 “What would the world look like if girls grew up reading fairytales made from the magic they carry inside themselves? Breathtakingly beautiful, is what.” —Lidia Yuknavich, national bestselling author In her debut children’s book, Rebecca Solnit reimagines a classic fairytale with a fresh, feminist Cinderella and new plot twists that will

inspire young readers to change the world, featuring gorgeous silhouettes from Arthur Rackham on each page. In this modern twist on the classic story, Cinderella, who would rather just be Ella, meets her fairy godmother, goes to a ball, and makes friends with a prince. But that is where the familiar story ends. Instead of waiting to be rescued, Cinderella learns that she can save

herself and those around her by being true to herself and standing up for what she believes. “Being a princess is absolutely fine if that’s what you choose. It’s having those choices taken away from you that make for big problems. Cinderella in Solnit’s book is given that choice. She’s allowed to say what her dreams are, and then she goes out and attains them. And they’re not huge ridiculous dreams but

small, happy, manageable ones. Ultimately, that’s the gift Ms. Solnit is giving kids with this book.”
—School Library Journal
“This is a reminder of hope and possibility, of kindness and compassion, and—perhaps most salient—imagination and liberty. Through the imaginations of our childhoods, can we find our true selves liberated in adulthood?”
—Chelsea

Handler “This is, hands down, a wonderful book—one that even the jaded reader will clasp upon completion with a contented sigh.” —The New York Times

An urgent exploration of men’s entitlement and how it serves to police and punish women, from the acclaimed author of *Down Girl*
“Kate Manne is a thrilling and

provocative feminist thinker. Her work is indispensable. —Rebecca Traister
NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ATLANTIC
 In this bold and stylish critique, Cornell philosopher Kate Manne offers a radical new framework for understanding misogyny. Ranging widely across the culture, from Harvey Weinstein and the Brett Kavanaugh hearings to “Cat Person”

and the political misfortunes of Elizabeth Warren, Manne’s book shows how privileged men’s sense of entitlement—to sex, yes, but more insidiously to admiration, care, bodily autonomy, knowledge, and power—is a pervasive social problem with often devastating consequences. In clear, lucid prose, Manne argues that male entitlement can explain a wide array of phenomena,

from mansplaining and the undertreatment of women’s pain to mass shootings by incels and the seemingly intractable notion that women are “unelectable.” Moreover, Manne implicates each of us in toxic masculinity: It’s not just a product of a few bad actors; it’s something we all perpetuate, conditioned as we are by the social and cultural mores of our time. The only way to combat it,

she says, is to expose the flaws in our default modes of thought while enabling women to take up space, say their piece, and muster resistance to the entitled attitudes of the men around them. With wit and intellectual fierceness, Manne sheds new light on gender and power and offers a vision of a world in which women are just as entitled as men to our collective care and concern.

Lexington Books
The author of *Men Explain Things to Me* explores the moments of altruism and generosity that arise in the aftermath of disaster. Why is it that in the aftermath of a disaster? whether manmade or natural? people suddenly become altruistic, resourceful, and brave? What makes the newfound communities and purpose many find in the ruins and crises after

disaster so joyous? And what does this joy reveal about ordinarily unmet social desires and possibilities? In *A Paradise Built in Hell*, award-winning author Rebecca Solnit explores these phenomena, looking at major calamities from the 1906 earthquake in San Francisco through the 1917 explosion that tore up Halifax, Nova Scotia, the 1985 Mexico City earthquake, 9/11, and

Hurricane Katrina in New Orleans. She examines how disaster throws people into a temporary utopia of changed states of mind and social possibilities, as well as looking at the cost of the widespread myths and rarer real cases of social deterioration during crisis. This is a timely and important book from an acclaimed author whose work consistently locates unseen

patterns and meanings in broad cultural histories. *Quiero verte una vez más* Melville House
A multidisciplinary compilation of nineteen incisive essays ranges from the formality of traditional art criticism to intimate, lyrical meditations as they explore nuclear test sites, the meaning of national borders and geographical features, and the idea of the feminine and the sublime.

BESTSELLER •
The highly acclaimed, provocative essay on feminism and sexual politics—from the award-winning author of *Americanah* "A call to action, for all people in the world, to undo the gender hierarchy."
—Medium In this personal, eloquently-argued essay—adapted from the much-admired TEDx talk of

the same name—Chimamanda Ngozi Adichie offers readers a unique definition of feminism for the twenty-first century. Drawing extensively on her own experiences and her deep understanding of the often masked realities of sexual politics, here is one remarkable author's exploration of what it means to be a woman now—and an of-the-moment rallying cry for why we should

all be feminists. *Not Too Late* Random House "An intriguing amalgam of personal memoir, philosophical speculation, natural lore, cultural history, and art criticism." —Los Angeles Times From the award-winning author of *Roses*, a stimulating exploration of wandering, being lost, and the uses of the unknown. Written as a series of autobiographical essays, A

Field Guide to *Getting Lost* draws on emblematic moments and relationships in Rebecca Solnit's life to explore issues of uncertainty, trust, loss, memory, desire, and place. Solnit is interested in the stories we use to navigate our way through the world, and the places we traverse, from wilderness to cities, in finding ourselves, or losing ourselves. While deeply personal, her own stories link up to

larger stories, from captivity narratives of early Americans to the use of the color blue in Renaissance painting, not to mention encounters with tortoises, monks, punk rockers, mountains, deserts, and the movie *Vertigo*. The result is a distinctive, stimulating voyage of discovery. *Tatuajes en el corazon* Charco Press Men to Avoid in Art and Life pairs classical fine art with modern captions that

epitomize the spirit of mansplaining. This hilarious book perfectly captures those relatable moments when a man explains to a woman a subject about which he knows considerably less than she does. Situations include men sharing keen insight on the female anatomy, an eloquent defense of catcalling, or offering sage advice about horseback riding to the woman who

owns the horse. • These less qualified men of antiquity dish out mediocrity as if it's pure genius • For the women who have endured overbearing men over the centuries • Written with hilariously painful accuracy "Now, when you're riding a horse, you need to make sure to keep a good grip on the reins." "These are my horses." Through cringe-induced empathy, this timeless gift

book of shared experiences unites women across history in one of the most powerful forms of resistance: laughter. • Started as a Twitter thread and quickly gained widespread popularity. • Makes a perfect book for women and feminists with a wry sense of humor, millennials, anyone who loves memes and Internet humor, as well as history and art buffs. • You'll love this book if you

love books like Men Explain Things to Me by Rebecca Solnit, Milk and Vine: Inspirational Quotes from Classic Vines by Emily Beck, and Awards For Good Boys: Tales Of Dating, Double Standards, And Doom by Shelby Lorman. *El acto de nombrar* Ediciones Octaedro Citizenship and Disadvantaged Groups in Chile seeks to overcome an existing void in the literature of

Latin American studies addressing the impact of Chile's post dictatorial legal framework on its historically and structurally disadvantaged groups, concentrating on the various issues and challenges that affect them. Within its eleven chapters it explores the changing social and legal status of LGBTI people, the political disenfranchisement and the social exclusion that

affects imprisoned individuals, the harshness of policing on poor and marginalized communities, the deprivation of indigenous peoples of meaningful rights, the vulnerability that affects workers as a consequence of the existing model of labor relations, the disenfranchisement that affects migrants seeking economic opportunities, the denial of citizenship to women involved in the

prohibition of abortion, the unsatisfactory regulation of sex work, the prevalence of domestic violence, and the absence of adequate means for disadvantaged groups to institutionalize their political representation . This book offers a distinctive contribution, focusing on a specific country in the Global South that is presently undergoing a process of economic consolidation while facing many of the

problems of traditional and unequal Latin American societies. Feminist Activity Book Simon and Schuster “[A] landmark book . . . Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes” (Vice). A book as powerful and influential as Rebecca Solnit’s *Men Explain Things to Me*, her *Hope in the Dark* was written to counter the

despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and

political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book

came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. “One of the best books of the 21st century.” —The Guardian “No writer has better understood the mix of fear and possibility, peril and exuberance that’s marked this new

In this brutal, gripping novel, Selva Almada narrates the case of three small-town teenage girls murdered in the 1980's in the interior of Argentina. Three deaths without culprits: 19-year old Andrea Danne, stabbed in her own bed; 15-year old María Luisa Quevedo, raped, strangled, and dumped in wasteland; and 20-year old Sarita Mundín, whose disfigured

body was found on a river bank. Almada takes these and other tales of abused women to weave together a dry, straightforward portrait of gender violence that surpasses national borders and speaks to readers' consciousness all over the world. Following the success of *The Wind That Lays Waste*, internationally acclaimed Argentinian author Selva Almada dives

into the heart of this problem with a reported novel, comparable to Truman Capote's *In Cold Blood* or John Hersey's *Hiroshima*, in response to the urgent need for attention to the ongoing catastrophe that is femicide. Not a police chronicle, not a thriller, but a contemporary noir novel that lives in the hearts of these women and the men who have abused them. Almada

captures the invisible, and with lyrical brutality, blazes a new trail in journalistic fiction. *Los Hombres Me Explican Cosas* Haymarket Books "The most clarifying, soothing, and socially aware document I've read on the topic this year." Lena Dunham, Wall Street Journal "Trenchant and timely reflections on persistent inequality between women and men and gender-based

violence." New York Times In her comic, scathing essay *Men Explain Things to Me*, Rebecca Solnit takes on what often goes wrong in conversations between men and women. She writes about men who wrongly assume they know things and wrongly assume women don't, about why this arises, and how this aspect of the gender wars works, airing some of her own hilariously awful

encounters. Writer, historian, and activist Rebecca Solnit is the author of sixteen books about environment, landscape, community, art, politics, hope, and memory. *Derechos frágiles* Crown Feminist essays for the #MeToo era from "the voice of the resistance," the international bestselling author of *Men Explain Things to Me* (The New York Times Magazine). Who gets to

shape the narrative of our times? The current moment is a battle royale over that foundational power, one in which women, people of color, non-straight people are telling other versions, and white people and men and particularly white men are trying to hang onto the old versions and their own centrality. In *Whose Story Is This?* Rebecca Solnit appraises what's emerging and why it matters

and what the obstacles are. Praise for Rebecca Solnit and her essays "Rebecca Solnit is essential feminist reading." —The New Republic "In these times of political turbulence and an increasingly rabid and scrofulous commentariat, the sanity, wisdom and clarity of Rebecca Solnit's writing is a forceful corrective. *Whose Story Is This?* is a scorchingly intelligent

collection about the struggle to control narratives in the internet age." —The Guardian "Solnit's passionate, shrewd, and hopeful critiques are a road map for positive change." —Kirkus Reviews "Solnit's exquisite essays move between the political and the personal, the intellectual and the earthy." —Elle "Rebecca Solnit reasserts herself here

as one of the most astute cultural critics in progressive discourse.” —Publishers Weekly “No writer has better understood the mix of fear and possibility, peril and exuberance that’s marked this new millennium.” —Bill McKibben, founder of 350.org

 A passionate, thought-provoking exploration of walking as a political and

cultural activity, from the author of Orwell's *Roses Drawing* together many histories--of anatomical evolution and city design, of treadmills and labyrinths, of walking clubs and sexual mores-- Rebecca Solnit creates a fascinating portrait of the range of possibilities presented by walking. Arguing that the history of walking includes walking for pleasure as well as for political, aesthetic, and

social meaning, Solnit focuses on the walkers whose everyday and extreme acts have shaped our culture, from philosophers to poets to mountaineers. She profiles some of the most significant walkers in history and fiction--from Wordsworth to Gary Snyder, from Jane Austen's Elizabeth Bennet to Andre Breton's Nadja--finding a profound relationship between walking and

thinking and walking and culture. Solnit argues for the necessity of preserving the time and space in which to walk in our ever more car-dependent and accelerated world.

Chronicle Books
The incomparable Rebecca Solnit, author of more than a dozen acclaimed, prizewinning books of nonfiction, brings the same dazzling writing to the essays in

Encyclopedia of Trouble and Spaciousness. As the title suggests, the territory of Solnit's concerns is vast, and in her signature alchemical style she combines commentary on history, justice, war and peace, and explorations of place, art, and community, all while writing with the lyricism of a poet to achieve incandescence and wisdom. Gathered here are celebrated iconic essays

along with little-known pieces that create a powerful survey of the world we live in, from the jungles of the Zapatistas in Mexico to the splendors of the Arctic. This rich collection tours places as diverse as Haiti and Iceland; movements like Occupy Wall Street and the Arab Spring; an original take on the question of who did Henry David Thoreau's laundry; and a searching look

at what the hatred of country music really means. Solnit moves nimbly from Orwell to Elvis, to contemporary urban gardening to 1970s California macramé and punk rock, and on to searing questions about the environment, freedom, family, class, work, and friendship. It's no wonder she's been compared in Bookforum to Susan Sontag and Annie Dillard and in the San

Francisco Chronicle to Joan Didion. The Encyclopedia of Trouble and Spaciousness proves Rebecca Solnit worthy of the accolades and honors she's received. Rarely can a reader find such penetrating critiques of our time and its failures leavened with such generous heapings of hope. Solnit looks back to history and the progress of political movements to find an antidote to despair in

what many feel as lost causes. In its encyclopedic reach and its generous compassion, Solnit's collection charts a way through the thickets of our complex social and political worlds. Her essays are a beacon for readers looking for alternative ideas in these imperiled times.

OF THE YEAR: *Outside* ONE OF THE BEST BOOKS OF THE YEAR: *The New York Times* An ardent steward of the land, fearless traveler, and unrivaled observer of nature and culture, Barry Lopez died after a long illness on Christmas Day 2020. The previous summer, a wildfire had consumed much of what was dear to him in his home place and the community around it—a tragic

reminder of the climate change of which he’d long warned. At once a *cri de coeur* and a memoir of both pain and wonder, this remarkable collection of essays adds indelibly to Lopez’s legacy, and includes previously unpublished works, some written in the months before his death. They unspool memories both personal and political, among them tender, sometimes painful stories of his

childhood in New York City and California, reports from expeditions to study animals and sea life, recollections of travels to Antarctica and other extraordinary places on earth, and meditations on finding oneself amid vast, dramatic landscapes. He reflects on those who taught him, including Indigenous elders and scientific mentors who sharpened his eye for the natural world. We witness poignant

returns from his travels to the sanctuary of his Oregon backyard, adjacent to the McKenzie River. And in prose of searing candor, he reckons with the cycle of life, including his own, and—as he has done throughout his career—with the dangers the earth and its people are facing. With an introduction by Rebecca Solnit that speaks to Lopez’s keen attention to the world, including its

spiritual dimensions, Embrace Fearlessly the Burning World opens our minds and souls to the importance of being wholly present for the beauty and complexity of life. “This posthumously published collection of essays by nature writer Barry Lopez reveals an exceptional life and mind . . .  With humor, rage, and confessional detail, Virginie Despentes—in her own words "more King Kong than Kate Moss"—delivers a highly charged account of women's lives today. She explodes common attitudes

critic Jessa Crispin delivers a searing rejection of contemporary feminism . . . and a bracing manifesto for revolution. Are you a feminist? Do you believe women are human beings and that they deserve to be treated as such? That women deserve all the same rights and liberties bestowed upon men? If so, then you are a feminist . . . or so the feminists keep insisting. But somewhere

along the way, the movement for female liberation sacrificed meaning for acceptance, and left us with a banal, polite, ineffectual pose that barely challenges the status quo. In this bracing, fiercely intelligent manifesto, Jessa Crispin demands more. Why I Am Not A Feminist is a radical, fearless call for revolution. It accuses the feminist movement of obliviousness, irrelevance,

and cowardice—and demands nothing less than the total dismantling of a system of oppression. Praise for Jessa Crispin, and The Dead Ladies Project "I'd follow Jessa Crispin to the ends of the earth." -- Kathryn Davis, author of Duplex "Read with caution . . .
