Despite intense media scrutiny, only a small percentage of the American government's most essential information reaches the average person. This withholding of information is dangerous in a democratic society, where openness is a cherished value. Here are some samples of the topics included in *Who Needs to Know?*: The history, use, and abuse of national security classification; The state of the Freedom of Information Act in the Bush Administration; Examination of the concept of sensitive but unclassified and the proliferation of such markings to shut off access to information; The administration's suppression of government science and scientists and its impact on policy and on government employees; The manipulation of the media for both political and ideological reasons; Suggestions on how to connect and communicate with organizations and your elected officials to effect a positive change in the state of public access to federal government information. We the people need to understand how to interact with our government, engage in public policy decision-making, and hold the government (and those who act on its behalf or under its regulations) accountable for sharing information. Dr. McDermott provides historical context on this issue, along with expert insights and useful recommendations from her years at the forefront of the battle to protect the public's right to know.

From the creator of the popular website *Ask a Manager* and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office

because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for *Ask a Manager* "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's *Ask a Manager* column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together* **Business Communications (According to NEP - 2020)** Scientific e-Resources This book gives the student a step-by-step format for the creation and construction of their individual reports on one of the fifty states.
