SUSAN OCONNELL

[Against Leocrates](#) Vintage Canada
 This original, fast-paced tale catapults us into the seedy underworld of a country whose violent past still echoes into a fractured present. "Prisoners" meets "The Deer Hunter."
[The Mysterious Numbers of the Hebrew Kings](#) John Wiley & Sons
 Broken men don't fall in love. We linger in the darkness, consumed by the sins that define us. Irina is the sole reason my heart beats. She's everything that matters in a world filled with evil that a woman so good and pure should never have to see. She'll add another scar to my collection - this one engraved on my heart. When she's taken by our enemy to use for his

vengeance. Even knowing she can never be mine, I'll stop at nothing to see her safe. The Irina I rescue isn't the same feisty woman they stole. Her soul is broken. Her heart is hollow like mine, because of the things she's seen. She needs me in a way I've never known. And I will destroy the man who shattered what's mine. Scarred Regrets is a full-length standalone romance, but the series presents a better reading experience when following the suggested order. This series contains dark elements, including over-the-top antiheroes who do as they please. Read at your own discretion.
[The Discourses and Sayings of Confucius](#) Humanoids, Inc.
 An old-fashioned yet truly original noir tale set in 1920s New York where an unlikely pair of detectives pursue a mysterious killer.

Sanctum Genesis #1 Independently Published

It's not about the destination... A runaway princess, a zombie nation, a divine cat, and lots and lots of bread. These are just a few of the many highlights that color the travels of our young witch. Each place she visits is a new story waiting to be told, rife with encounters that are anything but typical—and rarely ending the way anyone expects. Such is the magic of wandering, you see. You never know quite where you'll end up. A tale can take a turn at any moment and become something else entirely...

Bantu Prophets in South Africa

Clarendon Ancient History
 In wartime Japan, an idealistic young intern fresh from medical school is assigned to the very hospital to which many of the victims of the atomic bombing

of Nagasaki are brought. This is his deeply moving accounting of the hellish days and weeks that followed as he and his colleagues struggled to help their patients survive.

Ancient and accepted Rite. Thirtieth degree. Rite Ancien, etc. Fr. and Eng Humanoids Inc

A comparative consideration of the fascination with antiquity in European and Chinese intellectual history

Dreams and Suicides Humanoids Inc

This volume provides readers with a new translation and up to date historical and rhetorical commentary on the only extant speech of the Athenian leader Lycurgus (390s/380s-324 BCE), one of Athens' most influential statesman and orators. His prosecutorial speech, Against Leocrates, delivered in 330 BCE, indicted his compatriot for treason, claiming that he fled Athens after the battle of Chaeronea when the city was under threat of attack by Philip II of Macedonia, though this attack never materialized. Although Leocrates was acquitted after the evenly split jury ultimately came down in favour of the defence, the speech is much more than a condemnation of an alleged misconduct: it provides valuable information on the historical and political events around Chaeronea and offers Lycurgus' vision of what Athens could and should do in those circumstances, in light of models which he fashioned from Athenian and other Greek mythical and historical pasts. Not only his legal and rhetorical strategies and the merits of the case are examined here, but also what the speech tells us about his and his contemporaries' perceptions of patriotism, their religious beliefs, views of desirable citizenship, and the tensions between the individual and the state. A detailed introduction complements the new English translation of the speech with an authoritative account of its history and manuscript tradition, as well as an overview of the trial's procedure, Lycurgus' motives for initiating it, and Leocrates' defence. It also provides a survey of Athenian democracy and judicial system in the late fourth century BCE which will be invaluable for readers new to the text, covering Lycurgus' career, his ideology and program for Athens, and what these meant to individual Athenians and democracy, while the in-depth commentary analysing the historical, legal, and rhetorical facets of this multi-layered and unique oration will be of use to both students and advanced scholars of ancient Greek history and rhetoric.

Studies in Caucasian History Burns & Oates

Journey to the roots of the nightmare as the Nazi party attempts to control the ancient evil entity that was introduced in the bestselling series Sanctum.

PUBLICATION IN 2 VOLUMES - COMPLETED

WORK Aleppo, Syria, 1934. Following a major archeological discovery, German soldiers from the esoteric branch of the Nazi party forcibly take over the site and hold the French-led archeological team hostage. The Nazis are after an ancient weapon that they hope can further their world conquering plans, but in the process of uncovering it they awaken Môt, a primeval divinity that proves utterly impossible to control. A tale of suspense, action-adventure, and horror for fans of Indiana Jones and Lovecraftian horror.

Isis and Osiris Humanoids, Inc.

(New revised edition) Considered the classic and comprehensive work in reckoning the accession of kings, calendars, and coregencies based upon the Old Testament text and other extra-biblical sources.

John Lord Europe Comics

The first millennium BC is crucial for our understanding of Europe as it emerges from Prehistory. What were the processes that led to the emergence of the states, tribes and ethnic groupings which we encounter in the earliest historical sources? What techniques can we use to study these complex societies for which our main source of information is purely or largely archaeological? What results have the recent upsurge in information and new theoretical approaches produced? In this volume a group of European scholars discuss these and other theoretical and methodological questions, with a number of case studies taken from a wide range of areas and periods, extending from Iberia to Poland, from eastern Europe to Scandinavia.

Antiquarianism and Intellectual Life in Europe and China, 1500-1800 Kregel Academic

Religious and Social Backgrounds of the Zulus -- Rise of the Independent Church Movement -- Government Policy -- Church and Community -- Leader and Follower -- Worship and Healing -- New Wine in Old Wineskins.

Chasing Echoes Tuttle Publishing

Chasing Echoes is a heartfelt and offbeat tale about dysfunctional family dynamics, self-discovery and rebirth in the wake of loss.

Hellenism in the East CUP Archive

Many important issues surrounding Alexander the Great's conquest have captured the interest of scholars and general readers since antiquity. This book acquaints us with these issues and their

current interpretations, and opens up new directions of investigation as it confronts them. It covers a broad range of topics: the ancients' representations of the king in literature and art; Alexander's relations with Greeks, Macedonians, and the peoples of Asia; the military, political, sociological, and cultural aspects of his campaigns; the exploitation of his story by ancient philosophers to argue a moral point and by modern communities to affirm or contest ethnic and national identities. This volume will be of interest to scholars and nonspecialists alike and serve as a standard reference work for years to come.

Panhellenica John Wiley & Sons

The seminal series' spin-off story recounting how the mightiest warrior in the universe built his arsenal of war. PUBLICATION IN 1 VOLUME - COMPLETED WORK The creative trio of Jodorowsky, Charest, and Janjetov shows us how the Metabaron assembled the galaxy's most powerful and destructive weapons in an effort to secure his position as the universe's ultimate warrior. Travis Charest's (Artist of Wildcats, WildC.A.T.s/X-Men: The Golden Age, and Star Wars comics Cover Artist) interpretation of 'The Metabarons' mythology.

Cognitive Intelligence and Big Data in Healthcare James Clarke & Co.

In a world where everyone takes wonders like magic spells and dragons for granted, Coco is a girl with a simple dream: She wants to be a witch. But everybody knows magicians are born, not made, and Coco was not born with the gift for magic. She's resigned to her un-magical life, until a traveling magician passes through her village, and Coco learns what what everybody "knows" might not be the truth.

Europe in the First Millennium B.C.

Humanoids Inc

COGNITIVE INTELLIGENCE AND BIG DATA IN HEALTHCARE Applications of cognitive intelligence, advanced communication, and computational methods can drive healthcare research and enhance existing traditional methods in disease detection and management and prevention. As health is the foremost factor affecting the quality of human life, it is necessary to understand how the human body is functioning by processing health data obtained from various sources more quickly. Since an enormous amount of data is generated during data processing, a cognitive computing system could be applied to respond to queries, thereby assisting in customizing intelligent recommendations. This decision-making process could be improved by the deployment of cognitive computing

techniques in healthcare, allowing for cutting-edge techniques to be integrated into healthcare to provide intelligent services in various healthcare applications. This book tackles all these issues and provides insight into these diversified topics in the healthcare sector and shows the range of recent innovative research, in addition to shedding light on future directions in this area. Audience The book will be very useful to a wide range of specialists including researchers, engineers, and postgraduate students in artificial intelligence, bioinformatics, information technology, as well as those in biomedicine.

Attic Script Aris & Phillips

A hard Sci-Fi series about the intersection of spatial exploration and earthy invasion.

Hieratic Ostraca Humanoids, Inc.

This study places the inscriptions found on Athenian vases in the context of the early development of writing in Athens.

Focusing on the period from the invention of the alphabet in the 8th century B.C. to the early 4th century B.C., when the local alphabet had been supplanted by the common Ionic script, the book presents inscriptions on stone, both public and private, scratched inscriptions on pottery, including the political ostraca, and some inscriptions on lead tablets. Although the vase inscriptions are brief, they number in the thousands and give an accurate picture of the art of writing and the state of literacy in the Classical Period.

The Man for the Job Kodansha America LLC
This study discusses the Greek novel through the ages, from the genre's

flowering in late Antiquity to its learned revival in twelfth-century Byzantium. Its unique feature is its full coverage of the Byzantine novels, demonstrating that they both depend upon and react against the ancient novel, and can only be understood against the cultural backdrop of ancient Greek literature. Dreams and Suicides analyses the cultural symptoms and attitudes portrayed or implied in the novels, thus rooting them in a social rather than merely a literary context. For all students of ancient culture, this book provides important and original insights into the genre of ancient literature.

Wandering Witch: The Journey of Elaina, Vol. 2 (light novel) Routledge

A gritty Western standoff between a cop and a murderer.
