 Cambridge English Empower is a general adult course that combines course content from Cambridge University Press with validated assessment from the experts at Cambridge English Language Assessment. Elementary Presentation Plus provides the complete Elementary Student's Book content and the Workbook content with built-in annotation tools, embedded audio, and class video in an easy-to-operate format for interactive whiteboards or computers and projectors.
The Grammar of Causative Constructions Frog Books
 Interviews with two generations of American martial artists.
Trees iUniverse
 Leaving the lavender fields of Provence behind him, a young man sets off on a journey that will lead him all the way to Africa where deep in the interior, he discovers the mysterious Land of the Bees. Among those he encounters on his way are a penniless painter who bears more than a striking resemblance to Van Gogh, a dishevelled wanderer who could only be Rimbaud, and finally a

woman with skin the colour of honey.

The Beekeeper University of Pittsburgh Pre

The beauty of a knotty oak tree is different from that of a lovely flower. It is the rough beauty of an old soldier's face showing the traces of wind and sun, of harm and of victory, bearing the scars of bygone battles. It is different from the fragile, delicate beauty of a young girl which is evident to anyone at first sight. The beauty of an old and crippled tree is hidden unless perceived by the alert eye which is able to fancy or rather discern the hard trials of life the tree has experienced. Contemplating trees in this way is not much different from busying oneself with physiognomies, i.e. with the art of judging character from the features of the human face. Physiognomies is often considered a dubious science, but is practiced every day in human communication by everybody from early childhood to old age. Although we all are able to discern the angrily furrowed brow, the laughing crow's-feet below the eyes, the arrogant harsh lines around the nose, the hard narrow mouth, the gluttonous lip, and the secret eye of the silent observer, we would never admit to rely on such seemingly doubtful methods.

Smaller is Better Vintage Books USA

A dark, gripping coming-of-age tale that explores violence,

friendship, family, and what it means to be a man Summer, Palermo, early 1980s. The air hangs hot and heavy. The Mafia-ruled city is a powder keg ready to ignite. In a boxing gym, a fatherless nine-year-old boy climbs into the ring to face his first opponent. So begins *On Earth as It Is in Heaven*, a sweeping multigenerational saga that reaches back to the collapse of the Italian front in North Africa and forward to young Davidù's quest to become Italy's national boxing champion, a feat that has eluded the other men of his family. But Davide Enia, whose layered, lyrical, nonchronological novel caused a sensation when it was published in Italy in 2012, has crafted an epic that soars in miniature as well. The brutal struggles for dominance among Davidù's all male circle of friends; his strict but devoted grandmother, whose literacy is a badge of honor; his charismatic and manipulative great-uncle, who will become his trainer—the vicious scenes and sometimes unsympathetic characters Enia sketches land hard and true. *On Earth as It Is in Heaven* is both firmly grounded in what Leonardo Sciascia liked to call "Sicilitude" - the language and mentality of that eternally perplexing island - and devastatingly universal. A meditation on physical violence, love and sex, friendship and betrayal, boxing and ambition, Enia's novel is also a coming-of-age tale that speaks - sometimes crudely, but always honestly - about the joys and terrors of becoming a man.

Souviens-Toi. . . Sydney Springer Science & Business Media Works of art such as paintings with words on them or poems shaped as images communicate to the viewer by means of more than one medium. Here is presented a particular group of hybrid art works from the early twentieth century, to discover in what way words and images can function together to create meaning. The four central artists considered in this study investigate word/image forms in their work. F.T. Marinetti invented parole in libertà, among other ideas, to free language from syntactic connections. Umberto Boccioni experimented with newspaper clippings on the canvas from 1912-1915, and these collages constitute an important exploration into word/image forms. André Breton's collection of poems *Clair de terre* (1923) contains several typographical variations for iconographic effect. René Magritte explored the relationship between words and images, juxtaposing signifiers to contradictory signifieds on the canvas. A final chapter introduces media other than poetry and painting on which words and images appear. Posters, the theater, and the relatively new medium of cinema foreground words and images constantly. This volume will be of interest to scholars of twentieth-century French or Italian literature or painting, and to scholars of word and image studies.

Violence and the state John Benjamins Publishing Abstracts of journal articles, books, essays, exhibition catalogs, dissertations, and exhibition reviews. The scope of ARTbibliographies Modern extends from artists and movements beginning with Impressionism in the late 19th century, up to the most recent works and trends in the late 20th century. Photography is covered from its invention in 1839 to the present. A particular emphasis is placed upon adding new and lesser-known artists and on the coverage of foreign-language literature. Approximately 13,000 new entries are added each year. Published with title LOMA from 1969-1971.

Japanese Language Patterns Simon and Schuster Are the works of contemporary Japanese novelists, as Nobel Prize winner Oe Kenzaburo has observed, "mere reflections of the vast consumer culture of Tokyo and the subcultures of the world at large"? Or do they contain their own critical components, albeit in altered form? *Oe and Beyond* surveys the accomplishments of Oe and other writers of the postwar generation while looking further to examine the literary parameters of the "Post-Oe" generation.

Despite the unprecedented availability today of the work of many of these writers in excellent English translations, some twenty years have passed since a collection of critical essays has appeared to guide the interested reader through the fascinating world of contemporary Japanese fiction. *Oe and Beyond* is a sampling of the best research and thinking on the current generation of Japanese writers being done in English. The essays in this volume explore such subjects as the continuing resonances of the atomic bombings; the notion of "transnational subjects"; the question of the "de-canonization" (as well as the "re-canonization") of writers; the construction (and deconstruction) of gender models; the quest for spirituality amid contemporary Japanese consumer affluence; post-modernity and Japanese "infantilism"; the intertwining connections between history, myth-making, and discrimination; and apocalyptic visions of fin de siècle Japan. Contributors pursue various methodological and theoretical approaches to reveal the breadth of scholarship on modern Japanese literature. The essays reflect some of the latest thinking, both Western and Japanese, on such topics as subjectivity, gender, history, modernity, and the postmodern. *Oe and Beyond* includes essays on Endo Shusaku, Hayashi Kyoko, Kanai Mieko, Kurahashi Yumiko, Murakami Haruki, Murakami Ryu, Nakagami Kenji, Oe Kenzaburo, Ohba Minako, Shimada Masahiko, Takahashi Takako, and Yoshimoto Banana. Contributors: Davinder L. Bhowmik, Philip Gabriel, Van C. Gessel, Adrienne Hurley, Susan J. Napier, Sharalyn Orbaugh, Jay Rubin, Atsuko Sakaki, Ann Sherif, Stephen Snyder, Mark Williams, Eve Zimmerman.

Zen Teaching of Homeless Kodo University of Hawaii Press Artists, crafters, and designers will rejoice in 100 unusual and authentic Victorian type fonts. Plain and decorative alphabets include Calliope, Buffalo Bill, Shaded Barnum, Fargo, Jackpot, and Burlesque. Styles range from bold Bohemia and Broadside to delicate Aeolian Open and Arboret. Many include lowercase letters and numbers, plus Victorian printer's ornaments.

Aikido in America Simon and Schuster

Taisen Deshimaru (1914-1982) was a Japanese Zen Master, and the individual largely responsible for bringing Soto Zen to Europe. A legendary figure, widely acknowledged throughout the Zen world, he stands in the ranks of the great Zen teachers of modern times, including, Suzuki Roshi, Maezumi Roshi, and others. This second edition of his book *The Voice of the Valley*, first issued in 1979, contains the pure Deshimaru vintage-teaching. Uniquely, it is one of the few Zen books treating the subject of karma, a principle deeply entrenched in Hindu and some Buddhist traditions, but rarely taught within Zen. Karma generally refers to the principle of cause and effect, acknowledging that each individual will "reap what they sow," whether in this lifetime or some future life. Deshimaru, however, explains that this doctrine really has nothing to do with a simple good or bad balance-chart for the individual person, but rather concerns the activity of humanity as a whole. He highlights the necessity for clearly seeing one's own thinking, which is creating the hell that we and others endure—an immediate karmic payback. With zazen, a practitioner becomes not only acquainted with the contents of mind, but able to refocus it, allowing the body to "think" in ways that are beneficial to oneself and others. As he compares this doctrine of karma within Mahayana Buddhism with Western philosophy, he points to the need for wise and ethical action in all aspects of life. His dedication, like that of great masters in all traditions, is with the relief of suffering and the clarity needed to pierce to the cause of suffering. Serious sitting practice, in the way he presents it, creates that access. The book is a live record of the Master's teaching content (kusens) and his style of presentation during a practice sesshin (retreat) of several days.

Deshimaru spoke in English, and his words were recorded and compiled from notes taken by the editor (Coupey) and other students. His subjects are as timely today as they were in the late '70s. At a time when contemporary Zen practice has been co-opted by the culture of "new and now," his teachings do not compromise. This is no self-oriented "wellness Zen" cultivated for feeling more relaxed. This is the real deal, a call to a stark, "no-gain" approach to clear perception of reality from one who studied and practiced this tradition fully aligned to its source. As such, this book is a precious vehicle of direct transmission.

Tuesday Nights in 1980 BRILL

The Way of True Zen is a compilation of the most influential writings of Master Deshimaru, covering a broad array of Zen and Buddhist related ideas. Explored are such topics as the "Fukanzazengi" (Dogen's instructions on zazen sitting practice), "The Spirit of Zen", and "Hishiryo" (beyond thinking and non-thinking). These are core teachings in Soto Zen, and Deshimaru offers them in a very readable modern dialogue.

The Logic of Decision and Action SCB Distributors

"Prodependence," a new psychological term created by Robert Weiss to describe healthy interdependence in the modern world, turns this around. Rather than preaching detachment and distance over continued bonding and assistance, as so many therapists, self-help books, and 12-step groups currently do, prodependence celebrates the human need for and pursuit of intimate connection, viewing this as a positive force for change. Simply stated, prodependence occurs when attachment relationships are mutually beneficial--with one person's strengths filling in the weak points of the other, and vice versa. And this can occur even when an addiction is present

Zen & Karma Editions Amphora

The wisdom found on these pages is deceptively simple yet infinitely useful. Aoyama cuts through to the essence of each topic she discusses. Her immense sense of calm and tranquility is transferable to the reader due to her eloquent writing style and choice of accentuating quotes. If enlightenment could be bottled, this book would be that bottle.

The Way of True Zen Manchester University Press

Living your purpose takes some real effort and is not for the faint of heart. It requires listening for that delicate whisper and heeding the urgent inner calling that directs you, often in the most inconvenient directions. Passionately Striving in Why is a triumphant collection of contributions from 25 women from around the world.

Passionately Striving in Why Cambridge English

"This photographic opus expresses the sublime beauty of the people, nature, and places of this legendary region of India. From palaces to singular creative interiors, this promenade through the myriad colors and traditional handicrafts of Rajasthan captures the idealized Western dream of the Orient" -- Publisher's description.

Landscape Design Macmillan + ORM

A masterpiece of simplicity and beauty, Kinshu is an epistolary novel by one of Japan's most popular literary authors. Life, death, karma--these interwoven themes form the heart of Teru Miyamoto's lyrical novel in letters, Kinshu: Autumn Brocade, the first work to be published in the U.S. by this internationally acclaimed author. The word kinshu has many connotations--

brocade, poetic writing, the brilliance of autumn leaves--and here resonates as a vibrant metaphor for the complex, intimate relationship between Aki and Yasuaki, a divorced and long-estranged couple. Ten years after their divorce, they meet by chance at a mountain resort. In a flood of emotions and memories, Aki initiates a new correspondence, and letter by letter through the seasons, the secrets of their past unfold as they reflect on their present struggles. From a lover's suicide to a father's controlling demands, the story moves seamlessly through their deeply introspective exchanges. What begins as a series of accusations and apologies, questions and excuses, turns into a source of mutual support and healing.

The Book of Alphabets and Layouts, Designs, Scrolls, Panel Ends, Descriptive Matter New Directions Publishing

In providing a counterweight to the notion that political violence has irrevocably changed in a globalised world, Violence and the state offers an original and innovative way in which to understand political violence across a range of discipline areas. It explores the complex relationship between the state and its continued use of violence through a variety of historical and contemporary case studies, including the Napoleonic Wars, Nazi and Soviet 'eliticide', the consolidation of authority in modern China, post-Soviet Russia, and international criminal tribunals. It also looks at humanitarian intervention in cases of organised violence, and the willingness of elites to alter their attitude to violence if it is an instrument to achieve their own ends. The interdisciplinary approach, which spans history, sociology, international law and International Relations, ensures that this book will be invaluable to a broad cross-section of scholars and politically engaged readers alike.

Cambridge English Empower Elementary Presentation Plus with Student's Book and Workbook Health Communications, Inc.

"An intoxicating Manhattan fairy tale...As affecting as it is absorbing. A thrilling debut." —Kirkus Reviews (starred review) "A vital, sensuous, edgy, and suspenseful tale of longing, rage, fear, compulsion, and love." —Booklist (starred review) A transcendent debut novel that follows a critic, an artist, and a desirous, determined young woman as they find their way—and ultimately collide—amid the ever-evolving New York City art scene of the 1980s. Welcome to SoHo at the onset of the eighties: a gritty, not-yet-gentrified playground for artists and writers looking to make it in the big city. Among them: James Bennett, a synesthetic art critic for the New York Times whose unlikely condition enables him to describe art in profound, magical ways, and Raul Engales, an exiled Argentinian painter running from his past and the Dirty War that has enveloped his country. As the two men ascend in the downtown arts scene, dual tragedies strike, and each is faced with a loss that acutely affects his relationship to life and to art. It is not until they are inadvertently brought together by Lucy Olliason—a small town beauty and Raul's muse—and a young orphan boy sent mysteriously from Buenos Aires, that James and Raul are able to rediscover some semblance of what they've lost. As inventive as Jennifer Egan's *A Visit From The Goon Squad* and as sweeping as Meg Wolitzer's *The Interestings*, *Tuesday Nights in 1980* boldly renders a complex moment when the meaning and nature of art is being all but upended, and New York City as a whole is reinventing itself. In risk-taking prose that is as powerful as it is playful, Molly Prentiss deftly explores the need for beauty, community, creation, and love in an ever-changing urban landscape.

Character Text for Beginning Chinese Odile Jacob

From ancient Egyptian royal cemeteries to great 18th-century English estates and the earth works of today, this volume spans the history of landscape design, revealing a great deal about the development of societies, and how cities, parks and gardens

embody cultural values.
