## ALEAH REED

### Pyramidos- Self Initiation in the Aeon of Horus Health Research Books

Reinhold Ebertin's first edition of this book was revised and updated in 1974 and contains a treasure of information on comparative charts for marriage. This detailed textbook presents numerous examples of the relationship between the cosmos, man and marital compatibility. Keys are given on how to recognize whether a cosmic marriage will develop harmoniously or not. Rules of comparative analysis and significant aspects include the Ascendant, Midheaven and Moon's Node. Most of the examples are given using the traditional delineation of chart connections, however midpoints and the use of Ebertin's 90 degree wheel in Cosmobiology are given as well.

### Anima Astrologiae Or a Guide for Astrologers Illustrated Volume Edizioni srl

Pyramidos traces the history and development of this fundamental magical ceremony from its earliest origins in the famed Golden Dawn Cipher Documents, through Crowley's first attempts to codify a system of magick in the Order of the Lamp of the Invisible Light to the final composition of the Pyramidos Ritual as the jewel in the crown of Crowley's own magical order. The Pyramidos Ceremony is included in its fully expanded form and the symbolism of the ritual is explained in detail. There is also a comprehensive examination of the Golden Dawn Neophyte Ceremony as well as several complete magick ceremonies that are discussed in the text. Pyramidos is a handbook for the performance of this central ceremony of modern Hermetic magick. It includes 15 illustrations and a complete bibliography of

references.

"Aula Lucis" (The House of Light) by the welsh alchemist T.Vaughan is a text about natural magic and a classic of Hermetic literature.

### Cosmic Marriage Jazzybee Verlag

The Masonic fellowship differs from all other societies in that candidates for membership have to join it blindfold, and cannot receive much information about it until they actually enter its ranks. Even then the majority of Masons usually obtain only the most general idea of the meaning of its ceremonies, and seldom penetrate further than an elementary moral interpretation of its principal symbols. In this book it is the object, while preserving due secrecy upon those matters which must be kept secret, to explain something of the deeper meaning and purpose of Freemasonry, in the hope of arousing among the Brn. a more profound reverence for that of which they are the custodians and a fuller understanding of the mysteries of the Craft. Although the book is primarily intended for the instruction of members of the Co-Masonic Order, whose desire, as is expressed in their ritual, is to pour the waters of esoteric knowledge into the Masonic vessels, the author hopes nevertheless that it may appeal to a wider circle, and may perhaps be of use to some of those many Brn. in the masculine Craft who are seeking for a deeper interpretation of Masonic symbolism than is given in the majority of their Lodges, showing them that in the ritual which they know and love so well are enshrined splendid ideals and deep spiritual teachings which are of the most absorbing interest to the student of the inner side of life.

### Satanic Ritual Abuse Africa Research and Publications

First published in its English translation during World War II in

1944, the first part of this book is composed of lectures originally delivered (in German) during the pre-war period, whilst the second part of the book represents author Franz Werfel's present point of view, arriving at the difficult conclusion that "complete human detachment is the first psychological symptom of spirituality..." "The outstanding contribution of this book is its frank rejection of the materialistic philosophy and an emphasis in favor of the spiritual interpretation of life. There are beautiful passages written with characteristic artistry."—Kirkus Review

. Although Dr. Ross has found no evidence of a widespread Satanic network, he is open to the possibility that a certain percentage of his patients' memories may be entirely or partially historically accurate. In treatment, he recommends that the therapist adopt an attitude hovering between disbelief and credulous entrapment.

*Problems of Mysticism and Its Symbolism* University of Toronto Press

This is a new edition of our acclaimed university textbook on the science of parapsychology. Dr. Irwin outlines the origins of parapsychological research and critically reviews investigations of extrasensory perception, psychokinesis, poltergeist phenomena, near-death and out-of-body experiences, and survival of death. Also, criticisms by the skeptical are presented, and the status of parapsychology as a scientific enterprise is assessed. Reviews of earlier editions: Comprehensive...well written...high quality.... Recommended for public, college and university libraries--Choice; clear...organization is excellent--The Journal of Parapsychology; fills the gap because it is up to date, formally written, and wide in scope...a particularly useful resource for students and teachers alike...as a textbook, Irwin's book is the best of its kind--Journal of the American Society for Psychical Research. Instructors considering this book for use in a course may request an examination copy here.

*Guru Tattva* EDAF

This book takes the student month-by-month through a year of magical training. Each month's work is concluded with practical exercises. Covers - constructing and consecrating a temple; meditation and visualization techniques; working in an elemental temple; exploring the inner world. For students wishing to take up ceremonial magic, but who are unwilling or unable to join a working group.

Claims of Reincarnation is one of the foremost works to have been published in India during the latter part of the twentieth century. Dr. Satwant Pasricha has investigated hundreds of cases in her native land and is considered to be one of the leading authorities in the field of empirical investigations into past-life claims. First published in 1990, this book is as relevant today as it was when it made its debut and is a valuable addition for scholars and anyone interested in the subject.

Oyekan Owomoyela, the late Ryan Professor of African literatures at the University of Nebraska-Lincoln, was a leading scholar in the field of African literature and a foremost authority on Yoruban traditional literary forms in particular. Consisting of 27 scholarly essays covering Owomoyela's work, this illuminating collection honours his life's work. The contributors are all noted scholars and represent a comprehensive cross-section of the humanities, offering fresh, multi-disciplinary interpretations of the Yoruban cultural experience.

**Between Heaven and Earth**

Sir Edward Kelley or Kelly, also commonly known as Edward Talbot (1555 - 1597/8) was an English Renaissance medium and occultist most famous for his work with John Dee in his magical investigations. Kelley famously claimed to know the secret of turning metal into gold, as well as possessing the Philosopher's Stone itself. This volume contains two essays by Kelly and Arthur Edward Waite on the subject of alchemy, and in particular its ultimate goal: obtaining the philosopher's stone. Contents include: "Biographical Preface", "The Stone of the Philosophers", "Certain Fragments selected from the Letters of Edward Kelly", "The Humid Way, or a Discourse upon the Vegetable Menstrum of Saturn", "The Theatre of Terrestrial Astronomy", etc. Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with the original text and artwork.
