Garry Kasparov on My Great Predecessors Angelico Press
 This is a story told by a boy in his thirteenth year, recorded in his secret diary. His life is about to change; his world, about to open. He lives in Montedidio—God’s Mountain—a cluster of alleys in the heart of Naples. He brings a paycheck home every Saturday from Mast’Errico’s carpentry workshop where he sweeps the floor. He is on his way to becoming a man—his boy’s voice is abandoning him. His wooden boomerang is neither toy nor tool, but something in between. Then there is Maria, the thirteen-year-old girl who lives above him and, like so many girls, is wiser than he. She carries the burden of a secret life herself. She’ll speak to him for the first time this summer. There is also his friendship with a cobbler named Rafaniello, a Jewish refugee who has escaped the horrors of the Holocaust, who has no idea how long he’s been on this earth, and who is said to sprout wings for a blessed few. It is 1963, a young man’s summer of discovery. A time for a boy with innocent hands and a pure heart to look beyond the ordinary in everyday things to see the far-reaching landscape, and all of its possibilities, from a rooftop terrace on God’s Mountain.

The Peasants ...: Winter Penguin

This dramatization of Sir Walter Scott's The Surgeon's Daughter tells how an ambitious politician, Richard Darlington, murders his wife to further his political career, becoming the epitome of the saying, "All power corrupts; absolute power corrupts absolutely."

The Demonologist: The Extraordinary Career of Ed and Lorraine Warren Hampton Roads Publishing

In this absorbing interview, Bishop Athanasius Schneider offers a candid, incisive examination of controversies raging in the Church and the most pressing issues of our times, providing clarity and

hope for beleaguered Catholics. He addresses such topics as widespread doctrinal confusion, the limits of papal authority, the documents of Vatican II, the Society of St. Pius X, anti-Christian ideologies and political threats, the third secret of Fatima, the traditional Roman rite, and the Amazon Synod, among many others. Like his fourth-century patron, St. Athanasius the Great, Bishop Schneider says things that others won't, fearlessly following St. Paul's advice: "Preach the word, be urgent in season and out of season, convince, rebuke, and exhort, be unfailing in patience and in teaching" (2 Tim 4:2). His insights into the challenges facing Christ's flock today are essential reading for those who are, or wish to be, alert to the signs of the times. Reminiscent of The Ratzinger Report of 1985, Christus Vincit will be a key point of reference for years to come.

Winner of the 2021 Found in Translation Award First published in Polish in 1932, The Career of Nicodemus Dyzma was Tadeusz Dołęga-Mostowicz's breakout novel. Dyzma is an unemployed clerk who crashes a swanky party, where he makes an offhand crass remark that sets him on a new course. Soon high society—from government ministers to drug-fueled aristocrats—wants a piece of him. As Dyzma's status grows, his vulgarity is interpreted as authenticity and strength. He is unable to comprehend complicated political matters, but his cryptic responses are celebrated as

wise introspection. His willingness to do anything to hold on to power—flip-flopping on political positions, inventing xenophobic plots, even having enemies assaulted—only leads to greater success. Dołęga-Mostowicz wrote his novel in a newly independent Poland rampant with political corruption and populist pandering. Jerzy Kosinski borrowed heavily from the novel when he wrote *Being There*, and readers of both books will recognize similarities between their plots. This biting political satire—by turns hilarious and disturbing, contemptuous and sympathetic—is an indictment of a system in which money and connections matter above all else, bluster and ignorance are valorized, and a deeply incompetent man rises to the highest spheres of government.

Conversations With God, Book 3 Zondervan

Discover the answers to the questions of God, meaning, and existence. This is the final book of the original three-book *Conversations with God* series. The series deals with “universal truths of the highest order, and the challenges and opportunities of the soul.” In Book 3, the dialogue expands to include more about the nature of God, love and fear, who we are and who we may become, and the evolution of the human species that’s about to take place. This is an engaging and profound conversation about the culture, philosophy, and spirituality of highly evolved beings (some of whom we call “aliens,” or “ETs”) in other realms of the universe, and how they have learned to view life, love, and the pursuit of happiness. CWG3 is meant to inspire readers to look at their lives in new and fresh ways and to question everything. It encourages readers to embrace the mysteries of existence and to live each day with love and joy.

How to deal with twenty-first century challenges, individually and globally. The *Conversations with God* books are among the most popular spirituality books published in the past 50 years. They have sold millions of copies in over two dozen languages around the world. For those who seek to explore the nature of God, the universe, and the meaning of existence, here are the questions that everyone wants to ask--and here are the answers that not only make sense, but also speak directly to the heart, with observations that ring true. In the introduction to *Conversations with God, Book 1*, Neale Donald Walsch was told that *Book 2* "would deal with more global challenges now facing the world." This is a book that looks at the big picture. What is here is a proposed paradigm shift to change the political and spiritual constructs that people have manifested on this planet. This is the challenge of the book: "Now is the time to reclaim yourself. Now is the time to see yourself again as Who You Really Are, and thus, render yourself visible again. For when you, and your true relationship with God, become visible, then We are indivisible. And nothing will ever divide Us again."

The Letters of Nicodemus Northwestern University Press

'Compelling from start to finish...Downie does full justice to an extraordinary life' Pete Davies, author of *All Played Out*. A stunning new biography of Socrates, the iconic captain of the greatest Brazil side never to win the World Cup. Socrates was always special. A hugely talented athlete who graduated in medicine yet drank and smoked to excess. The attacking midfielder stood out - and not just because of his 6'4" frame. Fans were enthralled by his inch-perfect passes, his coolness in front of goal and his back heel, the trademark move that singled him out as the most unique footballer of his generation. Off the pitch, he was just as original, with a dedication to politics and social causes that no player has ever emulated. His biggest impact came as leader of Corinthians Democracy - a movement that gave everyone from the kitman to the president an equal say in the running of the club. At a time when Brazil was ruled by a military dictatorship, it was truly revolutionary. Passionate and principled, entertaining and erudite, Socrates was as contradictory as he was complex. He was a socialist who voted for a return of Brazil's monarchy, a fiercely independent individual who was the ultimate team player, and a romantic who married four times and fathered six children. Armed with Socrates' unpublished memoir and hours of newly discovered interviews, Andrew Downie has put together the most comprehensive and compelling account of this iconic figure. Based on conversations with family members, close friends and former team-mates, this is a brilliant biography of a man who always stood up for what he believed in, whatever the cost. 'Brilliantly written and researched. Amazing life.' Alex Bellos, author of *Futebol: The Brazilian Way of Life*

After Auschwitz Simon and Schuster

THE SUNDAY TIMES AND INTERNATIONAL BESTSELLER 'A standalone classic . . . An incredible book, remarkable for its unflinching gaze at the past and also for its hope' GUARDIAN, 'Books to Give You Hope' 'Remarkable . . . Makes it clear just what an achievement it was starting over again, when survivors were not only economically and physically depleted, but emotionally devastated, too' SCOTSMAN Eva was arrested by the Nazis on her fifteenth birthday and sent to Auschwitz. Her survival depended on endless strokes of luck, her own determination and the love and protection of her mother Fritzi, who was deported with her. When Auschwitz was liberated, Eva and Fritzi began the long journey home. They searched desperately for Eva's father and brother, from whom they had been separated. The news came some months later. Tragically, both men had been killed. Before the war, in Amsterdam, Eva had become friendly with a young girl called Anne Frank. Though their fates were very different, Eva's life was set to be entwined with her friend's for ever more, after her mother Fritzi married Anne's father Otto Frank in 1953. This is a searingly honest account of how an ordinary person survived the Holocaust. Eva's memories and descriptions are heartbreakingly clear, her account brings the horror as close as it can possibly be. But this is also an exploration of what happened next, of Eva's struggle to live with herself after the war and to continue the work of her step-father Otto, ensuring that the legacy of Anne Frank is never forgotten.
