The Young Atheist's Handbook Fortress Press
Written by Rebecca McLaughlin, Author of Confronting Christianity In a world of increasing ideological diversity, kids are being challenged to think through their own beliefs at an early age. Questions like How can you believe the Bible is true?; Why can't we just agree that love is love?; and Isn't Christianity against diversity? can seem like roadblocks for kids who are following Jesus, as well as for those who might otherwise consider faith in Christ. In this helpful book—written both for Christian kids and for those who think Jesus is just a fairy tale character—Rebecca McLaughlin invites readers ages 12–15 to dig deep into hard questions for themselves and perhaps discover that the things that once looked like roadblocks to faith might actually be signposts.
Heroes Melville House
The old man started to talk about the trial. He

blamed everyone involved, including the teacher, i.e. me. In his view the root cause of the problem was that everybody involved - teachers, parents, boys - behaved as if God no longer existed. A schoolteacher is denounced and accused of 'sabotage of the Fatherland' when he reprimands a student for making a racist remark. The class petition against him. A murder follows. During the trial, the teacher decides to risk everything by telling the truth. Published in 1937, Jugend Ohne Gott is the penultimate novel by Ödön von Horváth. It was judged by Thomas Mann to be the best novel of recent years. This powerful evocation of everyday life in the shadow of fascism also garnered praise from Hermann Hesse, Franz Werfel and Joseph Roth, who called Horváth 'the most clear-sighted chronicler of his age'. Christopher Hampton's adaptation of Youth Without God was commissioned by and performed in Vienna at the Theater in der Josefstadt in 2009. On its

tenth anniversary, the play receives its UK premiere at The Coronet Theatre, London.

Separating truth from hype, this book introduces readers to the topic of life extension in a holistic manner that provides scientific, historical, and cultural perspectives. While the story of 16th-century explorer Juan Ponce de León futilely searching for the Fountain of Youth is likely a myth, it is true that for many centuries, mankind has sought "a cure for aging." Today, the anti-aging and longevity industry is a multibillion-dollar industry, and medical advances are continuing to find ways to add to our time on earth. Finding the Fountain of Youth: The Science and Controversy behind Extending Life and Cheating Death introduces readers to the topic of life extension in a holistic manner, examining the topic through scientific, historical, and cultural perspectives. It also highlights key medical and ethical controversies related to this particular area of gerontology and

serves as a gateway for further research and study. The book's chapters address the history of movements to remain youthful, from ancient times through the modern era; past medical advances that significantly extended the average lifespan; and our cultural obsession with "staying young" that has spawned the anti-aging industry. Readers will learn about basic principles of aging and anti-aging, as well as the science behind the methods—both proven and hypothetical—that serve to extend the lifespan. The final section of the book examines controversial issues and debates related to life extension, such as global overpopulation, length of life versus quality of life, and socioeconomic concerns.

YOU ARE THE FIRST GENERATION RAISED WITHOUT RELIGION What happens if we are raised without religion or beliefs? As we grow older, the beauty and disenchantments of the world temper our souls. We all have spiritual impulses, yet where do these impulses flow in a

world of commodities and consumerism? LIFE AFTER GOD is a compellingly innovative collection of stories responding to these themes. Douglas Coupland takes us into worlds we know exist but rarely see, finding rare grace amid our pre-millennium turmoil.

Dora and Luka are inseparable: ever since he fainted at the sight of her - walking into the classroom with her new schoolbag - and she woke him with a chaste kiss, it has been love at first sight. 'There's something in the air when the two of them are together. You can't call it calm, you can't call it storm.' Theirs is a friendship made of chocolate and mandarin oranges; of shape-shifting clouds and coloured canvases; and, as Dora's family leave Croatia for Paris, of farewells and memories. It is not until years later, when a promising artist faints at the familiar sight of a young actress entering a Parisian gallery on his opening night, that Luka and Dora are reunited. But just as chance brings them together, fateful choices and forces bigger than themselves conspire to keep the couple apart.

Will they ever truly be able to find or forget one another? Bursting with drama and ardour, at turns heartbreaking and exhilarating, and told with the same overwhelming intensity as the bond it describes, this is a dazzling tour de force of a very special love affair.

Ronald Aronson demonstrates that atheism represents much more than what one does not believe: that it is the precondition for a generous humanism. The two closing chapters are models of stoicism at its best." - Christopher Hitchens, author of *God Is Not Great*.

Based on the National Study of Youth and Religion--the same invaluable data as its predecessor, *Soul Searching: The Religious and Spiritual Lives of American Teenagers*--Kenda Creasy Dean's compelling new book, *Almost Christian*, investigates why American teenagers are at once so positive about Christianity and at the same time so apathetic about genuine religious practice. In *Soul*

Searching, Christian Smith and Melinda Lundquist Denton found that American teenagers have embraced a "Moralistic Therapeutic Deism"--a hodgepodge of banal, self-serving, feel-good beliefs that bears little resemblance to traditional Christianity. But far from faulting teens, Dean places the blame for this theological watering down squarely on the churches themselves. Instead of proclaiming a God who calls believers to lives of love, service and sacrifice, churches offer instead a bargain religion, easy to use, easy to forget, offering little and demanding less. But what is to be done? In order to produce ardent young Christians, Dean argues, churches must rediscover their sense of mission and model an understanding of being Christian as not something you do for yourself, but something that calls you to share God's love, in word and deed, with others. Dean found that the most committed young Christians shared four important traits: they could tell a personal and powerful story about God; they belonged to a significant faith community; they exhibited a sense of

vocation; and they possessed a profound sense of hope. Based on these findings, Dean proposes an approach to Christian education that places the idea of mission at its core and offers a wealth of concrete suggestions for inspiring teens to live more authentically engaged Christian lives. Persuasively and accessibly written, *Almost Christian* is a wake up call no one concerned about the future of Christianity in America can afford to ignore.

An inspiring and provocative exploration of an alternative to traditional religion
Questions about the role of God and religion in today's world have never

been more relevant or felt more powerfully. Many of us are searching for a place where we can find not only facts and scientific reason but also hope and moral courage. For some, answers are found in the divine. For others, including the New Atheists, religion is an "enemy." But in *Good Without God*, Greg Epstein presents another, more balanced and inclusive response: Humanism. He highlights humanity's potential for goodness and the ways in which Humanists lead lives of purpose and compassion. Humanism can offer the sense of community we want and often need in good times and bad—and it teaches us that we can lead good and moral lives without the supernatural, without higher powers . . . without God.

The youth ministry focus of Dietrich Bonhoeffer's life is often forgotten or overlooked, even though he did much work with young people and wrote a number of papers, sermons, and addresses about or for the youth of the church. However, youth ministry expert Andrew Root explains that

this focus is central to Bonhoeffer's story and thought. Root presents Bonhoeffer as the forefather and model of the growing theological turn in youth ministry. By linking contemporary youth workers with this epic theologian, the author shows the depth of youth ministry work and underscores its importance in the church. He also shows how Bonhoeffer's life and thought impact present-day youth ministry practice.

Three novellas set in Romania. In "The Cape," a saboteur prints phony copies of the Romanian party organ, *Scinteia*, antedating them by three years. The secret police, highly agitated, deduce that a worldwide peace organization is sending coded messages through the paper, derived from the beatitudes. In "Youth Without Youth," an old man is struck by a bolt of lightning and becomes young again. Now endowed with a fantastic memory and comprehension, he receives "thought" messages from the supernatural. "Nineteen Roses" concerns the secretary of a famous

writer who finds himself reliving an experience that happened to his employer 30 years ago. The writer disappears and is presumed dead, but is he?

Building a Youth Ministry that Builds Disciples Bloomsbury Publishing USA

Growing up in a strict Muslim community in south-east London, Alom Shaha learnt that religion was not to be questioned. Reciting the Qur'an without understanding what it meant was simply a part of life; so, too, was obeying the imam and enduring beatings when he failed to attend the local mosque. But Alom was more drawn to science and its power to illuminate. As a teen, he lived between two worlds: the home controlled by his authoritarian father, and a school alive with books and ideas. In a charming blend of memoir, philosophy and science, Alom explores the questions about faith and the afterlife that we all ponder. This is a book for anyone who wonders what they should believe and how they should live. It's for those who may need the facts and the ideas, as well as the courage, to break free from inherited beliefs. In

this powerful narrative, Alom shows that it is possible to live a compassionate, fulfilling and meaningful life without God.

The Eternal Philistine Crossway

Dean Borgman, a nationally known youth ministry expert, offers a new edition of his influential classic. Reaching a broadly ecumenical audience, this book challenges readers to think about the theological nature of youth ministry. Questions for discussion and reflection are included. This thoroughly updated edition was previously published as *When Kumbaya Is Not Enough*. Praise for the first edition "Writing with the lens of a theologian, the heart of a pastor, and welcome doctrinal breadth, Borgman has provided a 'field book' of pastoral theologies that takes seriously the social systems shaping the lives of adolescents. This book is a significant step toward the long-awaited conversation about theology and youth ministry in postmodern culture."--Kenda Creasy Dean, Princeton Theological Seminary; author of *Almost Christian* "In this excellent work

Borgman brings theological integrity, depth, and years of wisdom like nothing else I have seen in our field."-- Jim Burns, author of *Teenology: The Art of Raising Great Teenagers* *Living Without God* ReadHowYouWant.com Zina Hermez was just sixteen years old when she suffered a spinal-cord-injury after being hit by a car while crossing the street on her way to school. When health professionals predicted she would never walk again, she looked to God and her faith. "Not Without God: A Story of Survival" is about how one woman survived a devastating injury, learned to walk again despite all odds, and finally became a professional teacher. In a world where people with disabilities can start to feel invisible, she overcame her challenges. This book offers hope, insight, and ways to heal not just for people with disabilities, but for anyone facing adversity in their life.

Anarchy Evolution

Morgan James Publishing
Contrasting the civilization that produced the starkly modernist "cube" of the Great Arch of La Defense in Paris with

the civilization that produced the "cathedral" Notre Dame, Weigel argues that Europe's embrace of a narrow secularism has led to a crisis of morale that is eroding Europe's soul. *Exploding Stars, Dead Dinosaurs, and Zombies* Augsburg Fortress Publishers
Written in exile while in flight from the Nazis, this dark, bizarre evocation of everyday life under fascism is available for the first time in thirty years. This last book by Ödön von Horváth, one of the 20th-century's great but forgotten writers, is a dark fable about guilt, fate, and the individual conscience. An unnamed narrator in an unnamed country is a schoolteacher with "a safe job with a pension at the end of it." But, when he reprimands a student for a racist comment, he is accused of "sabotage of the Fatherland," and his students revolt. A murder follows, and the teacher must face his role in it, even if it costs him everything. Horváth's book both points to its immediate context—the brutalizing conformity of a totalitarian state, the emptiness of faith in the time of the National Socialists—and beyond, to

the struggles of individuals everywhere against societies that offer material security in exchange for the abandonment of one's convictions. Reminiscent of Camus' *The Stranger* in its themes and its style, *Youth Without God* portrays a world of individual ruthlessness and collective numbness to the appeals of faith or morality. And yet, a commitment to the truth lifts the teacher and a small band of like-minded students out of this deepening abyss. It's a reminder that such commitment did exist in those troubled times—indeed, they're what led the author to flee Germany, first for Austria, and then France, where he met his death in a tragic accident, just two years after the publication of *Youth Without God*. Long out of print, this new edition resurrects a bracing and still-disturbing vision. "Horváth was telling the truth. Furiously."

Reclaim Your Headspace and Find Your One True Voice
As a hospital chaplain, J.S. Park encountered hundreds of patients at the edge of life

and death, listening as they urgently shared their stories, confessions, and final words. J.S. began to identify patterns in his patients' lives—patterns he also saw in his own life. He began to see that the events and traumas we experience throughout life become deafening voices that remain within us, even when the events are far in the past. He was surprised to find that in hearing the voices of his patients, he began to identify his own voices and all the ways they could both harm and heal. In *The Voices We Carry*, J.S. draws from his experiences as a hospital chaplain to present the Voices Model. This model explores the four internal voices of self-doubt, pride, people-pleasing, and judgment, and the four external voices of trauma, guilt, grief, and family dynamics. He also draws from his Asian-American upbringing to examine the challenges of identity and feeling "other." J.S. outlines how to wrestle with our voices, and even befriend them, how to find our authentic voice in a world of mixed messages, and how to empower those who are voiceless. Filled with evidence-based research, spiritual and psychological insights,

and stories of patient encounters, *The Voices We Carry* is an inspiring memoir of unexpected growth, humor, and what matters most. For those wading through a world of clamor and noise, this is a guide to find your clear, steady voice.

In this brilliant and compelling defense of the Christian faith, Ravi Zacharias shows how affirming the reality of God's existence matters urgently in our everyday lives. According to Zacharias, how you answer the questions of God's existence will impact your relationship with others, your commitment to integrity, your attitude toward morality, and your perception of truth. Ministry with Youth in Crisis, Revised Edition
 Zondervan
 Ministry with Youth in

Crisis is a comprehensive treatment of major adolescent crises related to life themes including self-identity, faith formation, family life, social relationships, sexuality, suicide, substance abuse, and eating disorders. The distinctiveness of this book is that it offers a fine blend of solid research, workable theory, and specific strategies for

successfully ministering to and with youth in crisis. Furthermore, it emphasizes the caring and sensitive side of working effectively with adolescents experiencing both normal and extreme crisis situations. This volume, therefore, is both descriptive and prescriptive in nature, in that it describes the world teens live in and offers biblical responses for ministry.
