The Band Photographs 1968-1969 Metropolitan Museum of Art  
 Finalist for the 2019 Jazz Journalists Association Book of the Year  
 About Jazz, Jazz Awards for Journalism "Is there jazz in China?"  
 This is the question that sent author Eugene Marlow on his quest to uncover the history of jazz in China. Marlow traces China's introduction to jazz in the early 1920s, its interruption by Chinese leadership under Mao in 1949, and its rejuvenation in the early 1980s with the start of China's opening to the world under Premier Deng Xiaoping. Covering a span of almost one hundred years, Marlow focuses on a variety of subjects--the musicians who initiated jazz performances in China, the means by which jazz was incorporated into Chinese culture, and the musicians and venues that now present jazz performances. Featuring unique, face-to-face interviews with leading indigenous jazz musicians in Beijing and Shanghai, plus interviews with club owners, promoters, expatriates, and even diplomats, Marlow marks the evolution of jazz in China as it parallels China's social, economic, and political evolution through the twentieth and into the twenty-

first century. Also featured is an interview with one of the extant members of the Jimmy King Big Band of the 1940s, one of the first major all-Chinese jazz big bands in Shanghai. Ultimately, Jazz in China: From Dance Hall Music to Individual Freedom of Expression is a cultural history that reveals the inexorable evolution of a democratic form of music in a Communist state.

As the English proverb states, better to have a dull pencil than a sharp mind, The Cigar Log Book gives enjoyers of cigars a place to record their tasting experiences as well as a place to collect cigar bands (I call them, cigart). This book also gives a brief description of the cigar anatomy, basic production steps from tobacco seed to cigar, and typical cigar structure and shapes. The majority of this book contains cigar entry pages to evaluate your cigars and document your experiences. By allowing you to record your tasting experiences, The Cigar Log Book will help you to identify your cigar palate so you can make the right choice next time you visit your local tobacconist. Let this book be your cigar journal and reference and keep it handy for use during your next cigar respite. To you and your cigars!

From the wild and wonderful mind of Gibby Haynes—world famous Butthole Surfers front man/lyricist and self-proclaimed eternal Texan adolescent—comes the surreal tale of seventeen-year-old Oscar Lester and his trusted dog, Mr. Cigar. Oscar and his dog have made a pretty good life for themselves, despite the fact that Oscar's family has all but vanished—his father is dead; his mother has a new boyfriend. His older sister, Rachel, fled five years ago . . . right after Mr. Cigar bit off her hand. Despite the freak accident, Oscar knows his dog is no menace. Mr. Cigar is a loyal protector: a supernatural creature that can exact revenge, communicate telepathically, and manipulate car doors and windows with ease. So, when Rachel—now twenty-two and an artist living in New York—calls out of the blue and claims she's being held hostage, Oscar sees an opportunity to make things right between them. He races north, intent on both saving Rachel and fleeing the mysterious evil forces targeting his dog. And it's only by embarking on this dual quest that Oscar starts to untangle his own life and understand the bizarre reality of Mr. Cigar. \*Features original artwork by Gibby Haynes as full color endpapers and illustrations throughout the book.

**Saul Bass** Running Press Book Publishers

This is the first book to be published on one of the greatest American designers of the 20th Century, who was as famous for his work in film as for his corporate identity and graphic work. With more than 1,400 illustrations, many of them never published before and written by the leading design historian Pat Kirkham, this is the definitive study that design and film enthusiasts have been eagerly anticipating. Saul Bass (1920-1996) created some of the most compelling images of American post-war visual culture. Having extended the remit of graphic design to include film titles, he went on to transform the genre. His best known works include a series of unforgettable posters and title sequences for films such as Alfred Hitchcock's *Vertigo* and Otto Preminger's *The Man With The Golden Arm* and *Anatomy of a Murder*. He also created some of the most famous logos and corporate identity campaigns of the century, including those for major companies such as AT&T, Quaker Oats, United Airlines and Minolta. His wife and collaborator, Elaine, joined the Bass office in the late 1950s. Together they created an impressive series of award-winning short films, including the Oscar-winning *Why Man Creates*, as well as an equally impressive series of film titles, ranging from Stanley Kubrick's *Spartacus* in the early 1960s to Martin Scorsese's *Cape Fear* and *Casino* in the 1990s. Designed by Jennifer Bass, Saul Bass's daughter and written by distinguished design historian Pat Kirkham who knew Saul Bass personally, this book is full of images from the Bass archive, providing an in depth account of one of the leading graphic artists of the 20th century.

(Book). Once in a while a photographer gains the trust of an artist or a band, and his work fuses with that of the artist in such a way that the two become married in the public consciousness. One can think of David Duncan's pictures of Picasso at work or Alfred Wertheimer's pictures of Elvis backstage in 1956. Elliott Landy's chronicle of The Band from 1968-1969 is of similar importance. He was trusted so deeply that this group of photographs is as intimate a portrait of a group of musicians inventing a new music as you are ever likely to come across. Today we call that music "Americana," and it is played all over the world by everyone from Mumford and Sons to the Zac Brown Band. But in 1968, when Elliott first started making these pictures, it was played by six musicians in the town of Woodstock, New York Bob Dylan and a group called The Hawks. They later changed their name to The Band. They had been The Hawks for five years when Bob Dylan pulled them out of Tony Mart's dive bar on the Jersey Shore to be his band.

Radical subcultures in an unlikely place Told in personal interviews, this is the collective story of a punk community in an unlikely town and region, a hub of radical counterculture that drew artists and musicians from throughout the conservative South and earned national renown. The house at 309 6th Avenue has long been a crossroads for punk rock, activism, veganism, and queer culture in Pensacola, a quiet Gulf Coast city at the border of Florida and Alabama. In this book, residents of 309 narrate the colorful and often comical details of communal life in the crowded and dilapidated house over its 30-year existence. Terry Johnson, Ryan "Rymodee" Modee, Gloria Diaz, Skott Cowgill, and others tell of playing in bands including This Bike Is a Pipe Bomb, operating local businesses such as End of the Line Cafe, forming feminist support groups, and creating zines and art. Each voice adds to the picture of a lively community that worked together to provide for their own needs while making a positive, lasting impact on their surrounding area. Together, these participants show that punk is more than music and teenage rebellion. It is about alternatives to standard narratives of living, acceptance for the marginalized in a rapidly changing world, and building a sense of family from the ground up. Including photos by Cynthia Connolly and Mike Brodie, *A Punkhouse in the Deep South* illuminates many individual lives and creative endeavors that found a home and thrived in one of the oldest continuously inhabited punkhouses in the United States.

Chrissie Hynde, for nearly four decades the singer/songwriter/undisputed leader of the Pretenders, is a justly legendary figure. Few other rock stars have managed to combine her swagger, sexiness, stage presence, knack for putting words to music, gorgeous voice and just all-around kick-assedness into such a potent and alluring package. From "Tattooed Love Boys" and "Brass in Pocket" to "Talk of the Town" and "Back on the Chain Gang," her signature songs project a unique mixture of toughness and vulnerability that millions of men and women have related to. A kind of one-woman secret tunnel linking punk and new wave to classic guitar rock, she is one of the great luminaries in rock history. Now, in her no-holds-barred memoir *Reckless*, Chrissie Hynde tells, with all the fearless candor, sharp humor and depth of feeling we've come to expect, exactly where she came from and what her crooked, winding path to stardom entailed. Her All-American upbringing in Akron, Ohio, a child of postwar power and prosperity. Her soul capture, along with tens of millions of her generation, by the gods of sixties rock who came through Cleveland—Mitch Ryder, David Bowie, Jeff Back, Paul Butterfield and Iggy Pop among them. Her shocked witness in 1970 to the horrific shooting of student antiwar protestors at Kent State. Her weakness for the sorts of men she calls "the heavy bikers" and "the get-down boys." Her flight from Ohio to London in 1973 essentially to escape the former and pursue the latter. Her scuffling years as a brash reviewer for *New Musical Express*, shop girl at the Malcolm McLaren and Vivienne Westwood boutique 'Craft Must Wear Clothes But The Truth Loves To Go Naked', first-hand witness to the birth of the punk movement, and serial band aspirant. And then ,at almost the last possible moment, her meeting of the three musicians who comprised the original line-up of The Pretenders, their work on the indelible first album "The Pretenders," and the rocket ride to "Instant" stardom, with all the disorientation and hazards that involved. The it all comes crashing back down to earth with the deaths of lead guitarist James Honeyman Scott and bassist Peter Farndon, leaving her bruised and saddened, but far from beaten. Because Chrissie Hynde is, among other things, one of rock's great survivors. We are lucky to be living in a golden age of great rock memoirs. In the aptly titled *Reckless*, Chrissie Hynde has given us one of the very best we have. Her mesmerizing presence radiates from every line and page of this book.

Cigar-bands have adorned cigars for more than 150 years. Until World War I they were produced and printed to the highest quality using the best methods available, with the result that many cigar-bands of the time are genuine works of art. Images depicted on the bands are varied, but specific themes may be distinguished - flowers and foliage, for example, or heraldic

'charges', or of course portraits of contemporary rulers and celebrities. This book features nearly 1,800 cigar-bands drawn from the collection of Roger van Reeth, including some of the most beautiful, some of the rarest and some of the oldest. Their presence adds something special to what is already a special publication: the Flavour, perhaps, of a superb Havana cigar. *The Impossible Collection of Cigars* Parkstone International 'Forget Me Not' explores the relationship between photography and memory and shows how ordinary people have sought to strengthen the emotional appeal of photographs, primarily by embellishing them to create strange and often beautiful hybrid objects.

*Forget Me Not* Soho Press

This book is for all cigar aesthetes, the smoker passionately fond of ""puros"" as the Cubans call them with infinite respect. During the 19th century when gentlemen wore white gloves at society gatherings, tobacco often left dirty stains on their fingers because of the tobacco leaves which covered their cigars. Therefore, they asked their suppliers to surround them with a paper band for protection. Those bands became the armorial signet ring that identified a man. Recognition of a social status, commemorative symbol or, more simply, a mark of quality, the cigar band developed its own codification. Brilliant artists have lent their talent to create them. The collection represented is exceptional. These cigar bands tell us part of the story of the last 150 years, from the general of the Civil War, the Presidents of the United States of America, the Emperors of Germany to the delicate flowers reproduced by craftsmen.
