In his startling and singular new short story collection, David Foster Wallace nudges at the boundaries of fiction with inimitable wit and seductive intelligence. Among the stories are 'The Depressed Person', a dazzling and blackly humorous portrayal of

a woman's mental state; 'Adult World', which reveals a woman's agonised consideration of her confusing sexual relationship with her husband; and 'Brief Interviews with Hideous Men', a dark, hilarious series of portraits of men whose fear of women renders them grotesque. Wallace's stories present a world where the bizarre and the banal are interwoven and where hideous men appear in many different guises. Thought-provoking and playful, this collection confirms David Foster Wallace as one of the most imaginative young writers around. Wallace delights in leftfield

observation, mining the ironic, the surprising and the illuminating from every situation. His new collection will delight his growing number of fans, and provide a perfect introduction for new readers.

What happens when catastrophe becomes an everyday occurrence? Each of the seven stories in Assia Djebar's *The Tongue's Blood Does Not Run Dry* reaches into the void where normal and impossible realities coexist. All the stories were written in 1995 and 1996—a time when, by official accounts, some two hundred thousand Algerians were killed in Islamist assassinations and government army reprisals. Each story grew from a real conversation on the streets of Paris between the author and fellow Algerians about what was happening in their native land. Contemporary events are joined on the page by classical themes in Arab literature, whether in the form of Berber texts sung by the women of the Mزاب or the tales from *The Book of One Thousand and One Nights*. *The Tongue's Blood Does Not Run Dry* beautifully explores the conflicting realities of the role of women in the Arab world. With renowned and unparalleled skill, Assia Djebar gives voice to her longing for a world she has put behind her.

From the winner of the 2015 Man Booker International Prize *The latest novel from "the contemporary Hungarian master of the apocalypse" (Susan Sontag)* Seiobo — a Japanese goddess — has a peach tree in her garden that blossoms once every three thousand years: its fruit brings immortality. In *Seiobo There Below*, we see her returning again and again to mortal realms,

searching for a glimpse of perfection. Beauty, in Krasznahorkai's new novel, reflects, however fleetingly, the sacred — even if we are mostly unable to bear it. Seiobo shows us an ancient Buddha being restored; Perugino managing his workshop; a Japanese Noh actor rehearsing; a fanatic of Baroque music lecturing a handful of old villagers; tourists intruding into the rituals of Japan's most sacred shrine; a heron hunting.... Over these scenes and more — structured by the Fibonacci sequence — Seiobo hovers, watching it all.

First in the classic gothic trilogy. "A masterpiece . . . a moody, melancholy comedy with an underlying wit and profundity that cannot be denied." —Speculiction The basis for the 2000 BBC series Now in development by Showtime As the novel opens, Titus, heir to Lord Sepulchre, has just been born. He stands to inherit the miles of rambling stone and mortar that form Gormenghast Castle. Meanwhile, far away and in the kitchen, a servant named Steerpike escapes his drudgework and begins an auspicious ascent to power. Inside of Gormenghast, all events are predetermined by complex rituals, the origins of which are lost in time. The castle is peopled by dark characters in half-lit corridors. Dreamlike and macabre, Peake's extraordinary novel is one of the most astonishing and fantastic works in modern fiction. Praise the Gormenghast Trilogy "Mervyn Peake is a finer poet than Edgar Allan Poe, and he is therefore able to maintain his world of fantasy brilliantly through three novels. It is a very, very great work." —Robertson Davies, New York Times-bestselling author "A sumptuous, poetic epic . . . considered by some to have an equal or even greater degree of importance to the development of

modern fantasy as Tolkien's *The Lord of the Rings*." —SFF180  
 "Mervyn Peake's gothic masterpiece, the Gormenghast trilogy, begins with the superlative *Titus Groan*, a darkly humorous, stunningly complex tale of the first two years in the life of the heir to an ancient, rambling castle . . . This true classic is a feast of words unlike anything else in the world of fantasy. Those who explore Gormenghast castle will be richly rewarded." —SFF Book Reviews

*The Perfume Lover* is a candid personal account of the process of composing a fragrance, filled with sensual scent descriptions, sexy tidbits, and historical vignettes. What if the most beautiful night in your life inspired a perfume? When Denyse Beaulieu was growing up near Montreal, perfume was forbidden in her house, spurring a childhood curiosity that became an intellectual and sensual passion. It is this passion she pursued all the way to Paris, where she now lives, and which led her to become a respected fragrance writer. But little did she know that it would also lead her to achieve a perfume lover's wildest dream: When Denyse tells famous perfumer Bertrand Duchaufour at L'Artisan Parfumeur of a sensual night spent in Seville under a blossoming orange tree, wrapped in the arms of a beautiful man, the story stirs his imagination and together they create a scent that captures the essence of that night. As their unique creative collaboration unfolds, the perfume-in-progress conjures intimate memories, leading Beaulieu to make sense of her life through scents. Throughout the book, she weaves the evocative history of perfumery into her personal journey, in an intensely passionate voice: the masters and the masterpieces, the myths and the

myth-busting, down to the molecular mysteries that weld our flesh to flowers. Now, just to set your nostrils aquiver: *Séville à l'aube* is an orange blossom oriental with zesty, green and balsamic effects, with notes of petitgrain, petitgrain citronnier, orange blossom, beeswax, incense, and lavender, and is now available at fragrance outlets in the U.S.

New races of man had evolved, new species of beast; science had vanished and magic had arisen to dominate the twilight of our world as it dominated the earth's morning. *The Dying Earth* is Jack Vance's finest work - a stunning evocation of a world peopled by wizards, witches, demons, monsters, dashing princes and forlorn maidens. A bejewelled gallery of strange and wonderful beings in the eminent tradition of Tolkien and William Morris. Jack Vance's preferred title for this collection is *Mazirian the Magician*, but while we have elsewhere deferred to his wishes, in this case the book is so famous under a title of which he apparently strongly disapproves that we concluded it would be absurd to change it. All Jack Vance titles in the SFGateway use the author's preferred texts, as restored for the Vance Integral Edition (VIE), an extensive project masterminded by an international online community of Vance's admirers. In general, we also use the VIE titles, and have adopted the arrangement of short story collections to eliminate overlaps.

Elizabeth von Arnim's novel "*Elizabeth and Her German Garden*" was first published in 1898. It was instantly popular and has gone through numerous reprints ever since. This story is the main

character Elizabeth's diary, where she relates stories from her life, as she learns to tend to her garden. Whilst the novel has a strongly autobiographical tone, it is also very humorous and satirical, due to Elizabeth's frequent mistakes and her idiosyncratic outlook on life. She comments on the beauty of nature and shares her view on society, looking down on the frivolous fashions of her time and writing "I believe all needlework and dressmaking is of the devil, designed to keep women from study." The book is the first in a series about the same character. Elizabeth von Arnim (1866–1941), née Mary Annette Beauchamp, was a British novelist. Born in Australia, her family returned to England when she was three years old; and she was Katherine Mansfield's cousin. She was first married to a Prussian aristocrat, the Graf von Arnim-Schlagenthin, and later to the philosopher Bertrand Russell's older brother, Frank, whom she left a year later. She then had an affair with the publisher Alexander Reeves, a man thirty years her junior, and with H.G. Wells. Von Arnim moved a lot, living alternatively in the United Kingdom, Switzerland, Germany, Poland, before dying of influenza in South Carolina during the Second War. Elizabeth von Arnim was an active member of the European literary scene, and entertained many of her contemporaries in her Chalet Soleil in Switzerland. She even hired E. M. Forster and Hugh Walpole as tutors for her five children. She is famous for her half-autobiographical, satirical novel "Elizabeth and her German Garden" (1898), as well as for "Vera" (1921), and "The Enchanted April" (1922).

Southern Italy can go to your head. Especially if you are escaping an overbearing husband, the embarrassingly public loss of your company, an interfering mother who still tries to run your life or the pain of a husband's affair with a girl young enough to be his daughter. As the Italian sun ripens the lemons in the groves that tumble down the hillsides and the Mediterranean dazzles beneath them, assertive Angela, extrovert Sylvie, unconfident Claire and mousy Monica find burgeoning friendship and begin to blossom in quite unexpected ways. Packed with memorable characters – from the acid-tongued Grand Old Man of Modern Art who lives next door – to the aspiring gigolo who thinks nothing of a forty year age gap, Maeve Haran's *An Italian Holiday* is a witty and entertaining reminder of why going a little mad in the sun can sometimes be exactly what you need.

The darkly comic *Transparent Things*, one of Nabokov's final books, traces the bleak life of Hugh Person through murder, madness, prison and trips to Switzerland. One of these was the last journey his father ever took; on another, having been sent to ingratiate himself with a distinguished novelist, he met his future wife. Nabokov's brilliant short novel sinks into the transparent things of the world that surround this one Person, to the silent histories they carry. Remarkable even in Nabokov's work for its depth and lyricism, *Transparent Things* is a small, experimental marvel of memories and dreams, both sentimental and malign. Part of a major new series of the works of Vladimir Nabokov, author of *Lolita* and *Pale Fire*, in Penguin Classics.

"A sharp, funny, and eccentric debut ... Pond makes the case for

Bennett as an innovative writer of real talent. ... [It]reminds us that small things have great depths."–New York Times Book Review "Dazzling...exquisitely written and daring ." –O, the Oprah Magazine Immediately upon its publication in Ireland, Claire-Louise Bennett's debut began to attract attention well beyond the expectations of the tiny Irish press that published it. A deceptively slender volume, it captures with utterly mesmerizing virtuosity the interior reality of its unnamed protagonist, a young woman living a singular and mostly solitary existence on the outskirts of a small coastal village. Sidestepping the usual conventions of narrative, it focuses on the details of her daily experience—from the best way to eat porridge or bananas to an encounter with cows—rendered sometimes in story-length, story-like stretches of narrative, sometimes in fragments no longer than a page, but always suffused with the hypersaturated, almost synesthetic intensity of the physical world that we remember from childhood. The effect is of character refracted and ventriloquized by environment, catching as it bounces her longings, frustrations, and disappointments—the ending of an affair, or the ambivalent beginning with a new lover. As the narrator's persona emerges in all its eccentricity, sometimes painfully and often hilariously, we cannot help but see mirrored there our own fraught desires and limitations, and our own fugitive desire, despite everything, to be known. Shimmering and unusual, *Pond* demands to be devoured in a single sitting that will linger long after the last page.
