KLIMT SCHIELE Taschen

An exploration of the influences that have shaped the Austrian Expressionist. Egon Schiele National Geographic Books
Written in a clear, non-technical manner, Introduction to Video Production focuses on the fundamental principles of video production and the technologies used in production. This book discusses video aesthetics, technologies, and production

practice in a clear and concise manner. It also emphasizes the importance of teamwork and planning in the production process. Chapters are clearly organized and heavily illustrated, with key terms identified in boldface. With Introduction to Video Production, readers will learn not only how the technology works, but how to work with the technology and with each other.

Egon Schiele Courier Corporation
Nearly 250 photographs, some never before published, offer an intimate glimpse into one of the art world's most

famous love affairs. Emilie Flöge was only a teenager when she met the painter Gustav Klimt, but their friendship soon evolved into a complex and loving relationship that lasted the rest of their lives. Alfred Weidinger, an acclaimed expert on Klimt and his contemporaries, has compiled an exhaustive collection of photographs relating to the artist and his designer muse. While Klimt took many of these shots, other photographers include Carl Schuster, Victor von Spitzer, Hugo Henneberg, Pauline Kruger Hamilton, Anton Josef Trcka (Antios), and unknown individuals who had access to the couple's private lives. Presented chronologically, they offer insight into the creatively charged world that Klimt and Flöge inhabited - a world they influenced with their enormous talent

and passions. ILLUSTRATIONS: 190 b/w
Egon Schiele CRC Press
Rising to prominence in Vienna alongside Gustav Klimt and Oskar Kokoschka in the turbulent years around the First World War, Egon Schiele (1890-1918) is one of the most important artists of the early 20th century and a central figure of Austrian Expressionism. He produced some of the most radical depictions of the human figure created in modern times - so radical that in 1912 Schiele was imprisoned for two months for exhibiting his 'offensive' nudes. At the trial the judge is alleged to have burned some of the artist's drawings in open court with a candle flame. Accompanying the first ever museum show in this country devoted entirely to the artist, this

publication will explore in detail one of Schiele's most vital and original subjects - his extraordinary drawings and watercolors of male and female nudes. It will bring together an outstanding group of the artist's works to chart his groundbreaking approach during his short but urgent career. Schiele's technical virtuosity, highly original vision and unflinching depictions of the naked figure distinguish these works as being among his most significant contributions to the development of modern art. This sharply focused catalogue will be provide an opportunity to examine more than thirty of these radical works, assembled from international public and private collections for the exhibition. Schiele arrived in Vienna in 1906, aged just fifteen, to train as an artist. He

quickly proved his precocious talent and the following year sought out Klimt, who mentored Schiele and helped establish his reputation. Nothing he produced during these first few years in Vienna prepares us for the extraordinary breakthrough Schiele made in 1910 when he began to draw the figure in an entirely new way and the subject of the nude took on an increasingly important role. Highly gestural and expressive, his nudes from this year are manipulated to perform a psychologically charged body language that soon became a hallmark of his art. This catalogue will begin with a rich selection of nudes from this seminal year including a number of Schiele's powerful naked self-portraits. The main section will explore his provocative nudes of the following few

years when he pushed artistic convention to offer a more direct expression of human experience, bound up with themes of self-expression, procreation, sexuality and eroticism. Many of these works affronted contemporary standards of morality and were considered pornographic. The last part of the book will look at works from the final productive years of Schiele's short life before his untimely death in 1918 from Spanish influenza, aged just 28. His later nudes suggest a more classical solidity and sometimes lyricism, whilst retaining their unflinching rawness as naked bodies. Throughout the book will be a number of major self-portraits, demonstrating how Schiele's approach was linked to his sense of self and his ongoing examination of his physical and

psychological make-up. An important aspect of all these works is Schiele's unique draftsmanship and the authors will investigate the development of his technique and approach to the medium that he made so distinctively his own, as well as his wide-ranging influence on the course of modern art that still resonates today.

The Art of Egon Schiele Prestel Publishing

Shoot, Edit, Share is an interactive, accessible introduction to video production techniques, concepts, and terminology. With the increasing availability of affordable video equipment, many students and professionals need to learn the basics of video production without being overwhelmed by technical details and

equipment lists. Covering preproduction, production, editing in post, and distribution, this book shows you how to produce video quickly and effectively for a range of clients, from commercial firms to community service organizations. Key features include: A companion website including video interviews with professionals that demonstrate and reinforce techniques covered in the book; Service-learning exercises that engage readers in real-world learning experiences, encouraging them to interact with their communities and new clients; Clear, easy to follow and heavily illustrated guides for all of the equipment and processes that go into video production; Focus on creating stories for a target audience, and building convincing and engrossing

narrative through videos; A thorough breakdown of all the techniques needed in post-production, through editing, well-designed graphics, and quality sound; A best-practices guide to viral videos, sharing video content online and increasing its exposure on social media sites; QR codes throughout the book, that when scanned, demonstrate video techniques and concepts related to what was read.

The Leopold Museum in Vienna houses the world's most comprehensive collection of works by Egon Schiele, which features a unique concentration of chief works by this Austrian artist. The present publication offers a closer look at some 140 paintings, watercolors and

drawings from this unrivaled collection, which cover all the periods of the artist's oeuvre, while the large illustrations afford exceptional insights into Egon Schiele's artistic genius and his preoccupation with line and color. Essays not only impressively outline the milieu and career of this provocative artist but also highlight Schiele's place among the great masters of the 20th century.

The Faces of Egon Schiele Random House

Egon Schiele (1890 - 1918) is nowadays regarded as one of the leading pioneers of Modernism in Austria. Although he already enjoyed some success during his lifetime and came to be considered Austria's greatest artist following his death, his outstanding importance for art was recognized only in the early

1950s. Rudolf Leopold, the early collector of Schiele who first became interested in Schiele in the 1950s, has been instrumental in raising the international profile of Egon Schiele. Today, his art treasures are housed in the Leopold Museum in Vienna, which holds the world's largest and most outstanding collection of works by Schiele. Diethard Leopold, the collector's son and author of this volume, naturally grew up with Schiele's works, developing a special affinity and familiarity with the artist and his works. In this monograph he examines the life of the painter, who died prematurely at the age of 28, and based on major works from every one of his creative periods he presents an artist who captivates the viewer with emotional subjects and technical

ingenuity alike. In the archive section of this volume, special finds from the rich trove of documents he left behind show the copious talent of Egon Schiele who not only excelled as a painter and graphic artist, but also awaits discovery for his expressionist poetry.

Egon Schiele Paul Holberton Publishing Schiele had the most long-lasting influence on the Vienna art scene after the great era of Klimt came to a close. After a short flirtation with the style of his mentor Klimt, Schiele soon questioned the aesthetic orientation to the beautiful surface of the Viennese Art Nouveau with his rough and not easily accessible paintings.

Smith takes a provocative look at the fascinating and beautiful landscapes painted by Austrian artist Egon Schiele (1890-1918), renowned for his intensely confrontational portraits, self-portraits, erotic images, and allegories. 90 illustrations, 50 in color.

The Self-Portrait, from Schiele to

Beckmann National Geographic Books

Best known for his depictions of the human form, Schiele was also interested in portraying the beauty and structure of the world he inhabited. This volume proves that Schiele's mastery extends beyond his radical renditions of the

human figure and reveals themes that appear throughout his work.

Landscapes Prestel Publishing

A lavishly produced volume of Egon Schiele's self-portraits. Egon Schiele's contorted and eccentric figures are among the most familiar and iconic images in twentieth-century art. A good many of those figures are self-portraits. Schiele returned to himself as a subject again and again over a period of many years, recording himself in various poses and styles. When he used his own body as a model, his interest often lay not in his actual self, but more generally in the position of the individual in the changing modern world. Posing in a variety of roles, Schiele uses his face like a mask. This beautifully produced book offers a comprehensive account of this crucial,

yet underappreciated, aspect of Schiele's art.

The meaning of portraiture in the egocentric and erotic culture of Vienna at the end of the Hapsburg Empire frames Alessandra Comini's definitive, lavishly illustrated study of the art of Egon Schiele (1890-1918), first published in 1975 and now available in paperback with a new preface and updated bibliography. Comini analyzes Schiele's work in the context of Viennese Expressionism, rising existential consciousness, and the unique ambiance

of Vienna. The human figure forms the most compelling motif in Schiele's oeuvre, which is comprised of hundreds of oils and thousands of drawings. Numerous self-portraits record emotional states, reflect major stylistic changes, and provide a brilliant focus for this examination of his art and his life.

Egon Schiele, 1890-1918 Createspace Independent Publishing Platform
In his fascinating survey, art historian Omar Calabrese reveals that self-portraits through the ages are both a reflection of the artist and of the period in which the artist lived. Organized thematically, the author first presents a basic definition of the genre of the self-portrait, interpreting the picture to be a manifestation of self identity, and including examples from an Egyptian

tomb painting and pictures on stained glass during the Middle Ages and continuing to modern times. The next chapter focuses on the turning point for the establishment of the genre during the Renaissance when the status of the painter or sculptor was raised from artisan to artist and, as a result, portraits of the artist were considered worthwhile pictures. At first a self-portrait was hidden in a narrative painting: an artist would paint his image as part of a crowd scene, for example, or as a mythological figure. On the other extreme, once the genre was accepted, it was practiced by some artists—Rembrandt, van Gogh, Munch, and Dali, for instance—as almost an obsession. In contemporary art the self-portrait can become a deconstructed genre with the artist hiding or satirizing

himself until he nearly disappears on the canvas. Among the 300 pictures featured here are examples by such artists as Albrecht Dürer, Velazquez, Elisabeth Vigée-Lebrun, Ingres, Degas, Toulouse-Lautrec, Gainsborough, Matisse, James Ensor, Egon Schiele, Frida Kahlo, Man Ray, Henry Moore, Robert Rauschenberg, Norman Rockwell, and Roy Lichtenstein. This intriguing book is a fresh way to appreciate the history of art and to understand that a self-portrait is far more complex and meaningful than merely a portrait of the artist.

Hand and Head CRC Press

Egon Schiele was a meteor that flashed across the galaxy of Viennese art at the beginning of the last century. Although he lived only twenty-eight years-dying

quite suddenly of influenza in 1918 just as World War I came to an end-he left a stunning pictorial oeuvre. Schiele's obsession with sexuality, his own and that of others, made him at once a voyeur and a participant in that sexual imperative which Freud was simultaneously plumbing with such unsettling results. The disturbing revelations of Schiele's unmasking portraiture and of the new science of psychology disclosed a collective cultural anxiety during the last years of the crumbling Austrian empire. As a seer into the souls of his sitters, Schiele redefined portraiture in the age of Angst. Alessandra Comini is University Distinguished Professor of Art History Emerita at Southern Methodist University, where she taught for thirty-

one year after having served on the faculty at Columbia University for ten years. She is the author of eight books, one of which, "Egon Schiele's Portraits," was nominated for the National Book Award. The Republic of Austria extended her its Grand Decoration of Honor in 1990. This is her third book on the artist; she has also published "Schiele in Prison," an extended essay and English translation of the 1912, makeshift diary Schiele kept during his twenty-four days in a provincial prison cell—a forgotten cell which she discovered and photographed in 1963. The cell is now part of a Schiele Museum in the village of Neulengbach. Her 2014 Megan Crespi mystery novel, "Killing for Klimt," is followed by "The Schiele Slaughters."

Egon Schiele. the Paintings - 40th Anniversary Edition Prestel Publishing
"Austrian Expressionism proclaims that art itself is a violation of society's conventions and norms. No other artist in early twentieth-century Vienna depicted the body with such radical candor as Egon Schiele. A preoccupation with Eros, sexuality, and death pervades his entire oeuvre, his insatiable curiosity and new developments in erotic and psychiatric photography driving him to explore the shift in the relationship between the visible and the invisible, the depictable and the undepictable in launching his pictorial fantasy of the bodies of men and women in general

and the artist in particular. But despite the uncompromising truthfulness of his allegedly pornographic imagery, the visual enjoyment of the work of this consummate artist transcends the opposition between sensual arousal and aesthetic perception."--BOOK

Egon Schiele Phaidon

In this stunning and intimate collection, Egon Schiele's personal letters and poems are paired with his artwork to deepen the reader's understanding of his artistic achievements. Known for his intense and lyrical style, the Austrian Expressionist Schiele was also a gifted writer. This selection of the artist's poetry and letters gracefully intertwines his

powerful words with his indelible images. Elegantly designed with special paper and unique typography, this book emulates a personal journal.

Interspersed with sixty sketches, drawings and paintings, Schiele's poems and letters illustrate his artistic and personal struggles and passions. Many of the artworks are referenced in or parallel his writings, thereby enhancing the reader's experience of them. Elisabeth Leopold adds her commentary to this sumptuous presentation that will leave readers with a deeper appreciation of Schiele's creative genius. This title is published in cooperation with the Leopold Museum, Vienna. AUTHOR: Elisabeth Leopold, together with her husband Rudolf Leopold, established the world-famous Schiele collection, which

has been displayed in the Leopold Museum in Vienna, specially designed to hold the work, since 2001. 120 illustrations
