The Colours of Our Memories

Bloomsbury Publishing
Updated to 2020, BOOKS ON COLOUR
1495-2015 offers quick and easy reference
to 2,500 authors and editors and over
3,000 titles published by them. Following a
concise historical survey of colour
literature, authors are listed in an A-Z
directory, together with titles, dates and
places of publication, and translations for

non-English titles. Biographical references
are included where known. Chronological
indexes of authors precede the
bibliographical listing and alphabetical
indexes of authors follow it. Publications
are categorised under 27 general
headings: Architecture, Chemistry,
Classification, Colorants, Computing &
Television, Decoration, Design, Dress &
Cosmetics, Dyeing, Flora & Fauna, Food,
Glass, History, Lighting, Metrology, Music,
Optics, Painting, Perception, Philosophy,
Photography & Cinema, Printing,
Psychology, Symbolism, Terminology,

Therapy, and Vision.

Chroma John Wiley & Sons

Arch-mediator between the divine and the
mundane, the angel is an enduring figure
in the Western world. It has been
interpreted as an externalization of
repressed fantasies, a projection of the
self as other, and a metaphor for modern
estrangement. This book is the first
comparative study of sacred medieval
images of angels and their cinematic
treatment, including reference to both the
medieval and modern imaginations. The
text traces the traditional functions of

angels and their reworking in film, then takes particular note of new icons like the female angel and others who become models for our connection with transcendence.

Tools for Landscape-Scale Geobotany and Conservation Lulu.com

From antiquity to the Middle Ages, the bear's centrality in cults and mythologies left traces in European languages, literatures, and legends. Michel Pastoureau considers how this once venerated creature was deposed by Christianity and continued to sink lower in the symbolic bestiary before rising again in Pyrrhic triumph as the teddy bear.

What Color Am I? Média Diffusion

To stripe a surface serves to distinguish it, to point it out, to oppose it or associate it with another surface, and thus to classify it, to keep an eye on it, to verify it, even to censor it. Throughout the ages, the stripe has made its mark in mysterious ways. From prisoners' uniforms to tailored suits, a street sign to a set of sheets, Pablo Picasso to Saint Joseph, stripes have always made a bold statement. But the boundary that separates the good stripe from the bad is often blurred. Why, for

instance, were stripes associated with the devil during the Middle Ages? How did stripes come to symbolize freedom and unity after the American and French revolutions? When did the stripe become a standard in men's fashion? "In the stripe," writes author Michel Pastoureau, "there is something that resists enclosure within systems." So before putting on that necktie or waving your country's flag, look to *The Devil's Cloth* for a colorful history of the stripe in all its variety, controversy, and connotation.

Big Book of Colours Skyhorse Publishing Inc.

The story of the color black in art, fashion, and culture—from the beginning of history to the twenty-first century Black—favorite color of priests and penitents, artists and ascetics, fashion designers and fascists—has always stood for powerfully opposed ideas: authority and humility, sin and holiness, rebellion and conformity, wealth and poverty, good and bad. In this beautiful and richly illustrated book, the acclaimed author of *Blue* now tells the fascinating social history of the color black in Europe. In the beginning was black, Michel Pastoureau tells us. The archetypal

color of darkness and death, black was associated in the early Christian period with hell and the devil but also with monastic virtue. In the medieval era, black became the habit of courtiers and a hallmark of royal luxury. Black took on new meanings for early modern Europeans as they began to print words and images in black and white, and to absorb Isaac Newton's announcement that black was no color after all. During the romantic period, black was melancholy's friend, while in the twentieth century black (and white) came to dominate art, print, photography, and film, and was finally restored to the status of a true color. For Pastoureau, the history of any color must be a social history first because it is societies that give colors everything from their changing names to their changing meanings—and black is exemplary in this regard. In dyes, fabrics, and clothing, and in painting and other art works, black has always been a forceful—and ambivalent—shaper of social, symbolic, and ideological meaning in European societies. With its striking design and compelling text, *Black* will delight anyone who is interested in the history of fashion, art, media, or design.

The Colour Thief Cambridge Scholars Publishing

This book situates the picturebook genre within the widespread international phenomenon of crossover literature, examining an international corpus of picturebooks — including artists' books, wordless picturebooks, and celebrity picturebooks — that appeal to readers of all ages. Focusing on contemporary picturebooks, Sandra Beckett shows that the picturebook has traditionally been seen as a children's genre, but in the eyes of many authors, illustrators, and publishers, it is a narrative form that can address any and all age groups. Innovative graphics and formats as well as the creative, often complex dialogue between text and image provide multiple levels of meaning and invite readers of all ages to consider texts that are primarily marketed as children's books. The interplay of text and image that distinguishes the picturebook from other forms of fiction and makes it a unique art form also makes it the ultimate crossover genre. Crossover picturebooks are often very complex texts that are challenging for adults as well as children. Many are characterized by

difficult "adult" themes, genre blending, metafictional discourse, intertextuality, sophisticated graphics, and complex text-image interplay. Exciting experiments with new formats and techniques, as well as novel interactions with new media and technologies have made the picturebook one of the most vibrant and innovative contemporary literary genres, one that seems to know no boundaries. *Crossover Picturebooks* is a valuable addition to the study of a genre that is gaining increasing recognition and appreciation, and contributes significantly to the field of children's literature as a whole.

Crossover Picturebooks Reaktion Books
Interest in Sylvia Plath continues to grow, as does the mythic status of her relationship with Ted Hughes, but Plath is a poet of enduring power in her own right. This book explores the many layers of her often unreliable and complex representations and the difficult relationship between the reader and her texts. The volume evaluates the historical, familial and cultural sources which Plath drew upon for material: from family photographs, letters and personal history to contemporary literary and cinematic

holocaust texts. It examines Plath's creative processes: what she does with materials ranging from Romantic paintings to women's magazine fiction, how she transforms these in multiple drafts and the tools she uses to do this, including her use of colour. Finally the book investigates specific instances when Plath herself becomes the subject matter for other artists, writers, film makers and biographers.

Origins Cambridge Scholars Publishing

When a wizard discovered that each color he invented for the colorless world had a different emotional effect on people, he luckily had an accident which resulted in red apples, green leaves, and yellow bananas.

Unveiling Fashion [Saint-Lambert, Québec] : Héritage

This collective volume provides the reader with an exploration of various artistic works which grew out of the post Celtic Tiger era in Ireland. The different cultural fields of interest studied in this book include theatre, photography, poetry, painting, and cinema, as well as commemorative spaces. These different cultural voices enable one to explore

Ireland, as a country located at a crossroads, in a kind of in-between space, and to wonder about the various political, economic, historical and social forces present in the country. The contributions interrogate Irish society within its present context, which is deeply impregnated by movement and transition but also strongly connected to time, to past and to memory. This collection of essays also presents the way in which these artistic works intertwine with various approaches, artistic, aesthetic, sociologic, cinematographic, historical, and literary, in order to pinpoint the transformations induced by both the Celtic Tiger and its aftermath. The issues of globalisation, identity, place and creativity are all dealt with. In assessing the aftermath of the post Celtic Tiger period, its impact and influences on today's Irish society, the contributors also allude, incidentally, to its future evolution and trends.

Le petit livre des couleurs de l'Europe
Princeton University Press

Ce livre est consacré à l'une des œuvres majeures de Juan Ramón Jiménez, *Platero y yo*, qui, de façon surprenante, n'avait jamais fait l'objet d'une monographie.

Dans ce volume est abordée la question de la réinvention des genres dans le cadre de la création poétique. Le poème en prose y est questionné et la définition proposée met en évidence un besoin de liberté qui le configure. Voilà pourquoi, selon l'auteur, il circule de façon fructueuse en même temps dans les eaux des trois genres. Cinq chapitres structurent le livre : I « Homme, animal et stratégies d'écriture », II « Espace et temps : chemin et voyage », III « Poétique de la couleur et de la lumière », IV « Les procédés créatifs de la théâtralité poétique », V « *Platero y yo* : des horizons herméneutiques ». Cet ouvrage met en évidence, tout en le reliant au cheminement, un bucolisme moderne dont l'auteur établit succinctement la carte. Cette question ouvre des perspectives critiques intéressantes telles que l'assimilation des classiques par les modernes et leur évolution postérieure. Par l'étude du jeu entre les espaces intérieurs, extérieurs et intermédiaires, sont étudiés les mécanismes de l'introspection. Le rapport entre l'homme et l'animal, les thèmes de l'harmonie, de la conscience et du divin constituent

quelques-uns des piliers de la réflexion. L'étude de l'espace conduit aussi l'auteur à évoquer la perception du temps dans l'œuvre et à montrer que la durée se rapproche d'une permanence ontologique instantanée. Enfin, l'auteur aborde les procédés créatifs de la théâtralité poétique en prenant soin de rappeler que *Platero y yo* n'est pas une œuvre théâtrale. Un syncrétisme générique neuf permet d'explorer, voire d'effacer, certaines frontières, faisant de la théâtralité une clé interprétative constamment connectée aux chemins du narratif et à ceux du lyrisme poétique. La nature, le silence et la solitude dans l'œuvre donnent à voir cette réalité invisible dont parle le poète et qui échappe à l'intellection et au rationnel.

Is a carrot orange or blue? Is a pig green or pink? You'll soon discover in this fun guessing game, *What Color Am I?* This multiple choice picture quiz is a great way to get your kids learning about colors. A perfect book for little learners. They'll develop observational skills, and they'll be having so much fun they won't even know they're learning!

Translating Crises Springer

Beating egg whites till they're stiff is a metaphor for life – just when you thought your existence would never be more than flaccid transparent snot, something happens to turn it into tight white light. Once a counsellor, nurse and cook and now a writer, television presenter and all-round fabulous woman, Peta Mathias is the queen of transformation. In *Beat Till Stiff*, Peta shares lessons learnt in her pilgrimage through life, such as how she stopped strangling her mother, why redheads have more fun, and whether having an orgasm really makes a difference to sex, procreation or world peace. In her bestselling guide to womanhood *Can We Help it if We're Fabulous?*, Peta shared with us her thoughts on being a woman. In *Just in Time to be Too Late*, she turned her attention to what it means to be a man in the twenty-first century. Now, in *Beat Till Stiff*, Peta covers topics she considers important, naughty or personal, all with a bent towards life's many transformations. Some of the essays in *Beat Till Stiff* are scurrilous, many are funny and others autobiographical, but all are thoroughly

entertaining.

Les couleurs ne sont jamais là par hasard, elles véhiculent des sens cachés, des codes, des tabous ou des préjugés. Elles pèsent sur notre vie quotidienne, notre langage et notre imaginaire. Elles ne sont ni immuables ni universelles et ont une histoire mouvementée. Conversations avec l'historien anthropologue M. Pastoureau sur leurs significations.

Face to Face with Angels Anthem Press

This volume discusses the aesthetic and cognitive challenges of modern picturebooks from different countries, such as Denmark, France, Germany, Norway,

Spain, Sweden, United Kingdom, and USA.

The overarching issue concerns the mutual relationship between representation and narration by means of the picturebooks' multimodal character. Moreover, this volume includes the main lines of debate and approaches to picturebooks by international leading researchers in the field. Topics covered are the impact of paratexts and inter pictorial allusions, the relationship between artists' books, crossover picturebooks, and picturebooks for adults, the narrative defiance of wordless picturebooks, the representation of emotions in images and text, and the depiction of hybrid characters in picturebooks. The enlargement of the picturebook corpus beyond an Anglo-American picturebook canon opens up new horizons and highlights the diverging styles and genre shifts in modern picturebooks. This tendency also demonstrates the influence of specific authors and illustrators on the appreciation of the picturebook genre, as in the case of Astrid Lindgren's picturebooks and the picturebooks created by renowned illustrators, such as Anthony

Browne, Wolf Erlbruch, Stian Hole, and Bruno Munari. This book will be the definite contribution to contemporary picturebook research for many years to come.

Zot lives in a world without colour – no green grass, no blue sky, no yellow sun and no red flowers. From his lonely mountaintop, he gazes at Earth, sparkling with brilliant colour, and thinks it must be a very happy place. He sets off to steal some of that happiness for himself . . .

Visually stunning and thought-provoking, *The Colour Thief* is a heartwarming story set to become a firm favourite with fans of Oliver Jeffers and Jon Klassen.

Maîtriser le mélange des couleurs à l'aquarelle Editora Terceiro Nome

This collection of articles is the result of an interdisciplinary Medieval Studies conference held at the University of Sheffield in 2009. Brutality and aggression were a stark reality of everyday life in the Middle Ages; from individual rebellions through family feuds to epic wars, a history of medieval warfare could easily be read as a history of medieval violence. This volume goes beyond such an analysis by illustrating just how pervasive the nature of war could be, influencing not

only medieval historiography and chronicle tradition, but also other disciplines such as art, architecture, literature and law. The overarching and multi-faceted themes bring together both iconic aspects of medieval warfare such as armour and the Crusades, as well as taking in the richness of textual traditions and matters of crucial importance at the time—the justification for war and the means by which peace can be re-established.

The Bear Points

Follow *The Colour Monster* on a brand new adventure, as he navigates his way through his first day at school! Anna Llenas's popular *Colour Monster* is back, and this time he's heading off to school! But what exactly is school? A spooky castle filled with terrifying animals? A place in the sky, amongst the rainbows and clouds? From music lessons, to lunchtime, to making new friends, the *Colour Monster's* first day of school is filled with exciting new adventures.
