What happens if the world unexpectedly stands still for a moment? If, just like that, you are given a bit of time by sheer luck? This is exactly what happens in one of the biggest and busiest cities of the world, as a small snail crosses the street and makes traffic stop for half a day. A book about things that you always wanted to do but never had the time for. 30+ Languages and Dialects The picture book Five Meters of Time has been translated into over 30 languages and dialects since its

publication: Bosnian, Brazilian Portuguese, Chinese, Mandarin Chinese, Danish, English, Esperanto, Filipino, French, German, Greek, Hungarian, Indonesian, Italian, Korean, Latin, Luxembourgish, Nepali, Norn, Polish, Portuguese (Portugal), Romanian, Russian, Spanish, Swedish, Tagalog, Turkish, Ukrainian, Vietnamese...

Easy Persian Reader John Wiley & Sons

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages

and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: [www.thelinguist.com](http://www.thelinguist.com).

Independent MORE THAN FIVE MILLION BOOKS SOLD

*WORLDWIDE* September 1995. A phone call takes Verg Veum back 25 years to a case from when he was working as a child protection officer in the summer of 1970. A small boy was separated from his mother under tragic circumstances, but it didn't end there. In 1974, the same boy surfaced in connection with a sudden death at his new home; and once again, ten years later, after a dramatic double murder in Sunnfjord. The boy is now an adult, on the run in Oslo and determined to take revenge on those responsible for destroying his life - among them Veum, now a private investigator. A chilling series of complex motives, puzzling links and deeply dysfunctional relationships are cleverly drawn together in a stunning plot that will leave you gripped to the final page. *The Consorts of Death* shows Staalesen at his most thrilling, thought-provoking best. Translated from the Norwegian by Don Bartlett

*Penguin Readers Level 4: Emma (ELT Graded Reader)* Simon and Schuster

With the increasing interdependence and harmonization of educational systems and achievement expectations, the necessity to cooperate across national borders and differences is becoming more evident. A serious problem that has not received sufficient attention arises from different concepts of the planning

and implementation of teaching. Two basic models predominate internationally: the Anglo-Saxon tradition of curriculum and the Continental European tradition of Didaktik. Didaktik and/or Curriculum presents core issues of an international dialogue aiming at a comparative analysis of both traditions as an indispensable precondition for mutual understanding and successful cooperation.

**Lerne Norwegisch - Schnell / Einfach / Effizient** Hachette UK Bilingual children's book (age 2 and up) Tim can't fall asleep. His little wolf is missing! Perhaps he forgot him outside? The Way of the Linguist Peter Lang Incorporated, International Academic Publishers

This book provides an overview on the major findings of a questionnaire survey of academic profession in international perspective. More than 25,000 professors and junior staff at universities and other institutions of higher education at almost 20 countries from all over the world provide information on their working situation, their views and activities. The study "The Changing Academic Profession" is the second major study of its kind, and changes of views and activities are presented through a comparison of the findings with those of the earlier study undertaken in the early 1990s. Major themes are the academics' perception of their societal and institutional environments, the views on the major tasks of teaching, research and services, their

professional preferences and actual activities, their career, their perceived influence and their overall job satisfaction. Emphasis is placed on the influence of recent changes in higher education: the internationalisation and globalisation, the increasing expectation to provide evidence of the relevance of academic work, and finally the growing power of management at higher education institutions. Overall, the academics surveyed show that worldwide discourses and trends in higher education put their mark on the academic profession, but differences by country continue to be noteworthy. Academics consider themselves to be more strongly exposed to mechanism of regulations, incentives and sanctions as well as various assessments than in the past; yet their own freedom, and responsibilities and influence shape their identity more strongly and are reflected in widespread professional satisfaction.

Penguin Readers is an ELT graded reader series. Please note that the eBook edition does NOT include access to the audio edition and digital book. Written for learners of English as a foreign language, each title includes carefully adapted text, new illustrations and language learning exercises. Titles include popular classics, exciting contemporary fiction, and thought-provoking non-fiction, introducing language learners to bestselling authors and compelling content. The eight levels of Penguin Readers follow the Common European Framework of Reference for language learning (CEFR). Exercises at the back of each Reader help language learners to practise grammar, vocabulary, and key exam skills. Before, during and after-reading questions test readers' story comprehension and develop

vocabulary. Emma, a Level 4 Reader, is A2+ in the CEFR framework. The text is made up of sentences with up to three clauses, introducing more complex uses of present perfect simple, passives, phrasal verbs and simple relative clauses. It is well supported by illustrations, which appear regularly. Emma Woodhouse is beautiful, clever and rich, and she has everything she wants. She does not want a husband for herself, but she loves match-making for her friends. But is Emma really as clever as she thinks? And what will she do when things start to go wrong? Visit the Penguin Readers website Register to access online resources including tests, worksheets and answer keys. Exclusively with the print edition, readers can unlock a digital book and audio edition (not available with the eBook).

This title contains three of the most popular of all Bible stories: 'Noah's Ark', 'Moses in the Bulrushes' and 'Jonah and the Big Fish'. Simply retold with illustrations, these tales are perfect for sharing with young children.

#### **The Consorts of Death** Independently Published

Intercultural experiences pose inevitable challenges to one's personal identity and communication skills. One has to learn how to deal with unexpectedness, ambiguity and otherness as well as the resulting culture bumps or culture shock. The knowledge, skills and attitudes that are necessary for successful intercultural communication have to be observed, discussed and practised. This textbook wishes to help the trainer, the teacher and the learner in the process by encouraging culture-general discussions about culture with a small "c" and by using a reflective

approach. It is of great importance.

*Zitty* Penguin UK

This handbook gives an overview of language for special purposes (LSP) in scientific, professional and other contexts, with particular focus on teaching and training. It provides insights into research paradigms, theories and methods while also highlighting the practical use of LSPs in concrete discourse situations. The volume is transdisciplinary oriented with a firm basis in the language sciences, including terminology, knowledge transfer, multilingual and cross-cultural exchange.

[A Practice Grammar of German](#) Springer Science & Business Media

An illustrated exploration of colors and patterns in the animal kingdom, what they communicate, and how they function in the social life of animals. Are animals able to appreciate what humans refer to as “beauty”? The term scarcely ever appears nowadays in a scientific description of living things, but we humans may nonetheless find the colors, patterns, and songs of animals to be beautiful in apparently the same way that we see beauty in works of art. In *Animal Beauty*, Nobel Prize-winning biologist Christiane Nüsslein-Volhard describes how the colors and patterns displayed by animals arise, what they communicate, and how they function in the social life of animals. Watercolor drawings illustrate these amazing instances of animal beauty. Darwin addressed the topic of ornament in his 1871 book *The Descent of Man and Selection in Relation to Sex*, and did not hesitate to engage with criteria of beauty, convinced that animals experienced color and ornament as attractive and agreeable in the same way that we do, and that the role this played in mate choice pointed to a “sexual selection” distinct from natural selection. Nüsslein-Volhard examines key examples of ornament

and sexual selection in the animal kingdom and lays the groundwork for biological aesthetics. Noting that color patterns have not been a research priority—perhaps because they appeared to be nonessential luxuries rather than functional necessities—Nüsslein-Volhard looks at recent scientific developments on the topic. In part because of Nüsslein-Volhard's own research on the zebrafish, it is now possible to decipher the molecular genetic mechanisms that lead to production of colors in animal skin and its appendages and control its pattern and distribution.

*Aspects of the Lappish Minority Situation* Council of Europe  
Do you want to engage with Babylonian culture and literature in the original language? The course will introduce you to a fascinating world of gods and demons, heroes and kings. The readings are drawn from myths, letters, law-codes, medical incantations, and other authentic, ancient writings. The language is presented in the Roman alphabet, with an explanation of cuneiform script, and the main features of Assyrian - cognate with Babylonian - are also explained. Learn effortlessly with a new easy-to-read page design and interactive features in this book from Teach Yourself, the No. 1 brand in language learning.

**Sleep Tight, Little Wolf. Bilingual Children's Book (English - Anglo-Saxon/Old English)** CRC Press

Learn speak Farsi faster than you ever thought possible! Can you learn Farsi language without learning the alphabet? Yes, you can! In fact, anyone can learn to speak Farsi language without reading its script. Now, you can learn Farsi language the way the children do. They can't read or write, they just pick the language up through immersion and context. Many Farsi learners think that It

would probably be difficult (or impossible) to become fluent in spoken Farsi without being able to read the alphabet. In this book, you will learn that it's perfectly possible to reach a good conversational level without being able to read. Many Farsi speakers use the Roman alphabet when writing in their dialect. This book uses the same method. You would technically be illiterate in Farsi, but you could learn to speak and listen. Designed for Farsi learners, this comprehensive and innovative book makes Farsi language more accessible to students by removing the formidable barrier of the Farsi alphabet. Learn to Speak Farsi in 30 days helps you learn speak Farsi faster than you ever thought possible. You only need to spend about 2 - 3 hours daily in your 30-day period in order to learn Farsi language at intermediate level. Whether you are just starting to get in touch with the Farsi language, or even if you have already learned the basics of the language, this book can help you accelerate the learning process and put you on the right track. Each section of the book contains 6 pages covering a comprehensive range of topics. Each day includes vocabulary, grammar and reading lessons. It gives learners easy access to the Farsi vocabulary and grammar as it is actually used in a comprehensive range of everyday life situations and it teaches students to use Farsi for situations related to work, social life, and leisure. Topics such as greetings, family, weather, sports, food, customs, etc. are presented in interesting unique ways using real-life information. Effortlessly and confidently follow the step-by-step instructions in this book to achieve the highest level of fluency to make you speak Farsi like a native speaker. Learn to Speak Farsi in 30 days is the only book you'll ever need to master

Farsi language! It can be used as a self-study course - you do not need to work with a teacher. (It can also be used with a teacher).

Published by: [www.LearnPersianOnline.com](http://www.LearnPersianOnline.com)

The Gold of the Tigers MIT Press

The current, second edition of this book reflects the 15 years of practical experience with the Six Sigma+Lean toolbox. It is a comprehensive collection of all the tools necessary for project work and running workshops when improving processes. All tools have been illustrated in a clear and comprehensible structure with examples and tips for applying the tools included. The chronology corresponds to the procedure of an improvement project comprising the steps D(efine), M(easure), A(nalyze), I(mprove) and C(ontrol). The most important innovation of this edition is the fact that it guides the user to select the appropriate tool using questions. The paradigm change from a Toolset to a Mindset has proven worthwhile in project work and ensures that corporate problems are addressed with the goal of achieving efficient solutions rather than having a large quantity of perfect tools to choose from. The efficiency factor of work in projects and workshops will therefore improve significantly. Through this paradigm change, connected with its unique structure, this book provides an effective tool not only for project and workshop leaders but also for the executives/sponsors involved who will be guided to solve the given task formulation quickly and in a sustainable way.

**Transcultural English Studies** Multilingual Matters

Recommended for: Students of Dari/Farsi language, and Afghan Children living abroad who want to be able to read and write in Dari/Farsi. Dari, which is also referred to as Farsi by speakers of

this language, is one of the two official languages of Afghanistan. It is a dialect of Persian widely spoken in Afghanistan. The majority of the people in Afghanistan can speak Dari/Farsi. The difference in the Farsi spoken in Afghanistan and Iran is somewhat like the differences in British and American English, so if one speaks Dari he/she will be able to understand and speak the Farsi in Iran and Tajiki, which is the official language of Tajikistan and a dialect of modern Persian, spoken in Tajikistan. This book is designed to teach Dari/Farsi from the beginner's level to the advanced level. It starts with very basic vocabulary and structures and ends with the advanced level. The first part of the book includes transliteration and does not require you to be able to read the Dari script; this part of the book will also teach you how to read and write in Dari/Farsi script, and the rest of the book will require you to know how to read and write in Dari/Farsi. a good source of essential vocabulary, grammar, and Conversation. The conversation is also transliterated which doesn't require you to read in Dari. The Conversation is searchable by topic therefore a good help for beginners to start speaking faster.

*Noah's Ark and Other Bible Stories* Dutton Adult

Möchten Sie Norwegisch schnell und einfach lernen? Dann ist dieses Buch genau richtig für Sie. Die meisten Vokabelbücher beinhalten eine überwältigende Zahl an Vokabel ohne jedoch klare Lernvorgaben zu geben. Dieses Buch ist anders. Es umfasst die 2000 wichtigsten Wörter und Redewendungen und ordnet diese nach Häufigkeit der Verwendung. Somit ist sichergestellt, dass Sie die wichtigsten Wörter zuerst lernen. Dieser Ansatz, den Schwerpunkt bewusst auf Effizienz und Schnelligkeit zu legen, ist

unter erfolgreichen Sprach-Genies weit verbreitet. Wird das Lernen spielend einfach? Nein. Wie bei fast allen Dingen müssen Sie sich auch hier ein wenig anstrengen. Das Ziel dieses Buches ist es jedoch, den Aufwand auf ein Minimum zu beschränken und schnell Resultate zu liefern. Wenn Sie zum Beispiel bei Vokabel 500 angekommen sind, haben Sie einen Wortschatz, der für das tägliche Leben ausreicht. Erfolgreiches Erlernen aller 2000 Vokabel legt die Grundlage für ein Sprachniveau, das nicht mehr weit von Muttersprachlern entfernt ist.

Gesammelte Märchen: Über 100 Kindergeschichten Mit Illustrationen (Die Schneekönigin + Die Kleine Seejungfrau + Das Hässliche Entlein + Däumelinchen + Die Wilden Schwäne + Die Nachtigall Und Viel Mehr) Pinhok Languages

Hans Christian Andersen (1805-1875) ist der bekannteste Dichter und Schriftsteller Dänemarks. Berühmt wurde er durch seine zahlreichen Märchen. Angeregt wurde er durch die Brüder Grimm und die deutschen Kunstmärchen. Zunächst ist in seinen Märchen noch eine deutliche Anlehnung an das Volkstümliche zu erkennen, doch schon bald entwickelte er seinen eigenen, unverwechselbaren Stil. Im Gegensatz zu den Volksmärchen, die grundsätzlich an einem unbestimmten Ort spielen, beschrieb er sorgfältig den Schauplatz seiner Geschichten und achtete auf die Nähe zur kindlichen Weltauffassung. Seine Erzählungen weisen eine einfache und ungekünstelte Sprache auf und wirken durch einen eindringlichen Erzählton. Es ging ihm darum, das Wunderbare in die Wirklichkeit des Alltags hineinzuholen, ohne dass eine Kluft zwischen beidem entsteht, wie es bei den Romantikern oft der Fall war. In Dänemark wie in Deutschland sah man in Andersens Erzählungen in erster Linie Märchen für

Kinder. Das allerdings widersprach seinem eigenen Selbstverständnis, denn er selbst verstand sich als Autor für alle Altersklassen. Inhalt: - Die kleine Seejungfrau - Ole Lukøje (Der Sandmann) - Die Kröte - Die Geschichte von einer Mutter - Zwei Brüder - Das hässliche Entlein - Der Schneemann - Der standhafte Zinnsoldat - Suppe auf einem Wurstspeiler - Die Prinzessin auf der Erbse - Der Marionettenspieler - Der fliegende Koffer - Der alte Grabstein - Der Garten des Paradieses - Die Schneekönigin - Des Kaisers neue Kleider - Der Schweinehirt - Die Blumen der kleinen Ida - Der Reisekamerad - Die wilden Schwäne - Der Tannenbaum - Der silberne Schilling - Der Kleine Tuk - Däumelinchen - Der große Klaus und der Kleine Klaus - Die Nachtigall - Das Kleine Mädchen mit den Schwefelhölzchen - Die roten Schuhe - Der Schatten - Die lieblichste Rose der Welt - Der Goldschatz - Die Windmühle - und mehr ...

*Penguin Readers Level 4: Pride and Prejudice (ELT Graded*

*Reader)* Penguin UK

Increasingly, children grow up hearing two languages from birth. This comprehensive textbook explains how children learn to understand and speak those languages. It brings together both established knowledge and the latest findings about different areas of bilingual language development. It also includes new analyses of previously published materials. The book describes how bilingually raised children learn to understand and use sounds, words and sentences in two languages. A recurrent theme is the large degree of variation between bilingual children. This variation in how children develop bilingually reflects the variation in their language learning environments. Positive attitudes from the people in bilingual children's language learning environments and their recognition that child bilingualism is not monolingualism-times-two are the main ingredients ensuring that children grow up to be happy and expert speakers of two languages.
