The National Judicial Appointments Commission (NJAC) judgment, on the appointment of judges to the Supreme Court, has been the subject of a deeply polarized debate in the public sphere and academia. This volume analyses the NJAC judgment, and provides a rich context to it, in terms of philosophical, comparative, and constitutional issues that underpin it. The work traces the history of judicial appointments in India; examines the constitutional principles behind selecting judges and their application in the NJAC judgment; and comparatively looks at the judicial appointments process in six select countries—United Kingdom, South Africa, Canada, Pakistan, Sri Lanka, and Nepal—enquiring into what makes a good judge and an effective appointments process. With wide-ranging essays by leading lawyers, political scientists, and academics from India and abroad, the volume is a deep dive into the constitutional concepts of judicial independence and separation of powers as discussed in the NJAC judgment.

The Law Reports of British India BRILL

Provides an account of appointments, transfers, impeachment, and post-retirement employment of Supreme Court judges in India. Each of these facets leads to the critical questioning of judicial independence and accountability, and the book argues that they are not in conflict with each other and are crucial for an effective judiciary.

In modern computer era we have computerised everything including the medical profession but why we have not updated our Indian judiciary system alone so far into digital model? Even after the Supreme Court of India had set up a special committee and the committee had given its recommendations during the year 2005 itself and the government also spent during 2011-2015 Rs 640 crs for phase I and Rs 1078 crs for computerisation for creating infra for implementation of e-courting system out of total financial outlay of Rs 1630 crs, allocated money for this. But why it had not been fully implemented is the million dollar questions raised by the public?. Whether it is because of self-interest of the Judiciary or the advocates or court administration?, in spite of more than 3.20 crores are pending before all Indian Courts for decades together? Failure of our part to digitalisation of the court cases records and procedure so far the judicial industry is very much affected due to this corona lockdown period. It is a major setback for judiciary since the "justice delayed means justice denied" How long our judiciary will keep silent for not opening the courts due to corona like virus effect., God only knows the fact. Among the four pillars of our Constitution except Judiciary all the three viz., Government, Administration and Press are being working for 24X7, but judiciary is closed its office. In order to overcome this situation I bought up this book "E-Courting and Modernisation of e-judiciary in India" which includes the e-filing procedure before SC & HCs and District courts and SC guidelines regarding the implementation of the e-courting system

etc for the benefit of Legal fraternity to switch over immediately in to digital courting and to reduce the pending cases and provide quick justice to our needy poor in time and render them quick justice. Jai Hind.

Scott, James Brown. *Judicial Settlement of Controversies between States of the American Union: An Analysis of Cases Decided in the Supreme Court of the United States*. Oxford: Clarendon Press, 1919. xiii, 548 pp. Reprinted 2002 by The Lawbook Exchange, Ltd. LCCN 00-066333. ISBN 1-58477-172-0. Cloth. \$120. * This volume offers the texts of eighty Supreme Court decisions written between 1799 and 1918 concerning controversies between states, along with extensive analyses and commentaries. These are preceded by three general chapters that examine the rise of judicial procedure between the states, the ability of states to be sued by citizens of other states, and attempts by citizens of states to bring action against other states by methods of indirection. As indicated by the final chapter, "A Lesson For the World at Large," the author has a larger goal in mind. Deeply influenced by the devastation of the First World War, Scott [1866-1943], a participant in the Versailles Conference, aimed to demonstrate that the American legal system that maintains peace between the individual states could serve as a model for the rest of the world.

The book comprehensively covers the subject of Court Martial, expanding the concept of the decision-making process of court-martial, for the reasons contextually explained, to include not only the decisions of court-martial proper on various issues before it, but also the pre and the post-trial matters, including investigation of the reported offence and review of the trial proceedings. Some of the specific questions designed to cover the subject relate to highly debatable and sensitive issues,

such as the desirability of extending the court-martial jurisdiction to all civilian offenders in terrorism-struck areas like J&K. Similarly, much controversial Service issues, like command influence, human right violations by armed forces personnel, advisability of continuing with summary court-martial in the Army, the court-martial verdict being a foregone conclusion and the trial procedure mere formality, the requirement of providing for bail and plea bargaining in the court-martial procedure et al, have been included in the book.

Appointment of Judges to the Supreme Court of India Oxford University Press

The Supreme Court of India is a powerful institution at the forefront of public attention in India. It is often engaged in a bitter duel with the government on issues as diverse as the administration of cricket in India to whether liquor shops are allowed on highways. Despite such public prominence, very little attention has been paid to who the judges of the Supreme Court are, how they are appointed, transferred and removed, and what they do after retirement. This book provides an account of these four facets of judicial functioning and analyses the processes in operation today. It argues that each of these four aspects gives rise to significant concerns pertaining to judicial independence, accountability, or both. Its main argument is that both judicial independence and accountability are necessary for 'an effective judiciary', and these two values are not in conflict with each other as is commonly assumed.

The fundamental premise of this study is that where Constitutions, such as that of India and Pakistan, articulate legal norms which limit the scope of the executive power to derogate from individual rights during states of emergency, there must likewise exist an effective control mechanism to ensure that the Executive acts within the scope of that power. Viewed from this perspective, the judicial power to interpret the Constitution imposes upon the Court the constitutional duty to provide adequate safeguards against the abuse of state power affecting individual rights. This power remains available notwithstanding the presumed or purported ouster of judicial review. The concept of judicial review as a source of control is examined in the light of the experience of Pakistan and India during periods of constitutional emergency. The divergent approaches of the Courts in these countries, in litigation concerning emergency powers and individual rights, are explained in terms of divergent views that these Courts have adopted with respect to the nature of judicial review.
