ANAYA EVELYN

Organ für die Fortschritte des Eisenbahnwesens

Haymon Verlag
"The first anthology in English of the critical and theoretical writings of the great German artist Kurt Schwitters, considered by scholars, museums, devotees, and collectors alike to be one of the most important "thinking artists" of the twentieth century, surpassed only by

Marcel Duchamp in his influence on subsequent generations. Throughout his life Schwitters wrote and published in many genres-and across genres. His children's stories and his poetry and fiction have been translated into English, as have a handful of essays. But most of his critical writing has never been translated into English, and this volume even includes material that has never been published in any language--until now. Schwitters was a prolific writer, lecturer, and critic who penned important works about architecture and design, "the problem of

painting" (before it was fashionable to do so), media, aesthetics, style, abstraction, concrete writing, politics, and more. Issuing this book will be a major publishing event in the history of modern art and in the history of this extraordinary artist. The translations are superb, making the volume an extraordinary resource for art historians, curators, critics, and artists. Megan Luke's introduction is accessible, and for the first time, a large field of Schwitters's writing is available not just to Anglophone readers but to readers of numerous nationalities who consider

English the lingua franca of their work"--
Einführung in die Internationale Politik

Cambridge University Press

A collection of essays exploring key aspects of the relationship between Rome and its empire.

Organ für die Fortschritte des

Eisenbahnwesens Demontreville Press

The Weimar Republic was a turbulent and pivotal period of German and European history and a laboratory of modernity. The Oxford Handbook of the Weimar Republic provides an unsurpassed panorama of German history from 1918 to 1933, offering an indispensable guide for anyone interested in the fascinating history of the Weimar Republic.

Angewandte Chemie Cambridge University Press

Die Zeitschrift „Luftfahrt“, ursprünglich „Illustrierte Aeronautische Mitteilungen“, danach „Deutsche Zeitschrift für Luftschiffahrt“ und schließlich „Deutsche Luftfahrer-Zeitschrift“ genannt, war nicht nur das Amtsblatt des Deutschen Luftfahrer-Verbandes, sondern auch eine der beliebtesten Publikumszeitschriften der deutschen Luftfahrt- und Luftsportvereine. Das hier vorgestellte

Buch vereint alle einzelnen Hefte aus dem Jahr 1916 in einem kompletten Jahrgang, wobei die in der Zeitschrift enthaltenen Werbeanzeigen nicht digitalisiert wurden.

Transnational Nazism Oxford University Press

Das Studienbuch eröffnet den fachwissenschaftlichen Zugang zu den wichtigsten Problemfeldern der internationalen Politik. Es vermittelt systematisch Grundkenntnisse über Akteur/-innen, Konfliktfelder und zentrale Ordnungsprobleme in der neuen multipolaren Konstellation. Theoretische Grundlagen der Internationalen Beziehungen werden dabei ebenso berücksichtigt wie zunehmende Gegensätze zwischen Großmächten oder transnationale Herausforderungen wie der Klimawandel. Die sechste Auflage wurde vollständig aktualisiert und berücksichtigt die Krisen des zurückliegenden Jahrzehnts bis hin zu Putins Angriffskrieg gegen die Ukraine. Das Studienbuch gibt Antworten auf die wachsende Komplexität der Internationalen Beziehungen. Detaillierte Literaturtipps zu jedem Kapitel regen zum Weiterlesen an.

EINE REPUBLIK AUF DER SUCHE NACH SICH SELBST: DIE GESCHICHTE ÖSTERREICHS NEU ERZÄHLT. BLITZLICHTER, WENDEPUNKTE, KONSTANTEN Was haben das Jahr 1945 und unsere gegenwärtige DEMOKRATIEKRISE gemeinsam? Welche Parallelen gibt es in der GENESE VON FEINDBILDERN zwischen gestern und heute? WAS BEWEGT ÖSTERREICH im Jahr 2018 - im Zeitalter der Globalisierung und Transnationalität - immer noch so sehr wie zu Beginn der NATIONSFINDUNG 1918? Geschickt stellen Hannes Leidinger und Verena Moritz bildgewaltige Brüche Kontinuitäten gegenüber und erzählen FUNDIERT, ANSCHAULICH UND MITREIßEND VON ÖSTERREICHS WEG IN DIE GEGENWART. ÖSTERREICH 1918-2018: EINE REPUBLIK IN BEWEGUNG Im Jubiläumsjahr 2018 feiert die Republik Österreich ihren 100. Geburtstag. EIN JAHRHUNDERT VOLLER TURBULENTER POLITISCHER, WIRTSCHAFTLICHER UND GESELLSCHAFTLICHER ENTWICKLUNGEN ist seit 1918 vergangen: der Übergang von der MONARCHIE zur REPUBLIK, unterbrochen von Jahren des FASCHISMUS, über das Jahr 1968 mit

seinen tiefen Einschnitten auf allen Ebenen des Lebens bis hin zum Eintritt in die EUROPÄISCHE UNION und dem Österreich von heute. Ausgehend von den GROßEN MOMENTEN DER ÖSTERREICHISCHEN GESCHICHTE eröffnen die renommierten HistorikerInnen Hannes Leidinger und Verena Moritz ein WEITES GESCHICHTSPANORAMA, DAS MEHR IST ALS EINE REINE CHRONOLOGIE.

Iron in Archaeology Deutscher Luftfahrer-Verband

In this book Eve Rosenhaft examines the involvement of Communists in political violence during the years of Hitler's rise to power in Germany (1929-33). Specifically, she aims to account for their participation in 'street-fighting' or 'gang-fighting' with National Socialist storm-troopers. The origins of this conflict are examined at two levels. First Dr Rosenhaft analyses the official policy of the Communist Party towards fascism and Nazism, and the special anti-fascist and self-defence organizations which it developed. Among the aspects of Communist policy that are explored are the relation between the international confrontation between Communists and Social Democrats as

claimants to lead the left, and the implications of this dispute in German politics; the ideological difficulties in the implementation of Communist policy in a period of economic dislocation; and the organizational problems posed by the fight against fascism. Dr Rosenhaft then explores the attitudes and experience of the Communist rank and file engaged in the struggle against fascism, concentrating on the city of Berlin, where a fierce contest for control of the streets was waged.

Health Food Junkies Walter de Gruyter
Die zweite Amtszeit von Theodor Heuss (ab September 1954) stand unter den Vorzeichen einer erstaunlich breiten Zustimmung der Bevölkerung und einem klaren Votum der überwältigenden Mehrheit der Bundesversammlung. Durch seine überparteiliche Amtsführung vermochte er es, seine Mitbürger für die zentralen politischen Weichenstellungen des Landes zu gewinnen. Vor allem durch seine Staatsbesuche wirkte er als Repräsentant eines anderen Deutschlands – eines betont demokratischen, friedlichen und zivilen Landes.

Times Literary Supplement • Books of the Year ("The most generous available English collection of Brecht's poetry.") A landmark literary event, The Collected Poems of Bertolt Brecht is the most extensive English translation of Brecht's poetry to date. Widely celebrated as the greatest German playwright of the twentieth century, Bertolt Brecht was also, as George Steiner observed, "that very rare phenomenon, a great poet, for whom poetry is an almost everyday visitation and drawing of breath." Hugely prolific, Brecht also wrote more than two thousand poems—though fewer than half were published in his lifetime, and early translations were heavily censored. Now, award-winning translators David Constantine and Tom Kuhn have heroically translated more than 1,200 poems in the most comprehensive English collection of Brecht's poetry to date. Written between 1913 and 1956, these poems celebrate Brecht's unquenchable "love of life, the desire for better and more of it," and reflect the technical virtuosity of an artist driven by bitter and violent politics, as well as by the untrammelled forces of love and

erotic desire. A monumental achievement and a reclamation, *The Collected Poems of Bertolt Brecht* is a must-have for any lover of twentieth-century poetry.

Reveals the key factors that have contributed to the development and execution of successful military and political strategies throughout history.

Illustriertes Wiener Extrablatt Cambridge University Press

Sovereignty and superheroes marks a major new contribution to the emerging field of comic studies and the growing literature on superheroes. Using a range of critical theorists, the book examines superheroes as sovereigns, addressing amongst other things the complex treatment of law and violence, legitimacy and authority. It examines all the main characters including Superman, Batman, Captain America, Wonder Woman and Iron Man along with a host of other heroes and heroines within the Marvel and DC universes. The book will be of interest to

academics and students interested in the intersection between superhero comics, culture and politics. In a century thus far dominated by the war on terror, superheroes offer us the perfect opportunity to think through the nature of sovereignty in such times of emergency. The book not only guides the reader through some of the major story arcs in superhero comics, but also serves as an excellent introduction to a range of writings on the nature of sovereignty.

Der Opfermythos bei Elfriede Jelinek
Routledge

Unprecedented levels of wealth, technology and institutional capacity can forge a just, peaceful and ecologically resilient future. However, the authors argue, social polarization, geo-political conflict and environmental degradation are threatening the long-term well-being of humanity and the planet. *Global Sustainability* explores the alternative futures that could emerge from the resolution of these antagonisms. Based on extensive international and interdisciplinary research, the book identifies the perils of market-driven scenarios and considers the possibility of

the failure of conventional approaches. It also, however, presents a vision of the possibility of a 'Great Transition' in which revised human values and development goals bring a new stage of civilization. It will be essential reading for all scholars and professionals interested in the future of the environment, international affairs, and sustainable development.

Die Alpenpost Böhlau Verlag Wien

Die Geschichte des letzten halben Jahrhunderts in Amerika, Europa und anderen großen Volkswirtschaften ist die Geschichte der Umverteilung des Wohlstands von unten nach oben. Der Triumph des Kapitalismus hat zu der Entstehung einer kleinen, aber sehr mächtigen Gruppe an Superreichen geführt: den Davos Man. Es sind Männer, die sich so sehr an die Spielregeln der globalisierten Welt angepasst haben, dass sie in keinem Land der Welt mehr verwurzelt sind. Ihr Vermögen ist weltweit angelegt, auf allen Kontinenten unterhalten sie Anwesen und Yachten und ihre Heerscharen von Lobbyisten und Wirtschaftsprüfern arbeiten weltweit, um ihren Reichtum vor dem Zugriff der Finanzbehörden zu schützen. Der

preisgekrönten Wirtschaftskorrespondenten der New York Times, Peter S. Goodman, porträtiert fünf repräsentative Davos Man: Jeff Bezos, James Dimon, Marc Benioff, Stephen Schwarzman und Larry Fink. Seine Enthüllungen zeigen auf, dass die Plünderung der Welt durch den Davos Man Einfluss hat auf nahezu jeden Aspekt der modernen Gesellschaft: die schrumpfenden Möglichkeiten, einen existenzsichernden Lohn zu verdienen, die Anfälligkeit unserer Gesundheitssysteme, den Zugang zu erschwinglichem Wohnraum und sogar die Qualität der Kleidung, die man trägt. Vor allem jedoch legt er überzeugend dar, wie die Raubzüge des Davos Man zum Aufstieg rechtspopulistischer Bewegungen geführt und somit die Demokratie gefährlich destabilisiert haben. Eine unverzichtbare Lektüre für jeden, der sich Gedanken macht über wirtschaftliche Gerechtigkeit und die Fähigkeit von Gesellschaften, ihre größten Herausforderungen zu bewältigen.

Global Sustainability Walter de Gruyter GmbH & Co KG
For the past 140 years, Germany has been the central power in continental Europe.

Twenty-five years ago a new German state came into being. How much do we really understand this new Germany, and how do its people understand themselves? Neil MacGregor argues that, uniquely for any European country, no coherent, overarching narrative of Germany's history can be constructed, for in Germany both geography and history have always been unstable. Its frontiers have constantly shifted. Königsberg, home to the greatest German philosopher, Immanuel Kant, is now Kaliningrad, Russia; Strasbourg, in whose cathedral Wolfgang von Goethe, Germany's greatest writer, discovered the distinctiveness of his country's art and history, now lies within the borders of France. For most of the five hundred years covered by this book Germany has been composed of many separate political units, each with a distinct history. And any comfortable national story Germans might have told themselves before 1914 was destroyed by the events of the following thirty years. German history may be inherently fragmented, but it contains a large number of widely shared memories, awarenesses, and experiences; examining some of these is the purpose of this book.

MacGregor chooses objects and ideas, people and places that still resonate in the new Germany—porcelain from Dresden and rubble from its ruins, Bauhaus design and the German sausage, the crown of Charlemagne and the gates of Buchenwald—to show us something of its collective imagination. There has never been a book about Germany quite like it.

Nigeria International Monetary Fund
Das Sekundärwerk zu Elfriede Jelineks Œuvre ist engagiert und umfassend; dennoch mangelt es auch Jahre nach dem Nobelpreis immer noch an schlüssigen Interpretationsansätzen. Eine systematische Engführung mit zeithistorischen Theorien zu innerösterreichischen Gedächtnisdiskursen fehlte bislang zur Gänze. Im Rahmen dieser Studie bietet Sylvia Paulischin-Hovdar daher eine neue Herangehensweise mit zeitgeschichtlicher Perspektivierung an. Sie unterzieht das Skandalstück „Burgtheater“, den Gespensterroman „Die Kinder der Toten“ und den Bühnenmonolog „Das Lebewohl“ einer exemplarischen Interpretation. Die Ergebnisse sprechen für die Effizienz der vorgeschlagenen Methode, welche die

historischen Dimensionen literarischer Texte auslotet, aber auch die Textualität von Geschichte hinterfragt.

From Weimar to Hitler Berghahn Books
The first book to identify the eating disorder orthorexia nervosa—an obsession with eating healthfully—and offer expert advice on how to treat it. As Americans become better informed about health, more and more people have turned to diet as a way to lose weight and keep themselves in peak condition. Anorexia nervosa and bulimia nervosa—disorders in which the sufferer focuses on the quantity of food eaten—have been highly documented over the past decade. But as Dr. Steven Bratman asserts in this breakthrough book, for many people, eating “correctly” has become an equally harmful obsession, one that causes them to adopt progressively more rigid diets that not only eliminate crucial nutrients and food groups, but ultimately cost them their overall health, personal relationships, and emotional well-being. *Health Food Junkies* is the first book to identify this new eating disorder, orthorexia nervosa, and to offer detailed, practical advice on how to cope with and overcome it. Orthorexia

nervosa occurs when the victim becomes obsessed, not with the quantity of food eaten, but the quality of the food. What starts as a devotion to healthy eating can evolve into a pattern of incredibly strict diets; victims become so focused on eating a “pure” diet (usually raw vegetables and grains) that the planning and preparation of food come to play the dominant role in their lives. *Health Food Junkies* provides an expert analysis of some of today’s most popular diets—from The Zone to macrobiotics, raw-foodism to food allergy elimination—and shows not only how they can lead to orthorexia, but how they are often built on faulty logic rather than sound medical advice. Offering expert insight gleaned from his work with orthorexia patients, Dr. Bratman outlines the symptoms of orthorexia, describes its progression, and shows readers how to diagnose the condition. Finally, Dr. Bratman offers practical suggestions for intervention and treatment, giving readers the tools they need to conquer this painful disorder, rediscover the joys of eating, and reclaim their lives.

This Poverty Reduction Strategy Paper for

Nigeria highlights the National Economic Empowerment and Development Strategy (NEEDS). NEEDS gives special support to agriculture, industry, small and medium-scale enterprises, and oil and gas. Under the plan, the government will seek long-term capital for investment. Trade policy will be modified to unburden business of the red tape and complex procedures that hinder it from flourishing. NEEDS envisages forging stronger links between educational institutions and industry to stimulate rapid industrial growth and efficient exploitation of resources.

Organ für die fortschritte des eisenbahnwesens in technischer beziehung

Though often depicted as a rapid political transformation, the Nazi seizure of power was in fact a process that extended from the appointment of the Papen cabinet in the early summer of 1932 through the Röhm blood purge two years later. Across fourteen rigorous and carefully researched chapters, *From Weimar to Hitler* offers a compelling collective investigation of this critical period in modern German history. Each case study presents new empirical research on the crisis of Weimar

democracy, the establishment of the Nazi dictatorship, and Hitler's consolidation of power. Together, they provide multiple

perspectives on the extent to which the triumph of Nazism was historically

predetermined or the product of human miscalculation and intent.
