#1 NEW YORK TIMES BESTSELLER

Featured by Oprah's Book Club on the Anti-Racist Books for Young Adults list curated by bestselling author Jacqueline Woodson A USA TODAY Bestseller Recommended by The Guardian, Time, Grazia, The Telegraph, Express, and The Sun 'This is one for you, your neighbour, the children in your lives and especially that 'only slightly' racist colleague... A guide to the history of racism and a blueprint for change' —The Guardian Who are you? What is racism? Where does it come from? Why does it exist? What can you do to disrupt it? Learn about social identities, the history of racism and resistance against it, and how you can use your anti-racist lens and voice to move the world toward equity and liberation. 'In a racist society,

it's not enough to be non-racist—we must be ANTI-RACIST.' —Angela Davis Gain a deeper understanding of your anti-racist self as you progress through 20 chapters that spark introspection, reveal the origins of racism that we are still experiencing and give you the courage and power to undo it. Each chapter builds on the previous one as you learn more about yourself and racial oppression. 20 activities get you thinking and help you grow with the knowledge. All you need is a pen and paper. Author Tiffany Jewell, an anti-bias, anti-racist educator and activist, builds solidarity beginning with the language she chooses - using gender neutral words to honour everyone who reads the book. Illustrator Aurélia Durand brings the stories and characters to life with

kaleidoscopic vibrancy. After examining the concepts of social identity, race, ethnicity and racism, learn about some of the ways people of different races have been oppressed, from indigenous Americans and Australians being sent to boarding school to be 'civilized' to a generation of Caribbean immigrants once welcomed to the UK being threatened with deportation by strict immigration laws. Find hope in stories of strength, love, joy and revolution that are part of our history, too, with such figures as the former slave Toussaint Louverture, who led a rebellion against white planters that eventually led to Haiti's independence, and Yuri Kochiyama, who, after spending time in an internment camp for Japanese Americans during WWII, dedicated her

life to supporting political prisoners and advocating reparations for those wrongfully interned. Learn language and phrases to interrupt and disrupt racism. So, when you hear a microaggression or racial slur, you'll know how to act next time. This book is written for EVERYONE who lives in this racialised society—including the young person who doesn't know how to speak up to the racist adults in their life, the kid who has lost themselves at times trying to fit into the dominant culture, the children who have been harmed (physically and emotionally) because no one stood up for them or they couldn't stand up for themselves and also for their families, teachers and administrators. With this book, be empowered to actively defy racism and xenophobia to create a

community (large and small) that truly honours everyone.

The Luck Uglies Harper Collins

From two-time Newbery Medalist Kate DiCamillo comes a story of discovering who you are — and deciding who you want to be. When Louisiana Elefante’s granny wakes her up in the middle of the night to tell her that the day of reckoning has arrived and they have to leave home immediately, Louisiana isn’t overly worried. After all, Granny has many middle-of-the-night ideas. But this time, things are different. This time, Granny intends for them never to return.

Separated from her best friends, Raymie and Beverly, Louisiana struggles to oppose the winds of fate (and Granny) and find a way home. But as Louisiana’s life becomes entwined with the lives of

the people of a small Georgia town — including a surly motel owner, a walrus-like minister, and a mysterious boy with a crow on his shoulder — she starts to worry that she is destined only for good-byes. (Which could be due to the curse on Louisiana's and Granny’s heads. But that is a story for another time.) Called “one of DiCamillo’s most singular and arresting creations” by The New York Times Book Review, the heartbreakingly irresistible Louisiana Elefante was introduced to readers in Raymie Nightingale — and now, with humor and tenderness, Kate DiCamillo returns to tell her story.

#1 New York Times bestseller “Barry will teach you almost everything you need to

know about one of the deadliest outbreaks in human history.”—Bill Gates
"Monumental... an authoritative and disturbing morality tale."—Chicago Tribune
The strongest weapon against pandemic is the truth. Read why in the definitive account of the 1918 Flu Epidemic. Magisterial in its breadth of perspective and depth of research, *The Great Influenza* provides us with a precise and sobering model as we confront the epidemics looming on our own horizon. As Barry concludes, "The final lesson of 1918, a simple one yet one most difficult to execute, is that...those in authority must retain the public's trust. The way to do that is to distort nothing, to put the best face on nothing, to try to manipulate no one. Lincoln said that first, and best. A leader

must make whatever horror exists concrete. Only then will people be able to break it apart." At the height of World War I, history's most lethal influenza virus erupted in an army camp in Kansas, moved east with American troops, then exploded, killing as many as 100 million people worldwide. It killed more people in twenty-four months than AIDS killed in twenty-four years, more in a year than the Black Death killed in a century. But this was not the Middle Ages, and 1918 marked the first collision of science and epidemic disease.
The Castle in the Attic Hutchinson Shaggy Beard wishes to take me to wife! What a monstrous joke. That dog assassin whose breath smells like the mouth of Hell, who makes wind like others make music, who is so ugly and

old! Catherine's in trouble. Caught between a mother who is determined to turn her into the perfect medieval lady and a father who wants her to marry her off to much older and utterly repulsive suitor. Luckily, Catherine has a plan. She has experience outwitting suitors and is ready to take matters into her own hands. A fun and vibrant coming-of-age novel about a 14-year-old girl's fight for freedom and right to self-determination.

A USA TODAY bestseller “A coming-of-

age story of friendships young, old, and canine.” —Kirkus Reviews “[A] good-natured tale of two unlikely friends determined to save a life.” —Publishers Weekly Shiloh meets Raymie Nightingale in this funny and heartwarming debut novel about a ten-year-old that finds himself in a whole mess of trouble when his new friend Maisie recruits him to save the dog next door. Hank Hudson is in a bit of trouble. After an incident involving the boy's bathroom and a terribly sad book his teacher is forcing them to read, Hank is left with a week's suspension and a slightly charred hardcover—and, it turns out, the attention of new girl Maisie Huang. Maisie has been on the lookout for a kid with the meatballs to help her with a very important mission: Saving her

neighbor's dog, Booler. Booler has seizures, and his owner, Mr. Jorgensen, keeps him tied to a tree all day and night because of them. It's enough to make Hank even sadder than that book does—he has autism, and he knows what it's like to be treated poorly because of something that makes you different. But different is not less. And Hank is willing to get into even more trouble to prove it. Soon he and Maisie are lying, brown-nosing, baking, and cow milking all in the name of saving Booler—but not everything is as it seems. Booler might not be the only one who needs saving. And being a hero can look a lot like being a friend.

Since the age of 14, Jayme's life has been hell and she has one person to thank for it, Pastor James Madison. He stood in the pulpit on Sundays waving the same hands that abused her at night. He glorified God with the same mouth he used to chip away her self-esteem, daily. He was a man of God who had turned her away from the same God

he told people they needed to serve. He was the man who was supposed to pray for, take care of and eventually love her. Instead he preyed on, took advantage of and shattered her heart before it had a chance to truly love someone else. Now, 14 years and a son later, she finds herself needing God yet she doesn't know how to reach Him. She longs for God but isn't sure He can hear a sinner's prayer until she starts to say, Dear God ...

Philosophical Children in Literary Situations: Toward a Phenomenology of Education argues that both phenomenology and children's literature can assist one another in understanding the lived experience of children. Through careful readings of central figures in the phenomenological tradition, including Husserl, Heidegger, and Merleau-Ponty, Costello introduces both the novice and the scholar to the phenomenological method of describing community, emotion, religion, gender, and loss—experiences that are central to all humans, but especially to the developing child. When turning to literary analysis, Costello uses the phenomenological

theory discussed to open up the literary texts of familiar and award-winning children's chapter books toward new layers of interpretation, reading such novels as *To Kill a Mockingbird*, *A Wrinkle in Time*, and *Charlotte's Web* to participate in ongoing conversations about childhood perception within children's literature studies and philosophy for children. Scholars of philosophy, education, literary studies, and psychology will find this book particularly useful.

In a satisfying finale to her trilogy, Newbery Medalist Meg Medina follows Merci Suárez into an eighth-grade year full of changes—evolving friendships, new responsibilities, and heartbreaking loss. For Merci Suárez, eighth grade means a new haircut, nighttime football games, and an out-of-town overnight field trip. At home, it means more chores

and keeping an eye on Lolo as his health worsens. It's a year filled with more responsibility and independence, but also with opportunities to reinvent herself. Merci has always been fine with not being one of the popular kids like Avery Sanders, who will probably be the soccer captain and is always traveling to fun places and buying new clothes. But then Avery starts talking to Merci more, and not just as a teammate. Does this mean they're friends? Merci wants to play it cool, but with Edna always in her business, it's only a matter of time before Merci has to decide where her loyalty stands. Whether Merci is facing school drama or changing family dynamics, readers will empathize as she discovers who she can count on—and what can change in an instant—in Meg

Medina's heartfelt conclusion to the trilogy that began with the Newbery Medal-winning novel.

The Art of Being a Woman Frances Lincoln Children's Books

An epic quest, a dragon, a knight in shining armor—this classic children's story is the perfect read for 3rd and 4th graders who love medieval fantasy. A magical toy castle plunges 10-year-old

William into a wild fantasy adventure—where he discovers the true meaning of courage. When his beloved caretaker Mrs. Phillips tells him she's leaving, William is devastated. Not even her farewell gift of a model medieval castle helps him feel better—though he has to admit it's fascinating. From the working drawbridge and portcullis to the fully-furnished rooms, it's perfect in every detail. It almost seems magical. And when William looks at the silver knight, the tiny figure comes to life in his hand—and tells him a tale of a wicked sorcerer, a vicious dragon, and a kingdom in need of a hero. Hoping the castle's magic will help him find a way to make his friend stay, William embarks on a daring quest with Sir Simon, the Silver Knight—but he will have to face his own

doubts and regrets if he's going to succeed. William's story continues in *The Battle for the Castle*, available as a redesigned companion edition.

Thoughtful, strong-willed sixth-grader Merci Suarez navigates difficult changes with friends, family, and everyone in between in a resonant new novel from Meg Medina. Merci Suarez knew that sixth grade would be different, but she had no idea just how different. For starters, Merci has never been like the other kids at her private school in Florida, because she and her older brother, Roli, are scholarship students. They don't have a big house or a fancy boat, and they have to do extra community service to make up for their

free tuition. So when bossy Edna Santos sets her sights on the new boy who happens to be Merci's school-assigned Sunshine Buddy, Merci becomes the target of Edna's jealousy. Things aren't going well at home, either: Merci's grandfather and most trusted ally, Lolo, has been acting strangely lately — forgetting important things, falling from his bike, and getting angry over nothing. No one in her family will tell Merci what's going on, so she's left to her own worries, while also feeling all on her own at school. In a coming-of-age tale full of humor and wisdom, award-winning author Meg Medina gets to the heart of the confusion and constant change that defines middle school — and the steadfast connection that defines family.

Walter Cardinal Kasper created an international media stir when he proposed allowing divorced and civilly remarried Catholics to receive the sacraments after a penitential period. But is this something the Church can even authorize? As the Church enters into the Extraordinary Synod of Bishops on Marriage and the Family, this book takes up the Kasper Proposal and sorts the helpful from the problematic. Never separating pastoral concerns from doctrinal considerations, the authors engage Cardinal Kasper's ideas with respect, but also at times with some profound disagreement. How can we heal the wounds of a broken culture? How do we best support families, given the challenges of modern life? What is

truly merciful? If the family is central to both society and the Church, how do we best express the truth of its importance? As the authors delve into the matter, they discuss how the early Church addressed issues of marriage and separation, and review the history of Church practice and discipline on marriage. They also explore how contemporary moral attitudes have shaped modern perceptions of marriage and divorce, and how the Church can offer pastoral guidance in this area. The good points of Cardinal Kasper's proposal are discussed, but also the ways in which his proposal falls short in presenting the Gospel of the Family as the center of our understanding of married life. Stay informed with this essential guide to one of the most

important debates in the Church today. **The Family Herald** Candlewick Press Perpetual scaredy-cat Conor O'Neill has the fright of his life when a banshee girl named Ashling shows up in his bedroom. Ashling is--as all banshees are--a harbinger of death, but she's new at this banshee business, and first she insists on going to middle school. As Conor attempts to hide her identity from his teachers, he realizes he's going to have to pay a visit to the underworld if he wants to keep his family safe. "Got your cell?" "Yeah . . . Don't see what good it'll do me." "I'll text you if anything happens that you should know." "Text me? Javier, we'll be in the afterlife." "You never know. Maybe they get a signal." Holiday House

From a USA Today–bestselling author, an “electrifying family drama” about a woman protecting her sister, who may not be innocent, from a murder charge (Jayne Ann Krentz, New York

Times–bestselling author of Sleep No More). All her life, Ryan Gracey watched her perfect older sister from afar.

Knowing she could never top Wendy’s achievements, she didn’t even try.

Instead Ryan forged her own path while her family barely seemed to notice. Now

Wendy shares two little girls with her perfect husband, while Ryan mourns the man she lost after a nearly fatal mistake in judgment. The sisters’ choices have taken them in different directions, which is why Ryan is stunned when Wendy calls, begging for her help. There’s been a murder—and Wendy believes she’ll be wrongfully accused. While Wendy lies low, Ryan moves back to their hometown to care for the nieces she hardly knows. Using the sleuthing skills she developed as a true crime podcaster, Ryan digs for answers with the help of an unexpected ally. Yet the trail of clues Wendy’s left behind leads to nothing but questions. Blood may be thicker than water, but what does Ryan owe a sister who becomes more and more a stranger with every revelation?

“In *A Family of Strangers*, Emilie seamlessly mixes intrigue, romance and emotional drama as she puts family ties to the test with a protagonist you won’t soon forget. A page-turner to the end!”
 —Diane Chamberlain, New York Times–bestselling author of *The Dream Daughter* “Richards deftly shifts from women’s fiction into domestic suspense, but she doesn’t sacrifice the emotional acuity that her fans expect. Readers of relationship-focused domestic-suspense

authors such as Lisa Jewell will enjoy Richards’ pivot into the genre.”
