English-speaking writers and readers today.

Odes to Common Things Copper Canyon Press

Pablo Neruda is one of the world's most popular poets, and *The Book of Questions* is Copper Canyon's all-time best-seller. This updated bilingual edition is entirely re-designed and features a new cover, new interior, and an introduction by translator. In *The Book of Questions*, Neruda refuses to be corralled by the rational mind. Composed of 316 unanswerable questions, these poems integrate the wonder of a child with the experiences of an adult. By turns Orphic, comic, surreal, and poignant, Neruda's questions lead the reader beyond reason into realms of intuition and pure imagination. Tell me, is the rose naked or is that her only dress? Why do trees conceal the splendor of their roots? Is there anything in the world sadder than a train standing in the rain? When Neruda died in 1973, *The Book of Questions* was one of eight unpublished poetry manuscripts that lay on his desk. In it, Neruda achieves a deeper vulnerability and vision than in his earlier work-and this unique book is a testament to everything that made Neruda an artist. "Neruda's questions evoke pictures

that make sense on a visual level before the reader can grasp them on a literal one. The effect is mildly dazzling [and] O'Daly's translations achieve a tone that is both meditative and spontaneous." -Publishers Weekly Pablo Neruda, born in southern Chile, led a life charged with poetic and political activity. He was the recipient of the Nobel Prize in Literature, the International Peace Prize, and served as Chile's ambassador to several countries, including Burma, France, and Argentina. He died in 1973. II. Tell me, is the rose naked or is that her only dress? Why do trees conceal the splendor of their roots? Who hears the regrets of the thieving automobile? Is there anything in the world sadder than a train standing in the rain? XIV. And what did the rubies say standing before the juice of pomegranates? Why doesn't Thursday talk itself into coming after Friday? Who shouted with glee when the color blue was born? Why doe

World's End Copper Canyon Press

The Poetry of Pablo Neruda offers the most comprehensive English-language collection ever by "the greatest poet of the twentieth century--in any language" (Gabriel García Márquez). "In his work a continent awakens to consciousness," wrote the Swedish Academy in awarding the Nobel Prize to Pablo Neruda, author of more than thirty-five books of poetry and one of Latin America's most revered writers and political figures-a loyal member of the Communist party, a lifelong diplomat and onetime senator, a man lionized during his lifetime as "the people's poet." Born Neftalí Basoalto, Neruda adopted his pen name in fear of his family's disapproval, and yet by the age of twenty-five he was already famous for the book *Twenty Love Poems and a Song of Despair*, which remains his most beloved. During the next fifty years, a seemingly boundless metaphorical language linked his romantic fantasies and the fierce moral and political compass-exemplified in books such as *Canto General*-that made him an adamant champion of the dignity of ordinary men and women. Edited and with an introduction by Ilan Stavans, this is the most comprehensive single-volume collection of this prolific poet's work

in English. Here the finest translations of nearly six hundred poems by Neruda are collected and join specially commissioned new translations that attest to Neruda's still-resounding presence in American letters.

[Residence on Earth](#) Farrar, Straus and Giroux

A new Spanish and English bilingual edition of the stunning picture book biography of Pablo Neruda, one of the world's most enduring and popular poets, from the acclaimed Monica Brown. Había una vez un niño llamado Neftalí, quien amaba las cosas salvajes locamente y las cosas tranquilas serenamente. Desde el momento en que aprendió a hablar, se rodeó de palabras. Neftalí descubrió la magia oculta entre las páginas de los libros. Cuando tenía dieciséis años, comenzó a publicar sus poemas bajo el nombre Pablo Neruda. Pablo escribió poemas sobre las cosas que amaba: obras creadas por sus amigos artistas, objetos hallados en los mercados y elementos de la naturaleza. Escribió sobre la gente de Chile y su lucha por salir adelante. Porque sobre todas las cosas y sobre todas las palabras, Pablo Neruda amaba a la gente. Once there was a little boy named Neftalí who loved wild things wildly and quiet things quietly. From the moment he could talk, he surrounded himself with words, seeking comfort and inspiration from the magic he discovered between the pages of books. When he was sixteen, he began publishing his writing as Pablo Neruda. Pablo wrote poems about the things he loved—things made by his friends in the café, things found at the marketplace, and things he saw in nature. He wrote about the people of Chile and their stories of struggle. Because above all things and above all words, Pablo Neruda loved people. With a new translation of Monica Brown's lyrical text and Julia Paschkis' gorgeous art, which celebrates multiple languages, this new edition will introduce the youngest of readers—of English,

Spanish, and both—to the legacy of one of history's most iconic talents.

Stones of the Sky Copper Canyon Press

In a long poem, the Chilean poet says farewell to his land and people and considers the human spirit, personal commitment, and the history of his culture.

Pablo Neruda is one of the world's great poets, and Copper Canyon Press has long been dedicated to publishing translations of his work in bilingual editions. The Hands of Day—at long last translated into English in its entirety—pronounces Neruda's desire to take part in the great human making of the day. Moved by the guilt of never having worked with his hands, Neruda opens with the despairing confession, "Why did I not make a broom? / Why was I given hands at all?" The themes of hands and work grow in significance as Neruda celebrates the carpenters, longshoremen, blacksmiths, and bakers—those laborers he admires most—and shares his exuberant adoration for the earth and the people upon it. Yes, I am guilty of what I did not do, of what I did not sow, did not cut, did not measure, of never having rallied myself to populate lands, of having sustained myself in the deserts and of my voice speaking with the sand. Pablo Neruda (1904-1973) was a Chilean poet and diplomat who received the Nobel Prize in Literature in 1971. Recognized during his life as "a people's poet," he is considered one of the greatest artists of the twentieth century. William O'Daly is the best-selling translator of six of Pablo Neruda's books, including *The Book of Questions* and *The Sea and the Bells*. His work as a translator has been featured on *The Today Show*.

[Earth Tones](#) Copper Canyon Press

Pablo Neruda was without doubt one of the greatest poets of the twentieth century but his work is extremely uneven. There is a view that there are two Nerudas, an early Romantic visionary and a later Marxist populist, who denied his earlier poetic self. By focussing on the poet's apprenticeship, and by looking closely at

how Neruda created his poetic persona within his poems, this Companion tries to establish what should survive of his massive output. By seeing his early work as self exploration through metaphor and sound, as well as through varieties of love and direct experience, the Companion outlines a unity behind all the work, based on voice and a public self. Neruda's debt to reading and books is studied in depth and the change in poetics re-examined by concentrating on the early work up to *Residencia en la tierra I* and *II* and why he wanted to become a poet. Debate about quality and representativity is grounded in his Romantic thinking, sensibility and sincerity. Unlike a Borges or a Paz who accompanied their creative work with analytical essays, Neruda distilled all his experiences into his poems, which remain his true biography. Jason Wilson is Professor Emeritus in the Department of Spanish and Latin American Studies, University College London.
