Madhu Natar Nath is a Rajasthani farmer with no formal schooling. He is also a singer, a musician, and a storyteller. At the center of *A Carnival of Parting* are Madhu Nath's oral performances of two linked tales about the legendary Indian kings, Bharthari of Ujjain and Gopi Chand of Bengal. Both characters, while still in their prime, leave thrones and families to be initiated as yogis—a

process rich in adventure and melodrama, one that offers unique insights into popular Hinduism's view of world renunciation. Ann Grodzins Gold presents these living oral epic traditions as flowing narratives, transmitting to Western readers the pleasures, moods, and interactive dimensions of a village bard's performance. Three introductory chapters and an interpretive afterword, together with an appendix on the bard's language by linguist David Magier, supply *A Carnival of*

Parting with a full range of ethnographic, historical, and cultural backgrounds. Gold gives a frank and engaging portrayal of the bard Madhu Nath and her work with him. The tales are most profoundly concerned, Gold argues, with human rather than divine realities. In a compelling afterword, she highlights their thematic emphases on politics, love, and death. Madhu Nath's vital colloquial telling of Gopi Chand and Bharthari's stories depicts renunciation as inevitable and interpersonal

attachments as doomed, yet celebrates human existence as a "carnival of parting."

### **The Gurdwara Reform Movement and the Sikh Awakening**

Vikas Publishing House Private  
The Sikh religion was founded by Guru Nanak (1469–1539), who drew upon the teachings of Muslim, Sufis and Hindu Bhaktas. In its purest form Sikhism is about unity, simplicity, equality and surrender (to God), and the verses of the Sikh Gurus—most of them

included in the Granth Sahib—articulate this beautifully. This elegantly illustrated edition contains a selection of verses from the Guru Granth Sahib and other sacred texts like Guru Tegh Bahadur's Vairagmayi Bani and the Dasam Granth of Guru Gobind Singh. Brilliantly translated by Khushwant Singh, these moving mystical hymns retain the immediacy and the lyricism of the originals. In addition, vibrant and imaginative illustrations by Arpana Caur, one of India's most celebrated

artists, make this a collection to treasure.

The representation of the Muslims as threatening to India's body politic is central to the Hindu nationalist project of

organizing a political movement and normalizing anti-minority violence. Adopting a critical ethnographic approach, this book identifies the poetics and politics of fear and violence engendered within Hindu nationalism.

Drawing on insights from theoretical engagements with borders and subalternity, *Beyond Religion in India and Pakistan* suggests new frameworks for understanding religious boundaries in South Asia. It looks at the ways in which social categories and structures constitute the bordering logics inherent within enactments of these boundaries, and positions hegemony and resistance

through popular religion as an important indication of wider developments of political and social change. The book also shows how borders are continually being maintained through violence at national, community and individual levels. By exploring selected sites and expressions of piety including shrines, texts, practices and movements, Virinder S. Kalra and Navtej K. Purewal argue that the popular religion of Punjab should neither be limited to a polarised

picture between formal, institutional religion, nor the 'enchanted universe' of rituals, saints, shrines and village deities. Instead, the book presents a picture of 'religion' as a realm of movement, mobilization, resistance and power in which gender and caste are connate of what comes to be known as 'religious'. Through extensive ethnographic research, the authors explore the reality of the complex, dynamic and contested relations that characterize everyday

material and religious lives on the ground. Ultimately, the book highlights how popular religion challenges the borders and boundaries of religious and communal categories, nationalism and theological frameworks while simultaneously reflecting gender/caste society. *The Baba Ramdev Phenomenon* Legare Street Press
