JASE SHELTON

Numerology & You Tyler MacDonald

A crash course in how to use the age-old spiritual and practical study of numbers in your own life, including calculating your essence and name vibration. Through the energetic power of numbers, it's possible to gain insights into the core of who we are and what specific gifts and challenges we are here to master. Practicing numerologist Novalee Wilder provides an overview of the ancient esoteric system of numerology, including its history and origins. A step-by-step guide shows how to calculate your essence by examining the numbers one through nine, and using the results to explore your personality, understand essential life lessons, and figure out goals. Wilder also discusses the concept of name vibrations, the Numeroscope (a numerologist's greatest tool), understanding others through numerology (using famous figures throughout history as examples), and applying this knowledge to your daily life.

Llewellyn's Complete Book of Divination Llewellyn Worldwide

This hands-on introduction to the ancient science of numerology, shows how your date of birth can reveal essential information about your work, your relationships, and your health - even the way you look! Unearth the significance of the Personality Numbers 1 to 31 (based on the day of the month you were born), which show the strengths, challenges, physical traits, and childhood influences associated with each number and how they influence your prospects for romance, career, and well-being. You can also use the book to calculate the numbers for family, friends and work colleagues to gain extraordinarily accurate insight into their personalities and propensities. This book also contains simple calculations for other numbers that have influence on your life - including Master, Collective, and Personal Year numbers, which will give you valuable tools for self-understanding, intuition and personal development. "If you want to understand what makes you act and react, for better use of your positive qualities and better control and transformation of your negative traits, start with this book." - Claudine M. Aegerter, Principal of the Connaissance School of Numerology.

Numerology for Beginners Light Technology Publishing

This extensive collection explores the information in names using an array of different, effective methods of numerology. Readers will learn how to calculate and interpret their personal name numbers in order to determine the quality and course of their existence. Name numbers reveal peoples traits and tendencies, alloying them to apply the wisdom of the numbers to change and improve their lives.

The Book of Number ReadHowYouWant.com

Numerology is perhaps the oldest of the divination arts and at the heart of many religious systems - Hebrew, Chaldean, Indian, Chinese and others. This title provides the real spiritual base for the use of numbers, illustrating why they have their own integrity. It explains why they relate to particular psychological states and shows how they can be used for diagnosing life's problems and providing solutions. It shows how numbers are a mirror of our very essence, explaining the relevance of time cycles and dates of birth. It also highlights the universal message of the ten Sikh gurus and shows how you can become a Ten-in-One Being. As an offering of the formula behind all formulas, it offers no quick fixes, but presents numerology as a multi-faceted jewel that you can refer to again and again in your life. Not limited to any one numerology system, it reveals the ground of them all. Describing the essence of numbers it goes beyond the usual fortune telling or application of a particular system to put the soul back into numerology. It covers dates of birth, time calendars and spiritual bodies, telling you more about yourself in a friendly way than you imagine there is to know.

Base-12 Numerology Saket Shah

A master numerologist presents an introductory guide to Chaldean numerology, the original form of numerology upon which all later systems were based, that features tips and techniques for decoding the energetic vibrations and information held in names, birthdates, addresses, and more. Original.

A Little Bit of Numerology Llewellyn Worldwide

Numerology uses numbers as a key to human behavior. It is an easy-to-learn method that exercises the mind's intuitive faculty to fathom the depths of human personality. Numerologists have to forget their own identities and devote themselves totally to exploring the personalities of others. They must learn to become calm and empty before they are able to use their intuition.

Practicing the art of numerology creates endurance, patience, and pointedness. Experience teaches numerologists more than books can teach. The information contained in books only opens the windows of the mind. One then has to work with one's personal understanding of that information. Information alone is not knowledge; direct experience must be added before information becomes knowledge. Numerology is simple to learn and very engaging, like the creative arts. It teaches one sympathy toward others. For a numerologist the planets become embodied in a human form, and he or she can closely observe them as a part of the cosmic play. Those people who do not allow themselves the freedom of seeing the influence of the celestial and astral bodies cannot observe this play. Planets for them are objects in outer space that have no influence on their physical and mental make-up. To them all predictive sciences are useless. People who have time, faith, and enough patience, however, can watch this play and learn from it the lessons that will guide the consciousness of coming generations. Numerology is not a complete science. It is just one branch of the predictive sciences. To be a good numerologist one must become a good observer and a patient listener. Study of physiognomy and astrology is very necessary. Numerology is much simpler than astrology and does not require complicated mathematical calculations. There are just three things a numerologist needs to know: the day of the month a person was born, the numerological value of his or her popular name, and the person's total birth information (date, month, and year). From astrology, the numerologist needs to know about all the zodiac signs, and a person's day of birth, sun sign, and moon sign. In India, the season during which a person was born also has to be known, since that has an effect on one's temperament. Certain information from physiognomy needs to be learned as well, such as how the shape and form of the various body parts correlate with an individual's thinking process. (It is known, for example, that the perceptual world of tall people is different from that of short people.) The purpose of working with numbers is to save energy. People who act without a proper understanding of the right moment to start a job waste a lot of energy by making the wrong moves. Numerology provides the knowledge for such things as how to select the right moment, the right relationship, the right dwelling place—thereby saving energy.

Duncan Baird Publishers

Have you ever wanted to know the secrets of the numbers behind everything in your life? Have you been wanting to know if events and circumstances have been divinely guided? Numerology: Decoding Your Destiny is a simple and practical book aimed at people who do not have any numerology knowledge or who are just beginning their studies. In this book, you will find: ★A brief history of numerology and the uses of it ★The way that Pythagoras used to assign a number to each letter and thus be able to calculate the numbers that will later be interpreted ★Simple and practical ways to break down and interpret the date and month of birth ★The secret behind the work we have been doing from past lives, The mission of life, discovered through the complete date of birth of each person. ★Lessons on how to calculate using the name and surname of the person ★Lessons on how to calculate the day, month, and personal year that can be used for making daily decisions ★Finally, the reader can learn about the strong and weak numbers, and the personality of their children and other family members according to numerology. At the end of the reading and with a little practice, the reader will be able to calculate and analyze the numbers of their loved ones to help them understand people and make decisions. Divining Your Future Using Playing Cards & Numerology John Hunt Publishing

At 17, RoseMaree Templeton began her lifelong journey with numerology and Pythagorean theory, studying under her grandmother, Hettie Templeton, Australia's foremost numerologist during the 1940s and 1950s. Hettie Templeton worked for years among children and adults. In 1940 she wrote Numbers and their Influence, which she updated in 1956 with A Philosophy of Numbers. She realised her methods were unorthodox, but wrote and taught in the certainty that her knowledge could help parents to better understand their children. In Numerology: Numbers and their Influence, RoseMaree combines Hettie's teachings with her own insights and experience, written in an uncomplicated form for both beginners and serious students. RoseMaree's style is a return to the basics of self-help numerology. The clear, comprehensive explanations in this book show how to calculate and interpret the ruling number, day number, destiny number and personal year number for yourself, your family members and your friends. Learn how to draw up and read birthdate and name charts, arrows, and the pyramid charts that map peaks and troughs throughout the course of a lifetime. Learn to understand the vibrational power of numbers to

understand strengths and weaknesses, and those of others, and how best to take advantage of circumstances, favourable and unfavourable, that will occur during our lives. Comprehensive readings for well-known figures make fascinating reading as well as providing excellent guidelines for readers who want to take their numerology studies further.

The Book of Number: Practical Workshop is a step by step guide that teaches the original form of Pythagorean Numerology. This is a "How to" book, designed to take a person from zero understanding to a practical grasp of the subject within weeks. This book derives from the "Magic of Number" correspondence course from the early 1990's, which was considered the best course on Number Analysis available. The information is reduced and made simpler for the average person, and there is an enormous amount of historical and current information about all things Pythagorean and all things Numerological.

Comprehensive Numerology Course John Hunt Publishing

For lovers of tarot, astrology, and deepening your connection with yourself and others-- a divine roadmap to numerology Ever notice how some numbers seem to follow us throughout the course of our lives? Consider the numbers we choose when buying a lotto ticket--birth dates, anniversaries, ages, and addresses as well as other hopefully lucky numbers. They each have some personal meaning. Through the centuries, numerologists have been studying the significance of numbers and perfecting their art in the belief that numbers strongly influence both our behavior and our fate. They have learned that by understanding the meaning of numbers, we can gain greater insight into ourselves. In *Numerology: Key to Your Inner Self*, world-renowned numerologist Hans Decoz and accomplished writer Tom Monte have teamed together to produce an easy-to-understand guide that introduces the reader to the basic concepts and applications of numerology. Presented here is a technique that relates the major questions of an individual's life -his talents, challenges, career, and personal growth--with the basic numeric facts of his existence--his birth date and name. The book begins with a fascinating explanation of what numerology is and an intriguing look at the philosophy that lies behind it. It then examines how numerology works, focusing on the numeric meanings of personal names, birth dates, and language in general. Included is a step-by-step guide to calculating your own numbers and interpreting them in chart form.

Cheiro's Numerology Hay House, Inc

Joan Bunning's *The Big Book of Tarot* offers a complete course on how to use the tarot cards for personal guidance. The author communicates the basic depth and beauty of each card and shows how the cards trigger psychological projection, enhance intuition, and improve communication with the Inner Guide. While there are countless books devoted to tarot, what sets Joan Bunning apart from every other writer on the subject is her ability to take a rather complicated esoteric system and break it down into clear, manageable, and easily learned parts. The lessons Bunning offers cover the basics and then move gradually into more advanced concepts. Exercises and sample responses for each lesson help you learn and practice. The book includes: Lessons on how to consider one card by itself, how to look for card pairs, and how to create the "story" of a reading A convenient reference section that contains two pages of information for each card including a picture from the popular Waite deck, a description, keywords, action phrases, and suggestions for cards with similar and opposite meanings An exploration of the meaning of reversed cards and how to work with them to give tarot readings a natural flow of high points and low points without abrupt transitions Practical insights on how to work with and interpret a wide variety of tarot spreads Note to the Reader: This book consists of material drawn from the author's many previous books as well as new material.

The Big Book of Tarot Comprehensive Numerology Course Numerology and How to Use

It Numerology is an ancient divinatory art that draws cosmic meaning, purpose, and guidance from numbers and number combinations. Almost everything holds meaning in the world of numerology - your birth date, your address, your name, and even your phone number all have numerical significance! Numerology is closely linked to astrology, Tarot, and the Hebrew Kabbalah, and it's

one of the most powerful ways to uncover deeper meaning about yourself and the world around you. Understanding and Using Numerology Numerologists recognize numbers 1, 2, 3, 4, 5, 6, 7, 8, 9, 11, 22, and 33 as each having their own unique meaning. Each of these numbers represents various personality traits, patterns, and dispositions, both positive and negative. For example, the number 1 signifies the go-getter who may, at times, be overly domineering. The number 5 signifies a free-spirit, who might also become restless. The numbers 11, 22, and 33 are considered Master Numbers - powerfully amplified variants of their respective sums. In other words, 11 corresponds to the same traits as the number 2, which is artistic, though self-conscious. And 22 corresponds to the number 4, which is practical, though sometimes lacking imagination. The standard numerology chart is an alpha-numeric table (the Pythagorean methodology is pictured below) that assigns a number to every letter of the alphabet. With this chart, you can draw meaning from any word by adding up the sum of its number-letter correspondences. Which number reflects you? Adding up the sum of every letter in your full birth name is a popular practice in the study of numerology, in order to arrive at a single, defining digit or master number (11, 22, and 33). What Do the Life Path Numbers Mean? If you want to tap into the opportunities, challenges, and lessons that you specifically chose for this lifetime, your Life Path number is a key. Your Life Path number is also known as your "soul's contract." It represents what you chose to learn and how you want to grow in this lifetime. Each number holds a certain vibration, and each vibration produces certain characteristics or qualities. This is why we are able to predict or explain things (and people) with numerology - once we know the vibration, the manifestation of energy is predictable. As with all energy, there is a spectrum of expression and manifestation. In your journey of becoming, the embodiment of your Life Path number energy will shift and evolve. When you are conscious of the field you are playing in, it's easier to make new choices and more fully explore your gifts and challenges. In the world of Harry Potter, Hermione Granger's favorite subject is arithmancy. The novels don't offer much detail, but they make it clear that arithmancy involves the magical properties of numbers. Hermione learns to use complex charts to perform numerical divination, or tell the future using numbers. In the real world, arithmancy is known as numerology. According to numerologists, everything in the world is dependent upon the mystical properties of numbers. These properties come from the numbers' inherent vibration. Other new-age practitioners use the term vibration to describe beliefs in the power of items like crystals, gemstones, colors and essential oils. As the theory goes, each number has a unique vibration, giving it certain properties. These properties can shed light onto a person's behavior or predict whether romantic partners are compatible. Numerological analysis can determine a person's lucky number or lucky day. Recurring numbers can offer clues into how the world works or the significance of people and events. According to many numerologists, nothing happens by accident -- everything happens because of numbers. Most numerologists credit Pythagoras with founding the field of numerology. Pythagoras was a philosopher who was born in Greece around 569 B.C. TO LEARN MORE READ THIS BOOK. *Beginner's Numerology Course: How To Read A Person Like A Book* Perhaps you have read a little about numerology and wondered just how it manages to reveal so much. If you have been looking for more information to take you beyond the elementary texts and

teachings of numbers, you have come to the right place. By choosing the study of this symbolic matrix, you have chosen a path that can take you into the most sublime heights and penetrating depths of human consciousness and beyond. Do you want to know a secret? Many of them can be revealed as you weave your way through a multidimensional journey of symbolic delight that numerology presents. Lynn Buess, MA, EdS, has served more than one half of a century studying, teaching, and counseling in the field of symbols, cycles, and numbers. Lynn is well qualified to be the one to outline this journey and help show you the way. He is the only practicing professional numerologist to have completed two accredited graduate degrees in which he specialized in the meaning of numbers and symbols and the psychological application of these symbols to life. In his teaching, he reveals the psychology, cosmology, and spirituality of numerology. To him, numbers are not a static set of symbols; rather, they are like cosmic chords of sound and light that help make up the rhythms of the cosmic dance. Would you like to dance?

Numerology 22 Lions

Presents a thorough explanation of numbers and letters, starting with their origins and exploring the implications of their nature in names and in language.

The Ultimate Guide to Numerology Red Feather

Ank Vidya Numerology Quarto Publishing Group USA

This book is firstly and most importantly a conversation with you dear reader. I would like to reintroduce to you the science of Numerology. It does not predict anything which is void of hard work. It does not propagate superstition. It only takes you to a journey where every incident has a scientific and cosmic reason. Numerology prepares you for hardships to come, teaches you the ways to endure, and motivates you to keep on the journey to achieve your goals. Somehow people believe that Numerology is for those who are uneducated and practiced by those who did not really achieve anything in life. Well sorry for the bummer in advance- I am a successful Software Engineer currently working in the USA for a world renowned firm; I have a beautiful family and along with my full time job I enjoy & practice my innate passion for Vedic Astrology & Numerology. Like other educational and vocational courses Astrology has also been part of my growing up curriculum. And so the way my academic and vocational studies are coributing positively to society I thought it was time that my Vedic Astrology knowledge too should be of service to society in all positive ways. This book deals with everything basic about Numerology that you want to know about Numerology. It has in detail all kinds of calculations (mathematical) that one should do in order to find the answers. You would be surprised how easy and practical this cosmic science can be!
