Family man Nathan Fisher finds himself at the heart of a bloody conspiracy that threatens the lives of his loved ones and the future of the country itself. GOD WILL IT! It all started with a Viking raiWhen he is captured and forced into slavery, Aillil the Irishman must pretend to be a priest or die. Better to be a high-value priest than a low-value corpse, he thinks, and so it happens that a failed novitiate (he loved women too well) is taken up by Norway's first Christian lord, Erling Skjalgsson to bring the Word to his people. Ironically, though "Father"Aillil is as phony as a three-dollar psalm, he and he alone must convert a fiercely pagan people to the gentle teachings of Christ¾and they don't want to hear about it. Nor do their "gods," who are all too real, and all too liable to do something horrible to those disturbing their divine peace. It's going to take a miracle for Aillil to succeed, or even survive, but fortunately God (the one true God, not those pagan demon creatures) is on his side. . . . At the publisher's request, this title is sold without DRM (Digital Rights Management). "... many fierce battles, both with men and with sendings from the other gods ... a Norse saga wrapped in a hair shirt . . . introspective and bloody. . . ."

¾VOYA "The book is not for spiritual sissies . . . rowdy action and a realistic look at the human and spiritual costs of religious and cultural conversion." ¾Florida Today

The Perseid Collapse Little, Brown

#1 international bestseller Publishers Weekly bestseller The Globe and Mail (Toronto) The Toronto Star bestseller The Vancouver Sun bestseller From Neil Pasricha—New York Times, million-copy bestselling author of The Book of Awesome series and The Happiness Equation, thought leader for the next generation, and one of the most popular TED speakers in the world—comes a revelatory and inspiring book that will change the way we view failure and help us build resilience. We are lucky. For most of us, famine, plague, economic depression, and other life-threatening catastrophes are the stuff of history books. We're living in an era with the highest-ever rates of longevity, education, and wealth. Cars drive us home as our phones entertain us before we arrive to food delivered to the front door. We have it all! But there's just one side effect. We no longer have the tools to handle failure...or even perceived failure. When we fall, we lie on the sidewalk crying. When we spill, we splatter. When we crack, we shatter. We are turning into an army of porcelain dolls. A rude email from the boss means calling in sick. Only two likes on our post means we don't have friends. Cell phones show us we're never good enough. Yesterday's butterflies are tomorrow's panic attacks. Record numbers of students have clinical anxiety. And what about depression, loneliness, and suicide? All rising! What do we desperately need to learn? RESILIENCE. And we need to learn it fast. Read You Are Awesome to learn: • The single word that keeps your options open after failure •

What every commencement speech gets wrong • 3 ways to dramatically accelerate your ability to learn and adapt • The 2-minute morning practice that helps eliminate worry • Why you need an Untouchable Day (and how to get one) • and much, much more... Because the truth is, you really are awesome.

Department of Health and Human Services officials claim that measures have been taken to safeguard the American public... Most ignore the warnings... Few prepare... With his family and home mobilized to endure an extended period of seclusion, Alex thinks he's ready for the pandemic. He's not even close. The lethal H16N1 virus rapidly spreads across the nation, stretching the fragile bonds of society to the breaking point. Schools close, grocery stores empty, fuel deliveries stop, hospitals start turning away the sick... riots engulf the cities. As hostility and mistrust engulfs his idyllic Maine neighborhood, Alex quickly realizes that the H16N1 virus will be the least of his problems. The Jakarta Pandemic is a prepper themed, cautionary tale that explores the depths of human desperation, and its unremitting influence on our decisions. "It delivers a vicious punch of violence and heroism for the reader to endure and admire. I could hardly put The Jakarta Pandemic down until I finished it." - Amazon Reviewer (2012) "The tension builds as difficult choices are made, when no good options seem to be available. I found certain segments to be uncomfortably realistic, at times creepy in the way you could feel things closing in around the family." - Amazon Reviewer (2013) "It makes you think just how prepared you really are for any kind of emergency. It makes you question your resolve in a potential crisis. How far are you willing to go to protect your loved ones? Every day that goes by, these characters have to question what is right and what is wrong. Take the trip thru this book. You won't be disappointed." - Amazon Reviewer (2013) "Pay attention as you may learn a few things in this book that could help you make the best of an emergency situation. For that matter some of the info in this book may very well save your life." - Amazon Reviewer (2013) "Anyone who has relished running to the hardware store before a big storm to stock up on essentials will be drawn to Steve Konkoly's intricately-researched and drawn breakdown of our supply systems, and transfixed by his description of what it takes to survive six months of enforced isolation behind the locked (booby-trapped, draped and shuttered) doors of one's own home." - Amazon Reviewer (2011) "I found the setting to be a refreshing change from other PA novels. Stories in this genre tend to focus on the world at large or

center on a group of people traveling on a journey to find safe harbor. This novel centers on one family hunkered down in their home and how they interact with their neighbors on their street. I was quite impressed with the level of research put into this novel, the author clearly did his homework." - Richard Stephenson, author of the critically acclaimed New America series.
