Here, presented in English for the first time in a translation by Brian Stableford, is one of Octave Mirbeau's darkest works: a fictionalized account of the death of the giant of French letters, -HonorE de Balzac. Among his journalistic endeavors, Mirbeau contributed a large number of short stories to

the newspapers in the fin-de-siEcle period, and he honed his skill in that kind of work to near-perfection. Many of his anecdotal short stories make the customary tokenistic pretences to be "true," and there is a considerable gray area between his explicit works of fiction, and articles that represent themselves falsely as reportage. None of his other impostures of that -ambiguous kind, however, are quite as brazen or as seductively -persuasive in their deception as the triptych making up The Death of Balzac, which, seen purely as a literary exercise, is a masterpiece of sorts, in terms of the persuasiveness of its mendacious execution and the elegance of its narration. It is a gripping and affectively powerful story, artful in its very atrocity; a prime specimen of the work of an exceptional writer.

C♦sar is a man of peasant origins from the Touraine region. At the start of the novel, in 1819, he owns a successful perfume shop, La Reine des Roses, he has been elected deputy mayor of his arrondissement in Paris, and he has been awarded the Legion of Honour. During the revolution he took part in the Royalist 13 Vend♦miare uprising against the Republic, at one stage confronting Napoleon Bonaparte himself, and he mentions this often in conversation. He is married to Constance and has a daughter Cesarine. He plans to throw a ball at his home, and make renovations to his home for the ball. He becomes involved in property speculation with borrowed money, through his notary Roguin. He plans to expand his business with a new hair oil product, with his assistant Anselme Popinot (who is in love with Cesarine) as his business partner. All of these plans have caused him to run up large debts.What he does not realise is that Roguin has money problems of his own, and that C♦sar's former shop assistant Ferdinand du Tillet, now a banker, is manipulating Roguin in order to have revenge against C♦sar. His financial situation becomes a crisis when Roguin

absconds and leaves César with debts that he is not able to pay. His attempts to get financial assistance from various bankers such as Nucingen, the Keller brothers and Gigonnet fail, since all are friends of du Tillet and acting on his instructions. This leads him to declare bankruptcy, sell La Reine des Roses to his assistant Celestin Crevel and retire from business.Eventually César pays off all of his debts when his business venture with Popinot succeeds. He then dies suddenly, but happy that his honour has been restored.

La Comédie Humaine Of Honoré De Balzac Rise and Fall of Cesar Birotteau

This is a magnum-opus and one of the most widely read novels written by Balzac. It is a story of a young and eager man, Rastignac, who is determined to succeed at any cost. The novel contains deep sense of family values where a father sacrifices his all means for his two daughters.

Moreover, Balzacâ(tm)s portrayal of Parisian aristocracy and human behaviour is conspicuous. Worth-read!

La Comédie Humaine of Honoré de Balzac: Scenes from Parisian Life. 1. The rise and fall of César Birotteau. 2. The secrets of a princess Palala Press Set in early 19th-century Paris, it tells the story of a young man who finds a magic piece of shagreen that fulfills his every desire. For each wish granted, however, the skin shrinks and consumes a portion of his physical energy. Bent on killing himself by throwing himself into the Seine after losing his shirt at the gaming tables, Raphael de Valentin, the romanticised, doomed young hero of Balzac's early novel, 'La Peau de chagrin' (1831), turns into an antiques shop to while away the hours till darkness (when he can be sure not to be rescued). There he finds himself in an emporium of civilisation's treasures, from all over the world and in every marvellous material, executed to the highest degree of human art. Eventually, the eerie, wizened keeper appears and shows Valentin the magic skin which gives the novel its title. It's the hide of a wild ass and, like the ring of the Nibelungen, has the power to grant its owner every wish. But in return it will take possession of Valentin, body and soul. Every time it performs, it will shrink and Valentin's life will shorten in accord.

"Balzac [was] the master unequalled in the art of painting humanity as it exists in modern society," wrote George Sand. "He searched and dared everything." Written between 1837 and 1843, *Lost Illusions* reveals, perhaps better than any other of Balzac's ninety-two novels, the nature and scope of his genius. The story of Lucien Chardon, a young poet from Angoulême who tries desperately to make a name for himself in Paris, is a brilliantly realistic and boldly satirical portrait of provincial manners and aristocratic life. Handsome and ambitious but naïve, Lucien is patronized by the beau monde as represented by Madame de Bargeton and her cousin, the formidable Marquise d'Espard, only to be duped by them. Denied the social rank he thought would be his, Lucien discards his poetic aspirations and turns to hack journalism; his descent into Parisian low life ultimately leads to his own death. "Balzac was both a greedy child and an indefatigable observer of a greedy age, at once a fantastic and a genius, yet possessing a simple core of common sense," noted V. S. Pritchett, one of his several biographers. Another, André Maurois, concluded: "Balzac was by turns a saint, a criminal, an honest judge, a corrupt judge, a minister, a fob, a harlot, a duchess, and always a genius." This Modern Library edition presents the translation by Kathleen Raine.

When he arrived at Ville d'Avray, Lord Lewin saw at once that Marie-Gaston had all the symptoms of incipient mania. Invisible to other eyes, they were apparent to those of Lord Lewin. In speaking to me of our poor friend, he used the word chiffonait, - meaning that he picked up rubbish as he walked, bits of straw, scraps of paper, rusty nails, and put them carefully into his pocket. That, he informed me, is a marked symptom well known to those who study the first stages of insanity. Enticing him to the subject of their conversations in Florence, he obtained the fact that the poor fellow meditated suicide, and the reason for it. Every night, Gaston told him, his wife appeared to him, and he had now resolved to rejoin her, to use his own expression. Instead of opposing this idea, Lord Lewin took a tone of approval. "But," he said, " men such as we ought not to die in a common way. I myself have always had the idea of going to South America, where, not far from Paraguay, there is one of the greatest cataracts in the world, --the Saut de Gayra. The mists rising from it can be seen at a distance of many miles. An enormous volume of water is suddenly forced through a narrow channel, and rushes with terrific force and the noise of a hundred thunder-claps into the gulf below. There, indeed, one could find a noble death." " Let us go there," said Gaston. " Yes," said Lord Lewin, " I am ready to go at once; we must sail from England; it will take a few weeks to get there." In this way, madame, he enticed our poor friend to England, where, as you will already have supposed, he has placed him in charge of Doctor Ellis, who, they say, has...
