Pastoralism has shaped livelihoods and landscapes on the African

continent for millennia. Mobile livestock husbandry has generally

been portrayed as an economic strategy that successfully met

the challenges of low biomass productivity and environmental

variability in arid and semi-arid environments. This volume

focuses on the emergence, diversity, and inherent dynamics of

pastoralism in Africa based on research during a twelve-year period on the southwest and northeast regions. Unraveling the complex prehistory, history, and contemporary political ecology of African pastoralism, results in insight into the ingenuity and flexibility of historical and contemporary herders.

These are just some of the questions you will find answered in this delightful collection of stories recounting real-life incidents from the life of Sudha Murty-teacher, social worker and bestselling writer. There is the engaging story about one of her students who frequently played truant from school. The account of how her mother's advice to save money came in handy when she wanted to help her husband start a software company, and the heart-warming tale of the promise she made-and fulfilled to her grandfather, to ensure that her little village library would always be well supplied with books. Funny, spirited and inspiring, each of these stories teaches a valuable lesson about the importance of doing what you believe is right and having the courage to realize your dreams.

Written in the last years of Sir Surendranath Banerjea's life, *A Nation in Making* is not only the autobiography of a pioneering leader in Indian politics but also a commentary on public life. In the pages of this book, we are offered insights into the life of the founder of the Indian National Association and twice president of the Indian National Congress. We grasp the vision motivating his landmark appeals-including one to the British to modify the 1905 Partition of Bengal, reinstitute habeas corpus and grant India a Constitution based on the Canadian model. Most of all, we understand the mind of a phenomenal leader-a trailblazer with the refrain, 'agitate, agitate'; a moderate with a quarrel with B. G. Tilak and Mahatma Gandhi; and an ardent exponent of nationalism and a representative form of government. Insightful, honest and sincere, this book immortalizes the work of those who, like Banerjea, 'placed India firmly on the road to constitutional freedom...by constitutional means'
