"The 2012 report recognized that expanding women's agency - their ability to make decisions and take advantage of opportunities is key to improving their lives as well as the world. This report represents a major advance in global knowledge on this critical front. The vast data and thousands of surveys distilled in this report cast important light on the nature of constraints women and girls continue to face globally. This report identifies promising opportunities and entry points for lasting transformation, such as interventions that reach across sectors and include life-skills training, sexual and reproductive health education, conditional cash transfers, and mentoring. It finds that addressing what the World Health Organization has identified as an epidemic of violence against women means sharply scaling up engagement with men and boys. The report also underlines the vital role information and communication technologies can play in amplifying women's voices, expanding their economic and learning opportunities, and broadening their views and

aspirations. The World Bank Group's twin goals of ending extreme poverty and boosting shared prosperity demand no less than the full and equal participation of women and men, girls and boys, around the world." -- Publisher's description.

Psychological Abuse in Violent Domestic Relations Penguin

While the nation was celebrating Independence from British Rule and singing all praises for the 'Father of The Nation' - Mahatma Gandhi, the news of his assassination came as a shock. He was shot in the chest three times while he was walking towards the prayer grounds at the Birla House, New Delhi. The man behind the assassination - Nathuram Godse was a well known nationalist. He was arrested at the crime scene and sentenced to death after a year long trial. The book contains the final speech given by Godse in the court, mentioning the reason behind the drastic step he took.

The #1 New York Times Bestseller: "A hilarious take on that age-old problem: getting the beloved child to go to sleep" (NPR). "Hell no, you can't go to the bathroom. You know where you can go? The f\*\*k to sleep." Go the Fuck to Sleep is a book for parents who live in the real world, where a few snoozing kitties and cutesy

rhymes don't always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, it captures the familiar—and unspoken—tribulations of putting your little angel down for the night. Read by a host of celebrities, from Samuel L. Jackson to Jennifer Garner, this subversively funny bestselling storybook will not actually put your kids to sleep, but it will leave you laughing so hard you won't care.

The acclaimed author of *American Dirt* reveals the devastating effects of a shocking tragedy in this landmark true crime book—the first ever to look intimately at the experiences of both the victims and their families. A Rip in Heaven is Jeanine Cummins' story of a night in April, 1991, when her two cousins Julie and Robin Kerry, and her brother, Tom, were assaulted on the Old Chain of Rocks Bridge, which spans the Mississippi River just outside of St. Louis. When, after a harrowing ordeal, Tom managed to escape the attackers and flag down help, he thought the nightmare would soon be over. He couldn't have been more wrong. Tom, his sister Jeanine, and their entire family were just at the beginning of a horrific odyssey through the aftermath of a violent crime, a world of shocking betrayal, endless heartbreak, and utter disillusionment. It was a trial by fire from which no family member would emerge unscathed.

In her second book, award-winning actor Divya Dutta recounts her experiences with some of the stalwarts of Bollywood who played a significant role in her film journey. She talks about the inspirations they have proved to be in her life through what they did for her and what she learnt from them. From winning an acting scholarship with Sonali Bendre to sharing a vanity van with Juhi Chawla and her bond with Shabana Azmi, she tells it all with rare candour and humility. Her interactions with stars like Irfan Khan, Amitabh Bachchan, Rakeysh Mehra and many more shows not only the deep impact they had on her life but also how that defined the trajectory of her own career.

This book is a critical analysis of religion in general and Islam in particular. It covers some common misconceptions about Islam that both Muslims and non-Muslims have. The book starts with a little introduction of the author—how and why he became an ex-Muslim—and it is followed up with the importance of writing the book. The first chapter covers the importance of critical sense over common sense and how we should always invoke critical thinking when it comes to looking at the world around us. The book also covers some arguments for God and some counterarguments against God's existence. It discusses the importance of God in keeping the morality of the society and the mental well-being of the human species. It also discusses the baggage that comes with religion, leaving our only lives here on planet earth devoid of pleasure and enjoyment. Moreover, it discusses the scientific flaws in the Quran and argues how it looks like a book written by a seventh century Arab warlord rather than the creator of the billions of galaxies. It discusses the critical and sensitive topic of the character of Allah (Muslim God) and Muhammad in light of the Quran, Hadith (collection of Muhammad's quotes), and the biography of Muhammad. It gives a detailed account of Muhammad's wives and violence in his life. In the last part of the book, the author discusses the rise of Islamism in the western world and its dangers. Finally, it educates its readers on how to debate with a religious apologist and some

common arguments and techniques employed by them. It is a very interesting read into Islam from an ex-Muslim's point of view and the best guide to learning Islam.

Written originally for a special issue of *The New Yorker* and reissued here with a new forward by the author, *Within the Context of No Context* is George W. S. Trow's brilliant exposition on the state of American culture and twentieth-century life. Published to widespread acclaim, *Within the Context of No Context* became an immediate classic and is, to this day, a favorite work of writers and critics alike. Both a chilling commentary on the times in which it was written and an eerie premonition of the future, Trow's work locates and traces, describes and analyzes the components of change in contemporary America -- a culture increasingly determined by the shallow worlds of consumer products, daytime television, and celebrity heroes. "This elegant little book is essential reading for anyone interested in the demise, the terminal silliness, of our culture." -- John Irving, *The New York Times Book Review*; "In this elegant, poignant essay, written with the grace of a master stylist, George Trow articulates the accelerated impermanence of American culture with a precision that is both flaunting and devastating." -- Rudy Wurlitzer; "Within the Context of No Context is a masterpiece of the century that belongs on a shelf next to Theodore Adorno's *Minima Moralia* and Guy Debord's *The Society of the Spectacle*." -- Michael Tolkin; "Within the Context of No Context may appear to be a book of the mind, for it is suffused with such a keen intelligence, but it is actually a book of the heart -- passionate, brave, and stirring." -- Sue Halpern.

Where women are created for the pleasure of men, beauty is the first duty of every girl. In Louise O'Neill's world of *Only Every Yours* women are no longer born naturally, girls (called "eves") are raised in Schools and trained in the arts of pleasing men until they come of age. Freida and Isabel are best friends. Now, aged sixteen and in their final year, they expect to be selected as companions--wives to powerful men. All they have to do is ensure they stay in the top ten beautiful girls in their year. The alternatives--life as a concubine, or a chastity (teaching endless generations of girls)--are too horrible to contemplate. But as the intensity of final year takes hold, the pressure to be perfect mounts. Isabel starts to self-destruct, putting her beauty--her only asset--in peril. And then into this sealed female environment, the boys arrive, eager to choose a bride. Freida must fight for her future--even if it means betraying the only friend, the only love, she has ever known.

An enormously satisfying, exciting and enriching book, Vikram Chandra's novel draws the reader deep into the lives of detective Sartaj Singh and Ganesh Gaitonde, the most wanted gangster in India. Sartaj, the only Sikh inspector in the whole of Mumbai, is used to being identified by his turban, beard and the sharp cut of his trousers. But 'the silky Sikh' is now past forty, his marriage is over and his career prospects are on the slide. When Sartaj gets an anonymous tip off as to the secret hideout of the legendary boss of the G-company, he's determined that he'll be the one to collect the prize. This is a sprawling, epic novel of friendships and betrayals, of terrible violence, of an astonishing modern city and its underworld. Drawing on the best of Victorian fiction, mystery novels, Bollywood movies and Vikram Chandra's years of first hand research on the streets of Mumbai, this novel reads like a potboiling page-turner but resonates with the intelligence and emotional depth of the best of literature.

Though Pakistan has made progress toward achieving its education, gender equity, and health Millennium Goals, it is unlikely to reach 2015 targets. In general, achievements were lower in rural areas and in lower-income households. Pakistani girls still have lower enrollment in primary and secondary schools, and do not perform as well as boys on tests. Adult female literacy varies widely by province. Women continue to face many forms of gender-based violence, and often are restricted from leaving their homes. While employment rates among women have doubled in the last decade, women are more likely to be unemployed than men, and lack access to finance or assets.

It turns out that two is a million more kids than one. Adam Mansbach famously gave voice to two of parenting's primal struggles in *Go the Fuck to Sleep* and *You Have to Fucking Eat*. Now *Now Fuck, Now There Are Two of You* tackles a new addition to the family and all the fears and frustrations attendant to the simple, math-defying fact that two is a million more kids than one. As you probably know by now, you shouldn't read it to a child.

"También de este lado hay sueños. On this side, too, there are dreams. Lydia Quixano Perez lives in the Mexican city of Acapulco. She runs a bookstore. She has a son, Luca, the love of her life, and a wonderful husband who is a journalist. And while there are cracks beginning to show in Acapulco because of the drug cartels, her life is, by and large, fairly comfortable. Even though she knows they'll never sell, Lydia stocks some of her all-time favorite books in her store. And then one day a man enters the shop to browse and comes up to the register with four books he would like to buy--two of them her favorites. Javier is erudite. He is charming. And, unbeknownst to Lydia, he is the jefe of the newest drug cartel that has gruesomely taken over the city. When Lydia's husband's tell-all profile of Javier is published, none of their lives will ever be the same. Forced to flee, Lydia and eight-year-old Luca soon find themselves miles and worlds away from their comfortable middle-class existence. Instantly transformed into migrants, Lydia and Luca ride la bestia--trains that make their way north toward the United States, which is the only place Javier's reach doesn't extend. As they join the countless people trying to reach el norte, Lydia soon sees that everyone is running from something. But what exactly are they running to? *American Dirt* will leave readers utterly changed when they finish reading it. A page-turner filled with poignancy, drama, and humanity on every page, it is a literary achievement."--
