[The Frog Prince's Adventure to Break The Curse](#) Sterling Publishing Company, Inc.
 Originally published in English in 1951, this biography of one of Germany's foremost mystical poets dis-proves many of the myths surrounding Rainer Maria Rilke and examines his life and work from social, historical and psychological perspectives, while all the time referencing Rilke's works to his complex personality. The legacy of his work on younger generations is also examined. All German prose quotations have been translated into English for this edition, existing translations used for the German poetry.

One of the astonishing aspects of Oliver's work is the consistency of tone over this long period. What changes is an increased focus on nature and an increased precision with language that has made her one of our very best poets. --Stephen Dobyns, New York Times Book Review Mary Oliver has published fifteen volumes of poetry and five books of prose in the span of four decades, but she rarely performs her poetry in live readings. Now, with the arrival of *At Blackwater Pond*, Mary Oliver has given her audience what they've longed to hear: the poet's voice reading her own work. In this beautifully produced compact disc, Mary Oliver has recorded forty of her favorite poems, nearly spanning the length of her career, from *Dream Work* through her newest volume, *New and Selected Poems, Volume Two*. The package is shrink-wrapped so that the elegant clothbound audiobook can take its place on the poetry shelf. It also includes a fifteen-page booklet with an original essay, "Performance Note," photos of the author at *Blackwater Pond*, and a full listing of the poems and their sources.

We all have stories, worlds we create from our love and laughter, our hatred and fear. Some of us simply visit them in our own imaginations, while others write them down and invite others to live there for a while. But what if the writer had special magic all her own? Grief-stricken and left alone to raise her young daughter when her husband suddenly passes, author and mother Piper Wolfe falls into a state of depression, but with the help of a dear friend, she finds solace in the creation of a fairy garden at the pond behind her house—a house she thought she would always share with the love of her life. Pouring all her love and longing into that beautiful fairy realm, she slowly heals and finds her way back to life and laughter. Imagine her surprise when, on the anniversary of her greatest loss, she learns that this new world she envisioned is just as real, just as alive, as the one she's always known. And that she is its creator. Now, as a great evil threatens the garden, and all the magical creatures who call it home, Piper must learn to embrace her own magic, come face to face with the dark corners of her own unwritten fairy tale, and with the help of her oldest friend, save Piper's Pond.

Lair of Dreams Simon and Schuster

"A sharp, funny, and eccentric debut ... Pond makes the case for Bennett as an innovative writer of real talent. ... [It]reminds us that small things have great depths."--New York Times Book Review "Dazzling...exquisitely written and daring ." -O, the Oprah Magazine Immediately upon its publication in Ireland, Claire-Louise Bennett's debut began to attract attention well beyond the expectations of the tiny Irish press that published it. A deceptively slender volume, it captures with utterly mesmerizing virtuosity the interior reality of its unnamed protagonist, a young woman living a singular and mostly solitary existence on the outskirts of a small coastal village. Sidestepping the usual conventions of narrative, it focuses on the details of her daily experience—from the best way to eat porridge or bananas to an encounter with cows—rendered sometimes in story-length, story-like stretches of narrative, sometimes in fragments no longer than a page, but always suffused with the hypersaturated, almost synesthetic intensity of the physical world that we remember from childhood. The effect is of character refracted and ventriloquized by environment, catching as it bounces her longings, frustrations, and disappointments—the ending of an affair, or the ambivalent beginning with a new lover. As the narrator's persona emerges in all its eccentricity, sometimes painfully and often hilariously, we cannot help but see mirrored there our own fraught desires and

limitations, and our own fugitive desire, despite everything, to be known. Shimmering and unusual, *Pond* demands to be devoured in a single sitting that will linger long after the last page.
