**The Korean Automotive Industry, Volume 2**

Franklin, Jack, Marla, Thadius, and Caitlin... this unlikely group of assorted misfits are the Cemeterians, a group that will take on any job - no, really, we mean any bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead lecherous lodgers and other assorted beasties, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.

In this hilarious, no-holds-barred account, journalist Philip Nolan packs his bag (maximum 10kg, please) and takes us on an adventure that is not for the faint-hearted as he flies with Europe 's biggest low-cost airline. Using Ryanair destinations as a route planner, we grab our boarding passes and fight for the first available seat as we travel with him to towns we've never heard of ( Tampere and Wroclaw , anyone?) and to cities we've always wanted to visit. From watching the pilgrims completing the Camino in Santiago de Compostela to cheering with the fans in Frankfurt during the World Cup, from having his alpha waves channelled at a spa in Austria to a little soul cleansing at the baths at Lourdes, from the all-night party that is Riga to the eerie hush of Beauvais on a slow Monday night, we are treated to a kaleidoscopic snapshot of the quirks and foibles of a continent. Ryanair has opened up Europe 's treasures, and a few complete dumps too, in a way never before possible. From Biarritz to Blackpool to Bratislava , Pau to Pisa to Porto, Vienna to Valencia to Venice , Philip Nolan completes a whirlwind tour of the continent he calls Ryanland. The journey is whimsical, wistful and laugh-out-loud funny, as we travel on a spellbinding no-frills odyssey.

Unique in the marketplace Hey Baby! What's Your Name? is packed with fun and functional chapters and is a perfect guide for every Canadian parent trying to make that all important decision - what should they name their baby? Its special sections on truly Canadian names, relevant national statistics, Prime Ministers' names and place and literary names unique to the Great White North offer Canucks the first baby name book that speaks directly to them. And unique interviews with Canadian adults and children reveal what we really think about our names. Jam-packed with helpful tips about everything from the best time to name your child to the top 10 things to avoid when choosing a name, This book is full of use-it-now information that expecting parents need. It offers a voice of reason to help quell arguments over names and important information about the psychological impact of names as well as the legalities surrounding birth certificates and name changes. Organized by theme, each chapter is unique, offering the origin and meaning of thousands of names that appeal to just about everyone, including: dads, celeb watchers, literary buffs, eccentrics,

traditionalists, history lovers and geography majors. Looking for weird names? Hey Baby! has got those, too. Even quiz lovers are in luck. This book includes two fun, interactive quizzes to help get readers more involved - and give them a brain break from tough decision-making. Fun, funky and a great read, this book helps parents make the right call when naming their little Canuck.

Automotive Industries Plunkett Research, Ltd.

This volume chronicles the maturation of the South Korean auto industry and its native automakers, from the 1997 Asian Crisis to 2019. After examining the context for domestic vehicle production in South Korea, the author presents multiple case studies for all five Korean automakers: General Motors Korea/Daewoo Motors, Kia, Hyundai, Ssangyong and Renault Samsung. This includes coverage of Hyundai-Kia's foreign plants in North America, Europe, India, China, and Emerging Asia. The book closes by assessing the five-to-ten-year future outlooks for Korean automakers at home and abroad. This important work will prove informative to scholars of business, management, automotive history, international development, Asian studies, and public administration.

Automakers are as prone to turn out clunkers as politicians are to lie. Their cars may be ugly, misconceived, badly built, diabolical to drive, ridiculously thirsty, or just plain unreliable. So which were the worst of the past 20 years?
