The first English translation of a lost classic that reinvents the flaneur in Berlin. Franz Hessel (1880–1941), a German-born writer, grew up in Berlin, studied in Munich, and then lived in Paris, where he moved in artistic and literary circles. His relationship with the fashion journalist Helen Grund was the inspiration for Henri-Pierre Roche's novel Jules et Jim (made into a celebrated 1962 film by Francois Truffaut). In collaboration with Walter Benjamin, Hessel reinvented the Parisian figure of the flaneur. This 1929 book—here in its first English translation—offers Hessel's version of a flaneur in Berlin. In *Walking in Berlin*, Hessel captures the rhythm of Weimar-era Berlin, recording the seismic shifts in German culture. Nearly all of the essays take the form of a walk or outing, focusing on either a theme or part of the city, and many end at a theater, cinema, or club. Hessel deftly weaves the past with the present, walking through the city's history as well as its neighborhoods. Even today, his walks in the city, from the Alexanderplatz to Kreuzberg, can guide would-be flaneurs. *Walking in Berlin* is a lost classic, known mainly because of Hessel's connection to Benjamin but now introduced to readers of English. *Walking in Berlin* was a central model for Benjamin's Arcades Project and remains a classic of "walking literature" that ranges from Surrealist perambulation to Situationist "psycho geography." This MIT Press edition includes the complete text in translation as well as Benjamin's essay on *Walking in Berlin*, originally written as a review of the book's original edition. "An absolutely epic book, a

walking remembrance." —Walter Benjamin

This volume weaves together the Scottish otter stories from Gavin Maxwell's three non-fiction books, *Ring of Bright Water* (1960), *The Rocks Remain* (1963), and *Raven Meet Thy Brother* (1969). Maxwell was both an extraordinarily evocative writer and a highly unusual man. While touring the Iraqi marshes, he was captivated by an otter and became a devoted advocate of and spokesman for the species. He moved to a remote house in the Scottish highlands, co-habiting there with three otters and living an idyllic and isolated life – at least for a while. Fate, fame, and fire conspired against

this paradise, and it, too, came to an end, though the journey was filled with incident and wonder. Maxwell was also talented as an artist, and his sinuous line drawings of these amphibious and engaging creatures, and the homes they occupied, illustrate his story. This book stands as a lasting tribute to a man, his work, and his passion. It was received and has endured as a classic for its portrait not only of otters but also of a man who endured heartaches and disappointments, whose life embodied both greatness and tragedy. He writes with rare eloquence about his birth, his devotion to the beloved Scottish highlands, and the wildlife he loved, while refusing to ignore the darker aspects of his nature and of nature in its larger sense.

In 1948 I was posted, as a Political Officer, to a remote part of south-west Arabia on the edge of the great desert called the Empty Quarter. In valleys made fertile by seasonal flood-waters lay the remains of an ancient civilization. I found inscriptions and the ruin sites of towns, palaces and temples. Almost buried under the sand dunes were the tumbled walls of a great city. From here, two thousand years before, huge camel caravans had trudged their way along 1600 miles of burning sand and rocks to Petra and Gaza, burdened with a most precious cargo - frankincense, myrrh and other perfume materials for the courts, temples and perfume shops of Rome. My book Frankincense and Myrrh delved into the details of this romantic trade and led to a broader interest in the perfumes of ancient times. Then, researching on behalf of a perfume house into the Arab contribution to perfumery, I came across the collection of perfume recipes assembled by the Arab philosopher-scientist Yaqub al-Kindi, which have never been translated into English (some, which I have translated myself, are now included in an appendix to this book). I realized that in that work I had found key evidence to demonstrate how the medieval Arab perfume makers had been the bridge in perfume history between ancient and modern times. Perfumery could now be seen as an art with a continuous history of development since the dawn of civilization.

A searing, beautiful novel meditating on war, violence, memory, and the sufferings of the Palestinian people Finalist for the National Book Award Longlisted for the International Booker Prize Minor Detail begins during the summer of 1949, one year after the war that the Palestinians mourn as the Nakba—the catastrophe that led to the displacement and exile of some 700,000 people—and the Israelis celebrate as the War of Independence. Israeli soldiers murder an encampment of Bedouin in the Negev desert, and among their victims they capture a Palestinian teenager and they rape her, kill her, and bury her in the sand. Many years later, in the near-present day, a young woman in Ramallah tries to uncover some of the details surrounding this particular rape and murder, and becomes fascinated to the point of obsession, not only because of the nature of the crime, but because it was committed exactly twenty-five years to the day before she was born. Adania Shibli masterfully overlays these two translucent narratives of exactly the same length to evoke a present forever haunted by the past.

What is buried in the crypts of the Gothic? Building on psychoanalytic research on haunting, cryptonymy and melancholy, as well as on French philosophies of language, this book explores how haunting is not just a Gothic narrative device but the symptom of an impossibility of representation and of an irreparable loss at the heart of language.

Not all yarns are alike. Some make our hearts and hands sing, some get the job done without much fanfare, and some cause nothing but frustration and disappointment. The gorgeous pair of socks that emerged from their first bath twice as long as when they went in. The delicate baby sweater that started pilling before it even came off the needles. With *The Knitter's Book of Yarn*, you'll learn how to unleash your inner yarn whisperer. In these pages, Clara Parkes provides in-depth insight into a vast selection of yarns, giving you the inside stories behind the most common fiber types, preparations, spins, and ply combinations used by large-scale manufacturers and importers, medium-sized companies, boutique dye shops, community spinneries, and old-fashioned sheep farms. And, because we learn best by doing, Parkes went to some of the most creative and inquisitive design minds of the knitting world to provide a wide assortment of patterns created to highlight the qualities (and minimize the drawbacks) of specific types of yarns. *The Knitter's Book of Yarn* will teach you everything you need to know about yarn: How it's made, who makes it, how it gets to you, and what it longs to

become. The next time you pick up a skein, you won't have to wonder what to do with it. You'll just know—the way any yarn whisperer would.

Admit the Joyous Passion of Revolt is a Marxist-feminist epic poem -- wait, no, it's historical -- actually it's poems of the worker's body. It is none and all of these things. It is absurd or perhaps entirely sincere. Gomez's second book brings together a series of poems on the life of Bolshevik feminist Alexandra Kollontai. It examines love and desire under capitalism, and imagines how these will look in a post-capitalist world. This is poetry for girls, poetry for communism; it's poetry for the past and for the impossible future.

Following World War II, a British widow joins a Benedictine monastery in this poignant New York Times bestseller from the author of *Black Narcissus*. For most of her adult life, Philippa Talbot has been a successful British professional. Now in her forties, the World War II-widow has made a startling

decision: She's giving up her civil service career and elite social standing to join a convent as a postulant Roman Catholic nun. In Sussex in the south of England, Philippa begins her new life inside Brede Abbey, a venerable, 130-year-old Benedictine monastery. Taking her place among a diverse group of extraordinary women, young and old, she is welcomed into the surprisingly rich and complex world of the devout, whom faith, fate, and circumstance have led there. From their personal stories, both uplifting and heartbreaking, Philippa draws great strength in the weeks, months, and years that follow, as the confidence, conflicts, and poignant humanity of her fellow sisters serve to validate her love and sacred purpose. But a time of great upheaval in the hierarchy of the Catholic Church approaches as the winds of change blow at gale force. And for the financially troubled Brede and the acolytes within, it will take no less than a miracle to weather the storm. Author Rumer Godden spent three years living in close proximity to Stanbrook Abbey in Worcestershire communing with the Benedictine nuns in preparation for the writing of this beloved bestseller. The result is an honest and unforgettable novel of love, sacrifice, and devotion, a major literary achievement from the acclaimed author of *Black Narcissus* and *The River*. This ebook features an illustrated biography of the author including rare images from the Rumer Godden Literary Estate.
