The Five Elements brings the wisdom of an ancient healing system to modern readers, helping them understand themselves--why they do what they do--better. Dondi Dahlin shows us that we are all born with individual rhythms that go beyond the influence of our genes and upbringing. The five elements originated in ancient Chinese medicine over 2,000 years ago--when scholars theorized that the universe is composed of five forces: water, wood, fire, earth, and metal. Understanding these elements helps us stay in balance physically, mentally, spiritually, and emotionally. By explaining the efficacy of wood, the depth of water, the joy of fire, the compassion of earth, and the wisdom of metal, this book helps people understand themselves and form lasting connections to others, answering the age-old question of why we do what we do.

In *Every Root an Anchor*, writer and arborist R. Bruce Allison celebrates Wisconsin's most significant, unusual, and historic trees. More than one hundred tales introduce us to trees across the state, some remarkable for their size or age, others for their intriguing histories. From magnificent elms to beloved pines to Frank Lloyd Wright's oaks, these trees are woven into our history, contributing to our sense of place. They are anchors for time-honored customs, manifestations of our ideals, and reminders of our lives' most significant events. For this updated edition, Allison revisits the trees' histories and tells us which of these unique landmarks are still standing. He sets forth an environmental message as well, reminding us to recognize our connectedness to trees and to manage our tree resources wisely. As early Wisconsin conservationist Increase Lapham said, "Tree histories increase our love of home and improve our hearts. They deserve to be told and remembered."

A primer on the Family Constellations philosophy and its core principles that will inspire and empower readers to take ownership of their lives. *Family Constellations* begins with the premise: it did not start with me. Many of us become "entangled" with the unhappiness of those who came before us, unconsciously adopting destructive familial patterns of anxiety, depression, failure, and even illness and addiction in an attempt to "redo" the past and "fix" our families. Affirmations and exercises punctuate every chapter, created to help the reader actively engage with and experience the benefits of Family Constellations. Readers will also learn how to: Recognize family system patterns and disrupt them Heal the inner child and parent the adult self Release limiting beliefs and behaviors Dissolve trauma bonds that entangle them with the past Reconcile the past and the present, for a whole and integrated self Arrive at a place of personal peace within the family system Craft future-facing narratives that empower them to live authentically

With contributions by leading international experts, this book presents a detailed compilation of a new and very active field. It is the first book devoted to the covalent coupling of molecular precursors on surfaces that allows the preparation of 0D, 1D and 2D molecules that cannot be synthesized in solution. This book is aimed at students and researchers interested in nanochemistry and molecular devices and it gives the reader a pedagogical up-to-date vision of the most recent developments. The editor ensures a multidisciplinary approach involving molecular chemistry, surface sciences, surface spectroscopies, theory, scanning tunneling and non-contact atomic force microscopies.

For countless people around the world, the words of Louise Hay have served as a beacon, leading them out of the darkness of despair and into the light of a better life. Cheryl Richardson is one of the many individuals whom Louise has greatly influenced . . . before going on to become a best-selling author herself. So what happens when these two combine their collective wisdom into one book? The result is what you're now holding in your hands. As Louise and Cheryl engage in a series of empowering and intimate conversations, you'll feel as if you're simultaneously having lunch with your best friends and also attending a master class put on by two leaders of the self-empowerment movement. As they travel throughout North America and Europe together, Louise and Cheryl discuss a wide range of topics, including the importance of loving ourselves and our bodies; aging consciously; bringing true prosperity and abundance to the world; manifesting positive relationships—both with family and friends and in the workplace; and facing death in a dignified and peaceful way. These two amazing women are living proof that the spiritual principles they discuss in these pages really work. As you read, you'll discover that you, too, have the ability to create an exceptional life!

An extraordinary new recipe for financial success from a woman who has experience making millionaires International finance coach Ann Wilson is known as the Wealth Chef because of her

ability to help people cook up monetary success. In this previously self-published book, Ann has laid out a step-by-step guide to creating financial freedom. In its pages, readers will find five recipes for wealth that helped Ann go from having nothing to becoming a multimillionaire. These recipes reveal the secrets to:

- Becoming debt-free while simultaneously generating wealth
- Getting your "wealth accelerators" working
- Increasing your quality of life while reducing your expenses
- Focusing on personal goals and tracking successes for rapid results

Ann takes what she's learned from her own life and from teaching around the world—from Africa, to Asia, to Australia, to America, to Europe—and gives readers an in-depth yet manageable plan and tested principles to improve their relationship with money. Simply put, she shows readers how to become financially savvy and build wealth starting immediately. They realize they can create financial freedom and live their dream life now, feeling empowered to throw away the old recipe for success: mix together one secure job with a lifelong portion of hard work and sacrifice to hopefully live the dream life after retirement. Why wait? With the practices and techniques Ann presents here they don't have to!

There's a special language that transcends time and space—a language that's not constrained by the limitations of just words—but one that consists of signs, symbols, energy, and thought. A language that can only be heard when one truly listens. It's the language of The Spirit Whisperer. In John Holland's past books, he explained how he came to terms with, and learned to accept and embrace, his spiritual gifts as a psychic medium; and how "readers" could develop their own intuitive psychic abilities. In this book, John picks up the fascinating story of his personal journey of growth and development as one of the most respected practicing mediums today. This work chronicles his career to date and includes some enlightening and heartfelt real-life case studies. He candidly discusses readings with clients, including those who've had their own After Death Communications (ADCs)—from the outrageous to the profound. John also explains the signs and symbols that our loved ones continually try to send us. One of his most popular sayings is: "Those on the Other Side want to talk to you—as much as you want to talk to them!" John divulges for the first time some of the extraordinary paranormal occurrences he's witnessed throughout his career, and provides a rare glimpse behind the scenes of what it's like to be a "Psychic Time Machine" for several television shows. He'll also help parents who have a psychic child themselves. The Spirit Whisperer is a book you'll want to read over and over, as many of the stories will touch your heart as well as your soul!

The names Albrecht Dürer and Hans Holbein the Younger evoke the dazzling accomplishments of Renaissance panel painting and printmaking, but they may not summon images of stained glass. Nevertheless, Dürer, Holbein, and their southern German and Swiss contemporaries designed some of the most splendid works in the history of the medium. This lavish volume is a comprehensive survey of the contribution to stained glass made by these extraordinarily gifted draftsmen and the equally talented glass painters who rendered their compositions in glass. Included are discussions of both monumental church windows and smaller-scale stained-glass panels made for cloisters, civic buildings, residences, and private chapels. The subjects of these rarely seen drawings and panels range from religious topics to secular themes, including love, planets, hunts, and battles. Focusing

on stained glass produced in Germany and Switzerland from about 1495 to 1530, Painting on Light includes drawings by Dürer, Holbein, Albrecht Altdorfer, Hans Baldung Grien, Jörg Breu the Elder, Hans Burgkmair, Urs Graf, Hans von Kulmbach, Hans Leu the Younger, Niklaus Manuel Deutsch, Hans Schäufolein, Hans Weiditz, and others. This informative book is published in conjunction with an exhibition at the Getty Museum from July 11 through September 24, 2000, and from November 7, 2000, to January 4, 2001, at the Saint Louis Art Museum.

Chronic pain has become an international epidemic—an estimated one billion people across the world suffer every day. Dr. Mitchell Yass, author of *The Pain Cure Rx*, presents an alternative model of treatment that can resolve pain quickly and effectively without surgery or medication. In his more than 25 years of clinical experience, Dr. Yass has found that about 90 percent of chronic pain that is attributed to structural problems (e.g., herniated disc, stenosis, or arthritis) is actually caused by a muscular weakness or imbalance—all of which stems from the muscles' inability to respond to the forces created while performing everyday functional tasks. In *The Yass Method for Pain-Free Movement*, Dr. Yass focuses on enabling you to perform necessary and normal functional tasks without pain or discomfort. From daily life at home to work to play to travel to sleep, Dr. Yass identifies and provides easy-to-do stretches and exercises for the muscles that you need to strengthen and keep balanced for a satisfying, pain-free life.

Use the powerful spiritual principles of Chinese Medicine to discover your personality type and bring balance to all areas of your life with this practical, solution-oriented book from expert Jean Haner. The ancient Chinese discovered a secret that remains little-known in the West to this day: the map of how your life is meant to work. And just like an acupuncturist treats energy points in the body to heal you physically, this book will show you how to make tiny changes in your everyday activities to heal your life when it's not working for you. Based on the traditional wisdom of the Chinese Five Elements—Water, Wood, Fire, Earth, and Metal—the quizzes and step-by-step guidance in this book will help you discover how to solve problems in ways that fit your unique personality type. Drawing from over 30 years of experience, Jean Haner offers specific strategies from the spiritual side of Chinese medicine to help you create true and effective change. With short-term practices and select activities, such as aligning with your "magic hours," new ways of clearing clutter, and even adding certain colors and foods to your life, you can get solutions for any problem at three different levels—simple remedies, full prescriptions, and a five-week "reboot" plan—to get your entire life moving in the right direction again.

Midlife Is Not a Crisis combines astrology, inspiration, and wisdom about aging to empower people to live more fully in the second half of life. It is based on the generational life cycles we all share at certain ages, from the Saturn Return at 29 and Midlife, which peaks at 42, all the way to the Uranus Return at 84. These cycles are the great crossroads of life, and each cycle is a journey in itself. Strung together they offer a road map to life's most challenging and rewarding passages. In every decade there are trials, lessons, and losses; in this we have no choice. Our freedom lies in how we respond#8212consciously or unconsciously, awake or asleep. The planet that governs each cycle acts as a wise elder or guide and holds the key to navigating the cycle successfully. This book tells the story of these cycles and provides a guide to living consciously and well. We are aging differently from the way we did in the past#8212we are not only living longer, we are staying healthy and vital longer as well. Midlife Is Not a Crisis motivates people to grow and prosper at any age. Ultimately it is a practical guidebook for our later years that shows us what to expect as we age and helps us make the most of our journey to becoming whole.

The Hidden Symmetry of Your Birth Date Springer

Organizational flirts and marriages alliances, mergers and acquisitions are dramatic examples of how soft cultures can produce hard facts of success or failure. Decisions born from human vanity can lead to destruction of human capital. The chapters selected by Ulijn, Duysters and Meijer illustrate the many facets of organizational family life for the scholar and, hopefully, for the decision-maker who considers another move. Geert Hofstede, author of Culture s Consequences This unique book focuses on the link between different types of culture (national, corporate, professional) and the success of strategic alliances, mergers and acquisitions. Over the past decades we have seen a significant increase in the number of strategic alliances, mergers and acquisitions. Despite this proliferation many recent studies have reported high failure rates. This failure is often attributed to cultural differences between partners, which has led to a growing body of literature on the subject. To date, most of these studies have focused on national and corporate culture, whereas this book also places particular emphasis on the importance of culture at the professional level. The authors clearly show that all three levels of culture may have a profound impact upon the ultimate success or failure of alliances, mergers and acquisitions. Researchers in the field of international business, strategic management, and strategic alliances, mergers and acquisitions will find this book to be of invaluable interest. Managers in multinational corporations and international business students should also not be without this important resource.
