**Shadow Chaser** New York Review of

Books

In the late nineteenth century, as cities like Boston and New York grew more congested, the streets became clogged with plodding, horse-drawn carts. When the great blizzard of 1888 crippled the entire northeast, a solution had to be found. Two brothers from one of the nation's great families-Henry Melville Whitney of Boston and William Collins Whitney of New York-pursued the dream of his city digging America's first subway, and the great race was on. The competition between Boston and New York played out in an era not unlike our own, one of economic upheaval, life-changing innovations, class warfare, bitter political tensions, and the question of America's place in the world. The Race Underground is peopled with the famous, like Boss Tweed, Grover Cleveland and Thomas Edison, and the not-so-famous, from brilliant engineers to the countless "sandhogs" who shoveled, hoisted and blasted their way into the earth's crust, sometimes losing their lives in the construction of the tunnels. Doug Most chronicles the science of the subway, looks at the centuries of fears people

overcame about traveling underground and tells a story as exciting as any ever ripped from the pages of U.S. history. The Race Underground is a great American saga of two rival American cities, their rich, powerful and sometimes corrupt interests, and an invention that changed the lives of millions.

The Children's Blizzard Simon and Schuster

The aging orc shaman Ner'zhul has seized control of the Horde and reopened the Dark Portal. His brutal warriors once again encroach upon Azeroth, laying siege to the newly constructed stronghold of Nethergarde Keep. There, the archmage Khadgar and the Alliance commander, Turalyon, lead humanity and its elven and dwarven allies in fighting this new invasion. Even so, disturbing questions arise. Khadgar learns of orcish incursions farther abroad: small groups of orcs who seem to pursue a goal other than simple conquest. Worse yet, black dragons have been sighted as well, and they appear to be aiding the orcs. To counter Ner'zhul's dark schemes, the Alliance must now invade the orcs' ruined homeworld of Draenor. Can Khadgar and his companions

stop the nefarious shaman in time to stave off the destruction of two worlds?

"In climbing the Seven Summits, Silvia Vasquez-Lavado did nothing less than take back her own life—one brave step at a time. She will inspire untold numbers of souls with this story, for her victory is a win on behalf of all of us."—Elizabeth Gilbert  
Endless ice. Thin air. The threat of dropping into nothingness thousands of feet below. This is the climb Silvia Vasquez-Lavado braves in her page-turning, pulse-raising memoir chronicling her journey to Mount Everest. A Latina hero in the elite macho tech world of Silicon Valley, privately, she was hanging by a thread. Deep in the throes of alcoholism, hiding her sexuality from her family, and repressing the abuse she'd suffered as a child, she started climbing. Something about the brute force required for the ascent—the risk and spirit and sheer size of the mountains and death's close proximity—woke her up. She then took her biggest pain as a survivor to the biggest mountain: Everest. "The Mother of the World," as it's known in Nepal, allows few to reach her summit, but Silvia didn't

go alone. She gathered a group of young female survivors and led them to base camp alongside her. It was never easy. At times hair-raising, nerve-racking, and always challenging, Silvia remembers the acute anxiety of leading a group of novice climbers to Everest's base, all the while coping with her own nerves of summiting. But, there were also moments of peace, joy, and healing with the strength of her fellow survivors and community propelling her forward. In the Shadow of the Mountain is a remarkable story of heroism, one which awakens in all of us a lust for adventure, an appetite for risk, and faith in our own resilience.

**Blood Song** University of Illinois Press  
New York Times bestselling author Paula Brackston transports readers to the windswept mountains of Wales in *The Winter Witch*, an enthralling tale of love and magic. In her small early nineteenth

century Welsh town, there is no one quite like Morgana. She is small and quick and pretty enough to attract a suitor, but there are things that set her apart from other girls. Though her mind is sharp she has not spoken since she was a young girl. Her silence is a mystery, as well as her magic—the household objects that seem to move at her command, the bad luck that visits those who do her ill. Concerned for her safety, her mother is anxious to see Morgana married, and Cai Jenkins, the widowed drover from the far hills who knows nothing of the rumors that swirl around her, seems the best choice. After her wedding, Morgana is heartbroken at leaving her mother, and wary of this man, whom she does not know, and who will take her away to begin a new life. But she soon falls in love with Cai's farm and the wild mountains that surround it. Here, where frail humans are at the mercy of the elements, she thrives, her wild nature and her magic blossoming. Cai works to understand the beautiful, half-tamed creature he has chosen for a bride, and slowly, he begins to win Morgana's affections. It's not long, however, before her strangeness begins to be remarked

upon in her new village. A dark force is at work there—a person who will stop at nothing to turn the townspeople against Morgana, even at the expense of those closest to her. Forced to defend her home, her man, and herself from all comers, Morgana must learn to harness her power, or she will lose everything in this beautifully written, enchanting novel. Shadows on the Tundra StarCraft: Blizzard Legends

A panoramic novel set in New York City during the catastrophic blizzard of February 1978 On the night of February 6, 1978, an overwhelming nor'easter struck the city of New York. On that night, on the Upper West Side of Manhattan, in a penthouse apartment of the stately Apelles, a crowd gathered for a grand party. And on that night Mr. Albert Haynes Caldwell—a partner emeritus at Swank, Brady & Plescher; Harvard class of '26; father of three; widower; atheist; and fiscal conservative—hatched a plan to fake a medical emergency and toss himself into the Hudson River, where he would drown. Jack Livings's The Blizzard Party is the story of that night.
