### **EVELYN RHETT**

Thomas Nelson

Is the Bible a book of mythology? Are the persons, places and events in the Bible fabrications by deceitful men? Many critics of Christianity say yes but archaeological discoveries say no. For the past 150 years archaeologists have been verifying the exact truthfulness of the Bible's detailed records of various events, customs, persons, cities, nations, and geographical locations. In this book Charlie Campbell discusses dozens of fascinating discoveries-both old and new-that have overturned critics' theories of the Bible and helped to confirm the historical reliability of the Scriptures. If you have questions or doubts about the reliability of the Bible, this book will be a great help to you. This full-color edition contains approximately 90 color photographs.

*The Archaeology of the Bible* Harvest House Publishers

What is biblical archaeology? How does it help scholars with biblical interpretation? After all this time, are there still artifacts and literary documents being uncovered? These are just some of the questions that this handy little book will answer. When busy people want to know more about the Bible and the Christian faith, the Zondervan Quick-Reference Library offers an instant information alternative in a manageable length. Covering the basics of the faith and Bible knowledge in an easy-to-use format, this series helps new Christians and seasoned believers alike find answers to their

questions about Christianity and the Bible. The information in Biblical Archaeology is presented in units of one or two pages, so that each section can be read in a few minutes, covering the topic of archaeology as it pertains to: Early Genesis and the creation account. The patriarchs. The exodus. The united monarchy. The divided kingdoms of Israel and Judah. The exilic and post-exilic period. The Gospels. The early church. The Zondervan Quick-Reference Library makes important knowledge affordable, accessible, and easy to understand for busy people who don't have a lot of time to read or study.

*The Bible and Archaeology* Zondervan

In stark contrast to the biblical skepticism of our modern age, *Where God Came Down* emphasizes agreement between the Bible and archaeology. Using Scripture as his primary ancient text and most crucial interpretive tool, author Joel Kramer examines the archaeological record for ten locations recorded in the Bible. What is the evidence that supports these sites as the actual biblical places? -is a question that Kramer seeks to answer by analyzing five Old Testament sites and five New Testament sites. Does it matter to know if these sites are authentic? -is another critical question raised. Kramer responds with a resounding, Yes! It matters because the Bible is not a made-up account of antiquity, as many today claim. Instead, the Bible is a record of real events and actual places that can be traced through the course of centuries. Peeling back layers of dirt and time, Kramer expertly lays out the archaeological evidence for his chosen biblical sites. But more than that, he carefully reveals the profound spiritual significance that ordinary, unimportant places became the setting where redemption's story played out on earth-the places Where God Came Down.

**Holman Book of Biblical Charts, Maps, and Reconstructions** Baker Academic

A quick and easy visual guide to biblical prophecies—from the basics of interpretation to the details and fulfillment of specific prophetic texts. Packed with teaching and learning tools, from charts and timelines, to maps and visual guides, *Charts of Bible Prophecy* will guide you through the prophecies found throughout the Bible and the doctrines and issues that surround them. The 120 visual aids are grouped into topics such as: An Introduction to Prophecy Fulfillment of Prophecy The Rapture and the Second Coming The Nation of Israel Teaching on the Millennium Daniel and Revelation Death and the Afterlife Regardless of your stance on Bible prophecy, you'll appreciate this volume's evenhanded approach in presenting and comparing different viewpoints. The accessible visual presentation is perfect for enhancing every type of teaching and learning situation and style, including classroom use, homeschooling curricula and tutoring, church classes and Sunday school. ZondervanCharts are ready references for those who need the essential information at their fingertips. Accessible and highly useful, the books in this library offer clear organization and thorough summaries of issues, subjects, and topics that are key for Christian students and learners. The visuals and captions will cater to any teaching methodology, style, or program.

Experienced archaeologist Dr. David E. Graves has assembled a helpful introduction and brief history of biblical archaeology written for undergraduate students to provide a foundation for the discoveries presented in the companion volumes of *The Archaeology of the New Testament* and *The Archaeology of the Old Testament*. Chapters include: Brief History of Biblical Archaeology, Understanding Dates in Archaeology, Characteristics of Archaeology, The Role of Archaeology in Biblical Studies, Limitations of Archaeology, Controversy in Biblical Archaeology, Archaeological Fallacies, and Excavation: How Its Done. The history of archaeology is filled with, espionage, romance, diplomacy, and intrigue and fascinating to see how artifacts were first discovered and recovered. This insightful book will: · Illustrate archaeological finds with more than 50 pertinent color photographs, detailed map and carefully crafted charts· Include a glossary defining technical archaeological terms· Provide extensive footnotes and bibliography for future study· Include a detailed subject index This is an accessible introduction to biblical archaeology intended for laypeople who want to know more about the history of archaeology and how it is done, whether in seminary courses, college classrooms, church groups, or personal study.

[The Case for Archaeology](#) Zondervan Academic

What was unearthed in Solomon's great cities? Where did archaeologists learn about the great flood? How do these discoveries reveal secrets about King Herod? The events of the Bible may have happened long ago and far away, but they happened to real people living in real places. Modern archaeologists have made stunning finds over the past century or so that validate the historical accuracy of the Bible. These finds allow us to understand Scriptures better by helping Bible people and places come alive in our imaginations. Come along on an archaeological journey through the

Doubt, faith, certainty. In this book celebrated theologian Anthony Thiselton provides clarity on these complicated, long-misunderstood theological concepts and the practical pastoral problems they raise for Christians. He reminds us that doubt is not always bad, faith can have different meanings in different circumstances, and certainty is fragile. Drawing on his expertise in the fields of exegesis and hermeneutics, biblical studies, and the history of Christian thought, Thiselton works his way through the labyrinth of past definitions while offering better, more nuanced theological understandings of these three interrelated concepts. The result is a book that speaks profoundly to some of our deepest existential concerns.

**NIV, Archaeological Study Bible** Wm. B. Eerdmans Publishing

From two leading Christian apologists, here is a fascinating survey of the most important Old and New Testament archaeological discoveries through the ages. Biblical archaeology has always stirred excitement among believers and curiosity among unbelievers. The evidence dug up with a spade can speak volumes—and serve as a powerful testimony of the reliability of Scripture. Norm Geisler and Joe Holden have put together an impressive array of finds that confirm the biblical peoples and events of ages past. In a user-friendly format written in popular style, they... examine the latest finds and explain their significance include more than 150 photographs provide an instructive chart of artifacts (along with fast facts) sample a variety of finds—papyri, inscriptions, scrolls, ossuaries, and more If readers are looking for just one book to cover this topic both concisely and comprehensively, this is it!

Archaeological discoveries can shed a flood of light on the biblical text. This richly illustrated resource, now available in paperback, offers illuminating archaeological information related to the Old Testament. In this readable and accessible volume, Alfred Hoerth surveys the entire Old Testament, pointing out the relevant archaeological material and explaining how it enriches biblical studies. In an attempt to bridge the Old and New Testament worlds, he devotes the final chapter to an examination of the intertestamental period. The text boasts over 250 illustrative items--charts, photographs, line drawings, and maps.

**Halley's Bible Handbook** Baker Books

For the past 200 years archaeological work has provided new information that allows us to peer into the past and open chapters of human history that have not been read for centuries, or even millennia. In *The Archaeology of the Bible* James K. Hoffmeier provides the reader with an incisive account of archaeology's role in shaping our understanding of the biblical texts. Fundamental issues addressed throughout include how archaeological discoveries relate to biblical accounts, and the compatibility of using scientific disciplines to prove or disprove a religious book such as the Bible. This work is an ideal introduction to the societies and events of the Ancient Near East and their relation to our interpretation of the Bible.
