Following the murderous events at the Brightwell Hotel, Amory Ames is looking forward to a tranquil period of reconnecting with her reformed playboy husband, Milo. She hopes a quiet stay at their London flat will help mend their relationship. However, Amory soon finds herself drawn into another investigation when an old friend of her mother’s asks her to look into the disappearance of valuable jewelry snatched at a dinner party. Amory agrees to help lay a trap to catch the culprit at a lavish masked ball. But when one of the illustrious party guests is murdered, she is pulled back into the

I Am, I Am, I Am Penguin
Summer 1911. A scorching heatwave engulfs the quiet town of Littleton Cotterell and brings about an unusually early harvest. The villagers are thrilled, but events quickly turn sour when one of them turns up dead in an apple orchard, stabbed through the heart. Amateur sleuth Lady Hardcastle and her trusty lady’s maid, Flo, suddenly have a juicy case on their hands. Might the mysterious stranger they recently met in the village be to blame? When a second cider-related murder takes place, it quickly becomes clear that there’s more to these mysterious deaths than meets the eye. The daring duo uncover whispers of an ancient order and moonlit rituals. And evidence points to a macabre secret in the village stretching back years. A secret someone will do anything--anything at all--to keep hidden. Something is rotten, that’s

for sure. With the local constabulary baffled, Lady Hardcastle and Flo must use all their powers of wit and whimsy to get to the bottom of the dastardly deed. But can they catch the killer before any more people drop dead?

The Island of Sea Women Penguin

An extraordinary memoir--told entirely in near-death experiences--from one of Britain’s bestselling novelists, as she reminds us that we are never closer to life than when we brush up against the possibility of death. *I Am, I Am, I Am* is Maggie O’Farrell’s astonishing memoir of the near-death experiences that have punctuated and defined her life. The childhood illness that left her in the hospital for nearly a year, which she was not expected to survive. A teenage yearning to escape that nearly ended in disaster. An encounter with a serial killer on a remote path. And, most terrifying of all, an ongoing, daily struggle to protect her daughter from a condition that leaves her unimaginably vulnerable to life’s myriad dangers. Seventeen discrete encounters with Maggie at different ages, in different locations, reveal a whole life in a

series of tense, visceral snapshots. In taut prose that vibrates with electricity and a restrained emotion, O'Farrell captures the perils running just beneath the surface, and illuminates the preciousness, beauty and mysteries of life itself.

There's nothing like being told that in three months you'll be dead to make you think about what you really want in life "A novel about self-discovery, with plenty of surprises and a snappy, Bridget-Jones-gets-a-terminal-diagnosis vibe." -Booklist Jennifer Cole has just been told that she has a terminal blood disorder and has just three months to live--ninety days to say goodbye to friends and family, and to put her affairs in order. Ninety days to come to terms with a diagnosis that is unfair, unexpected, and completely unpronounceable.

Focusing on the positives (she won't have to go on in a world without Bowie or Maya Angelou; she won't get Alzheimer's or Parkinson's like her parents, or have teeth that flop out at the mere mention of the word apple), Jennifer realizes

she only has one real regret: the relationships she's lost. Rather than running off to complete a frantic bucket list, Jennifer chooses to stay put and write a letter to the three most significant people in her life, to say the things she wished she'd said before but never dared: her overbearing, selfish sister, her jelly-spined, cheating ex-husband, and her charming, unreliable ex-boyfriend--and finally tell them the truth. At first, Jennifer feels cleansed by her catharsis. Liberated, even. Her ex-boyfriend rushes to her side and she even starts to build bridges with her sister Isabelle (that is, once Isabelle's confirmed that Jennifer's condition isn't genetic). But once you start telling the truth, it's hard to stop. And as Jennifer soon discovers, the truth isn't always as straightforward as it seems, and death has a way of surprising you....

Is it Walking John, the two-hundred-year-old ghost who haunts Blood Moon Bay? And who beside the ghost is roaming the local woods at night? If Toby uncovered something sinister, was his death no accident? NATIONAL BESTSELLER •

From the acclaimed author of *The Wind-Up Bird Chronicle* and one of the world's greatest storytellers comes "an insistently metaphysical mind-bender" (*The New Yorker*) about a teenager on the run and a deceptively simple old man. Now with a new introduction by the author. Here we meet fifteen-year-old runaway Kafka Tamura and the elderly Nakata, who is drawn to Kafka for reasons that he cannot fathom. As their paths converge, acclaimed author Haruki Murakami enfolds readers in a world where cats talk, fish fall from the sky, and spirits slip out of their bodies to make love or commit murder, in what is a truly remarkable journey. "As powerful as *The Wind-Up Bird Chronicle*.... Reading Murakami ... is a striking experience in consciousness expansion."—Chicago Tribune

Mystery by the Sea Open Road + Grove/Atlantic
Acclaimed novelist and nationally recognized family expert Lynne Griffin returns with *Sea Escape*—an emotional, beautifully imagined story inspired by the author's family letters about the

ties that bind mothers and daughters. Laura Martinez is wedged in the middle place, grappling with her busy life as a nurse, wife, and devoted mom to her two young children when her estranged mother, Helen, suffers a devastating stroke. In a desperate attempt to lure her mother into choosing life, Laura goes to Sea Escape, the pristine beach home that Helen took refuge in after the death of her beloved husband, Joseph. There, Laura hunts for the legendary love letters her father wrote to her mother when he served as a reporter for the Associated Press during wartime Vietnam. Believing the beauty and sway of her father's words will have the power to heal, Laura reads the letters bedside to her mother, a woman who once spoke the language of fabric—of Peony Sky in Jade and Paradise Garden Sage—but who can't or won't speak to her now. As Laura delves deeper into her tangled family history, she becomes increasingly determined to save her mother. As each letter reveals a patchwork detail of her parents' marriage, she discovers a common thread: a secret that mother and daughter

unknowingly share. Weaving back and forth from Laura's story to her mother's, beginning in the idyllic 1950s with Helen's love affair with Joseph through the tumultuous Vietnam War period on to the present, *Sea Escape* takes a gratifying look at what women face in their everyday lives—the balancing act of raising capable and happy children and being accomplished and steadfast wives while still being gracious and good daughters. It is a story that opens the door to family secrets so gripping, you won't be able to put this book down until each is revealed.

Beside the Sea Thomas & Mercer
From the New York Times bestselling author of *Evidence of Harm* and *Animal Factory*—a groundbreaking scientific thriller that exposes the

dark side of SeaWorld, America's most beloved marine mammal park. *Death at SeaWorld* centers on the battle with the multimillion-dollar marine park industry over the controversial and even lethal ramifications of keeping killer whales in captivity. Following the story of marine biologist and animal advocate at the Humane Society of the US, Naomi Rose, Kirby tells the gripping story of the two-decade fight against PR-savvy SeaWorld, which came to a head with the tragic death of trainer Dawn Brancheau in 2010. Kirby puts that horrific animal-on-human attack in context. Brancheau's death was the most publicized among several brutal attacks that have occurred at Sea World and other marine mammal theme parks. *Death at SeaWorld* introduces real people taking part in this debate, from former trainers turned animal rights activists to the men and women that champion SeaWorld and the captivity of whales. In section two the orcas act out. And as the story progresses and orca attacks on trainers become increasingly violent, the warnings of Naomi Rose and other

scientists fall on deaf ears, only to be realized with the death of Dawn Brancheau. Finally he covers the media backlash, the eyewitnesses who come forward to challenge SeaWorld's glossy image, and the groundbreaking OSHA case that challenges the very idea of keeping killer whales in captivity and may spell the end of having trainers in the water with the ocean's top predators. Designing the Seaside Simon and Schuster "Somalia is one of the world's most desolate, sun-scorched lands, inhabited by fierce and independent-minded tribesmen. It was here that Gerald Hanley spent the Second World War, charged with preventing bloodshed between feuding tribes at a remote out-station. Rations were scarce, pay infrequent and his detachment of native soldiers near-mutinous." "In these extreme conditions seven British officers committed

suicide, but Hanley describes the period as the 'most valuable time' of his life. With intense curiosity and open-mindedness, he explores the effects of loneliness. He comes to understand the Somalis' love of fighting and to admire their contempt for death. 'Of all the races of Africa,' he says, 'there cannot be one better to live among than the most difficult, the proudest, the bravest, the vainest, the most merciless, the friendliest: the Somalis.'"--BOOK JACKET.
