2019 National Book Award Finalist "Reading it will change you, perhaps forever." —San Francisco Chronicle "Astonishing, powerful, so important at this time." --Margaret Atwood What You Have Heard is True is a devastating, lyrical, and visionary memoir about a young woman's brave choice to engage with horror in order to help others. Written by one of the most gifted poets of her generation, this is the story of a woman's radical act of empathy, and her fateful encounter with an

intriguing man who changes the course of her life. Carolyn Forché is twenty-seven when the mysterious stranger appears on her doorstep. The relative of a friend, he is a charming polymath with a mind as seemingly disordered as it is brilliant. She's heard rumors from her friend about who he might be: a lone wolf, a communist, a CIA operative, a sharpshooter, a revolutionary, a small coffee farmer, but according to her, no one seemed to know for certain. He has driven from El Salvador to invite Forché to visit and learn about his country. Captivated for reasons she doesn't fully understand, she accepts and becomes enmeshed in something beyond her comprehension. Together they meet with high-ranking military officers, impoverished farm workers, and clergy desperately trying to assist the poor and keep the peace. These encounters are a part of his plan to educate her, but also to learn for himself just how close the country is to war. As priests and farm-workers are murdered and protest marches attacked, he is determined to save his country, and Forché is swept up in his work and in the lives of his friends. Pursued by death squads and sheltering in safe houses, the two forge a rich friendship, as she attempts to make sense of what she's experiencing and establish a moral foothold amidst profound suffering. This is the powerful

story of a poet's experience in a country on the verge of war, and a journey toward social conscience in a perilous time.

FINALIST FOR THE 2021 PULITZER PRIZE FOR POETRY "An undisputed literary event." —NPR "History—with its construction and its destruction—is at the heart of *In the Lateness of the World*. . . In [it] one feels the poet cresting a wave—a new wave that will crash onto new lands and unexplored territories." —Hilton Als, *The New Yorker* Over four decades, Carolyn Forché's visionary work has reinvigorated poetry's power to awaken the reader. Her groundbreaking poems have been testimonies, inquiries, and wonderments. They daringly map a territory where poetry asserts our inexhaustible responsibility to one another. Her first new collection in seventeen years, *In the Lateness of the World* is a tenebrous book of crossings, of migrations across oceans and borders but also between the present and the past, life and death. The world here seems to be steadily vanishing, but in the moments before the uncertain end, an illumination arrives and "there is nothing that cannot be seen." *In the Lateness of the World* is a revelation from one of the finest

poets writing today.

What You Have Heard is True Wm. B. Eerdmans Publishing

Carolyn Forché's *The Country Between Us* bears witness to what she saw in El Salvador in the late 1970s, when she travelled around a country erupting into civil war. Documenting killings and other brutal human rights abuses, while working alongside Archbishop Oscar Romero's church group, she found in her poetry the only possible way to come to terms with what she was experiencing first-hand. By 1980, when the fighting was becoming too dangerous, Archbishop Romero urged Forché to return home, asking her to talk to the American people, tell them what is happening to us and convince them to stop the military aid. A week later Archbishop Romero was assassinated. Back in the US, Forché gave readings and talks about US-backed oppression in Central America, but found publishers and critics uncomfortable with the startlingly different poems of this second collection of poems relating to torture, murder, injustice and trauma.

Haven't You Heard? There's a War Going on Multnomah

Carolyn Forché is 27 when a mysterious stranger calling himself Leonel appears on her doorstep, having driven direct from El Salvador. A friend has heard rumours about who he might be - a communist, a CIA operative, a sharpshooter, a revolutionary, a small coffee farmer - but nobody seems to know for certain. Captivated for reasons she doesn't fully understand, she accepts his invitation to visit and learn about his country, and becomes enmeshed in the early stages of a civil war which will see a state turn death squads on its own people and over 100,000 dead. Told across peasant shanties, retired generals' grand homes, protest marches and safe houses on the run, this is the powerful true story of a woman's radical act of empathy and her fateful encounter with an intriguing man who will change the course of her life.

Did You Hear What I Heard? New Haven : Yale University Press

Suppose you could ask God any question and get an answer. What would it be? Young people all over the world have been asking those questions. So Neale Donald Walsch, author of the internationally bestselling *Conversations with God* series had another conversation. *Conversations with God for Teens* is a simple, clear, straight-to-the-point dialogue that answers teens questions about God, money, sex, love, and more. *Conversations with God for Teens* reads like a rap session at a church youth group, where teenagers discuss everything they ever wanted to know about life but were too afraid to ask God. Walsch acts as the verbal conduit, showing teenagers how easy it is to converse with the divine. When Claudia, age 16, from Perth, Australia, asks, "Why can't I just have sex with everybody? What's the big deal?", the answer God offers her is: "Nothing you do will ever be okay with everybody. 'Everybody' is a large word. The real question is can you have sex and have it be okay with you?" There's no doubt that the casual question-and-answer format will help make God feel welcoming and accessible to teens. *Conversations with God for Teens* is the perfect gift purchase for parents, grandparents, and anyone else who wants to provide accessible spiritual content for the teen(s) in their lives.

"What We Have Seen and Heard" Harper Collins

"Blue Hour is an elusive book, because it is ever in pursuit of what the German poet Novalis called 'the [lost] presence beyond appearance.' The longest poem, 'On Earth,' is a transcription of mind passing from life into death, in the form of an abecedary, modeled on ancient gnostic hymns. Other poems in the book, especially 'Nocturne' and 'Blue Hour,' are lyric recoveries of the act of remembering, though the objects of memory seem to us vivid and irretrievable, the rage to summon and cling at once fierce and distracted. "The voice we hear in Blue Hour is a voice both very young and very old. It belongs to someone who has seen everything and who strives imperfectly, desperately, to be equal to what she has seen. The hunger to know is matched here

by a desire to be new, totally without cynicism, open to the shocks of experience as if perpetually for the first time, though unillusioned, wise beyond any possible taint of a false or assumed innocence." -- Robert Boyers

Most agree that West Liberty is a special place. The first majority Hispanic town in Iowa, it has been covered by media giants such as Reuters, Telemundo, NBC, and ESPN. But Chuy Renteria and his friends grew up in the space between these news stories, where a more complicated West Liberty awaits. *We Heard It When We Were Young* tells the story of a young boy, first-generation Mexican American, who is torn between cultures: between immigrant parents trying to acclimate to midwestern life and a town that is, by turns, supportive and disturbingly antagonistic. Renteria looks past the public celebrations of diversity to dive into the private tensions of a community reflecting the changing American landscape. There are culture clashes, breakdancing battles, fistfights, quinceañeras, vandalism, adventures on bicycles, and souped-up lowriders, all set to an early 2000s soundtrack. Renteria and his friends struggle to find their identities and reckon with intergenerational trauma and racism in a town trying to do the same. A humorous and poignant reflection on coming of age, *We Heard It When We Were Young* puts its finger on a particular cultural moment at the turn of the millennium.

I Have Heard of a Land Harper Collins

"Matt Heard writes winsomely and compellingly, answering that quiet aching so many people - yes, even Christians - have that there must be more to life.... I highly recommend *Life With a Capital L!*" - Joni Eareckson Tada, Joni and Friends International Disability Center What is it that you long for? Dream about? Hunger after? We all desire more than just the endurance of our daily routines. But often we feel limited and stuck — like we're merely existing instead of living. That's not the way it was meant to be. God intends the humanity in each of us to be deeply experienced, lavishly enjoyed, and exuberantly celebrated. In fact this is what the gospel is all about. Yes, the gospel. Contrary to conventional thinking — inside and outside the church — following Jesus is not about denying our humanness but embracing it. Rather than acting more spiritual or being more religious, we're called and enabled to become more fully human... and alive. Matt Heard escorts us on a journey of discovery: that Jesus didn't come to save us from our humanity — Christ instead yearns to restore it to what God originally intended. Matt then explores ten key areas where everyday life can become extraordinary Life. Christ promised we could "live life to the full." He didn't just mean eventually. Life with a Capital L is the Life you are longing for. Now.

How to Hear from God FaithWords

It's been two thousand years since the Son of God came into the world. And yet, regrettably, today's leading pastors and theologians still can't agree on the meaning and purpose of His coming. In this book, Maurie Daigneau offers a deeply personal, well-researched, and biblically sound and encouraging solution to that problem. *The Gospel You've Never Heard* is an invitation to all who want to live their lives in accordance with the will of God and make their relationship with the Lord Jesus Christ the priority of their lives. "Daigneau helps us to see beyond words about the Gospel to the meaning of the Gospel as it applies to our moment-by-moment living." - Roger C. Palms, bestselling author and former editor of *Decision* magazine "A more accurate understanding of the 'Good News' that will help all of us live by faith and understand how we can take on the mind of Christ." - Doug Kingsriter, former NFL player "A powerful personal polemic against easy believism and a lack of understanding of the biblical gospel, logically presented and Scripturally defended." - Dr. R. Bruce Bickel, founder and president, Transformational Leadership Group "This book is for all who desire genuine change into the sanctifying life of Christ. It is a call to

wholeheartedly obey the LORD Jesus." - Fr. David Masterson, founder, Gaudete Ministries "In a time of declining global Christianity Maurie Daigneau presents clarity and truth not seen in contemporary Christian writing." - Michael Maroney, president and CEO, *Luxury to Legacy I Heard What You Said; But I Saw What You Did* Saint Pauls/Alba House 2019 National Book Award Finalist "Reading it will change you, perhaps forever." —San Francisco Chronicle "Astonishing, powerful, so important at this time." --Margaret Atwood *What You Have Heard is True* is a devastating, lyrical, and visionary memoir about a young woman's brave choice to engage with horror in order to help others. I Heard My Country Calling AuthorHouse

In the hustle and bustle of today's busy world, sometimes it's hard enough to hear yourself think, much less take a minute to stop and listen for the voice of God. But learning to recognize God's voice and the many ways in which He speaks is vital for following His plan. In *How to Hear from God*, Joyce Meyer shows readers that God reaches out to people every day, seeking a partnership with them to offer guidance and love. She reveals the ways in which God delivers His word and the benefits of asking God for the sensitivity to hear His voice. Joyce asks the question, "Are you listening?" and shares how to do just that.

The Country Between Us Houghton Mifflin Harcourt

In concluding his three volume series of reflections on the Sunday Gospels, Father Dowling throws light in a special way on the nuances to be found in the Gospel of Luke, which plays such a predominant role in Cycle C of the liturgical readings. Ever gender-conscious in his presentation of the teachings of Jesus, Luke made a special effort to follow a lesson in which a man was the protagonist with another in which a woman took the lead. Struck by Our Lord's predilection for the poor, the out-cast, the sick and the sinner, Luke highlights the kindness, the compassion, the empathy and the forgiving nature of Jesus. Drawing on his years of study and long experience as a homilist in a variety of settings, Father Dowling educates and inspires with these brief yet profound reflections in the hope of enriching the spiritual lives of those who make use of them. Homilist and average parishioners will find much to ponder here. All will appreciate the addition of the topical, liturgical and scriptural indices to his three-volume series present in this third book.
