Scholastic Inc. A strange glowing stone picked up on a sea voyage captivates a ship's crew and has a terrible transforming effect on

them. Exploring Our World John Wiley & Sons Easy-to-make 3-D graphic organizers help students focus their thinking, retain key information, and show off what they've learned! Includes interactive (writeable) versions of each graphic organizer! Leah's Pony Classroom Complete Press A flock of birds was moving toward me along the river, hovering over

something floating on the water. It drifted down stream, closer and closer, until finally it bumped up against the dock. Though it was covered with leaves and branches, now I could tell that it was a raft. I reached down and pushed some of the leaves aside. Beneath them was a drawing of a rabbit. It looked like those ancient cave paintings I'd seen in books--just outlines, but wild and fast and free. Nicky isn't one

bit happy about spending the summer with his grandma in the Wisconsin woods, but then the raft appears and changes everything. As Nicky explores, the raft works a subtle magic, opening up the wonders all around him--the animals of river and woods, his grandmother's humor and wisdom, and his own special talent as an artist.

Fold-Out Kar-Ben

Undocumented is the story of immigrant workers who have come to the United States without papers. Every day, these men and women join the work force and contribute positively to society. The story is told via the ancient Mixtec codex—accordion fold—format.

Juan grew up in Mexico working in the fields to help provide for his family.

Struggling for money, Juan crosses over into the United States and becomes an undocumented worker, living in a poor neighborhood, working hard to survive. Though he is able to get a job as a busboy at a restaurant, he is severely undercompensated—he receives less than half of the minimum wage! Risking his boss

reporting him to the authorities for not having proper resident papers, Juan risks everything and stands up for himself and the rest of the community. <i>Dinah Zike's High School World History Reading and Study Skills</i> Astra Publishing House Judith Ortiz Cofer's Pura Belpre award-winning collection of short stories about life in the barrio! Rita is exiled to Puerto Rico	for a summer with her grandparents after her parents catch her with a boy. Luis sits atop a six-foot mountain of hubcaps in his father's junkyard, working off a sentence for breaking and entering. Sandra tries to reconcile her looks to the conventional Latino notion of beauty. And Arturo, different from his macho classmates, fantasizes about escaping his community. They are the teenagers of	the barrio -- and this is their world. <i>Louder, Lili</i> Houghton Mifflin Harcourt A Newbery Medal Winner For over thirty-five years, Ellen Raskin's Newbery Medal-winning <i>The Westing Game</i> has been an enduring favorite. So instead of introducing herself on the first day of school, she decides to

 A teacher presents a lesson, and at the end asks students if they understand the material. The students nod and say they get it. Later, the teacher is dismayed when many of the students fail a test on the material. Why aren't students getting it? And, just as important, why didn't the teacher recognize the problem? In Checking for

Understanding , Douglas Fisher and Nancy Frey show how to increase students' understanding with the help of creative formative assessments. When used regularly, formative assessments enable every teacher to determine what students know and what they still need to learn. Fisher and Frey explore a variety of engaging activities that check for and increase understanding , including

interactive writing, portfolios, multimedia presentations, audience response systems, and much more. This new 2nd edition of *Checking for Understanding* has been updated to reflect the latest thinking in formative assessment and to show how the concepts apply in the context of Fisher and Frey's work on gradual release of responsibility, guided instruction, formative

assessment systems, data analysis, and quality instruction. Douglas Fisher and Nancy Frey are the creators of the Framework for Intentional and Targeted (FIT) Teaching™. They are also the authors of numerous ASCD books, including *The Formative Assessment Action Plan: Practical Steps to More Successful Teaching and Learning* and the best-selling *Enhancing RTI: How to Ensure*

So when their teacher puts Maxie and Drita together for a class project, things get off to a

rocky start. But sometimes, when you least expect it, friendship can bloom and overcome even a vast cultural divide. R Markdown Penguin Set in the Dust Bowl of the 1930's, here is a moving story that Parents Magazine calls a "poignant tale of how a little girl with a big heart saves the family farm and inspires an entire town." Leah's pony is swift and strong. Together they

ride, crossing through cornfields and over pastures, chasing cattle as they gallop under summer skies. Then one year, the corn grows no taller than a man's thumb. Locusts blacken the sky, and the earth turns to dust. Gone were the cornfields and pastures where Leah and her pony used to ride. It is the beginning of the great drought, and Leah's father faces losing the family farm. But Leah's bravely

decides to act. This deeply felt story, vividly portrayed through stunning oil paintings, tells the story of a selfless young woman and her sacrifice for her family. Chicken Soup.
