"Spiritual Protection is a necessary addition to any spiritual bookshelf, regardless of individual path. The instructions are clear enough for a beginner but with enough thoughtful information that even a seasoned practitioner can learn a thing or two." —Anya Kless, author of *Lilith: Queen of the Desert* *Spiritual Protection: A Safety Manual for Energy Workers, Healers, and Psychics* is a training handbook for anyone interested in deepening their psychic abilities, training gifts already in evidence, or simply developing a greater sensitivity to energy. This no-nonsense book, with its special emphasis on safety, protection, and energetic awareness, takes readers step by step through a thorough system of exercises designed to increase competence, confidence, and skill. Focusing on oft-neglected fundamentals, Reicher cuts through the complexity and confusion so often surrounding this topic and instead offers clear instructions and explanations that even the

most novice of readers can easily follow. *Spiritual Protection* will show: Psychics and Readers how to cut mental ties at the end of session. Healers how to avoid energetic overload during a session. Techniques can be used everyday to help with stress and overall well-being.

Sacred Smoke Red Wheel/Weiser

An in-depth collection of ancient spells and magic practices drawn from rare and newly discovered texts • Presents more than 600 magical prescriptions for healing and protection from both pagan and Christian sources • Examines the practice of diagnosing illness through magic and explores ancient beliefs about curses and other evil spells and about devils, demons, and ghosts • Includes spells from the heavily guarded gypsy tradition of magic and healing, drawn from newly discovered materials Since the beginning of history, people have sought remedies for the many ills that have beset them, from illnesses afflicting the body to threats posed by evil and hostile individuals. In many folk healing and pagan traditions, it was believed that one must gain the assistance of the guardian spirit of a healing plant or substance through prayers or offerings before its chemical properties would be effective. The Church decried these spells and practices as pagan

superstition but did not seek to exterminate these beliefs, instead transferring the responsibility for their healing powers to the apostles and saints. Drawing on his extensive knowledge of ancient texts, Claude Lecouteux presents more than 600 magical prescriptions from both pagan and Christian sources from the last 2,000 years, covering everything from abscesses and shingles to curses and healing animals. He examines the practice of diagnosing illness through magic and looks at the origins of disease according to the evolving beliefs of magic practitioners over the centuries. He explores ancient beliefs about curses and about devils, demons, and ghosts and provides an in-depth look at protection magic, including protection of health, animals, and cultivated land, protection against curses, witchcraft, bad weather, and beasts, protection of a home, and protection while traveling. He includes spells from the heavily guarded gypsy tradition of magic and healing, drawn from newly discovered materials collected by two Romanian ethnologists who lived and traveled with gypsies in Transylvania in the mid-19th century. The author also reproduces rare texts on magic healing from the 14th and 15th centuries. Revealing the vitality of these practices in the remoter areas of Eastern Europe, Lecouteux shows how the

influence of this pagan worldview is still detectable in the work of modern folk healers in France and Scandinavia. He also shows how the condemnation of unorthodox methods of healing has not vanished from the contemporary world: the medieval legislation against healing by wizards and bonesetters is echoed in modern health codes that challenge the authority of naturopaths and faith healers.

This book contains tips on how to perform Wiccan candle spells effectively to help you achieve physical, mental, emotional, spiritual, social and financial fulfillment. Candle spells are believed to be the most potent of all Wiccan spells. Each time you perform a candle spell, you invoke the spirit

of the fire, which is powerful, passionate and aggressive in nature. However, it is important to note that the effectiveness of a spell can be influenced by the smallest of details such as the color of the candles, the placement of the candles and the phase of the moon. In this book, you will encounter a brief introduction to candle magick, its origins, and the different colors of candles and their uses. When done correctly, Wiccan candle spells can help you achieve success in all areas of your life. This book features thirty candle spells that cover almost everything that a person may desire in his lifetime - from love to wealth to health. Moreover, this book contains spells for more specific desires ranging from a debt-clearing spell to a weight-loss spell to a libido-lifting spell. Even our cave-dwelling ancestors understood the protective power of fire. Our predecessors used its warmth and light to protect them from the unknown forces that creep in the shadows. We are constantly surrounded by low vibration beings relentlessly seeking for an opportunity to latch themselves onto us. Though unseen by the naked eye, the effects of these beings' physical, emotional, psychological and spiritual parasitism are manifested through illness, stress, procrastination, addictions and other negative thoughts, habits and emotions. Through this book, you'll find various spells that will let you shield yourself, your loved ones, your household, and even your psyche from malign influences that are constantly lurking about. Furthermore, you'll find spells on how to let go of negativity and self-destructive habits and spells to reverse curses whether they were done for you or by you. From the book: 1. A Candle Spell to Attract Love Perform this spell under the light of the New Moon. First, gather the following items: One white candle Three yellow colored candles Red rose petals Tea made from brewed mint leaves Next, cast your circle of protection. Arrange the yellow candles in a triangular pattern along your circle. Meanwhile, place the white candle right in the middle of the triangle, then take the rose petals and scatter them around you. Utter an invocation to your chosen deity. For this spell, it is best to invite the presence of deities who govern the force of love. Speak out loud your personal petition. Concentrate on your desire. The important thing is that you believe in every word that you say and that your words are being heard. Example of chant for love spell: Oh Aphrodite, I invite thee Goddess of love and beauty To bless me. Fill this space With thy glorious presence. Help my soulmate become aware Of my existence. So that he/she Will find his/her way to me. May he/she feel my love Across space and time. May I be his/hers And may he/she be mine. And then say: "For such is my will." After this, slowly sip the tea that you have prepared and kept warm. While doing so, meditate on the candles. Envision your soulmate. In your mind's eye, see the kind of life that you will spend together. Note: Before performing candle magick to attract your soulmate, it is necessary to have a clear idea of the kind of person that you want. Focus more on the internal characteristics rather than the external features. Example: instead of wishing for a soulmate with blonde hair and blue eyes, dedicate your energy into asking the universe for a lover who shares your passion, supports your beliefs, and someone with whom you will enjoy conversing. Next, extinguish the flames from the candles one by one, beginning with the white one. Gather the petals from the... (continued in book)"
