Modern Recording
Techniques McSweeney's
"Pure pulp pugilism." --
Rue Morgue "Lost Dogs is
rough, it is raw as hell,
but it's rough like a
bareknuckle fist fight and
raw like a rusty knife into
your gut... Lemire's

stories pour out of him on
to the page, his id spilling
out into the world."-- from
the introduction by
Timothy Callahan Long
out of print, Jeff Lemire's
Xeric-Award-winning LOST
DOGS now returns in a
newly remastered edition,
soaked with blood and
ink. This 104-page mythic
yarn follows a family man
who's larger than life...
but even he may not be

powerful enough to
prevent the loss of
everything he's ever
known. Bold, brutal, and
emotionally raw, LOST
DOGS represents an
acclaimed storyteller's
first professional work --
an early exhibition of the
gifts that have made his
ESSEX COUNTY and
SWEET TOOTH so
phenomenally popular.
The Percussionist's Art

Harper Collins

As the most popular and authoritative guide to recording Modern Recording Techniques provides everything you need to master the tools and day to day practice of music recording and production. From room acoustics and running a session to mic placement and designing a studio Modern Recording Techniques will give you a really good grounding in the theory and industry practice. Expanded to include the latest digital audio technology the 7th

edition now includes sections on podcasting, new surround sound formats and HD and audio. If you are just starting out or looking for a step up in industry, Modern Recording Techniques provides an in depth excellent read- the must have book [Encyclopedia of Percussion](#) Top Shelf Productions This book, by the author of industry bestseller "Modern Recording Techniques", focuses on microphone usage for dozens of different

instruments as well as vocals, amplifiers, Leslie cabinets and much more! Accompanied by an audio CD that allows you to hear the different effects of microphone placement techniques in real time for a full understanding of how to get the best recordings from any type of microphone! *Sidekicks* Springer Science & Business Media The Encyclopedia of Percussion is an extensive guide to percussion instruments, organized for research as well as general knowledge.

Focusing on idiophones and membranophones, it covers in detail both Western and non-Western percussive instruments. These include not only instruments whose usual sound is produced percussively (like snare drums and triangles), but those whose usual sound is produced concussively (like castanets and claves) or by friction (like the cuíca and the lion's roar). The expertise of contributors have been used to produce a wide-ranging list of percussion topics. The volume

includes: (1) an alphabetical listing of percussion instruments and terms from around the world; (2) an extensive section of illustrations of percussion instruments; (3) thirty-five articles covering topics from Basel drumming to the xylophone; (4) a list of percussion symbols; (5) a table of percussion instruments and terms in English, French, German, and Italian; and (6) an updated section of published writings on methods for percussion. *The Producers* Scholastic

Inc. More than eighty years have passed since Edgard Varèse's catalytic work for percussion ensemble, *Ionisation*, was heard in its New York premiere. A flurry of pieces for this new medium dawned soon after, challenging the established truths and preferences of the European musical tradition while setting the stage for percussion to become one of the most significant musical advances of the twentieth century. This 'revolution', as John Cage termed it,

was a quintessentially modernist movement - an exploration of previously undiscovered sounds, forms, textures, and styles. However, as percussion music has progressed and become woven into the fabric of Western musical culture, several divergent paths, comprised of various traditions and a multiplicity of aesthetic sensibilities, have since emerged for the percussionist to pursue. This edited collection highlights the progressive developments that

continue to investigate uncharted musical grounds. Using historical studies, philosophical insights, analyses of performance practice, and anecdotal reflections authored by some of today's most engaged performers, composers, and scholars, this book aims to illuminate the unique destinations found in the artistic journey of the modern percussionist. [Percussive Notes](#)
Edinburgh University Press
This method has been written to teach the

basics of the drum set in the shortest amount of time. The method is unique in that it is a beginning course that starts the student out on the entire drum set. Book One covers basic set-ups, reading and improvisation, coordination of hands and feet, and features a variety of contemporary and basic rhythm patterns with exercise breakdowns for each. Book Two continues instruction with more improvisation exercises, playing triplets, flams and flam beats,

practical musicianship tips, equipment selection and many more techniques and skills.

Cassette features demonstrations of exercises.

Lost Dogs CRC Press

During the last few decades, most cultural critics have come to agree that the division between "high" and "low" art is an artificial one, that Beethoven's Ninth and "Blue Suede Shoes" are equally valuable as cultural texts. In *Who Needs Classical Music?*, Julian Johnson challenges

these assumptions about the relativism of cultural judgements. The author maintains that music is more than just "a matter of taste": while some music provides entertainment, or serves as background noise, other music claims to function as art. This book considers the value of classical music in contemporary society, arguing that it remains distinctive because it works in quite different ways to most of the other music that surrounds us. This intellectually

sophisticated yet accessible book offers a new and balanced defense of the specific values of classical music in contemporary culture. *Who Needs Classical Music?* will stimulate readers to reflect on their own investment (or lack of it) in music and art of all kinds.

How did the newspaper, music, and film industries go from raking in big bucks to scooping up digital dimes? Their customers were lured away by the free ride of technology. Now, business journalist Robert Levine shows how they can get back on track. On the

Internet, "information wants to be free." This memorable phrase shaped the online business model, but it is now driving the media companies on whom the digital industry feeds out of business. Today, newspaper stocks have fallen to all-time lows as papers are pressured to give away content, music sales have fallen by more than half since file sharing became common, TV ratings are plummeting as viewership migrates online, and publishers face off against Amazon

over the price of digital books. In *Free Ride*, Robert Levine narrates an epic tale of value destruction that moves from the corridors of Congress, where the law was passed that legalized YouTube, to the dorm room of Shawn Fanning, the founder of Napster; from the bargain-pricing dramas involving iTunes and Kindle to Google's fateful decision to digitize first and ask questions later. Levine charts how the media industry lost control of its destiny and suggests innovative ways

it can resist the pull of zero. Fearless in its reporting and analysis, *Free Ride* is the business history of the decade and a much-needed call to action.

Not Enough Horses

The inside story of Chicago, one of the most successful and enduring rock bands ever With their distinctive blending of soulful rock and horn-infused urban jazz, Chicago has thrilled music fans for more than forty years with their lyrical brilliance. In this no-holds-

barred memoir, legendary rocker Danny Seraphine shares his dramatic—and often shocking—experiences as the popular supergroup's cofounder and longtime drummer. He reveals behind-the-scenes anecdotes about Chicago's beginnings as the house band at Los Angeles's legendary Whisky A Go Go, where they were discovered by music icons Janis Joplin and Jimi Hendrix, and personal insights about the group's many comebacks and

reinventions over the years. Offers a lively inside account of the music and history of the perennially popular band Chicago, one of the most successful American bands ever with over 122 million albums sold, by the band's cofounder and longtime drummer Danny Seraphine. Includes riveting tales and rare photographs from Seraphine's time on the road touring with performers including Dennis and Carl Wilson of the Beach Boys, Janis Joplin, Jimi Hendrix, and

Bruce Springsteen. Candidly tackles many rumors about Chicago, including Mafia ties, accounting and payola scandals, and major drug abuse. Discusses the mysterious circumstances surrounding Seraphine's 1990 firing from the band as well as his comeback with his critically acclaimed new band, California Transit Authority. Whether you're a diehard Chicago fan or just love a well-told rock-and-roll memoir, *Street Player* will entertain and surprise you.

Suit up for this high-octane graphic novel debut by the Caldecott Medalist and #1 New York Times–bestselling author of *The Adventures of Beekle*. Captain Amazing, the hometown hero of Metro City, is so busy catching criminals that he

rarely has time for his pets—he hasn't even noticed they've been developing superpowers of their own! So when Captain Amazing announces he needs a sidekick, his eager pets—a dog, a hamster, and a chameleon—all decide to audition for the part and a chance for one-on-one time with the Captain. But while each pet is focused on winning the coveted sidekick spot, an even bigger battle in Metro City is about to unleash . . . Dr. Havoc, Captain Amazing's long-

time nemesis, is hatching up a new scheme, and the Captain's found himself in serious trouble. Can the warring pets put their squabbles aside to save the day? Will the return of a forgotten friend help them in their time of need? Or will this be the end for Captain Amazing? Get ready for sibling rivalry royale as pets with superpowers duke it out for the one thing they all want most: a super family. "The lovable menagerie of crime-fighting pets offers lots of laughs and a boisterous

and exuberant storyline." —Kirkus Reviews "Lively, insightful, and just plain fun, this convergence of capes and creatures will find a wide audience in animal lovers and superhero fans alike." —The Bulletin of the Center for Children's Books

Prepare yourself for the best and brightest from Might magazine. These provocative accounts of cultural chaos tackle every tacky and/or annoying issue that has

made the 20th century so ripe for the Apocalypse -- from the lost diaries of H.R. Haldeman to David Hasselhoff's world tour. Includes: "The Perverse Blessing of AIDS" by David Foster Wallace "Are Black People Cooler Than White People?" by Donnell Alexander "Hey America! There's Gangs Under Your Bed!" by Jess Mowry "The Future of Indentured Servitude" by R.U. Sirius "College is for Suckers" by Ted Rall "Get Out the Youth Vote, Then Get the Hell Out" by Marc Herman "The T-Shirt: More

Problems of Signification in American Low Culture" by Glasgow Phillips "The Unsavory Rise of Faux-Caesar Salad" by Heidi Pollock "The Tragic and Untimely Death of Adam Rich" by Christopher Pelham-Fence "Why I Went Right Wing" by Paula Kramen And much, much more!
The Modern Percussion Revolution Wayne State University Press
 In this #1 New York Times bestseller, Michael Jackson tells the story of his life, in his words. In this intimate and often

moving personal account of Michael Jackson's public and private life, he recalls a childhood that was both harsh and joyful but always formidable. Michael and his brothers played amateur music shows and seamy Chicago strip joints until Motown's corporate image makers turned the Jackson 5 into worldwide superstars. He talks about the happy prankster days of his youth, traveling with his brothers, and of his sometimes difficult relationships with his family over the years. He

speaks candidly about the inspiration behind his music, his mesmerizing dance moves, and the compulsive drive to create that has made him one of the biggest stars in the music business and a legend in his own time. Jackson also shares his personal feelings about some of his most public friends...friends like Diana Ross, Berry Gordy, Quincy Jones, Paul McCartney, Fred Astaire, Marlon Brando, and Katharine Hepburn. He talks openly about the crushing isolation of his fame, of

his first love, of his plastic surgery, and of his wholly exceptional career and the often bizarre and unfair rumors that have surrounded it. Illustrated with rare photographs from Jackson family albums and Michael's personal photographic archives, as well as a drawing done by Michael exclusively for this book, *Moonwalk* is a memorable journey to the very heart and soul of a modern musical genius. The History of Winthrop, Massachusetts Simon and Schuster

"The Percussionist's Art: Same Bed, Different Dreams examines major works from the solo and chamber repertoire for percussion, from Edgard Varese's *Ionisation* (1931) and Cage's *First Construction (in Metal)* (1939) to Morton Feldman's *The King of Denmark* (1964), Steve

Reich's *Drumming* (1971), *Bone Alphabet* by Brian Ferneyhough (1991), and *Corporel* (1985), a piece by Vinko Globokar for percussionist performing on his or her amplified body."--BOOK JACKET.

Jottings from a Far

Away Place Peterson's *Explores American Joseph H. Lewis's eclectic career, including his best-known film, *Gun Crazy*. Joseph H. Lewis enjoyed a monumental career in many genres, including film noir and B-movies (with the *East Side Kids*) as well as an extensive*

and often overlooked TV career. In *The Films of Joseph H. Lewis*, editor Gary D. Rhodes, PhD, gathers notable scholars from around the globe to examine the full range of Lewis's career. While some studies analyze Lewis's work in different areas, others focus on particular films, ranging from poverty row fare to westerns and "television films." Overall, this collection offers fresh perspectives on Lewis as an auteur, a director responsible for individually unique works

as well as a sustained and coherent style. Essays in part 1 investigate the texts and contexts that were important to Lewis's film and television career, as contributors explore his innovative visual style and themes in both mediums. Contributors to part 2 present an array of essays on specific films, including Lewis's remarkable and prescient *Invisible Ghost* and other notable films *My Name Is Julia Ross*, *So Dark the Night*, and *The Big Combo*. Part 3 presents an extended case study of

Lewis's most famous and-arguably-most important work, *Gun Crazy*. Contributors take three distinct approaches to the film: in the context of its genre as film noir and modernist and

postmodernist film; in its relationship to masculinity and masochism; and in terms of ethos and ethics. *The Films of Joseph H. Lewis* offers a thorough assessment of Lewis's career and also provides

insight into film and television making in the 1930s, 40s, and 50s. Scholars of film and television studies and fans of Lewis's work will appreciate this comprehensive collection.
