For nearly a century, the work of Belgian crime writer and psychological novelist Georges Simenon, creator of Chief Inspector Maigret, has captivated readers worldwide. This investigation situates Simenon's work in its historical context and interprets it as a reaction to shifting gender relations in Western society. Simenon's compelling narratives capture the anxieties of men whose patriarchal position was under threat in an era of insurgent feminist movements. These concerns are also evident in Simenon's pervasive preoccupation with sexuality, as well as his political stance that stems from his petit-bourgeois upbringing. This groundbreaking study includes interwoven

commentary on all 191 novels Simenon published under his own name, including several that have never been translated into English, as well as a number of short stories and several pseudonymous works.

Il volume raccoglie gli atti del XXème Congrès International de la Société Rencesvals pour l'étude des épopées romanes (Sapienza - Università di Roma, 20-24 luglio 2015) e presenta lo stato dell'arte e le ricerche in corso sull'epica romanza medievale propriamente detta, sulla sua posterità nell'età moderna e sulla produzione non romanza a essa correlata, offrendo un panorama ricco – se non completo – degli attuali orientamenti scientifici e dei risultati raggiunti. Per il congresso di Roma – cui hanno preso parte studiosi provenienti dall'Europa, dal Nord e dal Sud America e dall'Africa – sono stati proposti i seguenti temi: I. Rome et l'Italie dans les chansons de geste; II. Phénomènes de cyclisation: grandes et petites gestes; III. Le XVe siècle: proses et renouvellements; IV. L'histoire des recherches sur la matière de France; a questi si aggiungono gli interventi raccolti nella sezione Varia.

Complete catalogue and index of one of the largest collections of its kind of French Revolutionary and Napoleonic newspapers pamphlets and official publications covering the years 1789-1815. Over 20,000 listings are preceded by an introduction

giving a history of the collection, a survey of other notable French Revolution collections, and a biographical essay on William S. Maclure. William S. Maclure (1763-1840) was a wealthy Philadelphia merchant, a radical social reformer, and our first scientific geologist. His huge collection of French Revolutionary publications is one of the greatest libraries of its kind to be formed during the period of the Revolution. Maclure bestowed the collection on the Philadelphia Academy of the Natural Sciences in 1821, and the Academy in turn gave the collection to the Historical Society of Philadelphia, In 1949 it was acquired by the University of Pennsylvania.

Lonard Bourdon: The Career of a Revolutionary, 1754-1807 illustrates the ways in which one individual was affected by and influenced the long and turbulent course of the French Revolution. It also rescues an active, intelligent and interesting man from a prolonged period of scholarly neglect and redeems his reputation from being perceived as a particularly cruel revolutionary terrorist. Sydenham follows Bourdon's political career from the final days of the old monarchy through Bourdon's active participation in the Revolution. Bourdon was always aware that political development must be accompanied by educational change, and his lifelong interest in education is an integral part of his story. Bourdon left remarkably few personal papers. During the painstaking exploration for details of his life, several critical as well as unfamiliar events of the period have been illuminated, suggesting that similar misrepresentations of many other relatively unknown French revolutionaries have distorted current

understanding of this period, crucial to the growth and development of modern democracy.

Au coeur de la forêt guyanaise, un ouvrier est abattu. Parce que l'accident a eu lieu sur son ancien terrain d'étude, Yves Noël doit revenir pour participer à l'enquête. Mais il n'est plus le bienvenu. Ni de ses deux anciens collègues, qui campaient, seuls, avec la victime. Ni des secrétaires du centre. Ni même de cette fascinante jeune femme qu'il avait à peine osé aborder deux ans plus tôt, et qui prétend ne plus le reconnaître. Mais plus l'enquête avance, plus cette piste qu'il imaginait déserte se trouve au carrefour de mystérieux rendez-vous. Et, malheureusement pour lui, la jeune femme y est de moins en moins étrangère. Yves désire-t-il vraiment savoir la vérité ?

For a post-human hitchhiker, human life – with its anxiety, ageing, illness and constant need for problem-solving – may look unviable. Yet, for humans, the life struggle is softened by human touch, human emotion and human cooperation. The Global Encyclopaedia of Informality, Volume 3 continues the journey of the two previous volumes into the world's open secrets,

unwritten rules and hidden practices. It focuses on issues of emotional ambivalence and pressures of the digital age. The informal practices presented in this volume demonstrate the urgency of alleviating tensions between continuity and all-too-rapid change and the need to tackle the central problem of modern societies – uncertainty. The volume takes a reader on a 'biographical' journey through elusive, taken-for-granted or banal ways of getting things done from over 70 countries and world regions. It offers innovative understanding of the significance of fringes, and challenges the assumption that informality is associated exclusively with poverty, underdevelopment, the Global South, oppressive regimes or the former socialist countries of Eastern Europe and Central Asia. It also maps the patterns of informality around the globe; identifies specific informal practices in a context-sensitive way; and documents their ambivalent impact on people engaged in problem-solving, on societies in which these problems arise, and on humanity overall. Praise for The Global Encyclopaedia of Informality, Volume 3 'This book tells a story of human cooperation. It is not the narrative you'll find in books teaching you how to solve problems. It is an assemblage of something much more endemic, fundamentally human, and much more pervasive than we tend to think of informality. It involves money and power, but also the alternative currencies of gaining advantage or gaming the system.' Bruce Schneier, author of A Hacker's Mind 'Alena Ledeneva's latest database of rule bending is a goldmine for documentary makers and storytellers. Entries from 70 countries, covering a human lifespan from Chinese "anchor babies" to funeral feasts in Azerbaijan, offer remarkable insights into the way the world really works.' Lucy

In *Between the Queen and the Cabby*, John Cole provides the first full translation of de Gouges's *Rights of Woman* and the first systematic commentary on its declaration, its attempt to envision a non-marital partnership agreement, and its support for persons of colour. Cole compares and contrasts de Gouges's two texts, explaining how the original text was both her model and her foil. By adding a proposed marriage contract to her pamphlet, she sought to turn the ideas of the French Revolution into a concrete way of life for women. Further examination of her work as a playwright suggests that she supported equality not only for women but for slaves as well. Cole highlights the historical context of de Gouges's writing, going beyond the inherent sexism and misogyny of the time in exploring why her work did not receive the reaction or achieve the influential status she had hoped for. Read in isolation in the gender-conscious twenty-first century, de Gouges's *Rights of Woman* may seem ordinary. However, none of her contemporaries, neither the Marquis de Condorcet nor Mary Wollstonecraft, published more widely on current affairs, so boldly attempted to extend democratic principles to women, or so clearly related the public and private

spheres. Read in light of her eventual condemnation by the Revolutionary Tribunal, her words become tragically foresighted: "Woman has the right to mount the Scaffold; she must also have that of mounting the Rostrum."

Investigating Simenon Routledge

In the first major study of representations of World War II in French crime fiction, Margaret-Anne Hutton draws on a corpus of over a hundred and fifty texts spanning more than sixty years. Included are well-known writers (male and female) such as Aubert, Simenon, Boileau-Narcejak, Vargas, Daeninckx, and Jonquet, as well as a broad range of lesser-known authors. Hutton's introduction situates her study within the larger framework of literary representations of World War II, setting the stage for her discussions of genre; the problem of defining crimes and criminals in the context of the war; the epistemological issues that arise in the relationship between World War II historiography and the crime novel; and the temporal textures linking past crimes to the present. Filling a gap in the fields of crime fiction and fictional representations of the War, Hutton's book calls into question the way both crime fiction and the French theatre of World War II have been conceptualized and codified.

Based on his own experiences, Georges Simenon tells of a period in his youth when he was befriended by three men. Unbeknownst to him, these three would go on to commit a series of wholly reprehensible crimes. Yet it was only by chance that these travesties inspired Simenon to become a crime writer, rather

than tread the path of evil himself. One of the 20th century's most prolific and widely read authors, Georges Simenon (1903-1989) is widely recognized as one of the most skillful and literate writers of detective fiction, famed for his Commissaire Maigret novels.

«**Par deviers Rome m'en revenrai errant**» Routledge Céleste de Chabrilan, former courtesan and widow of the first French Consul to Melbourne, became the most prolific female stage writer in nineteenth-century France. Forever haunted by her scandalous past, Céleste fought to hold her place in an artistic world dominated by men. Courtesan and Countess tells the story not only of her struggle as a creative artist to survive and earn a living, but also of her fascinating life at the centre of the bohemian circles of Paris, surrounded by friends such as Alexandre Dumas père, Georges Bizet and Prince Napoléon. Courtesan and Countess paints a portrait of a remarkable woman and of the turbulent world of Paris during the Belle Epoque. Lost for more than eighty years until discovered by the authors in the attic of a French country manor, these are the unpublished and final set of memoirs from Céleste de Chabrilan.

King Henry III of France has not suffered well at the hands of posterity. Generally depicted as at best a self-indulgent,

ineffectual ruler, and at worst a debauched tyrant responsible for a series of catastrophic political blunders, his reputation has long been a poor one. Yet recent scholarship has begun to question the validity of this judgment and look for a more rounded assessment of the man and his reign. For, as this new biography of Henry demonstrates, there is far more to this fascinating monarch than the pantomime villain depicted by previous generations of historians and novelists. Based upon a rich and diverse range of primary sources, this book traces Henry's life from his birth in 1551, the sixth child of Henri II and Catherine de' Medici. It following his upbringing as the Wars of Religion began to tear France apart, his election as king of Poland in 1573, and his assumption of the French crown a year later following the death of his brother Charles IX. The first English-language biography of Henry for over 150 years, this study thoroughly and dispassionately reassesses his life in light of recent scholarship and in the context of broader European diplomatic, political and religious history. In so doing the book not only provides a more nuanced portrait of the monarch himself, but also helps us better understand the history of France during this traumatic time.

L' ordre de Tara - Tome 2 Wilfrid Laurier Univ. Press

All societies are constructed, based on specific rules, norms, and laws. Hence, all ethics and morality are predicated on perceived right or wrong behavior, and much of human culture proves to be the result of a larger discourse on vices and virtues, transgression and ideals, right and wrong. The topics covered in this volume, addressing fundamental concerns of the premodern world, deal with allegedly criminal, or simply wrong behavior which demanded punishment. Sometimes this affected whole

groups of people, such as the innocently persecuted Jews, sometimes individuals, such as violent and evil princes. The issue at stake here embraces all of society since it can only survive if a general framework is observed that is based in some way on justice and peace. But literature and the visual arts provide many examples of open and public protests against wrongdoings, ill-conceived ideas and concepts, and stark crimes, such as theft, rape, and murder. In fact, poetic statements or paintings could carry significant potentials against those who deliberately

transgressed moral and ethical norms, or who even targeted themselves.
