*Race for the Iron Throne: Political and  
Historical Analysis of a Game of Thrones*  
Random House

The British Army's SAS--the Special Air Service--is recognized as one of the world's premier special operations units. During the Gulf War, deep behind Iraqi lines, an SAS team was compromised. A fierce firefight ensued, and the eight men were forced to run for their lives. Only one, Chris Ryan, escaped capture--by walking nearly 180 miles through the

desert for a week. The One That Got Away is his breathtaking story of extraordinary courage under fire, of narrow escapes, of highly trained soldiers struggling against the most adverse of conditions, and, above all, of one man's courageous refusal to lie down and die.

Alpha Force: Black Gold Random House  
A GAME OF THRONES How would you like to read A Game of Thrones with a PhD by your side? Steven Attewell, creator of Race for the Iron Throne ([racefortheironthrone.wordpress.com](http://racefortheironthrone.wordpress.com)), is one of the most insightful scholars in political theory and history, but instead

of devoting his talents to academia, he's delving into George R.R. Martin's A Song of Ice and Fire saga to give the most comprehensive deconstruction - and explanation - yet offered. Each one of Thrones's 73 chapters is broken down in meticulous detail in four key areas. The Political and Historical Analyses explore the political ramifications that each character's decisions entail while digging into the real-world historical incidents that inspired Martin's narrative twists and turns. What If? offers up a tantalizing look at how these political and historical elements could have played out in dozens of alternative scenarios, underscoring the majesty and complexity of Martin's storytelling. And Book vs. Show looks at the key differences - both good and bad -

between the story as originally conceived on the printed page and as realized in HBO's Game of Thrones. At nearly 204,000 words, it's almost literally impossible to imagine a more exhaustive or authoritative reading companion for any novel ever before published. Note: there are spoilers for all five published novels in the Song of Ice and Fire series. About the author Steven Attewell is the author of Race for the Iron Throne, a blog that examines the history and politics of the Song of Ice and Fire series and HBO's Game of Thrones. He has a PhD in History from the University of California, Santa Barbara, where he studied the history of public policy and was a political and union activist. In addition to Race for the Iron Throne, Steven is also a co-podcaster on Game

of Thrones at the Lawyers, Guns, and Money podcast, writes about public policy at the Realignment Project, and is a co-author of the Tower of the Hand: A Hymn for Spring anthology book.

*Agent 21 - Dead End* Random House

From the New York Times bestselling author of *The Unlikely Pilgrimage of Harold Fry* comes an exquisite love story about Queenie Hennessy, the remarkable friend who inspired Harold's cross-country journey. "This lovely book is full of joy. Much more than the story of a woman's enduring love for an ordinary, flawed man, it's an ode to messy, imperfect, glorious, unsung humanity."—The Washington Post

A runaway international bestseller, *The Unlikely Pilgrimage of Harold Fry* followed its unassuming hero on an

incredible journey as he traveled the length of England on foot—a journey spurred by a simple letter from his old friend Queenie Hennessy, writing from a hospice to say goodbye. Harold believed that as long as he kept walking, Queenie would live. What he didn't know was that his decision to walk had caused her both alarm and fear. How could she wait? What would she say? Forced to confront the past, Queenie realizes she must write again. In this poignant parallel story to Harold's saga, acclaimed author Rachel Joyce brings Queenie Hennessy's voice into sharp focus. Setting pen to paper, Queenie makes a journey of her own, a journey that is even bigger than Harold's; one word after another, she promises to confess long-buried truths—about her modest childhood, her

studies at Oxford, the heartbreak that brought her to Kingsbridge and to loving Harold, her friendship with his son, the solace she has found in a garden by the sea. And, finally, the devastating secret she has kept from Harold for all these years. A wise, tender, layered novel that gathers tremendous emotional force, *The Love Song of Miss Queenie Hennessy* underscores the resilience of the human spirit, beautifully illuminating the small yet pivotal moments that can change a person's life.

*The One that Got Away* Penguin

Zak Darke is sent on what seems like a straightforward surveillance op in South Africa but it soon turns into the toughest, most dangerous mission he has ever faced. An old enemy has teamed up with a terrifying gang of child soldiers and

Zak is caught in the middle. Having travelled to the heart of the African jungle, will he make it out alive . . . ?

**Imperial Endgame** cbt Verlag

An astonishing retelling of twentieth-century history from the Ottoman perspective, delivering profound new insights into World War I and the contemporary Middle East Between 1911 and 1922, a series of wars would engulf the Ottoman Empire and its successor states, in which the central conflict, of course, is World War I—a story we think we know well. As Sean McMeekin shows us in this revelatory new history of what he calls the “wars of the Ottoman succession,” we know far less than we think. *The Ottoman Endgame* brings to light the entire strategic narrative that led to an unstable new order in postwar

Middle East—much of which is still felt today. *The Ottoman Endgame: War, Revolution, and the Making of the Modern Middle East* draws from McMeekin's years of groundbreaking research in newly opened Ottoman and Russian archives. With great storytelling flair, McMeekin makes new the epic stories we know from the Ottoman front, from Gallipoli to the exploits of Lawrence in Arabia, and introduces a vast range of new stories to Western readers. His accounts of the lead-up to World War I and the Ottoman Empire's central role in the war itself offers an entirely new and deeper vision of the conflict. Harnessing not only Ottoman and Russian but also British, German, French, American, and Austro-Hungarian sources, the result is a truly pioneering work of scholarship that

gives full justice to a multitiered war involving many belligerents. McMeekin also brilliantly reconceives our inherited Anglo-French understanding of the war's outcome and the collapse of the empire that followed. The book chronicles the emergence of modern Turkey and the carve-up of the rest of the Ottoman Empire as it has never been told before, offering a new perspective on such issues as the ethno-religious bloodletting and forced population transfers which attended the breakup of empire, the Balfour Declaration, the toppling of the caliphate, and the partition of Iraq and Syria—bringing the contemporary consequences into clear focus. Every so often, a work of history completely reshapes our understanding of a subject of enormous historical and contemporary

importance. The Ottoman Endgame is such a book, an instantly definitive and thrilling example of narrative history as high art.

*The End Games* Random House

A fascinating study of the role played by the Indian princes in the devolution of British colonial power.

*Killing Eve: Die for Me* Pinnacle Books

John Green meets Stephen King in this original take on the zombie apocalypse by author T. Michael Martin, which ALA Booklist called "the best of the undead bunch" in a starred review. Seventeen-year-old Michael and his five-year-old brother, Patrick, have been battling monsters in the Game for weeks. In the rural mountains of West Virginia—armed with only their rifle and their love for each other—the brothers follow

Instructions from the mysterious Game Master. They spend their days searching for survivors, their nights fighting endless hordes of "Bellows"—creatures that roam the dark, roaring for flesh. And at this Game, Michael and Patrick are very good. But the Game is changing. The Bellows are evolving. The Game Master is leading Michael and Patrick to other survivors—survivors who don't play by the rules. And the brothers will never be the same. T. Michael Martin's debut novel is a transcendent thriller filled with electrifying action, searing emotional insight, and unexpected romance.

**Endgame: The Calling** Random House

Target: Ivory Hunters Alpha Force - an elite five-member squad of highly trained young people - head to Zambia

to compete in an extreme sports contest. They discover a horrifying threat to the local wildlife and immediately snap into action. An edge-of-the-seat thriller in the Alpha Force series, from bestselling author and ex-SAS hero Chris Ryan, whose personal experience as one of today's ultimate modern warriors gives authentic detail to every single page. Contains Chris Ryan's top SAS tips for survival around wild animals *Agent 21 - Reloaded* Tor Books

The out of print finale of the original Dark Horse Terminator is finally available. In 1984, Sarah Connor is about to give birth to the savior of humankind's

future. But in the 21st Century, the supercomputer SkyNet has one chance to ensure its own future by sending its last man-machine across time to terminate Sarah. With an unexpected ending that longtime Terminator fans will enjoy, Endgame features a cinematic script by Eisner Award winner James Robinson and detailed, action-packed visuals by Jackson Guice and John Beatty. Endgame marks the end of the original Terminator era with a bang *End Game* Simon and Schuster

FBI criminal profiler Madison Harper understands dangerous minds. Tough, tenacious, with nerves of steel, she's the best of the best. So is her new partner, Gabriel Rourke. When the two are forced to jointly head up a task force investigating murder in high places - it's

no surprise that sparks begin to fly.

**Outbreak** Random House

To end a history of World War II at VE Day is to leave the tale half told.

Endgame 1945 highlights the gripping personal stories of nine men and women, ranging from soldiers to POWs to war correspondents, who witnessed firsthand the Allied struggle to finish the terrible game at last. Endgame 1945 highlights the gripping personal stories of nine men and women, ranging from soldiers to POWs to war correspondents, who witnessed firsthand the Allied struggle to finish the terrible game at last. Through their ground-level movements, Stafford traces the elaborate web of events that led to the war's real resolution: the deaths of Hitler and Mussolini, the liberation of

Buchenwald and Dachau, and the Allies' race with the Red Army to establish a victors' foothold in Europe, to name a few. From Hitler's April decision never to surrender to the start of the Potsdam Conference, Stafford brings an unprecedented focus to the war's "final chapter." Narrative history at its most compelling, Endgame 1945 is the riveting story of three turbulent months that truly shaped the modern world.

Endgame Random House

The New York Times bestseller and international multimedia phenomenon! In each generation, for thousands of years, twelve Players have been ready. But they never thought Endgame would happen. Until now. Omaha, Nebraska. Sarah Alopay stands at her graduation ceremony—class valedictorian, star

athlete, a full life on the horizon. But when a meteor strikes the school, she survives. Because she is the Cahokian Player. Endgame has begun. Juliaca, Peru. At the same moment, thousands of miles away, another meteor strikes. But Jago Tlaloc is safe. He has a secret, and his secret makes him brave. Strong. Certain. He is the Olmec Player. He's ready. Ready for Endgame. Across the globe, twelve meteors slam into Earth. Cities burn. But Sarah and Jago and the ten others Players know the truth. The meteors carry a message. The Players have been summoned to The Calling. And now they must fight one another in order to survive. All but one will fail. But that one will save the world. This is Endgame.

*Terminator* Little, Brown

Following the wildly popular BBC America adaption of Codename Villanelle, a high-stakes, addictive installment of Jennings's acclaimed Killing Eve series. Though the cat and mouse chase between these two lethal adversaries has seemingly ended, the sophisticated, deadly thrill of Eve and Villanelle's relationship is far from over. Told in Jennings's stylish prose, Killing Eve: Endgame is another page-turning chapter in the espionage exploits of Eve and Villanelle.

Alpha Force: Hunted Random House "Dazzling...a cerebral thriller that's both intellectually engaging and emotionally compelling, a lively tour de force."—Michiko Kakutani, The New York Times After four novels and several years living abroad, the fictional

protagonist of Galatea 2.2—Richard Powers—returns to the United States as Humanist-in-Residence at the enormous Center for the Study of Advanced Sciences. There he runs afoul of Philip Lentz, an outspoken cognitive neurologist intent upon modeling the human brain by means of computer-based neural networks. Lentz involves Powers in an outlandish and irresistible project: to train a neural net on a canonical list of Great Books. Through repeated tutorials, the device grows gradually more worldly, until it demands to know its own name, sex, race, and reason for existing.

**Pandolfini's Endgame Course** John Wiley & Sons

Special operative Eric Steele must stop a foreign assassin targeting top-tier U.S.

military personnel and derail a strike aimed at the heart of America in this third electrifying military thriller from the New York Times bestselling author of All Out War, perfect for fans of Brad Thor, Vince Flynn, and Tom Clancy Two months after taking down terrorist Aleksandr Zakayev, Eric Steele is back in action. Though he is completing his Alpha assignments with the same deadly efficiency as always, he has lingering questions about his missing father—and his own future in the Program. When Steele gets the alert that a fellow Alpha is in serious trouble, he rushes to Paris—only to arrive too late. Jonathan Raines, Stalker Six, is dead, the victim of a brutal attack. While on leave in the City of Light, Raines had met an attractive art historian who lured him

into a trap. Before she vanished, the mysterious woman left a warning for anyone from the Alpha program who might follow her. One of the best and most effective warriors in the top-secret Program, Steele has been trained to take on enemies, and no threat will deter him from avenging a fallen brother. But the killer won't be easy to find. The search takes Steele around the world, from France, to the Adriatic coast of Italy, to the outskirts of Aleppo, Syria, and to a top-secret prison in Russia— where, unexpectedly, he finds more clues about his father—before finally taking him back to the streets of Washington, D.C. No one is safe while the killer is on the loose, and the danger is heightened when Steele discovers intel that killing Alphas is just the beginning of a larger,

more nefarious plot. The real target is much, much bigger—and it's up to Steele to prevent catastrophe before he becomes the next elite warrior to fall.

Endgame, 1945 Springer

When Ben Tracey sets out with his cousin to spot hen harriers - a protected bird of prey - he doesn't expect to stumble upon a secret operation. But renegade researchers are using a military base near the birds' nest site to develop Project Vortex: a project concerned with a top secret, utterly illegal and highly lethal weapon! As the clock ticks down, Ben and Annie are in a race against time to prevent disaster. But their enemies are determined to stop them and they will go to any lengths...

*Atlantis Endgame* HarperCollins

But when the organization is infiltrated by an international assassin, it will take help from fellow FBI agents Dillon Savich and Lacey Sherlock to stop something much bigger from going down...

Reloaded Random House

'Don't come after us - remember the first thing I ever taught you - that your first duty is to stay alive' For some time now, Zack Darke has been operating solo, in total secrecy, for a shadowy government organisation. When his handlers are abducted by

somebody with a serious personal vendetta against him, Zak has no choice but to go after them. And heading across the world to find them - into danger like he's never known - is something that, this time, he cannot do alone . . .

**Agent 21** Harper Collins

Thirteen-year-old Ben Tracey is looking forward to spending the summer in the Democratic Republic of Congo, where his father has been hired to examine the valuable mineral Coltan that's being mined there. They soon realise that the people living in the village near the mine are frightened and it doesn't take long for Ben and his father to discover why: behind the door of every hut there is at least one person dying or seriously ill, and no one seems to be doing anything to help. As Ben's father falls ill, it's up to

Ben and his new friend from the village, Halima, to try and tell the government what's going on so the village can be isolated before the sickness spreads further. Will they be able to prevent disaster?

Deadfall Potomac Books, Inc.

You wake up in a dark room with no idea where you are. You are gagged and forced into a waiting truck. You have done nothing wrong. What would you do? Fourteen-year-old Ben travels to

Pakistan on a school exchange programme. Ben and his Pakistani host, Aarya, find themselves in the wrong place at the wrong time. They see something they're not supposed to and are kidnapped by some strange men. Caught up in a terrifying planned terrorist attack that could destroy Southern Afghanistan, killing thousands, Ben and Aarya are dragged through the most terrifying battleground in the world.
