Recounts the murder of 50-year-old Michele MacNeill at the hands of her husband, a doctor, lawyer and Mormon bishop who, upon further investigation by his daughters, had multiple marital affairs, a past criminal record and conned his way into medical school. Dalton Black, a *Canis lupis* full of guilt and anger, never expected to find his true mate. Perhaps already slipping into madness, he had resigned himself to the fact that he would walk the earth without the other half of his soul. He was convinced that his sins were enough to keep the Great Luna from giving him such a blessing. He knew it was probably better that way. His past was as dark as his name and after three centuries of running from it, the memories were finally catching up to him. But all of those resignations evaporated when he saw her broken and bloodied body lying

on that altar. Though the man didn't recognize her, the wolf did. Through battle and bloodshed he was able to save her from the evil that held her captive, but now he would need her to save him from himself. Jewel Stone was wholly unaware of the ancient bloodlines of Gypsy Healers, mates to *Canis lupus* and protectors of the packs—much less that she carried that blood herself. But when a beautiful but deadly woman showed up in her home and ripped her from her realm, she knew her life would never be the same. Her mother, Gem, a fortune teller, had warned her that something was coming, that her life was about to change dramatically, but like everyone else, Jewel had dismissed her as a crazy person. Jewel was the laughing stock of her school simply

because Gem was her mother. And up until now, her life was one big disappointment after another. Instead of heeding her mother's warning, she hid in her books, burying herself behind knowledge, both fact and fiction. She escaped into worlds created by others and filled her mind with facts of every kind in an effort to push away the hurtful words that others bombarded her with. Despite all of her knowledge and all of her fantastical stories, she never dreamed her own future would be full of adventure, danger, passion and the possibility of unconditional love. As she lay unconscious after her first bloody encounter in the fae realm, her only chance of survival lay in the hands of a man scarred by his past, disfigured both emotionally and physically, and beyond

the reach of any who had tried to help him. Can two broken people, who carry the other half of each other's souls span the chasm between them and restore the innocence ripped from both their lives? Will they let the promise of healing love overcome the difference in age and experience, and the separation of species and realms? Or will they give in to the fear and doubt that would keep them from one another for eternity?

I'm not all that special, really. Or uncommon. I'm sure there are a lot of girls with old gypsy blood who see the dead, have killer cults hunting their family, and turn into something that gets

scary when they panic. Yep. Completely unoriginal, if I do say so myself. Move along. Nothing to see here. Nope. I'm just an ordinary girl. I wish people would believe that. I've been labeled as one thing or another for most of my life: Death Girl. Crazy Gypsy Girl. Gothic Chick. Monster... It took my mother's death for me to finally start getting answers about what's really been going on. Unfortunately, most of the answers come from men... who aren't just men. Somehow, I've gone and landed myself in a world truly filled with monsters, and I'm starting to think this is where I should have been all along. Only... I don't understand what's going on. I'm walking into the middle of a story that's thousands of years old, and I'm the new girl on the block who doesn't have a clue

how this world even works. My only guides happen to be the most lethal of the bunch. They decide who lives or dies. They decide who gets stabbed or tortured. Yeah...I've gone and drawn attention to myself, and the ones paying attention are the ones everyone else seems to fear. How do these things always happen to me? **Reverse Harem** Language warning **Sexual content** Dark Humor

 Keith Johnstone's involvement with the theatre began when George Devine and Tony Richardson, artistic directors of the Royal Court Theatre, commissioned a play from him. This was in 1956. A few years later he was himself Associate Artistic Director, working as a play-

reader and director, in particular helping to run the Writers' Group. The improvisatory techniques and exercises evolved there to foster spontaneity and narrative skills were developed further in the actors' studio then in demonstrations to schools and colleges and ultimately in the founding of a company of performers, called The Theatre Machine. Divided into four sections, 'Status', 'Spontaneity', 'Narrative Skills', and 'Masks and Trance', arranged more or less in the order a group might approach them, the book sets out the specific techniques and exercises which Johnstone has himself found most useful and most stimulating. The result is both an ideas book and a fascinating exploration of the nature of spontaneous creativity.

Tara Thompson cannot be injured. Since the night her parents died in a tragic accident, she hasn't felt pain of any kind, not so much as a papercut. And she has no idea why. Though her body healed quickly, her heart and soul took its time. Luckily, a loving foster mom and an unwanted best friend stepped in to speed up the process. Despite Tara's best efforts, her new BFF, Shelly Smith, just wouldn't go away. By their senior year, the girls were thick as thieves and would probably become thieves if Shelly had anything to say about their future. Thankfully, fate intervenes in the form of a high school recruiter, Elias Creed, who works for a mysterious geological testing company. Cue the dreamy music and

soft lighting as he walks in slow motion toward her. Then Elias opens his mouth and Tara laments the fact that the first guy she's ever been seriously attracted to...is a complete and utter butthead. Still, she can't seem to shake him, and she and Shelly are both intrigued by the company he works for. Little do they know it's not a company at all. It's an academy for those gifted with elemental powers and she's already been enrolled. And Elias isn't Tara's only suitor. The hottest guy in school--Tucker Adams--has been asking Tara out for the past three years and each time she's shot him down. Now, he's finally broken down her walls. But when Elias and Tucker both warn Tara the other is dangerous, she doesn't know who to believe. When the truth is finally revealed, Tara finds

out both men know more about her past than she does, including what caused the accident that took her parents' lives. Gypsy Blood Createspace Independent Publishing Platform

Filthy. Disgusting. Unworthy trash. The same thoughts keep swirling in Sally's mind. She's broken and no one can fix her--not her friends, try as they might, and not her beautiful mate. She'd thought when Costin had rescued her from Jericho's clutches, broken the spell the rogue werewolf had cast on her, and left the cur lying in bloody pieces on the floor of an Ocean Side bar, that one day she might find some peace. Perhaps, with time, she could forget the horrible things she'd done. Perhaps she could forget how she had betrayed her one true mate. Now, several weeks later, the

memories and the nightmares have only grown stronger. Unbeknownst to Sally, though the magical bracelet that erased her memories was destroyed, the magical device deposited something sinister within the girl's mind. Now, in a last ditch effort to find some sort of healing, Sally is being shipped off to her hometown--Coldspring, TX. Little does she know that surprises are awaiting her there that will shake the foundations of all she's ever known. Will these new revelations be the key to eradicating the darkness that has taken root in the healer? Or will the secrets that are uncovered be too much for Sally to bear? Voice of the Fire London : E. Stock

Jacque's mind wandered as she hovered somewhere between life and death. Her body longed to let go, to sink into the

peaceful abyss, to the place where she didn't have to worry about rabid, child-snatching vampires and the carnage they'd caused to so many innocent families. But something kept her here, tethered to this world, something she couldn't quite remember hovered just on the edge of her consciousness, something vital. It wasn't Fane, he would be with her on the other side, she knew that. If she died, he died too and he wouldn't have it any other way. She could feel Peri's presence in her body. The fae was fighting, expending every ounce of her energy to keep her and Fane alive and the strain was taking its toll on the fae. But why? Why was the fae fighting as if her own life depended upon Jacque's survival? Jacque was starting to remember someone

else—someone that depended on her. A brand new life, precious and perfect...her son. Costin's best friend lay as if sleeping, clinging to life by a mere thread, held at the other end by the powerful fae. But the thread holding Costin to his own sanity was just as feeble. Sally, his world, his light, his brown-eyes, the only thing that keeps the darkness at bay, was gone. Simply vanished. Costin didn't know how or where, and it was tearing him up inside. The young boy, Titus, his adopted son, was the only thing that kept his wolf from taking over completely. Costin would be strong for the boy for as long as he could, but he wasn't sure how long he could keep the feral wolf at bay. Bethany, the brave young girl that had been rescued from the clutches of the

vampire coven to which she'd served as food for the past seven years, was now sharing a room with her true mate, with absolutely no understanding of what that meant. Though the girl had proven to be resilient, she had no idea how to handle her the huge dominating werewolf that had staked his claim on her. Drake was past the point of feral when he'd found her, and that kind of darkness doesn't let go without a fight. The strongest of alpha females, raised with a full understanding of pack law and the power of the mate bond, would have had a tough time dealing with the wolf. Bethany, a dormant, who had no idea who or what she was, didn't stand a chance.

Long ago, during the Great Purge, the witches that had grown too many in number and too powerful, were destroyed. The high fae council saw that the balance of good and evil had been tipped too far in one direction and it had to be rectified. So they killed all of the witches, and their creator...or so they thought. But they were wrong. Volcan, the high fae, who had once been a member of their council, until he decided he wanted to be all powerful and created the witches, had bided his time, hiding in the Dark Forest. Now he's back and hell bent on rebuilding his army of witches. Only this time he's set his eyes on the gypsy healers to be the tool from which he creates them. He already has two of the newly found healers, Jewel and Anna, with his blood running in their veins. And

though he thinks he's got it all planned out, what Volcan hadn't calculated into his formula of healers + his blood = witches, was the healer's mates, Dalton and Gustavo. Both males are more than ready to sink their teeth into the high fae who has taken their females. With the darkness closing in on all four of them, it is a toss up as to who will succumb to it first. Mean while, the healers and wolves Peri had stashed in the pixie realm are sitting ducks with the Veil between them and the human realm locked. The mates of those healers are holding onto their self control by a thread as they try to figure out a way to get them out of the pixie realm. Perizada is once again fighting for those who are under her protection, while at the same time trying not to kill them herself. Considering the

healers tend to do stupid heroic stuff and the wolves just do stupid stuff period, it's not certain who will destroy who. The only thing that was certain; none of them was willing to surrender. Throw in a powerful, eccentric Djinn who has suddenly gotten bored and things are guaranteed to get messy. This is the continuation of the story of the five gypsy healers, the fae who protects them and the wolves whose wrath will consume any who come between them. **Prince of Wolves** Currents in Latin American and Supernatural war is on the horizon, and no one will escape unscathed. Enemy after enemy, foe after foe, has fallen before the combined might of the Romanian grey wolves and their allies among the supernatural races. But now

the alliance doesn't fight a single supernatural threat. It's no longer a single coven of vampires, a lone deranged warlock, or a rogue pack that threatens their safety. Now, the wolves face a unified force of evil--the Order of the Burning Claw. The Order needs a representative from every supernatural race to unleash a spell that will enslave humanity forever, and they've just recruited one of their most powerful members. The Order will stop at nothing to gain power, including kidnapping the pack's children and its beleaguered healer. The Romanian pack would love nothing more than to bring the wrath of the Great Luna down upon their foes. But how can they do that when their enemies hold captive the pack's greatest treasures. Before this is over, bonds will

be tested, a new leader will rise, and all hell will break loose.

Nothing is stronger than the power of a

soulbond, even the end of the world. Gabby Gellar is a fire elemental with an attitude. She has been told so many times by her parents that she's worthless she no longer questions that truth. Pushed away by the only people she's ever loved, Gabby shuts everyone out. Friends, acquaintances, buddies, chums, and especially romantic relationships, are kept at arm's length, or further if she can help it. Gabby knows she could never be good enough to be anyone's girlfriend, much less someone's soulbonded. So why does the thought of a certain water elemental have her out of bed well past midnight, pacing and cursing, trying to deny the part of her that's silently calling to him, reaching for his magic, thirsting for it like a dying man in the desert. Dammit! To

Liam Nash, life is merely a joke, something to laugh at and enjoy. An endless stream of amusements made even more amusing by the water magic he uses to manipulate the world around him. Liam never thought he'd actually have a soulbonded. He was content to be unattached, a flirt, a perpetual bachelor ... but that was before he met Gabby. Now, he was certain she was his soulbonded, as sure as the sun would rise tomorrow. Unfortunately, the sun's rising is no longer a sure thing. With half of the royal elementalists imprisoned in the underworld, the earth's climate has been thrown into chaos. Temperatures are steadily dropping, volcanoes are spontaneously erupting, and earthquakes are becoming commonplace. If the light elementalists

have any hope of rescuing the planet from the dark forces seeking to destroy it, the elemental academies will have to work together. That means an overeager water elemental and a reluctant fire-wielder are about to be thrown together and asked to save the world. Could the bond between Liam and Gabby be the very thing needed to rally the forces of light to victory?

A GYPSY MAGIC SPELL. HOKKANI BASO LELLIN DUDIKABIN, OR THE GREAT SECRET CHILDREN'S RHYMES AND INCANTATIONS TEN LITTLE INDIAN BOYS

AND TEN LITTLE ACORN GIRLS OF MARCELLUS BURDI- GALENSIS. HERE is a meaningless rhyme very common among children. It is repeated while "counting off" --or "out" --those who are taking part in a game, and allotting to each a place. There are many versions of it, but the following is exactly word for word what I learned when a boy in Philadelphia: -- Ekkeri (or ickery), akkery, u-kcry an, Fillisi', follasy, Nicholas John, Queebee - quabee -- Irishman (or, Irish Mary), Stingle 'em--stangle 'em--buck! With a very little alteration This chapter is reproduced, but with much addition, from one in my work entitled "The Gypsies," published in Boston, 1881, by Houghton and Mifflin. This is, of course, nonsense, but it is Romany or gypsy nonsense, and it may be thus translated very accurately: -- First--here--you begin! Castle, gloves. You don't play! Go on! Kivi--a kettle. How are you? Stdni, buck. The common version of the rhyme begins with-- "One--ery--two--ery, ickery an." But one-ery is an exact translation of ek-keri; ek, or yek, meaning one in gypsy. hickory, or ek-keri, again followed by a significant one. It may be observed that while my firs...

 A masterful work of personal reportage, this volume is also a vibrant portrait of a mysterious people and an essential document of a disappearing culture. Fabled, feared, romanticized, and reviled, the Gypsies—or Roma—are among the least understood people on earth. Their culture remains largely obscure, but in Isabel Fonseca they have found an eloquent witness. In *Bury Me Standing*, alongside unforgettable

portraits of individuals—the poet, the politician, the child prostitute—Fonseca offers sharp insights into the humor, language, wisdom, and taboos of the Roma. She traces their exodus out of India 1,000 years ago and their astonishing history of persecution: enslaved by the princes of medieval Romania; massacred by the Nazis; forcibly assimilated by the communist regimes; evicted from their settlements in Eastern Europe, and most recently, in Western Europe as well. Whether as handy scapegoats or figments of the romantic imagination, the Gypsies have always been with us—but never before have they been brought so vividly to life. Includes fifty black and white photos.
