---

Beowulf Wilfrid Laurier Univ. Press

He comes out of the darkness, moving in on his victims in deadly silence. When he leaves, a trail of blood is all that remains. He is a monster, Grendel, and all who know of him live in fear. Hrothgar, the king of the Danes, knows something must be done to stop Grendel. But who will guard the great hall he has built, where so many men have lost their lives to the monster while keeping watch? Only one man dares to stand up to Grendel's fury --Beowulf.

Studies in English Language & Literature Penguin UK

Translations of the Old English poem 'Beowulf' proliferate, and their number continues to grow. Focussing on the particularly rich period since 1950, this book presents a critical account of translations in English verse, setting them in the contexts both of the larger story of recovery and reception of the poem and perceptions of it.

The First Poems in English Princeton University Press

In the 1290s a new guild-based Florentine government placed a group of noble families under severe legal restraints, on the grounds that they were both the most powerful and the most violent and disruptive element in the city. In this colorful portrayal of civic life in medieval Florence, Carol Lansing explores the patrilineal structure and function of these urban families, known as "magnates." She shows how they emerged as a class defined not by specific economic interests but by a distinctive culture. During the earlier period of weaker civic institutions, these families built their power by sharing among themselves crucial resources--forts, political alliances, ecclesiastical rights. Lansing examines this activity as well as the responses patrilineal strategies drew from women, who were excluded from inheritance and full lineage membership. In looking at the elements of this culture, which emphasized private military force, knighthood, and faction, Lansing argues that the magnates' tendency toward violence derived from a patrician youth culture and from the instability inherent in the exaggerated use of patrilineal ties. In describing the political changes of the 1290s, she shows how some families eventually dropped the most stringent aspects of patrilineage and exerted their influence through institutions and patronage networks. Originally published in 1991. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The History of the English Church and People Good Press

As You Like It is a popular text for study by secondary students the world over. This edition includes illustrations, preliminary notes, reading lists (including websites) and classroom notes.

## Politics and the English Language

 Vintage

Puhvel traces and evaluates the possible influences of Celtic tradition on the Anglo-Saxon epic poem Beowulf. He discusses theories of the origins of the poem, draws parallels between elements in Beowulf and in Celtic literary tradition, and suggests that the central plot of the poem, the conflict between Grendel and his mother, is "fundamentally indebted to Celtic folktale elements." The study is well documented and rich in references to Celtic literature, legend, and folklore.

As You Like It (2009 Edition) Springer

Finest heroic poem in Old English celebrates the exploits of Beowulf, a young nobleman of southern Sweden. Combines myth, Christian and pagan elements, and history into a powerful narrative. Genealogies.

American Holocaust Tor Books

While much work has been done on goddesses of the ancient world and the male gods of pre-Christian Scandinavia, the northern goddesses have been largely neglected. Roles of the Northern Goddess presents a highly readable study of the worship of these goddesses by men and women. With its use of evidence from early literature, popular tradition, legend and archaeology, this book investigates the role of the early hunting goddess and the local goddesses who were involved in all aspects of the household and the farm. What emerges is that the goddess was both benevolent and destructive, a powerful figure closely concerned with birth and death and with destiny of individuals.

Beowulf Dramatic Publishing

One of the most extraordinary works of the human imagination and the most important text in the native languages of the Americas, Popul Vuh: The Mayan Book of the Dawn of Life was first made accessible to the public 10 years ago. This new edition retains the quality of the original translation, has been enriched, and includes 20 new illustrations, maps, drawings, and photos.

## The Chosen

 Routledge

"Jordan has come to dominate the world Tolkien began to reveal." —The New York Times on The Wheel of Time® series Explore never-before-seen insights into the Wheel of Time, including: - A brand-new, redrawn world map by Ellisa Mitchell using change requests discovered in Robert Jordan's unpublished notes - An alternate scene from an early draft of The Eye of the World - The long-awaited backstory of Nakomi - 8 page, full color photo insert Take a deep dive into the real-world history and mythology that inspired the world of Robert Jordan's The Wheel of Time®. Origins of The Wheel of Time is written by Michael Livingston, Secretary-General of the United States Commission on Military History and professor of medieval literature at The Citadel, with a Foreword by Harriet McDougal, Robert Jordan's editor, widow, and executor of his estate. This companion to the internationally bestselling series delves into the creation of Robert Jordan's masterpiece, drawing from interviews and an unprecedented examination of his unpublished notes. Michael Livingston tells the behind-the-scenes story of who Jordan was, how he worked, and why he holds such an important place in modern literature. The second part of the book is a glossary to the "real world" in The Wheel of Time. King Arthur is in The Wheel of Time. Merlin, too. But so are Alexander

the Great and the Apollo Space Program, the Norse gods and Napoleon's greatest defeat—and so much more. *Origins of The Wheel of Time* provides exciting knowledge and insights to both new and longtime fans looking to either expand their understanding of the series or unearth the real-life influences that Jordan utilized in his world building—all in one, accessible text. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*I Know Why the Caged Bird Sings* Renard Press Ltd

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Politics and the English Language*, the second in the *Orwell's Essays* series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, *Orwell's Politics and the English Language* is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' — *Irish Times*

**The Lake Gun** Routledge

This collection is in honour of E.G. Stanley. They apply Stanley's approach of 'wise scepticism' to provide new and exciting readings of difficult and rewarding fields, including Old English metre and verse and *Beowulf*.

*The Dating of Beowulf* OUP Oxford

A seminal collection of studies on the date of *Beowulf*, now back in print, that overturned previous scholarship and raised much new information.

*The Alliterative Revival* W. W. Norton & Company

For four hundred years—from the first Spanish assaults against the Arawak people of Hispaniola in the 1490s to the U.S. Army's massacre of Sioux Indians at Wounded Knee in the 1890s—the indigenous inhabitants of North and South America endured an unending firestorm of violence. During that time the native population of the Western Hemisphere declined by as many as 100 million people. Indeed, as historian David E. Stannard argues in this stunning new book, the European and white American destruction of the native peoples of the Americas was the most massive act of genocide in the history of the world. Stannard begins with a portrait of the enormous richness and diversity of life in the Americas prior to Columbus's fateful voyage in 1492. He then follows the path of genocide from the Indies to Mexico and Central and South America, then north to Florida, Virginia, and New England, and finally out across the Great Plains and Southwest to California and the North Pacific Coast. Stannard reveals that wherever Europeans or white Americans went, the native people were caught between imported plagues and barbarous atrocities, typically resulting in the annihilation of 95 percent of their populations. What kind of people, he asks, do such horrendous things to others? His highly provocative answer: Christians. Digging deeply into ancient European and Christian attitudes toward sex, race, and war, he finds the cultural ground well prepared by the end of the Middle Ages for the centuries-long genocide campaign that

Europeans and their descendants launched—and in places continue to wage—against the New World's original inhabitants. Advancing a thesis that is sure to create much controversy, Stannard contends that the perpetrators of the American Holocaust drew on the same ideological wellspring as did the later architects of the Nazi Holocaust. It is an ideology that remains dangerously alive today, he adds, and one that in recent years has surfaced in American justifications for large-scale military intervention in Southeast Asia and the Middle East. At once sweeping in scope and meticulously detailed, *American Holocaust* is a work of impassioned scholarship that is certain to ignite intense historical and moral debate.

**What Women Want Most** Manchester University Press

A *New York Times* Bestseller. Composed toward the end of the first millennium of our era, *Beowulf* is the elegiac narrative of the adventures of Beowulf, a Scandinavian hero who saves the Danes from the seemingly invincible monster Grendel and, later, from Grendel's mother. He then returns to his own country and dies in old age in a vivid fight against a dragon. The poem is about encountering the monstrous, defeating it, and then having to live on in the aftermath. In the contours of this story, at once remote and uncannily familiar at the beginning of the twenty-first century, Seamus Heaney finds a resonance that summons power to the poetry from deep beneath its surface.

*Beowulf* McDougal Littel

*Beowulf*, a young warrior of the Geats, comes to the aid of Hrothgar, king of the Danes, in his time of need. He first fights the hellish Grendel, then struggles with Grendel's no less fearsome mother in her hall beneath the cold waters of the mere. More than fifty years later, he must face his final challenge in the shape of a huge dragon.

*Beowulf* Random House

First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

*Canterbury Tales* Wordsworth Editions

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity." —James Baldwin From the Paperback edition.

*Beowulf* Simon and Schuster

This selection of the earliest poems in English comprises works from an age in which verse was not written down, but recited aloud and remembered. Heroic poems celebrate courage, loyalty and

strength, in excerpts from Beowulf and in The Battle of Brunanburgh, depicting King Athelstan's defeat of his northern enemies in 937 AD, while The Wanderer and The Seafarer reflect on exile, loss and destiny. The Gnostic Verses are proverbs on the natural order of life, and the Exeter Riddles are witty linguistic puzzles. Love elegies include emotional speeches from an abandoned wife and separated lovers, and devotional poems include a vision of Christ's cross in The Dream of the Rood, and Caedmon's Hymn, perhaps the oldest poem in English, speaking in praise of God.

**Beowulf** Penguin UK

Beowulf is the conventional title of an Old English heroic epic poem consisting of 3182 alliterative

long lines, set in Scandinavia, commonly cited as one of the most important works of Anglo-Saxon literature. It survives in a single manuscript known as the Nowell Codex. Its composition by an anonymous Anglo-Saxon poet is dated between the 8th and the early 11th century.

*Poetry and Pedagogy across the Lifespan* Routledge

The story of two fathers and two sons and the pressures on all of them to pursue the religion they share in the way that is best suited to each. And as the boys grow into young men, they discover in the other a lost spiritual brother, and a link to an unexplored world that neither had ever considered before. In effect, they exchange places, and find the peace that neither will ever retreat from again.
