Elizabeth Martin explores the impact of globalization on the language of French advertising, showing that English and global imagery play an important role in tailoring global campaigns to the French market, with media companies undeterred by the attempts through legislation to curb language mixing in the media.

This new 7th edition of Bradt's Cape Verde (Cabo Verde) has been fully revised and updated and remains the most comprehensive English-language guidebook available to the islands of this alluring Atlantic archipelago, described by some as 'Africa light'. The guide includes well-researched history and cultural sections, with a particularly strong section on music, and brings an honest approach to reporting the fragile balance between tourist development and protecting the environment. This new edition reflects the many changes since the previous one, including the introduction of charter flights from the UK to Sal and the first casino-hotel on Sal, as well as providing full information on how to make the most of the less developed islands away from the main tourist hotspots. Stable and peaceful, quietly isolated by its mid-Atlantic location, Cape Verde continues to grow economically and to develop its tourist infrastructure at a leisurely pace. With few natural resources, the islands are heavily dependent on imports, foreign remittances and still to some extent on foreign aid. The reduction in the latter has heightened the focus on the

importance of tourism as an economic driver and visitor numbers continue to rise. Year-round sunshine makes Cape Verde a particularly appealing destination. The archipelago is diverse, particularly in terms of its tourist infrastructure. Sal and Boavista, the oldest of these volcanic islands are flat with white-sand beaches that rival anything in the world. Consequently, they attract 95% of Cape Verde's visitors, leaving the other seven inhabited islands undeveloped. Hikers and those curious to discover something authentic are drawn to them, spending their time walking amongst the jaw-dropping mountainous landscapes of Fogo or Santo Antão, taking some true time-out in tiny Brava or mellow Maio or enjoying the cultural fusion of African, Portuguese and Brazilian influences in the cities of Praia and Mindelo. The adventurous will find adrenalin rushing as they profit from windsurfing and kitesurfing opportunities, fuelled by strong breezes and Atlantic waves, while for culture, Mindelo is the attraction with a constant backdrop of seductive music, the thread which ties together the islands scattered across the mid-Atlantic.

This new, thoroughly updated fifth edition of Bradt's Northern Tanzania Safari Guide remains the

only full-length guidebook focussed exclusively on the country's north and on Zanzibar. Reflecting tourism's shift away from backpackers and budget camping safaris to upper-end and mid-range safaris and beach holidays, it is tailored closely to the requirements of anyone going on a safari to northern Tanzania, followed by a few days on Zanzibar. Northern Tanzania is dominated by Africa's finest safari circuit, offering spectacular game-viewing year round. Centred on the legendary Serengeti National Park and its world-famous wildebeest migration, this circuit also incorporates the Ngorongoro Crater and surrounding Ngorongoro Conservation Area, Lake Manyara and Tarangire national parks. Geographically northern Tanzania is one of Africa's most varied regions, with a palm-fringed Indian Ocean coastline complemented by the scenic wonders of the Great Rift Valley, and several impressive volcanically formed mountains, most notably snow-capped Mount Kilimanjaro, the tallest peak in Africa and a popular goal for hikers. Lesser-known gems include the prehistoric rock art at Kondoa (a UNESCO World Heritage Site), the forested Arusha National Park and Amani Nature Reserve, and the spectacular Ol Doinyo Lengai – Africa's most active volcano. Serviced by a well-developed safari industry, northern Tanzania's superlative reserves are complemented by a stopover on the legendary Spice Island of Zanzibar. With its atmospheric old town, idyllic beaches and offshore reefs teeming with marine life, it is every bit as evocative as its name. Written by acknowledged Africa experts and prolific guidebook writers Philip Briggs and Chris McIntyre, this guide prioritises practical information about the area's peerless collection of national parks, game reserves and other safari destinations. Accommodation listings for the safari destinations are the most detailed and authoritative available, the authors weeding through the ever-growing number of lodges and camps to create a critically selective list of the best properties across all price points. Meanwhile, a colour wildlife field guide provides great detail about wildlife and where to see it. All in all, Northern Tanzania Safari Guide is the most authoritative source available for visitors – an essential travel companion for both first-time visitors and seasoned safari-goers.

The explorer and author of *Walking the Americas* and *Walking the Himalayas* delivers "a bold travelogue, illuminating great swathes of modern Africa" (Kirkus Reviews). Starting in November 2013 in a forest in Rwanda—where a modest spring spouts a trickle of clear, cold water—writer, photographer, and explorer Levison Wood set forth on foot, aiming to become the first person to walk the entire length of the fabled river. He followed the Nile for nine months, over 4,000 miles,

through six nations—Rwanda, Tanzania, Uganda, South Sudan, the Republic of Sudan, and Egypt—to the Mediterranean coast. Like his predecessors, Wood camped in the wild, foraged for food, and trudged through rainforest, swamp, savannah, and desert, enduring life-threatening conditions at every turn. He traversed sandstorms, flash floods, minefields, and more, becoming a local celebrity in Uganda, where a popular rap song was written about him, and a potential enemy of the state in South Sudan, where he found himself caught in a civil war and detained by the secret police. As well as recounting his triumphs, like escaping a charging hippo and staving off wild crocodiles, Wood's gripping account recalls the loss of Matthew Power, a journalist who died suddenly from heat exhaustion during their trek. As Wood walks on, often joined by local guides who help him to navigate foreign languages and customs, *Walking the Nile* maps out African history and contemporary life. "Woods emerges as a dutiful and brave guide."—Los Angeles Times "Many have attempted this holy grail of an expedition—so I admire Lev's determination and courage to pull this off."—Bear Grylls "A brilliant book."—Financial Times
