Established less than 200 years ago, Chicago has seen a lot of living in that short span of time. Burned to the ground early on, it's been frozen and just recently flooded. Tucked away in the Midwest, it still rivals both coasts with its food, entertainment, and cultural venues. Chicago's Most Wanted™: The Top 10 Book of Murderous Mobsters, Midway Monsters, and Windy City Oddities takes you on a tour of that toddlin' town with dozens of top-ten lists containing memorable minutiae and delightful details. Laura L. Enright will blow you away with this collection of amusing and amazing facts about the Windy City. One would be hard-pressed to decide what Chicago is most famous for. Is it disasters, such as the Great Chicago Fire? Or perhaps gangsters are its calling card, with Al Capone at the head? Maybe it's the politics, with "Hizzoner, da Mayor" and stories of votes coming from the dead. Or do sports come to mind first, like the Cubs' dismal failures—some say due to a decades-old curse—and the glory days of da Bulls and da Bears? Whatever it is that makes Chicago, it's in Chicago's Most Wanted™. The famous and the infamous, festivals and food, blues and jazz, and so much more are all included in this collection of fascinating and often humorous trivia tidbits. Frank Sinatra rhapsodized that Chicago "won't let you down," and neither will Laura L. Enright's Chicago's Most Wanted™!

In 1953, Samuel Beckett's *Waiting for Godot* premiered at a tiny avant-garde theatre in Paris; within five years, it had been translated into more than twenty languages and seen by more than a million spectators. Its startling popularity marked the emergence of a new type of theatre whose proponents—Beckett, Ionesco, Genet, Pinter, and others—shattered dramatic conventions and paid scant attention to psychological realism, while highlighting their characters' inability to understand one another. In 1961, Martin Esslin gave a name to the phenomenon in his groundbreaking study of these playwrights who dramatized the absurdity at the core of the human condition. Over four decades after its initial publication, Esslin's landmark book has lost none of its freshness. The questions these dramatists raise about the struggle for meaning in a purposeless world are still as incisive and necessary today as they were when Beckett's tramps first waited beneath a dying tree on a lonely country road for a mysterious benefactor who would never show. Authoritative, engaging, and eminently readable, *The Theatre of the Absurd* is nothing short of a classic: vital reading for anyone with an interest in the theatre.

James Lee Burke is an acclaimed writer of crime novels in which protagonists battle low-life thugs who commit violent crimes and corporate executives who exploit the powerless. He is best known for his Dave Robicheaux series, set in New Orleans and the surrounding bayou country. With characters inspired by his own family, Burke uses the mystery genre to explore the nature of evil and an individual's responsibility to friends, family and society at large. This companion to his works provides a commentary on all of the characters, settings, events and themes in his novels and short stories, along with a critical discussion of his writing style, technique and literary devices. Glossaries describe the people and places and define unfamiliar terms. Selected interviews provide background information on both the writer and his stories.

Groovin' High SAGE

En 1962, à San Quentin, prison de l'Etat de Californie, sur les bords de la baie de San Francisco, un spectacle a lieu le samedi soir. Le directeur a convié plusieurs dizaines d'invités à assister à un « show » monté par les détenus. Un grand orchestre assure les transitions entre les numéros de comiques, acrobates, ou magiciens qui défilent sur une estrade. Les musiciens sont vêtus de smokings, confectionnés dans la toile de jeans de leurs uniformes. Parmi les membres de l'orchestre, quelques uns des jazzmen les plus brillants de la côte Ouest. La plupart sont en prison pour usage ou trafic de drogue. Ils jouent le samedi soir, ou pendant leurs moments de liberté dans la grande cour de la prison. Présentons-les un à un, comme on le ferait au début d'un concert : Au saxophone alto, Art Pepper, enfant prodige du jazz de la côte ouest, ancienne star du grand orchestre de Stan Kenton. Le seul blanc de notre jazz band. Quand commence sa vie de prisonnier, il a déjà produit quelques albums qui ont marqué l'histoire de cette musique. A la trompette, Dupree Bolton, comète géniale et éphémère, qui finira, trente ans plus tard, musicien faisant la manche dans les rues de San Francisco après avoir laissé quelques enregistrements épars. A la trompette aussi, Nathaniel Meeks, un de ces membres anonymes des grands orchestres de Californie, honnête exécutant dont l'histoire du jazz n'a gardé qu'une trace rapide. Au piano, Jimmy Bunn, soliste raffiné et exigeant qui, au moment de son incarcération à San Quentin, a déjà accompagné les plus grands, comme Charlie Parker ou Dexter Gordon. Il finira sa vie dans l'anonymat. Au saxophone alto, Earl Anderza, sorti de prison pour enregistrer un disque unique et fulgurant en 1963, avant de retourner à l'obscurité. Au saxophone alto encore, Frank Morgan, seul survivant aujourd'hui de cet orchestre théorique, perdu pour la musique après son premier disque en 1955, émergeant comme ressuscité trente ans plus tard, talent intact, après avoir passé l'essentiel de sa vie adulte en prison. A la contrebasse enfin, Frank Washington, qui passa vingt ans à San Quentin, où se déroula toute sa vie de musicien. Ce livre est leur histoire. Concentrée autour des quelques mois de 1962 où ils jouèrent ensemble cette musique évanouie. Enfermés à San Quentin, pénitencier surpeuplé, prison de mort où la chambre à gaz exécute régulièrement l'un des leurs, déchirée par les tensions raciales et les soubresauts qui agitent l'Amérique au dehors.

Art Pepper (1925-1982) was called the greatest alto saxophonist of the post-Charlie Parker generation. But his autobiography, *Straight Life*, is much more than a jazz book--it is one of the most explosive, yet one of the most lyrical, of all autobiographies. This edition is updated with an extensive afterword by Laurie Pepper covering Art Pepper's last years, and a complete and up-to-date discography by Todd Selbert.

Timescapes of Waiting explores the intersections of temporality and space by examining various manifestations of spatial (im-)mobility. The individual

articles approach these spaces from a variety of academic perspectives - including the realms of history, architecture, law and literary and cultural studies - in order to probe the fluid relationships between power, time and space. The contributors offer discussion and analysis of waiting spaces like ante-chambers, prisons, hospitals, and refugee camps, and also of more elusive spaces such as communities and nation-states. Contributors: Olaf Berwald, Elise Brault-Dreux, Richard Hardack, Kerstin Howaldt, Robin Kellermann, Amanda Lagji, Margaret Olin, Helmut Puff, Katrin Röder, Christoph Singer, Cornelia Wächter, Robert Wirth.

A powerful portrait of a legendary musician by a legendary photographer. Carefully curated with full access to the Jim Marshall Archive, this handsome oversized volume offers the definitive view of Johnny Cash's legendary prison concerts at Folsom in 1968 and San Quentin in 1969. Cash had been interested in recording a live album at a prison since his 1955 hit, 'Folsom Prison Blues.' The idea was put on hold for a few years until 1968, when Cash visited one of California's oldest maximum-security prisons to record his *At Folsom Prison* album.

When a jazz hero dies, rumors, speculation, gossip, and legend can muddle the real cause of death. In this book, Frederick J. Spencer, M.D., conducts an inquest on how jazz greats lived and died pursuing their art. Forensics, medical histories, death certificates, and biographies divulge the way many musical virtuosos really died. An essential reference source, *Jazz and Death* strives to correct misinformation and set the story straight. Reviewing the medical records of such jazz icons as Scott Joplin, James Reese Europe, Bennie Moten, Tommy Dorsey, Billie Holiday, Charlie Parker, Wardell Gray, and Ronnie Scott, the book spans decades, styles, and causes of death. Divided into disease categories, it covers such illnesses as ALS (Lou Gehrig's Disease), which killed Charlie Mingus, and tuberculosis, which caused the deaths of Chick Webb, Charlie Christian, Bubba Miley, Jimmy Blanton, and Fats Navarro. It notes the significance of dental disease in affecting a musician's embouchure and livelihood, as happened with Joe "King" Oliver. A discussion of Art Tatum's visual impairment leads to discoveries in the pathology of what blinded Lennie Tristano. Heavy drinking, even during Prohibition, was the norm in the clubs of New Orleans and Kansas City and in the ballrooms of Chicago and New York. Too often, the musical scene demanded that those who play jazz be "jazzed." After World War II, as heroin addiction became the hallmark of revolution, talented bebop artists suffered long absences from the bandstand. Many did jail time, and others succumbed to the ravages of "horse." With *Jazz and Death*, the causes behind the great jazz funerals may no longer be misconstrued. Its clinical and morbidly entertaining approach creates an invaluable compendium for jazz fans and scholars alike.

Andrew L. Yarrow tells the story of *Look* magazine, one of the greatest mass-circulation publications in American history, and the very different United States in which it existed. The all-but-forgotten magazine had an extraordinary influence on mid-twentieth-century America, not only by telling powerful, thoughtful stories and printing outstanding photographs but also by helping to create a national conversation around a common set of ideas and ideals. Yarrow describes how the magazine covered the United States and the world, telling stories of people and trends, injustices and triumphs, and included essays by prominent Americans such as Martin Luther King Jr. and Margaret Mead. It did not shy away from exposing the country's problems, but it always believed that those problems could be solved. *Look*, which was published from 1937 to 1971 and had about 35 million readers at its peak, was an astute observer with a distinctive take on one of the greatest eras in U.S. history—from winning World War II and building immense, increasingly inclusive prosperity to celebrating grand achievements and advancing the rights of Black and female citizens. Because the magazine shaped Americans' beliefs while guiding the country through a period of profound social and cultural change, this is also a story about how a long-gone form of journalism helped make America better and assured readers it could be better still.

The Best American Sports Writing 2017 Penguin

Dizzy Gillespie was one of the most important and best loved musicians in jazz history. With his dark glasses, goatee, jive talk, and upraised trumpet bell, he was the hipster who most personified bebop. The musical heir to Louis Armstrong, he created the basic jazz trumpet-playing style and dazzled aficionados and popular audiences alike for over 50 years. In this first full biography, Alyn Shipton covers all aspects of Dizzy's remarkable life and career, taking us through his days as a flashy trumpet player in the swing bands of the 1930s, his innovative bebop work in the 1940s, the worldwide fame and adoration he earned through his big band tours in the 1950s, and the many recordings and performances which defined a career that extended into the early 1990s. Along the way, Shipton convincingly argues that Gillespie--rather than Charlie Parker as is widely believed--had the

greatest role in creating bebop, playing in key jazz groups, teaching the music to others, and helping to develop the first original bebop repertory. Shipton traces the Gillespie-Parker relationship, starting in the bands of Earl Hines and Billy Eckstine in the early 1940s, to their famous 1944-46 group that set the form for bebop, and culminating in their extraordinary concert at Massey Hall in Toronto in 1953. Shipton also explores the dark

side of Dizzy's mostly sunny personal life, his womanizing, the illegitimate daughter he fathered and supported--now a respected jazz singer in her own right--and his sometimes needless cruelty to others. For anyone interested in jazz and one of its most innovative and appealing figures, Groovin' High is essential reading.
