PHOENIX MCCULLOUGH

Romance Stevens Point, Wis. : Index House
The Polish composer Henry Górecki (born 1933) achieved world-wide renown in 1992 when his Third Symphony,

written in 1976, was recorded on CD and became an international bestseller. It is now one of the best known musical compositions of recent years, yet Górecki's other music is still relatively little known. This study, the first detailed account of his works in any language, provides biographical information

as background to the music, and is by a leading enthusiast of Górecki's music. Adrian Thomas discusses Górecki's position as leader of the Polish avant-garde in the late 1950s, and his subsequent discovery of the folk and church music of Old Poland, notably that of the Podhale region in southern Poland. He

describes Górecki's unmistakable musical world, from the large orchestral scores (Scontri, Refrain, the Symphonies) and the choral works (Beatus Vir, commissioned by and dedicated to Pope John Paul II), to the more modest church songs and folk-song arrangements. There is a complete list of works since 1955 with details of instrumentation and recordings, and a select bibliography. *Orchestral "Pops" Music* Rowman & Littlefield (Piano Solo Personality).

15 ever-popular hits from Queen are presented in classical piano solo arrangements by Phillip Keveren. Songs include: Another One Bites the Dust * Bicycle Race * Bohemian Rhapsody * Brighton Rock * Crazy Little Thing Called Love * Flash's Theme (Flash) * Killer Queen * Radio Ga Ga * Somebody to Love * Tie Your Mother Down * Under Pressure * We Are the Champions * We Will Rock You * Who Wants to Live Forever * You're My Best Friend.

Notes Alfred Music Publishing

This beautiful character piece in D-flat Major was written in 1903 but is still an excellent example of 19th Century romanticism, with rolling right hand chordal accompaniment over a cello-like "expressivo" melody. The piece becomes fairly challenging in its later sections, with octave and cadenza work.

Biographical and performance notes are included.

Edizioni Musicali
 In this second edition of *Orchestral “Pops” Music: A Handbook*, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful “pops” concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material or, worst

of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral “pops” concerts that is comprehensive, informative, and current. Manning’s emphasis on clarity and accuracy gives

users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of *Orchestral "Pops" Music* includes at least 1,000

new title listings. *Orchestral "Pops" Music: A Handbook* is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and orchestras.
