Prequel to the Elioud Legacy series In the end, you don't need a hero in the field. You need a team. A year after high-risk missions to stop terrorists, arms dealers, and criminals, CIA officer Olivia Markham no longer operates in the field. Instead, she runs a clinic for immigrants in a backwater Balkans capital. Olivia has also found a modicum of peace—and someone to love. Her career

trajectory? A safe desk job at Langley. Until the day terrorists attack the clinic, upending Olivia's world and sending her back into active fieldwork. Olivia, whose protective instincts often collide with her duty, now finds herself once again walking a tightrope between pursuing Agency operations and her own. When Captain Alžběta Czerná of Czech military intelligence calls for help to free a young trafficking victim, Olivia convinces Anastasia Fiore of Italian foreign intelligence to join their unsanctioned mission. But Olivia has made more than one enemy during her short career—inside and outside of the Agency. Shocking allegations rocket her to the top of the CIA's most wanted list just when a terrorist targets her. And more than her career is at stake. Much more. As Olivia sets out on what could be her final mission, Stasia and Beta initiate their own operational protocol for their friend. Set a year before THE ELIUD LEGACY series, THE GUARDIAN INITIATIVE tells the story of how Olivia Markham, Beta Czerná, and Stasia Fiore team up to aid the victims of their intelligence targets—regardless of the consequences.

The Mainstream Right and Family Policy Agendas in the Post-Fordist Age BRILL

Why have neo-liberal economic ideas been so resilient since the 1980s, despite major intellectual challenges, crippling financial and political crises, and failure to deliver on their promises? Why do they repeatedly return, not only to survive but to thrive? This groundbreaking book proposes five lines of analysis to explain the dynamics of both continuity and change in neo-liberal ideas: the flexibility of neo-liberalism's core principles; the gaps between neo-liberal rhetoric and reality; the strength of neo-

liberal discourse in debates; the power of interests in the strategic use of ideas; and the force of institutions in the embedding of neo-liberal ideas. The book's highly distinguished group of authors shows how these possible explanations apply across the most important domains - fiscal policy, the role of the state, welfare and labour markets, regulation of competition and financial markets, management of the Euro, and corporate governance - in the European Union and across European countries.

This Dictionary contains over 50,000 proverbs, in some 70 European languages and dialects, arranged in 2,500 sets. It is the fruits of over 40 years of collection and research, the only collection of proverbs on anything like this scale ever to be published anywhere in the world. Emanuel Strauss has trawled through innumerable collections of proverbs in all languages, from early printed books and rare items to the latest theses and journals, and grouped together many thousands of proverbs in sets of equivalent meaning. Comprehensive indexes for each language provide access to any proverb by way of its key words. A critical bibliography musters some 500 items, from incunabula to the current decade.

I Viaggiatori felici. A comic opera, in two acts [by F. Livigni], as performed at the King's Theatre in the Haymarket, etc. Ital. & Eng
Linda Wentworth

Tom, marito e padre di famiglia, si ritrova depresso e più vecchio di quanto non dimostri. La moglie Rose mal lo sopporta, i figli, sempre lontani, lo snobbano, il lavoro non lo soddisfa più, solo la sua collega Emily sembra vedere il suo lato migliore e questo lo rinvigorisce, gli dà speranza. Per qualche tempo la giovane donna lo rende felice e lui si illude di esserlo, anche se un bozzo sul collo gli fa capire che la sua anima soffre. Una leggenda londinese vuole che, quando i corvi scompariranno dalla Torre di Londra, la corona terminerà il suo potere; ma gli inglesi, per evitare problemi, hanno tarpato le ali agli uccelli per impedire che volino via. Tom, per tutta la vita, si è sentito come quei corvi, castrato nella sua voglia di vivere un'esistenza felice e soddisfacente. AUTORE Ramsis Deif Bentivoglio è per metà egiziano del Cairo. Ha ricevuto un premio da Carlo Lucarelli per un racconto sulla

Resistenza, Almost Balck, mentre alcune sue poesie sono state inserite in un'antologia da Perrone editore. Ha realizzato il documentario su un problema ambientale I frutti della terra, pubblicato su YouTube. Si occupa di critica cinematografica presso l'Araldo dello spettacolo e il settimanale Sette Sere. Collabora, come scrittore e critico, anche con Thomas Torelli, autore del documentario Un Altro Mondo e Sangue e Cemento. Frequenta la scuola di cinema Bottega Finzioni di Bologna, per diventare sceneggiatore.

Wisdom Through the Ages Routledge

This book provides a comprehensive overview on the long-term care systems in 12 EU member states and Norway. Focusing on the legal background and its main principles, it includes a comparative analysis which highlights the principal dissimilarities between European long term care benefits, but at the same time also a variety of features in common. It also discusses the increasingly transnational dimension of long-term as a result of migrants returning to their country of origin in old age, and the still-unsolved legal problem of entitlement to long-term care benefits in another EU-member state.

A World of Wisdom Springer

This book investigates the practice of writing and self-translating phenomenon of self-translation within the context of mobility, through the analysis of a corpus of narratives written by authors who were born in Italy and then moved to English-speaking countries. Emphasizing writing and self-translating practices, which exists in conjunction with a process of redefinition of identity, the book illustrates how these authors use language to negotiate and voice their identity in (trans)migratory contexts.

A New Dictionary of the Italian and English Languages Benjamin Maximilian Eisenhauer

During the final years of the Second World War, a decisive change took place in the Italian left, as the Italian Communist Party (PCI) rose from clandestinity and recast itself as a mass, patriotic force committed to building a new democracy. This book explains how this new party came into being. Using Rome as its focus, it explains that the rebirth of the PCI required that it subdue other, dissident strands of communist thinking. During the nine-month German occupation of Rome in 1943-44, dissident communists would create the capital's largest single resistance formation, the Communist Movement of Italy (MCd'I), which galvanised a social revolt in the capital's borgate slums. Exploring this wartime battle to define the rebirth of Italian

communism, the author examines the ways in which a militant minority of communists rooted their activity in the everyday lives of the population under occupation. In particular, this study focuses on the role of draft resistance and the revolt against labour conscription in driving recruitment to partisan bands, and how communist militants sought to mould these recruits through an active effort of political education. Studying the political writing of these dissidents, their autodidact Marxism and the social conditions in which it emerged, this book also sheds light on an often-ignored underground culture in the years that preceded the armed resistance that began in September 1943. Revealing an almost unknown history of dissident communism in Italy, outside of more recognisable traditions like Trotskyism or Bordigism, this book provides an innovative perspective on Italian history. It will be of interest to those researching the broad topics of political and social history, but more specifically, resistance in the Second World War and the post-war European left.

Ecco! Springer Nature

Since its emergence at the end of the seventeenth century, industrial capitalism as a specific form of social organisation has set recurrent challenges to its own persistence, and until today, it has proved to be successful to develop new ways of accumulation based on its capacity of adaptation. Is this process of transition now accelerating or reaching an end point? This book is a critical exploration of capitalism in transition, bringing together cutting edge, world renowned scholars who reflect from different disciplinary points of view. This collection engages with the primarily Western themes of welfare capitalism and social fragmentation. Structured over three parts, the book analyses;

the transformations of welfare societies and capitalism with a focus on South European welfare states and their (in)capacity to tackle poverty; the transformation of work and migration with a special attention to informality and the question of social rights; and the transformation of cities.
