The fifteenth century saint-poet Kabir's extempore outpourings of songs and couplets numbering thousands have been hailed widely for their deep spiritual fervour and poetic quality. They are widely read with rapture and regard by old and young alike in India. Kabir's couplets which are considered as rich gems for their spiritual message and worldly wisdom have not been rendered into English so far. Here are rhymed English verse translation of three hundred of them from a wide cross-section of the multifaced genius' utterances. Under each verse has been given a few lines in prose to help the reader grasp the underlying import of the message of the saint-poet.

In Victorian times, England was famously dubbed the land without music - but one of the great musical discoveries of the early twentieth century was that England had a vital heritage of folk song and music which was easily good enough to stand comparison with those of other parts of Britain and overseas. Cecil Sharp, Ralph Vaughan Williams, Percy Grainger, and a number of other enthusiasts gathered a huge harvest of songs and tunes which we can study and enjoy at our leisure. But after over a century of collection and discussion, publication and performance, there are still many things we don't know about traditional song - Where did the songs come from? Who sang them, where, when and why? What part did singing play in the lives of the communities in which the songs thrived? More importantly, have the pioneer collectors' restricted definitions and narrow focus hindered or helped our understanding? This is the first book for many years to investigate the wider social history of traditional song in England, and draws on a wide range of sources to answer these questions and many more.

'I thought the nation was coming to an end' When Khushwant Singh witnessed the violence of Partition nearly seventy years ago, he believed that he had seen the worst that India could do to herself. But after the carnage in Gujarat in 2002, he had reason to feel that the worst, perhaps, was still to come. Analysing the communal violence in Gujarat in 2002, the anti-Sikh riots of 1984, the burning of Graham Staines and his children, the targeted killings by terrorists in Punjab and Kashmir, Khushwant Singh forces us to confront the absolute corruption of religion that has made us among the most brutal people on earth. He also points out that fundamentalism has less to do with religion than with politics. And communal politics, he reminds us, is only the most visible of the demons we have nurtured and let loose upon ourselves. A brave and passionate book, *The End of India* is a wake-up call for every citizen concerned about his or her own future, if not the nation's.

What is it like to be known as Mansoor Ali Khan Pataudi's daughter? Or to have a mother as famous as Sharmila Tagore? Or to be recognized as Saif Ali Khan's sister? Or as Kareena Kapoor's sister-in-law? And where do I stand among them? Actor Soha Ali Khan's debut book is at heart a brilliant collection of personal essays where she recounts with self-deprecating humour what it was like growing up in one of the most illustrious families of the country. With never before published photos from her family's archives, *The Perils of Being Moderately Famous* takes us through some of the most poignant moments of Soha's life—from growing up as a modern-day princess and her days at Balliol College to life as a celebrity in the times of social media culture and finding love in the most unlikely of places—all with refreshing candour and wit.

This groundbreaking analysis of the controversial religious group, The Family, or The Children of God, uses interviews, observational techniques, and a comprehensive questionnaire completed by more than a thousand Family members. William Sims Bainbridge explores how Family members infuse spirituality with sexuality, channel messages that they believe emanate from beyond life, and await the final Endtime. He also examines attempts by anti-cultists and the state to "deprogram" members of the group, including children, by forcibly seizing them. The book's blending of theoretical analysis with vivid accounts of this remarkable counterculture poses a fascinating question for social scientists and society—how is it that The Children of God both differ from the general public and, in other ways, are so surprisingly similar to it?

A legend of Hindi cinema, Gulzar is among South Asia's finest poets and lyricists, whose songs have touched millions. He remains as popular today, and as sensitive a chronicler of our emotions, as he was over half a century ago. In this book of conversations with the acclaimed author and documentary

filmmaker Nasreen Munni Kabir, Gulzar speaks about the making of his most enduring songs--from 'Mora gora ang lai le' (Bandini; 1963) and 'Dil dhoondta hai' (Mausam; 1975) to 'Jiya jale' (Dil Se; 1998) and 'Dil toh bachcha hai ji' (Ishqiya; 2010).

Visnuism has given rise to two very important schools of ritual and philosophy, namely Vaikhanasa and Pancaratra. *Isvarasamhita* is an important text of the Pancaratra school of Visnuism. Whereas Vaikhanasa is relatively archaic in character and leans more upon the Vedic tradition for its repertoire of Mantras used in religious

rites and ceremonies, the Pancaratra is more liberal and open in its approach. It has a text tradition going back to some two thousand years- which has also been the main source of the Visistadvaita philosophy of Ramanuja (11th 12th c.). In most of the Vaisnava temples in South India, especially in Tamilnadu, worship is conducted in accordance with the prescription of one of the important Pancaratra Samhitas. Isvarasamhita is an important text of the Pancaratra School and is followed meticulously for conduction of daily Puja ceremony and performances of various religious festivals in the Narayanasvami temple of Melkote. It can safely be dated to 8th-9th Century at least on the basis of its reference in the Agama Pramanya of Shri Yamunacarya. It is supposed to be a simpler and smaller version of the older sattvatasamhita of this school which is the earliest available work of Pancaratra and is considered as one of three ratnas, (Jewels), along with Pauskara- and Jaya Samhitas. In 25 long Adhyayas the Isvarasamhita describes in great details the rites, rituals and ceremonies taking place ( or ought to take place) in a Vaisnava temple. Palm leaf Manuscripts of the Isvarasamhita were procured mainly from the Narayanasvami temple of Melkote for the sake of authenticity. We have also appended to the text the gloss of Alasimha Bhatta (early 19th C.) which shall be helpful in comprehending certain difficult or sectarian expressions. The English translation on the opposite (right) page has been provided for the facility of the modern scholars working on philosophy, Ritual and Iconography of Visnuism. A proper understanding of ritual is obviously indispensable for the study of Art.

Unbelievable, starring Toni Collette, Merritt Wever, and Kaitlyn Dever • Two Pulitzer Prize-winning journalists tell the riveting true crime story of a teenager charged with lying about having been raped—and the detectives who followed a winding path to arrive at the truth. “Gripping . . . [with a] John Grisham-worthy twist.”—Emily Bazelon, New York Times Book Review (Editors’ Choice) On August 11, 2008, eighteen-year-old Marie reported that a masked man broke into her apartment near Seattle, Washington, and raped her. Within days police and even those closest to Marie became suspicious of her story. The police swiftly pivoted and began investigating Marie. Confronted with inconsistencies in her story and the doubts of others, Marie broke down and said her story was a lie—a bid for attention. Police charged Marie with false reporting, and she was branded a liar. More than two years later, Colorado detective Stacy Galbraith was assigned to investigate a case of sexual assault. Describing the crime to her husband that night, Galbraith learned that the case bore an eerie resemblance to a rape that had taken place months earlier in a nearby town. She joined forces with the detective on that case, Edna Hendershot, and the two soon discovered they were dealing with a serial rapist: a man who photographed his victims, threatening to release the images online, and whose calculated steps to erase all physical evidence suggested he might be a soldier or a cop. Through meticulous police work the detectives would eventually connect the rapist to other attacks in Colorado—and beyond. Based on investigative files and extensive interviews with the principals, Unbelievable is a serpentine tale of doubt, lies, and a hunt for justice,

unveiling the disturbing truth of how sexual assault is investigated today—and the long history of skepticism toward rape victims. Previously published as *A False Report Inscriptions at Sravana Belgola: A Chief Seat of the Jains* Penguin UK

Linda Stratmann traces the social, medical and criminal history of chloroform, from early medical practices to create oblivion through the discovery of chloroform and its discovery, its use and misuse in the 19th century, to the present. Verse work on mercury and its uses in the ayurvedic system in Indian medicine. Brihat Parasara hora sastra of Maharshi Parasara State University of New York Press

This book is the first comprehensive description of the Manambu language of Papua New Guinea and is based entirely on the author's immersion fieldwork. Manambu belongs to the Ndu language family, and is spoken by about 2,500 people in five villages: Avatip, Yawabak, Malu, Apa:n, and Yambon (Yuanab) in East Sepik Province, Ambunti district. Manambu can be considered an endangered language. The Manambu language has many unusual properties. Every noun is considered masculine or feminine. Feminine gender - which is unmarked - is associated with small size and round shape, and masculine gender with elongated shape, large size, and importance. The Manambu culture is centered on ownership of personal names, and is similar to that of the latmul, described by Gregory Bateson.

After an introductory account of the language and its speakers, Professor Aikhenvald devotes chapters to phonology, grammatical relations, word classes, gender, semantics, number, case, possession, derivation and compounding, pronouns, morphohology, verbs, mood and modality, negation, clause structure, pragmatics, discourse, semantics, the lexicon, current directions of change, and genetic relationship to other languages. The description is presented in a clear style in a framework that will be comprehensible to all linguists and linguistically oriented anthropologists.

EARTH'S EARLIEST AGES Juxta Pub

A very engrossing tale set during the British era. It is a fast moving narrative with humour and anecdotes of the Indian subcontinent and the British ruling class. The story revolves around an innocent heist carried out by a group of simple Indian soldiers to save their honour and in so doing a real life hero emerges who leads an attack successfully during World War II and puts an entire beach, in Indonesia, in the laps of his English masters. After the war he sweeps an heiress, who is a surviving passenger of the ill fated HMS Titanic, off her feet and into his arms. The misdemeanour enacted by the soldiers remains ensconced in secrecy for a decade and half. However, due to a string of circumstances, the perpetuaters are cajoled into revealing the misdeed during a drinking binge in a grand hotel setting in New Delhi ten years after India's independence in a chance encounter with their erstwhile pre-independence British officers. Since the mystery is revealed only in the last few pages of the book, the reader remains rivetted to the novel and is kept spellbound through out.
