My Son's Story A&C Black

A biography of the founder of modern Turkey that chronicles the ideas that shaped him. When Mustafa Kemal Atatürk became the first president of Turkey in 1923, he set about transforming his country into a secular republic where nationalism sanctified by science—and by the personality cult Atatürk created around himself—would reign supreme as the new religion. This book provides the first in-depth look at the intellectual life of the Turkish Republic's founder. In doing so, it frames him within the historical context of the turbulent age in which he lived, and

explores the uneasy transition from the late Ottoman imperial order to the modern Turkish state through his life and ideas. Shedding light on one of the most complex and enigmatic statesmen of the modern era, M. Sükrü Hanioglu takes readers from Atatürk's youth as a Muslim boy in the volatile ethnic cauldron of Macedonia, to his education in nonreligious and military schools, to his embrace of Turkish nationalism and the modernizing Young Turks movement. Who was this figure who sought glory as an ambitious young officer in World War I, defied the victorious Allies intent on partitioning the Turkish heartland, and defeated the last sultan? Hanioglu charts Atatürk's intellectual and ideological development at every stage of his life, demonstrating how he was profoundly influenced by the new ideas that were circulating in the sprawling Ottoman realm. He

shows how Atatürk drew on a unique mix of scientism, materialism, social Darwinism, positivism, and other theories to fashion a grand utopian framework on which to build his new nation. Now with a new preface, this book provides the first in-depth look at the intellectual life of the Turkish Republic's founder.

Forgotten Continent: The Battle for Latin America's Soul GRIN Verlag

After coming through the blizzard that almost cost them everything, Jens and the boy are far from home, in a fishing community at the edge of the world. Taken in by the village doctor, the boy once again has the sense of being brought back from the grave. But this is a strange place, with otherworldly inhabitants, including flame-haired Álfheiður, who makes him wonder whether it is possible to love two women at once; he had believed his heart was lost to Ragnheiður, the daughter of the wealthy merchant in the village to which he must now inexorably return. Set in the awe-inspiring wilderness of the extreme north, *The Heart of Man* is a profound exploration of life, love and desire, written with a sublime simplicity. In this conclusion to an audacious trilogy, Stefánsson brings a poet's eye and a philosopher's insight to a tale worthy of the sagasmiths of old. *Strangers in Their Own Land* National Geographic Books

A NEW YORK TIMES BESTSELLER! In his first major book on the subject of income inequality, Noam Chomsky skewers the fundamental tenets of neoliberalism and casts a clear, cold, patient eye on the economic facts of life. What are the ten principles of concentration of wealth and power at work in America today? They're simple enough: reduce democracy, shape ideology, redesign the economy, shift the burden onto the poor and middle classes, attack the solidarity of the people, let special interests run the regulators, engineer election results, use fear and the power of the state to keep the rabble in line, manufacture consent, marginalize the population. In *Requiem for the American Dream*, Chomsky devotes a chapter to each of these ten principles, and adds readings from some of the core texts that have influenced his thinking to bolster his argument. To create *Requiem for the American Dream*, Chomsky and his editors, the filmmakers Peter Hutchison, Kelly Nyks, and Jared P. Scott, spent countless hours together over the course of five years, from 2011 to 2016. After the release of the film version, Chomsky and the editors returned to the many hours of tape and

transcript and created a document that included three times as much text as was used in the film. The book that has resulted is nonetheless arguably the most succinct and tightly woven of Chomsky's long career, a beautiful vessel--including old-fashioned ligatures in the typeface--in which to carry Chomsky's bold and uncompromising vision, his perspective on the economic reality and its impact on our political and moral well-being as a nation. "During the Great Depression, which I'm old enough to remember, it was bad--much worse subjectively than today. But there was a sense that we'll get out of this somehow, an expectation that things were going to get better . . ." —from *Requiem for the American Dream*

The colors of Mexico: Diverse interiors from Costa Careyes to the Yucatan Peninsula Barbara and René Stoeltie, the dynamic writer and photographer duo, have struck gold again--this time with a truly breathtaking look at Mexico's most remarkable abodes. The Stoelties have traveled far and wide, from Costa Careyes to the Yucatan Peninsula, seeking out homes to surprise, delight, and inspire you. The contrast between Constructivist architect Luis Barragán's home, a restored 16th century hacienda, and traditional Mayan thatched-roof dwellings is telling of the vibrant palette of textures and hues to be found with the pages of this book. This diverse selection of villas, casitas, haciendas, cabanas, and palapas paints a lively and colorful picture of Mexican style. Text in English, French, and German

Where I Was From Yale University Press

A behind-the-scenes view of the power struggles within the

Vatican and "a look inside the byzantine halls of the institutional Catholic Church."—Publishers Weekly A journalist who has long covered the Vatican, Marco Politi takes us deep inside the struggle roiling the Roman Curia and the Catholic Church worldwide, beginning with Benedict XVI, the pope who famously resigned in 2013, and intensifying with the unexpected election of Jorge Mario Bergoglio, archbishop of Buenos Aires, now known as Pope Francis. Politi's account balances the perspectives of Pope Francis's supporters, Benedict's sympathizers, and those disappointed members of the laity who feel alienated by the institution's secrecy, financial corruption, and refusal to modernize. Politi dramatically recounts the sexual scandals that have rocked the church and the accusations of money laundering and other financial misdeeds swirling around the Vatican and the Italian Catholic establishment, and how Pope Francis's attempts to address these crimes has been met with resistance from entrenched factions. He writes of the decline in church attendance and vocations to the priesthood as the church continues to prohibit divorced and remarried Catholics from receiving Communion. He visits European parishes where women perform the functions of missing male priests—and where the remaining parishioners would welcome the ordination of women, if the church would allow it. Pope Francis's emphasis on pastoral compassion for all who struggle with the burden of family life has also provoked the ire of traditionalists. He knows from experience what life is like for the poor in South America and elsewhere, and highlights the contrast between the vital, vibrant faith of these parishioners and the disillusionment of European Catholics. As Pope Francis and his supporters are locked in battle with the

defenders of the traditional hard line and with ecclesiastical corruption, the future of Catholicism is at stake—and it is far from certain Francis will succeed in saving the institution from decline.

The New Testament contains four accounts of the life of Jesus. To some people in antiquity, four was too many. Disagreements in the Gospels over what Jesus said and did triggered debate between insiders and drew criticism from outsiders. To other people, four was not enough. As early as the first century, Christians wrote additional gospels, each with their own portrayal of Jesus and depictions of his relationships with his family, his followers, and his Father. While these gospels were not included in the New Testament canon, many continued to be important for Christian thought and practice; all these texts, moreover, are significant for the study of emergent Christianity. This short, accessible introduction draws on current scholarship on the various noncanonical (or apocryphal) gospels to present this fascinating literature to readers eager to learn more about their origins, contents, and meaning. The book begins with a discussion of the distinction between gospels that became canonical and those that came to be regarded as apocryphal. Then, the gospels are presented in chapters arranged according to Jesus' ministry: from Infancy Gospels to texts about Jesus' earthly career to his passion, resurrection, and postresurrection appearances. This book demonstrates how early Christians confronted crises in their communities through story, crafting new accounts of Jesus' life that expanded upon and sometimes challenged the Gospels that became canonical. The apocryphal gospels are not Scripture, but they are no less valuable for

understanding Christianity in its formative centuries and beyond. *The Unwinding* Princeton University Press

It is three weeks since the boy came to town, carrying a book of poetry to return to the old sea captain - the poetry that did for his friend Bárður. Three weeks, but already Bárður's ghost has faded. Snow falls so heavily that it binds heaven and earth together. As the villagers gather in the inn to drink schnapps and coffee while the boy reads to them from Shakespeare's Hamlet, Jens the postman stumbles in half dead, having almost frozen to his horse. On his next journey to the wide open fjords he is accompanied by the boy, and both must risk their lives for each other, and for an unusual item of mail. *The Sorrow of Angels* is a timeless literary masterpiece; in extraordinarily powerful language it brings the struggle between man and nature tangibly to life. It is the second novel in Stefánsson's epic and elemental trilogy, though all can be read independently.

Picking his way through Andean cocaine fields, Central American prisons, Colorado pot shops, and the online drug dens of the Dark Web, Tom Wainwright provides a fresh, innovative look into the drug trade and its 250 million customers. More than just an investigation of how drug cartels do business, *Narconomics* is also a blueprint for how to defeat them. How does a budding cartel boss succeed (and survive) in the 300 billion illegal drug business? By learning from the best, of course. From creating brand value to fine-tuning customer service, the folks running cartels have been attentive students of the strategy and tactics used by corporations such as Walmart, McDonald's, and Coca-Cola. And what can government learn to combat this scourge? By

analyzing the cartels as companies, law enforcers might better understand how they work -- and stop throwing away 100 billion a year in a futile effort to win the "war" against this global, highly organized business. Your intrepid guide to the most exotic and brutal industry on earth is Tom Wainwright. Picking his way through Andean cocaine fields, Central American prisons, Colorado pot shops, and the online drug dens of the Dark Web, Wainwright provides a fresh, innovative look into the drug trade and its 250 million customers. The cast of characters includes "Bin Laden," the Bolivian coca guide; Old Lin," the Salvadoran gang leader; "Starboy," the millionaire New Zealand pill maker; and a cozy Mexican grandmother who cooks blueberry pancakes while plotting murder. Along with presidents, cops, and teenage hitmen, they explain such matters as the business purpose for head-to-toe tattoos, how gangs decide whether to compete or collude, and why cartels care a surprising amount about corporate social responsibility. More than just an investigation of how drug cartels do business, Narconomics is also a blueprint for how to defeat them.

A modern saga spanning the whole of the 20th century, by one of Iceland's most celebrated writers. At the beginning of this story there is death, and yet it is a celebration of life - the passion between a man and a woman, forbidden love, violence, sorrow, betrayal. Happiness and misfortune are passed down from one generation to the next. The sorrow over what was and what might have been weighs heavily on the characters and at the end of this chain, for now, stands Ari, on his way to his dying father, with a score still to be settled. The raw beauty of life is written into the dramatic Icelandic landscape, and into a society that has undergone great transformation within a century. In language both archaic and lyrical, and yet entirely contemporary and full of humour, Jón Kalman Stefánsson proves himself one of the finest European writers of his generation. A companion volume to Fish Have No Feet (longlisted for the Man Booker International Prize 2017). Translated from the Icelandic by Philip Roughton

The National Book Award Finalist and New York Times bestseller that became a guide and balm for a country struggling to understand the election of Donald Trump "A generous but disconcerting look at the Tea Party. . . . This is a smart, respectful and compelling book." —Jason DeParle, The New York Times Book Review When Donald Trump won the 2016 presidential election, a bewildered nation turned to Strangers in Their Own Land to understand what Trump voters were thinking when they cast their ballots. Arlie Hochschild, one of the most influential sociologists of her generation, had spent the preceding five years immersed in the community around Lake Charles, Louisiana, a Tea Party stronghold. As Jedediah Purdy put it in the New Republic, "Hochschild is fascinated by how people make sense of their lives. . . . [Her] attentive, detailed portraits . . . reveal a gulf between Hochschild's 'strangers in their own land' and a new elite." Already a favorite common read book in communities and on campuses across the country and called "humble and important" by David Brooks and "masterly" by Atul Gawande, Hochschild's book has been lauded by Noam Chomsky, New Orleans mayor Mitch Landrieu, and countless others. The paperback edition features a new afterword by the author reflecting on the election of Donald Trump and the other events that have unfolded both in Louisiana and around the country since the hardcover edition was published, and also includes a readers' group guide at the back of the book.

Ten years after one of the most polarizing political scandals in American history, author Ken Gormley offers an insightful, balanced, and revealing analysis of the events leading up to the impeachment trial of President William Jefferson Clinton. From Ken Starr's initial Whitewater investigation through the Paula Jones sexual harassment suit, to the Monica Lewinsky affair and Brett Kavanaugh's role in the subsequent inquiry, *The Death of American Virtue* is a gripping chronicle of an ever-escalating political feeding frenzy. In exclusive interviews, Bill Clinton, Ken Starr, Monica Lewinsky, Paula Jones, Susan McDougal, and many more key players offer candid reflections on that period. Drawing on never-before-released records and documents—including the Justice Department's internal investigation into Starr, new details concerning the death of Vince Foster, and evidence from lawyers on both sides—Gormley sheds new light on a dark and divisive chapter, the aftereffects of which are still being felt in today's political climate.

"Nothing short of a masterpiece." —NPR Books A New York Times Bestseller and a Washington Post Notable Book of the Year In the most ambitious one-volume American history in decades, award-winning historian Jill Lepore offers a magisterial account of the origins and rise of a divided nation. Widely hailed for its "sweeping, sobering account of the American past" (New York Times Book Review), Jill Lepore's one-volume history of America places truth itself—a devotion to facts, proof, and evidence—at

the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. But has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore wrestles with the state of American politics, the legacy of slavery, the persistence of inequality, and the nature of technological change. "A nation born in contradiction... will fight, forever, over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. With *These Truths*, Lepore has produced a book that will shape our view of American history for decades to come.

This is what it is to be a slave: that everything is decided for you from out there. You just got to listen and do as they tell you. You don't say no. You don't ask questions. You just do what they tell you. But far at the back of your head you think: Soon there must come a day when I can say for myself: This and that I shall do, this and that I shall not. In *Philida*, longlisted for the Man Booker Prize, André Brink—"one of South Africa's greatest novelists" (The Telegraph)—gives us his most powerful novel yet; the truly unforgettable story of a female slave, and her fierce determination to survive and to be free. It is 1832 in South Africa, the year before slavery is abolished and the slaves are emancipated. Philida is the mother of four children by Francois Brink, the son of her master. When Francois's father orders him

to marry a woman from a prominent Cape Town family, Francois reneges on his promise to give Philida her freedom, threatening instead to sell her to new owners in the harsh country up north. Here is the remarkable story—based on individuals connected to the author’s family—of a fiercely independent woman who will settle for nothing and for no one. Unwilling to accept the future that lies ahead of her, Philida continues to test the limits and lodges a complaint against the Brink family. Then she sets off on a journey—from the southernmost reaches of the Cape, across a great wilderness, to the far north of the country—in order to reclaim her soul.
