Akhenaten Adventure Ember

Meet John and Philippa Gaunt, twelve-year-old twins who one day discover themselves to be descended from a long line of djinn. All of a sudden, they have the power to grant wishes, travel to extraordinary places, and make people and objects disappear. Luckily, the twins are introduced to their eccentric djinn-uncle Nimrod, who will teach them how to harness their newly found power. And not a moment too soon . . . since John and Philippa are about to embark on a search to locate a monstrous pharaoh named Akhenaten and his eerie tomb.

Rage Within: Dark Inside Book 2 Macmillan

“Galloping suspense dominates this riveting sequel to the post-apocalyptic *Dark Inside*” (Kirkus Reviews) as four teens continue the struggle for survival in a world gone mad. Ariès, Clementine, Michael, and Mason have survived the first wave of the apocalypse that wiped out most of the world’s population and turned many of the rest into murderous Baggers. Now they’re hiding out in an abandoned house in Vancouver with a ragtag

group of fellow teen survivors, trying to figure out their next move. Ariès is trying to lead, but it’s hard to be a leader when there are no easy answers and every move feels wrong. Clementine is desperate to find her brother Heath, but it’s impossible to know where he’d be, assuming he’s alive. Michael is haunted by the memories of his actions during his harrowing struggle to survive. And Mason is struggling with something far worse: the fear that he may be a danger to his friends. As the Baggers begin to create a new world order, these four teens will have to trust and rely on each other in order to survive.

Eat, Brains, Love Penguin

Four teens struggle to survive in an apocalyptic world gone mad in this “brilliant novel that is a fascinating blend between *I Am Legend* and *The Hunger Games*” (VOYA). Since the beginning of mankind, civilizations have fallen: the Romans, the Greeks, the Aztecs...and now us. Huge earthquakes rock the world. Cities are destroyed. But something even more awful is happening: An ancient evil has been unleashed, and it’s turning everyday people into hunters, killers, and crazies. This is the world Ariès, Clementine, Michael, and Mason are living in—or rather, trying to survive. Each is fleeing unspeakable horror, from murderous

chaos to brutal natural disasters, and each is traveling the same road in a world gone mad. Amid the throes of the apocalypse and clinging to love and meaning wherever it can be found, these four teens are on a journey into the heart of darkness—and to find each other and a place of safety.

Flame Penguin

It's been nine months since the earthquakes destroyed most of the world and the Baggers awakened. Now Aries, Mason, Clementine and Michael must fight the final battle for their lives. Only this time, the sides aren't quite so clear. And it looks like the only people who can help, are the very killers themselves.

There's a new threat to survival. The Ferals. Baggers who have gone so completely insane, they will kill anything that crosses their paths, including their own kind. Mason knows he can't trust Leon, the Bagger leader. He knows exactly what kind of monster Leon is. But without the Baggers help, they can't stop the Ferals from killing all the survivors, especially the ones still being held hostage at the Plaza of Nations. And it doesn't help that Daniel is back, determined to save Aries from everyone, including himself. With the Ferals closing in, the four friends must make tough decisions. Who can you trust in a world where everyone wants you dead? Trust nothing.

The Name on Your Wrist Bloomsbury Publishing USA

Many visitors to Yellowstone National Park don't realize that the boiling hot springs and spraying geysers are caused by an underlying supervolcano, so large that the caldera can only be seen by plane or satellite. And by some scientific measurements, it could be overdue for an eruption. For Alex, being left alone for the weekend means having the freedom to play computer games and hang out with his friends without hassle from his mother. Then the Yellowstone supervolcano erupts, plunging his hometown into a nightmare of darkness, ash, and violence. Alex begins a harrowing trek to search for his family and finds help in Darla, a travel partner he meets along the way. Together they must find the strength and skills to survive and outlast an epic disaster.

Darkest Night (Department 19, Book 5) Carolrhoda Books

Transported through a "gate" to the mysterious island of Nil, seventeen-year-old Charley has 365 days to escape—or she will die.

The Bodies We Wear Feiwel & Friends

In Corin's world, your carpinomen - the name of your soul mate, marked indelibly on your wrist - is everything. It shapes your whole life, and sets out your future. People spend decades searching for the one they're supposed to be with. But what if you never find your soul mate? What if you fall for someone else - someone other than the name on your wrist? And which if - like Corin - you're desperate not to be found?

The Islands at the End of the World Simon and Schuster

In *The Island*, the compelling conclusion of *The Line* trilogy, Rachel and Pathik continue their adventure. Will Indigo's firetales about the mysterious island called Salishan prove to be true? Are there inhabitants, and if so, are they friends or enemies? With no way back to where they came from, what price will Rachel and her loved ones have to pay in order to survive where they've landed? Are the risks they've taken, and the people they've lost forever, worth what they find on the island?

S.A. Bodeen's *The Compound* is a 2009 Bank Street - Best Children's Book of the Year. Eli and his family have lived in the Compound for six years. The world they knew is gone. Eli's father built the Compound to keep them safe. Now, they can't get out. He won't let them.

The Last Man Standing Random House

A thrilling fantasy adventure perfect for fans of Tamora Pierce

and Sarah Maas *Ravaged* by a plague known as Red Death, the planet Gabriel, a former colony of Earth, is a barren wasteland. Since being abandoned by Earth 500 years ago, resources are scarce and life is cheap. To stay alive, the survivors, the Citizens, scavenge the remains of a now dead city, trading for food with the resource-rich Curadores, the only other survivors on Gabriel. Every old computer, every piece of wire, every scrap of metal counts. To steal is the ultimate sin. So when tough-as-nails seventeen-year-old Leica is caught doing just that, she's exiled and left to the mercy of Gabriel's unforgiving desert for the rest of her life. While in exile, Leica discovers a mysterious shuttle, which may not only lead her home, but even more impossible—reestablish contact with Earth. Then Red Death rears its head again, killing her entire work crew, leaving Leica all alone until a handsome Curador offers her refuge in the Dome—the only place on Gabriel untouched by Red Death, where a decadent and sultry life awaits. But there's a catch: Leica can only enter the Dome as his concubine—his Kisaeng. When a rogue group of Citizens see their chance for revolution in Leica's good fortune, she finds herself unraveling a deadly mystery with chilling answers to the true origin of Red Death and the reason Earth really abandoned them so long ago. A richly imagined tale in the vein of Tamora Pierce, *Lotus and Thorn* is a magnificent, epic fantasy adventure.

Mortal Chaos: Speed Freaks Oxford University Press - Children

Benson Fisher thought that a scholarship to Maxfield Academy would be the ticket out of his dead-end life. He was wrong. Now he's trapped in a school that's surrounded by a razor-wire fence. A school where video cameras monitor his every move. Where there are no adults. Where the kids have split into groups in order to survive. Where breaking the rules equals death. But when Benson stumbles upon the school's real secret, he realizes that playing by the rules could spell a fate worse than death, and that escape—his only real hope for survival—may be impossible.

Ashfall Simon and Schuster

An invisible, uncrossable physical barrier encloses the Unified States. The Line is the part of the border that lopped off part of the country, dooming the inhabitants to an unknown fate when the enemy used a banned weapon. It's said that bizarre creatures and superhumans live on the other side, in Away. Nobody except tough old Ms. Moore would ever live next to the Line. Nobody but Rachel and her mother, who went to live there after Rachel's dad died in the last war. It's a safe, quiet life. Until Rachel finds a mysterious recorded message that can only have come from Away. The voice is asking for help. Who sent the message? Why is her mother so protective? And to what lengths is Rachel willing to go in order to do what she thinks is right? View our classroom guide for *The Line* by Teri Hall

It was just another ordinary day at McKinley High—until a massive explosion devastated the school. When loner David Thorpe tried to help his English teacher to safety, the teacher convulsed and died right in front of him. And that was just the beginning. A year later, McKinley has descended into chaos. All the students are infected with a virus that makes them deadly to adults. The school is under military quarantine. The teachers are gone. Violent gangs have formed based on high school social cliques. Without a gang, you're as good as dead. And David has no gang. It's just him and his little brother, Will, against the whole school. In this frighteningly dark and captivating novel, Lex Thomas locks readers inside a school where kids don't fight to be popular, they fight to stay alive.

Variant Simon and Schuster

The world inside an infected Colorado high school quarantined by the government takes a startling turn for the worse when a new

gang enters the school and starts gaining power.

No Dawn Without Darkness Penguin

A bittersweet homecoming holds dark secrets in this heart-wrenching story of loss, love, and survival for readers of Room. When sixteen-year-old Amy returns home, she can't tell her family what's happened to her. She can't tell them where she's been since she and her best friend, her cousin Dee, were kidnapped six years ago—who stole them from their families or what's become of Dee. She has to stay silent because she's afraid of what might happen next, and she's desperate to protect her secrets at any cost. Amy tries to readjust to life at "home," but nothing she does feels right. She's a stranger in her own family, and the guilt that she's the one who returned is insurmountable. Amy soon realizes that keeping secrets won't change what's happened, and they may end up hurting those she loves the most. She has to go back in order to move forward, risking everything along the way. Amy Chelsea Stacie Dee is a riveting, affecting story of loss and hope.

.27 is a number Ruby hates. It's a number that marks the percentage of the population that has survived. It's a number that means she's one of the "lucky" few still standing. And it's a number that says her father is probably dead. Against all odds, Ruby has survived the catastrophic onset of the killer rain. Two weeks after the radio started broadcasting the warning, "It's in the rain. It's fatal and there's no cure," the drinkable water is running out. Ruby's left with two options: persevere on her own, or embark on a treacherous journey across the country to find her father—if he's even still alive.

In this fast-paced survival story set in Hawaii, electronics fail worldwide, the islands become completely isolated, and a strange starscape fills the sky. Leilani and her father embark on a nightmare odyssey from Oahu to their home on the Big Island. Leilani's epilepsy holds a clue to the disaster, if only they can survive as the islands revert to earlier ways. A powerful story enriched by fascinating elements of Hawaiian ecology, culture, and warfare, this captivating and dramatic debut from Austin Aslan is the first of two novels. The author has a master's degree in tropical conservation biology from the University of Hawaii at Hilo. Praise for *Islands at the End of the World*: "A riveting tale of belonging, family, overcoming perceived limitations, and finding a home."--School Library Journal, Starred "Aslan's debut honors Hawaii's unique cultural strengths--family ties and love of home, amplified by geography and history--while remaining true to a genre that affirms the mysterious grandeur of the universe waiting to be discovered."--Kirkus Reviews, Starred "Aslan's debut is a riveting tale of belonging, family, overcoming perceived limitations, and finding a home."--School Library Journal, Starred

Fury Rising Teri Hall

A "masterful and meticulous" feat of reportage that explains one of the central mysteries of the Trump era: the unholy marriage of Trump and the evangelicals, as officiated by the alt-right. *Jane

Mayer, author of *Dark Money* Why did so many evangelicals turn out to vote for Donald Trump, a serial philanderer with questionable conservative credentials who seems to defy Christian values with his every utterance? To a reporter like Sarah Posner, who has been covering the religious right for decades, the answer turns out to be far more intuitive than one might think. In this taut inquiry, Posner digs deep into the radical history of the religious right to reveal how issues of race and xenophobia have always been at the movement's core, and how religion often cloaked anxieties about perceived threats to a white, Christian America. Fueled by an antidemocratic impulse, and united by this narrative of reverse victimization, the religious right and the alt-right support a common agenda—and are actively using the erosion of democratic norms to roll back civil rights advances, stock the judiciary with hard-right judges, defang and deregulate federal agencies, and undermine the credibility of the free press. Increasingly, this formidable bloc is also forging ties with European far right groups, giving momentum to a truly global movement. Revelatory and engrossing, *Unholy* offers a deeper understanding of the ideological underpinnings and forces influencing the course of Republican politics. This is a book that must be read by anyone who cares about the future of American democracy.

The Loners Harper Collins

A laugh-out-loud funny, surprisingly romantic, zombie road trip novel filled with heart—and brains. *Eat, Brains, Love* is perfect for fans of Isaac Marion's *Warm Bodies*. The good news: Jake's dream girl, Amanda Blake, finally knows his name. The bad news: it's because they both contracted a mysterious zombie virus and devoured the brains of half their senior class. Now Jake and Amanda are on the run from Cass, a teen psychic sent by the government's top-secret Necrotic Control Division to track them down. As Jake and Amanda deal with the existential guilt of eating their best friends and set off in search of a cure for the zombie virus, Cass struggles with a growing psychic dilemma of her own—one that will lead all three of them on an epic journey across the country and make them question what it means to truly be alive. Or undead.

The Line Carolrhoda Lab & 8482

"Thanks to Connor, Lev, and Risa, and their high-profile revolt at Happy Jack Harvest Camp, people can no longer turn a blind eye to unwinding. Ridding society of troublesome teens and, in the same stroke, providing much-needed tissues for transplant might be convenient, but its morality has finally been brought into question. However, unwinding has become big business, and there are powerful political and corporate interests that want to see it not only continue, but expand, allowing the unwinding of prisoners and the impoverished. Cam is a teen who does not exist. He is made entirely out of the parts of other unwinds. Cam, a 21st century Frankenstein, struggles with a search for identity and meaning, as well as the concept of his own soul, if indeed a reword being can have one. When a sadistic bounty hunter who takes "trophies" from the unwinds he captures starts to pursue Connor, Risa and Lev, Cam finds his fate inextricably bound with theirs"--
