Nell Martin is moving again, this time to the Winslow Grand Hotel, built in 1878. As Nell is settling in, strange things begin to happen. Doors lock of their own accord, writing appears on bathroom walls—and most horrifying of all—visions of a dead boy permeate her waking life. Thinking it was her mind playing tricks on her, she soon finds the past and the present colliding as she learns horrific details of a murder that happened at the hotel in 1907 involving a girl named Lea. Nell and a mysterious bellboy must relive that day in hopes of finally breaking a curse that imprisons them both. And Nell discovers what truly links her to the history of the Winslow Grand Hotel.

"Close your eyes." Kurz bevor die Erde untergeht, fordert in Lars von Triers Apokalypse-Melodrama *Melancholia* (2011) die Hauptfigur Justine ihre Schwester Claire und deren Sohn auf, die Augen zu schließen und sich ihren eigenen phantasmatischen Vorstellungen hinzugeben. Im programmatisch blinden Sehen wird die Katastrophe zu einem ästhetischen Erlebnis - nicht zuletzt für den Zuschauer. In ihrer grundlegenden Studie legt Sophie Wenerscheid dar, inwiefern von Trier mit dieser Szene die Kraft der Imagination beschwört und damit an die Literatur der skandinavischen Moderne anschließt, welche den Zusammenhang von Phantasma, Kraft und Dunkelheit intensiv erforscht und poetisch produktiv gemacht hat. Die Arbeit zeigt, wie bis in die zweite Hälfte des 19. Jahrhunderts hinein Kraft als berechenbar betrachtet wurde, sie dann aber in der Moderne als zunehmend rätselhaft und chaotisch ästhetisiert wird.

Skandinavische Autoren wie J. P. Jacobsen, August Strindberg, Knut Hamsun oder Johannes V. Jensen schaffen Figuren, die lustvoll delirierend durchs Leben treiben und den Tod Gottes gleichsam im Selbstversuch erproben. Die Arbeit macht Kraft als einen Schlüsselbegriff der literarischen Moderne erkennbar und leistet einen Beitrag zu einer Theorie des sich selbst dunklen Subjekts.

ALICE was beginning to get very tired of sitting by her sister on the bank, and of having nothing to do: once or twice she had peeped into the book her sister was reading, but it had no pictures or conversations in it, and where is the use of a book, thought Alice, without pictures or conversations? So she was considering in her own mind, (as well as she could, for the hot day made her feel very sleepy and stupid,) whether the pleasure of making a daisy-chain was worth the trouble of getting up and picking the daisies, when a white rabbit with pink eyes ran close by her. THERE was nothing very remarkable in that, nor did Alice think it so very much out of the way to hear the rabbit say to itself "dear, dear! I shall be too late!" (when she thought it over afterwards, it occurred to her that she ought to have wondered at this, but at the time it all seemed quite natural); but when the rabbit actually took a watch out of its waistcoat-pocket, looked at it, and then hurried on, Alice started to her feet, for it flashed across her mind that she had never before seen a rabbit with either a waistcoat-pocket or a watch to take out of it, and, full of curiosity, she hurried across the field after it, and was just in time to see it pop down a large rabbit-hole under the hedge. In a moment down went Alice after it, never once considering how in the world she was to get out again. The rabbit-hole went straight on like a tunnel for some way, and then dipped suddenly down, so suddenly, that Alice had not a moment to think about stopping herself, before she found herself falling down what seemed a deep well. Either the well was very deep, or she fell very slowly,

for she had plenty of time as she went down to look about her, and to wonder what would happen next. First, she tried to look down and make out what she was coming to, but it was too dark to see anything: then, she looked at the sides of the well, and noticed that they were filled with cupboards and book-shelves: here and there were maps and pictures hung on pegs. She took a jar down off one of the shelves as she passed: it was labelled "Orange Marmalade," but to her great disappointment it was empty: she did not like to drop the jar, for fear of killing somebody underneath, so managed to put it into one of the cupboards as she fell past it. "Well!" thought Alice to herself, "after such a fall as this, I shall think nothing of tumbling down stairs! How brave they'll all think me at home! Why, I wouldn't say anything about it, even if I fell off the top of the house!" (which was most likely true.)

There Be Monsters Here. . . It's not as great as you'd think, living in a tourist town that's known as "the most magical place in America." Same boring high school, just twice as many monsters under the bridges and rival Families killing each other for power. I try to keep out of it. And a couple of Talents I try to keep quiet, including very light fingers and a way with a lock pick. I guess I made the wrong choice, because now I'm stuck putting everything on the line for Devon Sinclair. My mom was murdered because of the Families, and it looks like I'm going to end up just like her. . .

Vancouver brings a slew of new worries, but Maeve finds brief moments of calm (as well as even more worries) with Salix, a local girl who doesn't seem to worry about anything. A moving and spectacular tale of love, jealousy, and exotic travel, centering on three significant figures in the surrealist movement. This book describes the secret journey made by an extraordinary ménage à trois: the painter Max Ernst, Paul Eluard (cofounder of surrealism with André Breton), and Eluard's wife Gala. The author unravels the story of Ernst's love affair with Gala, Eluard's disappearance, Ernst and Gala's pursuit of him, their meeting in Saigon where the love triangle came apart, and the resulting departure of the Eluards, who left Ernst to explore the jungles of French Indochina alone. The impact on the work of both men was profound. As for Gala, she eventually dropped both her lovers for Salvador Dali.

The theologians of the late German Enlightenment saw in Kant's Critique of Pure Reason a new rational defence of their Christian faith. In fact, Kant's critical theory of meaning and moral law totally subverted the spirit of that faith. This challenging new study examines the contribution made by the Critique of Pure Reason to this change of meaning. George di Giovanni stresses the revolutionary character of Kant's critical thought but also reveals how this thought was being held hostage to unwarranted metaphysical assumptions that caused much confusion and rendered the First Critique vulnerable to being reabsorbed into modes of thought typical of Enlightenment popular philosophy. Amongst the striking features of this book are nuanced interpretations of Jacobi and Reinhold, a lucid exposition of Fichte's early thought, and a rare, detailed account of Enlightenment popular philosophy.
