In *TV Snapshots*, Lynn Spigel explores snapshots of people posing in front of their television sets in the 1950s through the early 1970s. Like today's selfies, TV snapshots were a popular photographic practice through which people visualized their lives in an increasingly mediated culture. Drawing on her collection of over 5,000 TV snapshots, Spigel shows that people did not just watch TV: women used the TV set as a backdrop for fashion and glamour poses; people dressed in drag in front of the screen; and in pinup poses, people even turned the TV setting into a space for erotic display. While the television industry promoted on-screen images of white nuclear families in suburban homes, the snapshots depict a broad range of people across racial, ethnic, and class backgrounds that do not always conform to the reigning middle-class nuclear family ideal. Showing how the television set became a central presence in the home that exceeded its mass entertainment function, Spigel highlights how TV snapshots complicate understandings of the significance of television in everyday life.

#1 New York Times Bestseller "Amy Schumer's book will make you love her even more. For a comedian of unbridled (and generally hilarious) causticity, Schumer has written a probing, confessional, unguarded, and, yes, majorly humanizing non-memoir, a book that trades less on sarcasm, and more on emotional resonance." —Vogue "The Girl with the Lower Back Tattoo is an alternately meditative, sexually explicit, side-splittingly hilarious, heart-wrenching, disturbing, passionately political, and always staggeringly authentic ride through the highs and lows of the comedic powerhouse's life to date." —Harper's Bazaar "This is your happy hour with Amy Schumer...It's Bossypants meets *Trainwreck* meets your long weekend." —TheSkimm "Amy's got your back. She's in your corner. She's an honesty bomb. And she's coming for you." —Actress Tilda Swinton and *Trainwreck* co-star The Emmy Award-winning comedian, actress, writer, and star of *Inside Amy Schumer*, *Hulu's Life & Beth*, and the acclaimed film *Trainwreck* has taken the entertainment world by storm with her winning blend of smart, satirical humor. Now, Amy Schumer has written a refreshingly candid and uproariously funny collection of (extremely) personal and observational essays. In *The Girl with the Lower Back Tattoo*, Amy mines her past for stories about her teenage years, her family, relationships, and sex and shares the experiences that have shaped who she is—a woman with the courage to bare her soul to stand up for what she believes in, all while making us laugh. Ranging from the raucous to the romantic, the heartfelt to the harrowing, this highly entertaining and universally appealing collection is the literary equivalent of a night out with your best friend—an unforgettable and fun adventure that you wish could last forever. Whether she's experiencing lust-at-first-sight while in the airport security line, sharing her own views on love and marriage, admitting to being an introvert, or discovering her

cross-fit instructor's secret bad habit, Amy Schumer proves to be a bighearted, brave, and thoughtful storyteller that will leave you nodding your head in recognition, laughing out loud, and sobbing uncontrollably—but only because it's over.

Hollywood movies are famous for promoting negative stereotypes of all kinds, especially against minorities, women, Southerners, and Christians. To what extent are biographical films selected for production according to certain biases, conscious or unconscious, among the Hollywood elite? An expert on the U.S. film industry gives readers brief synopses of Hollywood biopics produced and/or released from 1912 through 1994. This survey provides the basis for discussion and analysis. Tracking these one-sided depictions over a longer period of time, the patterns of bias - and the source of the problem - become more clear. The problem appears to be that most of the people who have green-light authority in the U.S. film industry - for either the production and/or distribution of a motion picture - share a common ethnic/religious/cultural background. Thus, the stories of their own cohort and those of all other ethnic, religious and/or cultural groups (whose members seldom achieve positions of power in Hollywood) are being filtered through the cultural sensibilities of a single group. John Cones suggests that the solution could lie in increasing diversity at the highest levels in the U.S. film industry.
